

CROPS ARE AT A CRITICAL POINT

Heavy and Prolonged Rainfall in Western Minnesota and South Dakota.

Special to The Journal. Beedwood, S. D., July 5.—The worst storm of the season is in progress. Rain, accompanied by hail, fell for thirty-six hours.

In Terry there was a cloudburst. The streets were badly washed and basements flooded, causing great loss to property.

The storm has extended through the entire Hills and the farming districts are threatened with great damage. If there is not a change soon none of the crops will mature.

IN WESTERN MINNESOTA Excessive Moisture Is Causing Marked Crop Deterioration.

Special to The Journal. Echo, Minn., July 5.—Rain fell here almost continuously for nearly Sunday evening until Tuesday morning, placing this section of country in a worse condition than ever known before.

Marshall, Minn., July 5.—The continuous wet weather has caused great damage to crops. In the northeast part of the county at least 15,000 acres of crops have been destroyed by hail.

Iowa Corn Suffers. Special to The Journal. Iowa Falls, Iowa, July 5.—The continuous rainfall has had a most depressing effect on crop prospects.

New Elevator to Woman's Floor. At the Plymouth Corner Entrance.

A LIFE LOST IN BAD RIVER FLOOD

Reports of Heavy Property Losses Are Being Received at Ft. Pierre.

Special to The Journal. Pierre, S. D., July 5.—With the falling of the water in the smaller streams, people are coming in from the country to the west, all telling of losses by water at points along Bad river and tributary streams.

The only authentic case of loss of life which is known is that of Arthur Austin, who was drowned in a small stream near Midland. He had only been in that country a few weeks, having come from Clark, where his parents reside.

An attempt to send a relief boat up Bad river this morning was a failure, it being impossible to make headway against the current. The best City of Fort Pierre went down the river about ten miles this morning, where several houses are reported to be grounded on a sandbar. It is hoped to save some wreckage out of the buildings.

Mavor Ewert has appointed a committee to go to Fort Pierre and investigate its needs and report.

BROOK FARM HOUSE DESTROYED BY BOYS

Boston, July 5.—Mischievous boys have destroyed with firecrackers the famous old Brook farmhouse—the ancient dwelling in West Roxbury, where sixty years ago Nathaniel Hawthorne, the elder, William Curtis, Margaret Fuller, Frank B. Sanborn, the editor, Parker, Charles A. Dana and a dozen more kindred spirits set up their short-lived idealistic social democracy. It was there that Hawthorne wrote at the beginning of his literary career.

About 40 years Coffee kept a man down

with indigestion, heart trouble and a hacking cough, (lots more like him). This man finally found that was coffee caused the trouble. He quit and took

Postum Food Coffee

in place of the old fashioned. The change in health came quickly. He concludes in his letter: "I enjoy Postum as much as I ever liked coffee and what's more my health is now

PERFECT."

This man's name and address given by Postum Cereal Co., Ltd., Battle Creek, Mich.

BLACK SEA, WHERE MUTINEERS DEFEY THE RUSSIAN AUTHORITY

STRIKERS LOOT SHIPS AND HOMES

among the strikers. The excitement in the district is intense. Sevastopol, July 5.—The Black Sea squadron, under Rear Admiral Kruger, returned today from its second voyage to Odessa. The squadron included the battleship Georgi Pobiedonosetz.

DOOM OF THE DYNASTY

Carl Joubert Declares Russia Is Mad with Misgovernment. London, July 5.—Carl Joubert, the author of many well-known books on Russia, who has recently returned from that country, today said:

From the Baltic to the Black sea Russia is mad; mad with misgovernment; mad with brutality; mad with hunger; and when 140,000,000 are mad together there can be no peace. There must be paroxysms and there must be slaughter before there can be peace.

7,000 DONE TO DEATH

Awful Butchery at Odessa as Part of Police Plot. Odessa, July 5.—I now learn on impeccable authority that for many months about 150 specially chosen Russian police agents in various districts have lived amongst the working people in the industrial suburbs of Odessa playing the infamous role of agents provocateurs.

The wreckage and arson commenced early on Wednesday evening absolutely no attempt was made to arrest the devastation until long after midnight. During the interval every possible avenue of escape was militarily sealed and machine guns were placed at every vantage point.

I have it on the authority of seven different, unquestionable authorities, all eyewitnesses, that no fewer than 7,000 people were done to death during the ten horrible hours of slaughter that awful night. Two hundred persons, it is said, threw themselves into the harbor, whence their bodies were recovered by boats and grappling hooks.

The bodies were afterwards cast into the glowing heaps of ruins at daybreak, when the fire had only partially abated. The objects of this police-engineered butchery, it is claimed, was designed at St. Petersburg as a frightfully effective method of crushing out insurrection in the south of Russia. No one doubts but there will be a bloody aftermath, but not altogether at the people's cost.

CITY NEWS

LOWLAND CROPS DROWNED

GOVERNMENT REPORT SUMMARIZES DAMAGE FROM RAIN—RED RUST MORE PREVALENT THAN A WEEK AGO.

T. S. Outram, government weather observer, today issued the following bulletin on crop conditions in the north-west during the week ending Monday, July 3:

The early days of the week were cool, but on the 29th, and after that date they were moderately warm in most parts of the state; the nights were nearly all cool. There were moderate rains in the Red River valley on the 28th, 1st and 2d; elsewhere there was considerable rain occurring on from three to five days, and with heavy showers. Local hailstorms caused some damage on the 26th in northern Murray county, and on the 28th in parts of Dodge county; there are no reports of damage in northwestern Minnesota at the close of the severe hail storm in eastern North Dakota early in the week.

All meadows are overflooded, and the lowlands are very wet, with crops on them either drowned out or badly injured. Wheat, oats and barley are growing rapidly on the uplands, and on rich soils there is a rank and soft growth of stem which is liable to lodge; in some places small areas of these grains have already been beaten down by the heavy rains. Red rust seems to be more widespread on the wheat and oats than it was last week. Spring wheat and corn are heading; winter wheat and much of the barley is in full head, and some of the early flax is in bloom. Rye is ripening. Much of the corn crop, with the fields weedy, the few fields are clean and the crops well grown.

Potato tops are growing rapidly, but there is fear that the tubers are not growing as well as they should; digging for local use is begun; many are complaining of potato rot. Clover and timothy are very heavy, and the yare fully ready for cutting. Some clover has been cut, but it is probably badly damaged by the wet. As soon as dry weather sets in having will be general. Strawberries are being injured by the wet weather. Raspberries are ripening. Reports of twigs blight on apple trees are made from different parts of the south.

TOM AND MARY SENTENCED

Husband and Wife, Both Sent Up for Drunkenness.

Tom and Mary Sullivan, who have had several times in the last few months were both sent to the workhouse today for fifteen days.

Mary refused to live with her husband because he drinks and he refuses to live with her for the same reason. If one of them catches the other intoxicated she or he is liable to arrest, and a warrant is usually sworn out.

Yesterday it was Mary's turn to celebrate. Tom was downtown and went home to catch Mary throwing the furniture out the window in her rage, so he had her locked up.

A few hours later Tom's conscience began to trouble him, and he started out to drop it altogether. Failing in that he purchased a basket of fruit and took it to Mary, who was sobering up at the bars at Central station. His lack of respect for his patron, Sarah Schaeffer, however, aroused the ire of the officers and he was also landed in a cell, charged with drunkenness.

Their tears and vows to be sober and love each other eternally failed to move Judge Smith, and they were not given the option of a fine.

TWO FILE ARTICLES

Assessment, Insurance Companies Are Started Here.

The wooden Mutual Casualty company of Minneapolis filed its incorporation papers with the insurance commissioner today. The company will operate on the assessment plan. Its first officers are, president, M. J. McMichael, vice president and general manager, H. N. Leland; secretary and treasurer, H. M. Weiser; attorney, E. W. Gildford; medical director, T. T. Warham. These officers with J. O. Wells, R. B. Beson, J. H. Hager and H. M. Hershey, make up the incorporators.

The Keystone Benefit Association of Minneapolis also filed its articles of incorporation today, and the association will operate on the assessment plan. Its first officers are, president, I. L. Moyer, vice president, W. W. Schaeffer, secretary and treasurer, H. M. Moyer. These with H. E. Johnson and M. Yore make up the incorporators.

WOULD TAKE A CHANCE

Iowa Man Requested a Wife of Jailor Clausen.

The Hennepin county jail seems a strange place to visit in search of a bride but it is where Frank A. Clausen, an Iowa farmer living near Waverly, went today and a woman for him to marry is what he asked Jailor Clausen to produce. He met with disappointment.

DOING GOOD BUSINESS

Freight Shipments Prove Claims of Prosperity in Minneapolis.

That Minneapolis is growing is shown by the regular monthly freight report on all shipments moving in and out of the city, as compiled by the public affairs committee of the Commercial club. More household goods and building supplies are coming in than are going out.

During June 48 cars of household goods came into the city and but 39 were shipped out; six hundred and sixty-seven cars of building material, brick, lime and cement were shipped in and but 138 cars shipped out.

As showing that the city is becoming an important manufacturing and jobbing point, the merchandise out shipments exceeded the incoming shipments by 25,000,000 pounds. For the month a total of 17,297 cars were shipped in and 18,550 out.

YOUNG MAN DROWNED

Special to The Journal. July 5.—James Duncan, aged 22, of Plattville, Wis., drowned in the Mississippi while bathing yesterday.

CASTORIA For Infants and Children

The Kind You Have Always Bought Bears the Signature of J. C. Watson

WILL SELL TIMBER

State Officials Decide to Clear Park of Dead and Down.

Governor J. A. Johnson and Attorney General E. T. Young have returned from their official inspection of Itasca park. They have decided to have the entire park cleared of dead and down timber. This timber will be sold and the proceeds devoted to the purchase of a launch for the lake.

THREATENED TO DIVE

Tom Shevlin, Jr., Has Exciting Time with His Powerboat.

Wind, waves and a defective rudder out short the race between the "White," a motor boat owned by the Globe Iron Works, and the "Helena," owned by Tom Shevlin, Jr., at Minneapolis yesterday afternoon. The Shevlin boat shipped water as the race buoy off Excelsior, and before the engine could be stopped she almost turned turtle. Asked as to when scheduled for July 22, and will be held under the auspices of the Minnetonka Boat club.

BILLS LONG DELAYED

Philip T. Megardien Thinks of Fees in Due Time.

Philip T. Megardien, former sheriff of Hennepin county, has presented to the board of county auditors, bills for services aggregating \$2,550.72. These services are claimed to have been performed in August, September and October of 1904. He has not been paid for the time for the past four years. No action has been taken by the board.

ABOUT TO ORGANIZE

Members of Wisconsin's New Railroad Board Meet at Madison.

Special to The Journal. Madison, Wis., July 5.—Professor B. H. Meyer of the new railroad rate commission arrived in Madison from Eau Claire yesterday and he and Halford E. Erickson, another member of the commission, had a conference of length today with Railroad Commissioner Thomas. John Barnes, the third member of the commission, is expected to arrive today and the commission may meet to organize.

MILWAUKEE'S CHIEF DEAD

Nemeger Had Served Thirty Years in City's Fire Department.

Milwaukee, July 5.—Herman Nemeger, chief of the Milwaukee fire department, died today from the effects of injuries sustained at a fire of two months ago, when it was reported he inhaled acid fumes. He was chief about two years and assistant chief twenty years. He had been with the fire department thirty years and was 50 years of age.

MINNEHaha EXCURSION

Steamer Hiawatha leaves foot of Jackson 9:30 daily for Ft. Snelling, Soldiers' Home, Minnehaha Falls. Hiawatha and barges for excursions, \$50 per day. Tel 808-L2.

Mr. Otto A. Fleissner's KIDNEYS WERE DISEASED BY CATARRH. Pe-ru-na Promptly Cured Him.

Mr. Otto A. Fleissner, American Episcopalian, formerly chef to Col. W. J. Cody, (Buffalo Bill), now chef at the Rainier Grand Hotel, Seattle, Wash., writes:

"I suffered with kidney and bladder trouble until life did not seem worth living. I had tried many medicines but did not get any relief until I took Peruna. It was really wonderful how much better I was after I had used this medicine only a week. I did not expect that it would help me permanently, but as long as it was doing me good I continued to use it. At the end of six months I found to my relief that it had rid my system of all poisons, and that I was cured to stay cured. You certainly have a splendid medicine and I gladly endorse it."

Catarrh of the Kidneys a Common Disease. Catarrh of the kidneys may arise from the spread of catarrh from other organs, or it may arise from some irritation of the kidneys directly in the organs themselves. It may also result from a cold. If allowed to continue, it develops into Bright's Disease or diabetes.

De-ru-na Removes the Cause of the Kidney Trouble. Whatever the cause, the kidneys cease to eliminate the urea poisons from the blood and allow the escape of nutritious serum, and a rapid decline in health and strength is the result. Peruna promptly cures the catarrh, when all of these disagreeable symptoms disappear.

EYE MAY BE LOST

James Dooley Victim of Fourth of July Accident at Stillwater.

Stillwater, Minn., July 5.—James Dooley, a drug clerk, was struck in the eye by a roman candle last night and may lose his sight. This was the only accident here.

The gentleman's road race, postponed yesterday on account of the rain, will take place at the Lily Lake driver's park on some Saturday afternoon in July, the date to be agreed upon by the directors of the association. Twin city men have horses in this race.

How Nature Provides. OUR BEAUTY, HEALTH AND HAPPINESS.

Learn the Truth. The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed on the wrapper of every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called DOCTOR PIERCE'S FAVORITE PRESCRIPTION.

It Stands Alone not only in respect to its ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his FAVORITE PRESCRIPTION is made of such ingredients and after a working formula that has hundreds of thousands of cures to its credit placing its merits above criticism.

It Stands Alone as Nature's cure for the diseases of women because the earth supplies the ingredients, which are as follows: Lady's Slipper (Cypripedium Pubescens), Black Cohosh (Cimicifuga Racemosa), Unicorn root (Chamaelirium Luteum), Blue Cohosh (Caulophyllum Thalictrifolium), Golden Seal (Hydrastis Canadensis).

With all the recent talk about patent medicines and the determined effort in certain quarters to cast discredit upon all household remedies which come under that head, the fact remains that some of these medicines are so firmly established in popular favor and confidence, have so proved their worth and value, that all the denunciations of bigots can not destroy the people's faith in them.
