

CITY NEWS

THE WEATHER

Chicago, July 5.—Forecast: Minnesota—Generally fair and Thursday, except showers in northeast portion tonight; cooler tonight; brisk northwest winds. Upper Michigan—Showers tonight and Thursday; cooler in west portion tonight; brisk southwest, shifting to northwest, winds. Wisconsin—Showers and cooler tonight; Thursday, generally fair; brisk westerly winds. Iowa—Generally fair tonight and Thursday, except possibly light showers in east portion tonight; cooler in south and extreme east portions tonight; brisk westerly wind. North Dakota—Fair tonight and Thursday; cooler in south and west portions tonight; brisk northwest winds. South Dakota—Fair tonight and Thursday; fresh northwest winds. Montana—Fair tonight and Thursday; westerly winds, becoming variable. The storm is centered this morning over Lake Superior and it has been causing showers during the last three days over the entire country, from the Rocky mountains to the Missouri river valley. High temperatures prevail in the eastern and southern states, but they moderate in the northwest. The indications are for a few more showers in the upper lake region and central valleys. Fair weather is indicated for the northwest tonight and generally through the trans-Mississippi region Thursday. Moderate temperatures are indicated for this district.

Weather Now and Then. Today, maximum 65, minimum 60 degrees; a year ago, maximum 68, minimum 60 degrees.

AROUND THE TOWN

Ball Game Off.—On account of shower on 13,470, a game of football and July, there will not be a ball game between Minneapolis and St. Paul at Nicollet park this afternoon. Shower No. 13,470, same series, was falling at 2 p.m.

More Delegates Named.—Mayor David P. Jones today added the names of Frank McPherson and W. Lawrence to the long list of delegates from Minneapolis to the national conference of charities and corrections. Mr. McPherson is the retiring superintendent of the workhouse.

H. C. Bruner Surprised.—H. C. Bruner, who retired as secretary of the Lauriston Malt company, was called on the carpet Monday by the employees of the company and presented with a beautiful silver punchbowl and a set of cutglass cups. The presentation was made in the office of the company and was so complete a surprise that Mr. Bruner was almost overcome when he tried to express his thanks. The presentation was made in the office of the company and was so complete a surprise that Mr. Bruner was almost overcome when he tried to express his thanks.

NECROLOGIC

MRS. JOHANNA FISCHER, widow of the late J. S. Fischer of Montreal, died at the residence of her son-in-law, H. M. Hall, 122 E. Fourteenth street, at 1 a.m. yesterday. Mrs. Fischer was the mother of Mrs. H. M. Hall, Mrs. M. V. Baker and the late Mrs. J. S. Warnock, all of this city. Three sons and a daughter reside in the east. Funeral private, Thursday, at 2:30 p.m. Burial at Lakewood. Montreal papers please copy.

DANIEL E. JEFFS, aged 69, died this morning at the home of his sister, Mrs. C. A. Smith, 3450 Oakland avenue. The funeral will be private.

SUIT OPENS ON "SLIVER" LEASE

ATTORNEY GENERAL WILL CONDUCT IT IN PERSON.

State's Effort to Set Aside Valuable Lease and Contract Secured by Mabel Evans Under Dunn Administration Begins With Taking of Testimony at Duluth—Pearl Smith Not a Party.

Edward T. Young, attorney general, went to Duluth today to begin the taking of testimony in the suit brought by the state to have set aside the famous Mabel Evans lease to what is known as the "Virginia Sliver," a strip of thirty-six acres of state land in St. Louis county.

This tract is supposed to contain one of the most valuable iron-ore deposits in northern Minnesota. The lease was given by the state to Mabel Evans, a sister of R. C. Dunn, retired from the state auditor's office. Mabel Evans is a sister of L. C. Patterson, who was assistant land clerk under Auditor Dunn.

The state in this case will urge that the lease was fraudulently secured through collusion with officials of the state department; that the tract had only just been decided to the state from the federal government; and that the fact that it was open for a mining lease could only have been known through divulgence of the information through secret and official channels within the state department.

SAD NEWS AWAITED HER

DAUGHTER OF L. A. MALLORY RETURNS FROM LAKE THIS MORNING TO HEAR OF FATHER'S DEED.

L. A. Mallory, who shot himself thru the head while sitting at the writing table in the Rogers hotel office about 2 p.m. yesterday, is still alive at the city hospital, but his physicians have little hope of his recovery.

Mr. Mallory became a clerk in the Chicago office of the Chicago & North Western, and later became a clerk for the Atchison, Topeka & Santa Fe railroad and afterward chief assistant to the president of the road. He held the position of chief assistant for several years, when he went to Sioux City to assume the duties of secretary and treasurer of the McNeal Grain & Commission company.

The cause of his attempted suicide is said to be dependency over failure to get employment. He resigned from a good position some months ago on account of ill health, and his recent efforts to re-enter the business world have been fruitless. A special delivery letter offering him the work he sought was delivered at the hotel a few minutes after he had fired the shot that had proved fatal.

Mrs. Mallory and their daughter Isabel, who graduated from the Central high school last June, live at the Harvard chambers. Miss Mallory was a guest at a Lake Minnetonka house party yesterday and did not hear of the tragedy until this morning.

DRUNKEN MAN RUNS AMUCK WITH KNIFE

Several persons were cut on the arms and faces yesterday when Andrew Heicks ran amuck with a rusty knife at Nicollet and Washington, and started on his way thru a crowd that was waiting for a car. Heicks is a "spilet" for a circus, and, meeting with some old friends in a saloon, he was soon on the warpath. During one of the saloon, he ran wildly down the street, pursued by his companions, but he outdistanced them, and, running up to the waiting crowd, he lunged right and left with his knife. No one tried to overpower him, but everyone was willing to trample on his neighbor in order to get out of the way. The enraged man was just getting down to business when Detective Wirtzensohn came along and after a lively tussle locked Heicks up.

He was held in custody for disorderly conduct in court today and was given a sentence of \$5 or fifteen days.

MUST PAY STATE TAX

ATTORNEY GENERAL OVERRULES POINT MADE BY ATTORNEYS FOR INSURANCE COMPANY.

Edward T. Young, attorney general, gave an opinion today that the Northwestern National Life Insurance company of Minneapolis must pay its 2 per cent tax on its premiums, amounting to something over \$4,000.

The attorneys for the company had cited a clause in the state law governing stipulated premium companies, Northwestern National being the only one incorporated under it, asserting that companies under this law shall not be subject to the provisions of other state life insurance laws. Mr. Young holds that the particular clause in question applies only to such general subjects as are included in the stipulated premium law, the Northwestern National must pay its tax.

RULES ARE STRICT

Pension Fund for Veterans of Indian War Is Hedged with Provisions. Persons who desire a share of the \$10,000 pension fund for those who participated in the Indian war of 1862 must be able to prove that they participated in the outbreak between Aug. 15 and Sept. 1, 1862. They were disabled in service, and that they are now residents of Minnesota. This is the substance of an opinion given the adjutant general today by his attorney general.

LABOR BUREAU IS A SUCCESS

FIRST MONTH OF STATE EMPLOYMENT AGENCY WORK.

Positions Found for Hundreds of Workers—Railroads Call on the Bureau for Men for Construction Work—Girls Are in Heavy Demand—The Cost of the Bureau.

At a total expense of \$170.38 the state employment bureau and the management of the state labor department, has effected a saving in the first month of its operation of \$860 to the state by having set aside the famous Mabel Evans lease to what is known as the "Virginia Sliver," a strip of thirty-six acres of state land in St. Louis county.

A total of 430 applicants have been supplied with work, of whom 348 were men and 82 women and girls. In all cases had the men applied to the regular fee employment agencies they would have been obliged to pay a fee of \$2 each. In addition those who employed them would have been obliged to pay a fee. In the case of the women, those who hired them would have been obliged to pay a similar fee to the regular female employment agencies.

Labor Commissioner W. H. Williams and Louis Levy, superintendent of the bureau in Minneapolis, are especially gratified at the showing of the first month. It took some time for employers and unemployed to learn of the bureau. Now that the details have been worked out and the bureau established, far greater results are hoped for. The bureau received its first railroad order the last of June and filled it in so satisfactory a manner that more requests for men are promised from the same railroad.

Skilled Workmen Placed. Those supplied with work as a rule, are laborers, also many skilled workmen were cared for. The applications are mostly for this sort of help. The positions supplied are as follows: Laborers, 126, farmers, 14, cooks, 4, sawmill hands, 18, harvesters, 41, and some requests for 1, messenger boys, 1, bridge workers, 1.

Of the eighty-two women who were supplied one was a stenographer and the others housekeepers, dining room girls, nurse girls and cooks. There is a heavy call for the latter class of help, some for the city and some outside. The bureau now has on file requests for laborers for Wisconsin farm hands, harness makers, lath sawyers and pullers, experienced laundry man, girls and women for housework, mill pickers, restaurant girls and general out-of-town work.

There are many positions on the files of the female department in charge of Mrs. Etta Holmes, who can place a large number of girls in the various sorts. There are also fifty applications for day work by women who live at home and wish to work out by the day. Expense of Bureau. The total expense of maintaining the bureau the first month, including salaries, office supplies, rent, and incidentals, was \$174.38. Much of the furniture and fixtures was supplied thru the public affairs committee of the Commercial Club. Mr. Levy, in his report, says: "I believe we will be able to maintain the bureau the first year for \$200. This was with the intention of better the record of this first month, as people become acquainted with the nature of the work we are doing."

TAX EQUALIZERS TO MEET

LOCAL BOARD WILL HEAR COMPLAINTS AS TO ASSESSMENTS NEXT WEEK.

While the city assessor has not yet completed his assessments on real and personal property for purposes of taxation, he has covered the greater part of the city, and the board of equalizers has decided to get to work. It will hold its first meeting on Monday at 10 a.m. in the council committee rooms in the city hall.

Every taxpayer who is not satisfied with the value of his property, or who assessors may appear before the board, and if he proves that the assessment is not just, the board will correct it. In former years the meetings of the board were scenes of antics, and precedents have become thoroughly established in almost every class of property and the meetings have become a perfunctory routine.

The new board consists of Aldermen Dennis C. Bow, E. C. Chatfield, C. B. Holmes, James H. Duryea and G. A. Westphal, consisting of the council committee on taxes. They will meet every three or four weeks, and will draw \$5 a day. City Assessor C. J. Minor will attend each meeting as chief adviser.

DEFENSE OPENS IN CLEMENT CASE

LITTLE TESTIMONY TO BE OFFERED FOR BANKER.

His Counsel Says Little More Evidence Will Be Needed to Show Transactions Embodied in the Indictments in Their True Light—First Witness Is Assistant Cashier.

Because of the inability of jurors to get to the city in time for the opening of court, the case of Thomas B. Clement, the former banker who is indicted in the federal court at St. Paul this morning till after 11 o'clock. That there will be a little testimony offered on behalf of Clement was disclosed this morning, when George N. Baxter made his address to the jury. It was a short speech, consuming exactly seven minutes. Mr. Baxter said the testimony as to the alleged offenses was so extensive that the defense could with little trouble complete the chain which the government witnesses had left unfinished, and thus reveal these transactions in their true light. It had been stated by Director Batcler that the defendant had a habit of trusting persons and firms long after other banks refused to do business with them. "I am one of those persons," declared Mr. Baxter. "It is true that I am not concerned in any way in the transactions mentioned in the indictment, but Mr. Clement has at different times shown me favors for which he has never repaid me. I was unable to meet my obligations. If it be true that in all these transactions Mr. Clement deliberately intended to defraud the bank, the same may be said of the business he has had with me."

"FAIR" PREDICTION BREAKS MARKET

WHEAT CLOSES LOWER THAN SATURDAY QUOTATIONS.

Prior to Opening, the Continued Rains Had Boosted Curb Prices Over 97 Cents—Reports Today Were More Favorable, and Trade Is Hopeful of Turn in Weather.

The weather man precipitated a small panic at the Chamber of Commerce this morning by making up a prediction for fair weather. September wheat sold at 97 1/2 cents on the curb, before the market opened. It struck 92 1/2 cents before the decline stopped. The bulls tumbled over one another to sell wheat and millions of bushels were thrown overboard.

The fall was contrary to general expectations. The crop situation cannot be said to have changed since Saturday, nor are the conditions less serious. The grain trade still feels, however, that the crops can be put through with the right kind of weather, hence the first indication of fair weather in over a week brought return of confidence and much of the search was kept up until shock got a soaking. The outlook for last night was alarming, but this morning the sun came out and checked the nervousness and anxiety. Early north-west reports were more favorable. In the precipitation report of July 4, Alexandria, Minn., had 2.60 inches of rain and Park Rapids 2.08, but last night these points got only .17 and .23, while Worthington, with 2.15 inches of rain before, got nothing last night. In the big downpour South Dakota was soaked, and around Huron and Watertown many fields were covered, but this morning, Huron, Aberdeen, Watertown, Mitchell all reported better weather.

The feeling at the close was that the situation is such as to make for increased uncertainty. Should good weather come immediately, the market excitement may subside, but failure of the favorable forecast would mean increased nervousness.

BISHOP JOYCE BETTER; HIS MIND NOW CLEAR

Bishop Joyce's strong constitution is standing him in good stead in his battle for life. He has a more than fair chance of today, and his vital organs are found to be absolutely sound, a condition which is naturally most favorable. Since the patient's mind has been clear, last night he showed the first signs of full consciousness, an indication that absorption of the blood was had, and yesterday the sense of feeling is returning to the affected right side and the family was able to get several messages from him. His condition is evidently being tried for some time to impart. Colonel Frank M. Joyce, the son, speaks very hopefully today of his father's prospects for recovery.

THE MONTHLY TRIAL

HEADACHE, DIZZINESS, BEARING-DOWN PAINS. A Woman Tells How She Has Become Well and Strong After Years of Misery Due to Irregular Functions.

The fact that one woman is bright-eyed, rosy-cheeked, strong and cheerful, while another is pale, weak and depressed, is due more often than otherwise to the irregularity in the one case and the irregularity in the other of the functions that are peculiar to the sex. When these are disturbed everything goes wrong; pain and discomfort are felt all over the body; the sensations are often terrifying.

"For four years," said Mrs. Davis recently, "I suffered indescribable misery from sick headache every month, accompanied by fainting spells, shortness of breath and severe pain in my left side. There were also bearing-down pains, at times so acute that I could not stand up, and my head was full of ringing sounds. It seemed as if everything was going to hit me in the eyes. I was compelled to lie down with closed eyes for hours to get a little relief. When I attempted to arise everything would whirl around and it would grow so dark that I could scarcely see any object."

"Could you tell your doctor help you?" "Five doctors in all treated me, but I got no lasting benefit. Besides I used a lot of advertised remedies. The only medicine, however, that had the desired effect was Dr. Williams' Pink Pills and they are truly a godsend to women. I did not have much faith in them when I began to take them. I found myself, however, so much better after using two boxes that I began to believe in them. They checked right away the decline into which I was going. My troubles kept lessening and finally disappeared altogether."

"How long did it take for a cure?" "After I had used several boxes my health was all right. I had taken on flesh and was strong and hearty. I feel today in spirits more like a girl of sixteen than a woman of my years."

Mrs. C. E. Davis' address is Carmel, Maine, R. F. D., No. 2. Dr. Williams' Pink Pills are confidently offered to women for the cure of anemia, chlorosis, painful and irregular periods, and all forms of weakness. They are sold by every druggist.

DRAGGING FOR BODY

Fruitless Search, So Far, for Corps of Vernon Martin.

Immediately after the drowning of Vernon Martin yesterday, off Cottage Lake, parties were organized to drag the lake. The W. & E. line boat Wayzata was secured, several launches, Professor Spry's motor boat and two or three rowboats were pressed into service. Little progress was made until sundown, when the heavy waves of the search were kept up until 9 p.m. and was resumed at dawn today. The big steamer Excelsior was brought down to churn up the waters with its stern wheel, and the searchers were reinforced with help from Sid Woodford, the Doneways of the hydrographic survey, the Jeffersons, Rydells and several from the Minneapolis Yacht Club and from Minneapolis. Up to the hour of going to press the body had not been recovered.

Harold M. Lewis, who stuck by the Babbie in hopes of saving it from the rocks, said today that Martin fell from the boat on a line between the yacht clubhouse in Bay St. Louis and the Great Northern Crystal Bay bridge, and
