

TODAY'S NEWS OF THE NORTHWEST

MINNESOTA NEW SEARCH TO BE MADE FOR IRON

NORTHERN PACIFIC INTERESTS ENTER DEERWOOD REGION.

Shaft Will Be Sunk to Test the Formations—Baraboo District Not as Active as Expected—Electric Freight Locomotive May Succeed Steam on Ore Roads.

Special to the Journal.
Duluth, Minn., June 23.—It is said that interests connected with the Northern Pacific road have taken over some of the Adams lands in the Deerwood region and will explore there for iron ore. It is stated that the exploration will begin on these lands soon. A shaft will be sunk on section 8-43-29, the work to begin this summer.

This will test the formation better than any number of holes. Whatever may be said by enthusiasts, it is not probable that ore has yet been found in this district in sufficient quantity and of good enough quality to assure anyone that the region is safe as a mining proposition, though the presence of iron ore there does not seem to be any doubt.

In the Baraboo district, central Wisconsin, the work under way now is about as follows: By the Illinois mine, a daily shipment of 300 to 375 tons to Ingersoll, the Chicago company at Chicago. This is an ore running better than 65 per cent. By the Pittsburg Steel company, a daily shipment of 1,000 tons to the Bessemer and associates of Pittsburg, drilling with two machines under the superintendency of Oscar Rohm; by Dickie Bros., drilling with one machine. The Illinois company is still idle, after paying advanced royalties and calling for its lease.

The district is not as active as had been hoped for by many of those interested, and does not seem to progress very rapidly toward a place of importance in the Lake Superior list. It will do far less this year than the Michipicoten, in spite of the presence of these interests here. In the proximity to Chicago furnaces and the low royalties asked, late advances from Michipicoten are to the effect that the Illinois mine will produce about 250,000 tons this year, well up to its high-water mark, that a new level is being opened about 200 feet below the bottom of the Lake Boyer, and that the ore seems to be dipping to the east under the great adirondite bluffs. As an example of the extent of the work, it may be handled by steam shovel from stockpile to cars, the record of the Hill mine, made a few days ago, will be instructive. A ninety-ton-ton Bucyrus shovel is employed in the work and in five hours and thirty-six minutes the record was 138 carloads of ore. It is probable that no one is to lead from a stockpile than from an open pit mine direct.

General Manager W. A. McConaughy of the Duluth, Missabe & Northern, the United States Steel corporation's iron ore road of leading tonnage, has recently been at Pittsburg, where

THEY ACTUALLY DO THE WORK.

Food Eaten Is Worthless Unless Digested—Some Stomachs Must Have Help.

Food taken into the stomach which, from the nature of the food or the condition of the stomach, is not digested, is worse than no food at all. This is a true statement as far as it goes and a great many dyspeptics go only this far with their reasoning. They argue with themselves that because their stomachs do not do the work given them they must be given less work; in other words they must be starved. It would be just as sensible for a business man who is unable to do all his own work to cut down his business to his own capacity as it is for a man to starve himself to relieve his stomach. The sensible business man employs help and goes forward with his business. Likewise the sensible dyspeptic will employ help for his stomach and give his body proper nourishment. Stuart's Dyspepsia Tablets actually do the work assigned to them. They relieve weak and overburdened stomachs of a great portion of digestive attention. Their component parts are identical with those of the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it.

In this account Stuart's Dyspepsia Tablets are perfectly natural in their action and effects. They do not cause any unnatural or violent disturbance in the stomach or bowels. They themselves digest the food and supply the system with all the nourishment contained in what is eaten and carry out Nature's plans for the sustenance and maintenance of the body.

How much more sensible is this method than that employed by many sufferers from weak stomachs. By this means body and brain get the good, nutritious food they need and the man is properly nourished and equipped to carry on his work and perform his duties. He could not possibly be in proper working condition by starving himself or employing some new-fangled, insufficient food that does not contain enough nutriment for a year-old baby. A strong man doing strong work must be properly fed and this applies to the brain as well as the body.

Stuart's Dyspepsia Tablets, by relieving the stomach of its work, enable it to recuperate and regain its normal health and strength. Nature repairs the worn and wasted tissues just as she heals and knits the bone of a broken limb, which is, of course, not used during the process of repair.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box and they are the one article that the druggist does not try to sell something in the place of that "just as good." Their unqualified merit and success and the universal demand for them has placed them within the reach of every one.

ORTONVILLE'S MARINE BAND WILL WELCOME BANDS OF THE WEST TO LAKE BIG STONE

ORTONVILLE MARINE BAND.

—Photo by R. L. Burton.

Special to the Journal.
Ortonville, Minn., June 20.—A rousing band convention will be held in this city on June 27, 28, and 29, in which more than twenty uniformed bands from North and South Dakota

and western Minnesota will participate. Citizens of Ortonville and especially the members of the Ortonville Marine Band, are making great preparations for the event, and a good time is assured.

he was an interested spectator at tests of the Westinghouse-Baldwin single-phase electric freight locomotive. It is possible that, with certain modifications, the electric freight locomotive can be adapted for iron ore traffic on the northern Minnesota lines, and it seems very likely that in a short time tests will be made with the view of substituting this system of traction for steam on all the ore business of these roads.

Construction on the works of the Great Northern Power company at Duluth is progressing with remarkable speed, and is now far ahead of what was expected when the project was financed last winter. It is probable that in little over a year the works will be ready and power will be generated in this city on a very large scale.

The Sudbury nickel mines of the Lake Superior corporation are closed, and will probably not be reopened until the refining process question is satisfactorily settled. In the meantime a plan for the sale of nickel in Europe, which a few months ago seemed to be well along, has fallen thru.

TWO NEW CHURCHES RECEIVED Adjournment of the Welsh Calvinistic Methodist Synod at Mankato.

MANKATO, MINN.—The Welsh Calvinistic Methodist synod adjourned last evening after a session lasting four days. The report of the synod was read and approved. Prizes were awarded to a number. Two new churches were reported to the synod jurisdiction. A finance committee was appointed, consisting of Robert T. Roberts of Mankato, William W. Thomas of Judson, Edward Wigley of Lake Crystal, H. H. Moore of Spring Lake, and J. J. Williams of Minneapolis.

The synodical assembly adjourned for next year will be Thomas P. Thomas of Mankato, Evan H. Jones of Line Springs, and C. G. Jones of Judson.

The enrollment of the normal summer school is increasing rapidly, and yesterday was 412. President Cooper says it undoubtedly will reach 500, which will be a record.

The Territorial Historical society held its annual picnic at Sibley park Thursday with a large attendance. A picnic dinner and supper were served. At the business session Charles A. Chapman was elected president, Clement W. Winland vice president, and M. E. Hines secretary and treasurer. An interesting address was given by Thomas Hughes. General J. H. Baker paid an eloquent tribute to the memory of those who had passed away.

Howard Le Fard, a steeljack, fell sixty feet down the side of a smelting stack at the Sellers mine by the breaking of the swing stage. He is in a hospital being treated for a fractured shoulder and arm and other bruises.

The body of Gun Wierman, the 3-year-old boy who disappeared from the streets of Tower on Saturday evening, June 3, was found in Two Rivers, near Tower. At the coroner's inquest the jury found that the child was drowned.

JASPER, MINN.—A light frost was reported yesterday. As it was followed by a cold rain, no damage is likely to result. Crops are in fine condition.

WISCONSIN SEIDEL TO KEEP NOTHING BACK

**BOODLERS IN MILWAUKEE BOARD
WILL BE EXPOSED.**
Register of Deeds Declares He Can and Will Lay Bare Every Deal in Which Money Was Used to Corrupt—Rich Harvest of Indictments Expected in Milwaukee.

Special to the Journal.
Milwaukee, Wis., June 23.—According to an interview with Register of Deeds Otto Seidel, Jr., he will tell the grand jury about every boodle deal in which members of the county board have participated in six years.

One of the witnesses before the \$14,000 and \$20,000, he says, will be laid bare. The principal cases in which money was used, Seidel states, are in the purchase of a city for a morgue and furniture for the county hospital.

Just what names will appear on indictments is not known yet, but it is evident that State's Attorney McGovern expects to reap a rich harvest from the confessions that Seidel is said to have made and is expected to make. A bitter feud of three years' standing has been on between him and Baurig, arising over a dispute as to property rights. Baurig asserts that Baurig and two other neighbors systematically persecuted him and he proposed to protect himself, notifying the authorities to that effect.

Baurig died of death after being shot twice, and was found at the foot of a precipice over which he staggered after being wounded. Baurig has been divorced five times, and now has an action for another divorce pending in the district court, also an advertisement in a Chicago matrimonial publication for another wife, representing himself to be a wealthy stockman and mine owner.

NORTHWEST WEDDINGS

FERGUS FALLS, MINN.—Nineteen marriage licenses have been issued the clerk of court today, and the following couples took place in this city today and yesterday.

ALBANY, WIS.—By the Rev. Alvin Sarratt, a popular teacher, were married last evening Miss Lora Robertson and Miss Alice Sarratt, a popular teacher, were married last evening by the Rev. T. D. White. They left for the wedding trip to the Pacific coast.

MANKATO, MINN.—The marriage of Fred W. Mankato and Miss Nettie Peck of St. Paul, Minn., was celebrated at the home of the bride's mother, the service being held by Rev. T. D. White. They left for the wedding trip to the Pacific coast.

ST. PETER, MINN.—Miss Ethel A. Hensel, daughter of Mr. and Mrs. Charles Hensel, and H. O. Bevering of Milwaukee, Wis., were united in this city yesterday afternoon. They will reside at Watertown, S. D.

MANKATO, MINN.—The marriage of Fred W. Mankato and Miss Nettie Peck of St. Paul, Minn., was celebrated at the home of the bride's mother, the service being held by Rev. T. D. White. They left for the wedding trip to the Pacific coast.

CHARLES CITY, IOWA.—Harry J. Bailey and Miss Ida Belle Smith were united in marriage at the home of the bride's mother, the service being held by Rev. T. D. White. They left for the wedding trip to the Pacific coast.

ALBERT LEA, MINN.—Alice L. White, daughter of Rev. and Mrs. F. E. White, of Burg Falls, Wis., but former residents of this city, was married at the First M. E. church of this city last evening to Oscar W. Peterson, a reporter on the staff of the Albert Lea Enterprise.

ESTHERVILLE, IOWA.—Fred C. Gleason, a teacher, and Miss Nettie Peck of St. Paul, Minn., were married at the home of the bride's mother, the service being held by Rev. T. D. White. They left for the wedding trip to the Pacific coast.

SIoux CITY, IOWA.—Miss Grace Toy, daughter of James F. Toy, president of the First National bank of this city, was married at the home of the bride's mother, the service being held by Rev. T. D. White. They left for the wedding trip to the Pacific coast.

HASTINGS, MINN.—The marriage of Irving E. Day of Hastings and Miss Elizabeth Black of Welch will take place at the home of the bride's mother, Mrs. Elizabeth Black, on the 28th.

NORTHWEST NECROLOGIC

MOOREHEAD, MINN.—Word was received today of the death of Mrs. L. H. Baker, wife of L. H. Baker, at Moorehead, Minn., where she was visiting. Mr. Baker was on his way to her bedside. The body will probably be taken to Baker, Minn., for burial.

HASTINGS, MINN.—Camden H. West, formerly of this city, died recently at Ellsworth, Wis., from tuberculosis, aged 38. He leaves a wife and one daughter.

FERGUS FALLS, MINN.—The city council adopted an ordinance which will shut out street rakers and prohibit peddling of all kinds except the peddling of farm produce. Any peddling without a license will be subject to a fine not exceeding \$100 or imprisonment not to exceed ninety days.

MONTGOMERY, MINN.—James McVally, a farmer about 60 years of age, who resided four miles north of this city, dropped dead at his home. He was apparently in good health. He leaves a wife and one daughter.

MONTANA DOUBLE GUARD AT COUNTY JAIL

**"COYOTE BILL" THREATENED
WITH LYNCHING.**
Notorious Trouble Maker of the Missoula Country Is in Durance for Fatally Shooting William Baurig, a Neighborhood Stockman—Feud Culminates in a Murder.

Special to the Journal.
Missoula, Mont., June 23.—Trouble is brewing in this city as the result of the murder of William Baurig, a well-known rancher, by William Baurig, a notorious character commonly known as "Coyote Bill," and the uncrowned king of the rattlesnakes on Kattlemack creek, several miles from this city. Threats of lynch law were made and the sheriff has a double guard at the county jail.

Baurig left a wife and three children practically penniless, and a subscription was taken last night, resulting in \$300 being collected for the dead man's family.

Baurig has figured in many gun plays, and was generally feared by his neighbors. A bitter feud of three years' standing has been on between him and Baurig, arising over a dispute as to property rights. Baurig asserts that Baurig and two other neighbors systematically persecuted him and he proposed to protect himself, notifying the authorities to that effect.

Baurig died of death after being shot twice, and was found at the foot of a precipice over which he staggered after being wounded. Baurig has been divorced five times, and now has an action for another divorce pending in the district court, also an advertisement in a Chicago matrimonial publication for another wife, representing himself to be a wealthy stockman and mine owner.

DRAMA PUNISHMENT FOR VAN DORN, "A Drunk and Vagrant."

L. A. CROSS, WIS.—Van Dorn has been sentenced to state's prison at Waupun for one year for drunkenness and vagrancy. This was his second offense, which was not punishable by imprisonment in state's prison.

FRONTENAC, MINN.—The commencement exercises held in the Villa Maria auditorium were attended by a large and select audience, many coming from Minneapolis, St. Paul, Rochester, Hopkins, Duluth, and other cities of the north and from cities of the remote east and south.

The vocal numbers were given by Misses Marchessault, Ashland; Irma Diebenow, Ellsworth; Mrs. C. J. Gagnier, Ellsworth; Lillian Mackmiller, Iron River, Wis.; Beatrice Wood, Minneapolis. The beautiful solo, "O Dry Tree," was sung by Miss Marchessault.

The orchestra was directed by Mrs. E. J. Treglown, and some of Sousa's stirring music; E. Woodworth assisted. The address, given by Rev. B. W. Johnson, was a masterly exposition of the benefits of higher education and closed with a beautiful and inspiring address to graduates—Miss Jeanne Cook, 05, Lake Superior University, St. Paul, Minn., was the valedictorian. To the latter he presented handsome gold medals.

In a corridor 200 feet long was displayed the work of all classes. Chimes decorated by Miss Mackmiller, Miss Cook, and Miss Gagnier, covered one long table. A large unfinished canvas of Villa Maria by Miss Smith, '05, was a feature of the exhibit. The exhibit was open to the public from 10 o'clock to 10 o'clock. Classes will reopen on Sept. 5.

GERMAN LUTHERAN SYNOD Reports Received at Sleepy Eye—Rev. Mr. Gausewitz Presiding.

SLEEPY EYE, MINN.—Thursday's session of the German Lutheran synod of Minnesota and South Dakota was well attended. One hundred and twenty-seven ministers and teachers, and four lay delegates, answered the roll call. The forenoon session was opened by a paper read by Rev. A. Pankow of Caledonia on the "Doctrine of the Cross," which will be the topic for the religious discussions at forenoon sessions throughout the synod.

The report of the rector of the Lutheran college at Milwaukee and the Indian mission in Arizona were read and referred to the proper committee. The president's report was duly accepted.

On Wednesday evening a pastoral conference was held. The chief topic of discussion was the Dr. Martin Luther college, at New Ulm. Rev. Mr. Gausewitz of St. Paul, president of the synod, arrived last night and took charge of the proceedings today.

COUNTY Y. M. C. A. First in the State Is Organized at Winnebago.

WINNEBAGO, MINN.—A county Young Men's Christian association was organized in this city today, committees being present from most of the towns in the county. Winnebago will be headquarters and \$1,200 will be raised for expenses. A committee was appointed to select a permanent secretary. This is the first organization of the kind in the state.

RES MOINES, IOWA.—Because he was afraid his wife would hurt, Moses Dyeon, a streetcar motorman, threatened to shoot her. Mrs. Dyeon's father caused the arrest of the motorman, who is being held in the county jail.

White's Vaucare Tonic
The greatest benefactor ever put on the market. It is the only preparation known to medical science that will create good, firm, healthy flesh, and clear the complexion of every blemish.
For developing the bust or restoring a wasted breast lost through nursing or sickness, making thin cheeks plump and filling the hollows of a scrawny neck, there is no other preparation in the world that has any comparison.
This remedy produces great strength and builds up run-down, careworn people. White's Vaucare Tonic is pronounced by leading physicians as well as by every person who has ever used it, to be the most wonderful remedy in the world.
To all nursing mothers, if you would have an abundance of rich, healthy milk, by all means use this grand preparation.
One bottle will produce wonderful results. See that our name is on the package you buy, as there are worthless imitations. Send for booklet.
Made and Guaranteed by THE WHITE CHEMICAL CO., CHICAGO.
Sold by Vogel's Bros. Drug Co., cor. Wash. and corner Nicollet and Seventh st.
