AUDACIOUS LEGISLATOR'S SON GETS APPOINTMENT

Henry Rolette's Employment at the Capitol Brings From Him the True Story of How His Father Kept the State House From Going to St. Peter.

HENRY ROLETTE, Son of Joseph Rolette, and Recently Appointed to the Capitol Staff.

JOSEPH ROLETTE, The Member from Pembina Who Saved the Capitol to St. Paul.

The recent employment of Henry Rolette of St. Paul as a janitor at the new state capitol, recalls to the minds of many old pioneers how, years ago, the father of this man, by a bold piece of work, prevented the removal of the state capitol to St. Peter, where it would otherwise probably be located this day.

The story is a famous one of early days in Minnesota, and its details are known to but a few old grizzled settlers still surviving that straggle of the state's earliest history. In fact, some portions of the tale are generally filled in by conjecture. The following, however, is vouched for as the true version of the affair by Henry Rolette, who received his information from his father.

Joseph Rolette, a French pioneer, was a member of the territorial legislature, which met in St. Paul in 1852. He represented that part of the territory up along the Canadian line known as Pembina county. The legislature then met annually, and he was elected a member every year thereafter till 1858. In 1856 and 1857 he was a member of the council, which was practically the same as the present state senate. During the session of 1857 he was chairman of the committee on enrolled bills, and it was in this capacity that he seized the opportunity to compare the most audacious act ever carried out in the history of Minnesota legislatures to defeat a pending bill.

Removal Was Favored.

The legislature was unquestionably in favor of the removal of the capitol of the territory to St. Peter, which gave every member of the legislature a metropolitan of the state. The bill establishing the capitol at St. Peter had first passed the council Feb. 12, and six days later passed the house. St. Paul members made a gallant fight against the measure, and as a last resort offered to compromise by having the capitol located on Nicollet island, now a part of Minneapolis. The Hennepin county members, fearing to succeed, would not listen to this proposition. All was ready for the signature of the bill by Governor Gorman, who had been appointed territorial governor to succeed Governor Ramsey. Governor Gorman had already signified his intention of signing the measure when it came to him.

Five days before the close of the session the enrolled bill was given to Rolette, as chairman of the enrollment committee, to compare it with the original bill.

Desperate circumstances require desperate remedies.

Rolette's Darling Act.

Rolette knew the only remedy was to keep the bill from the governor's desk. Slipping away from the capitol, he safely deposited the bill in the vault of a bank kept by Truman Brothers at Seventh and Jackson streets, telling the bankers the bill was an important paper involving the title to an estate. He then took the landlord of the Fuller house into his confidence, and securing a room on an upper floor, went into hiding for the remainder of the legislative session.

The following day, when Rolette failed to appear at the legislative session, the friends of the bill "smelt a mouse," and passed a resolution calling for an immediate report on the bill. The search made for the missing Frenchman, and a little further investigation showed that the other members of his committee knew nothing of the missing bill. The friends of the bill then moved to proceed with the measure, but with no avail. In the meantime the existing rules required a two-thirds vote to dispense with the proceedings under the call, and they could not muster the voting strength needed. The bill was thereupon dropped, and no further business could be transacted. So John M. Lamb, sergeant-at-arms, was sent out with orders to bring in Rolette at all hazards.

The search made for the absent councilman was a memorable one. Reports were that he had been seen at various places. Each clue was followed up, but with no avail. In the meantime Rolette lived high in his room at the Fuller house, and the landlord faithfully kept his secret.

For 12 hours the legislature remained in continuous session, the members remaining where they could be summoned on a moment's notice.

New Law Was Illegal.

Finally, a new law was drafted and passed, but the speaker refused to sign it, holding it was invalid. Governor Gorman signed it, but later, when St. Peter people brought machinery into the proceedings under the measure, Judge Nelson of the United States court ruled the law invalid.

A few minutes after President John B. Egan declared the Catholic church to be in session, the council adjourned. Rolette appeared with the missing bill. It was too late, however, for any action on the measure; too late to pass a valid resolution of censure.

And so it was that Joe Rolette saved the capitol for St. Paul. And it was given in memory of Joe Rolette's son that Henry Rolette, his son, was given a position in the new capitol when he applied.

Henry Rolette, who spent his boyhood in Minnesota, later went west to try his fortune. The home of his father, however, proved more satisfactory to him than new fields, and so he returned to St. Paul. He has a reputation for integrity and industry which will probably assure him his present position as long as he desires to hold it.

CHURCHES

TRIBUTE FOR LONG SERVICE

TOKEN OF APPRECIATION GIVEN TO MRS. POMEROY.

Beautiful "Memory Book" Contains Praise of Pastor, Superintendents and Pupils of Westminster in the Twenty-five Years She Served as Superintendent of the Primary Department.

Mrs. E. F. Pomeroy, who has been for twenty-five years the superintendent of the primary department of the Sunday school of Westminster church, was given a charming token of appreciation at the close of the children's day program last Sunday. She was presented with a "Book of Memory," which, in good will and sentiment, represents more than could be offered or expressed in any other way.

The gift is both beautiful and artistic. It is bound in blue morocco, tooled with gold, and bears on the cover a seven-branched candlestick. The title, "A Tribute to Mrs. E. F. Pomeroy," is printed in gold and the dedication pages are beautifully hand illuminated in gold and colors by Mary Moulton Cheney. The inscription reads, "Quarter of a Century's Service of Jane Carpenter Pomeroy in Westminster Sunday School Primary Department, Minneapolis, Minn., 1880-1905."
