CITY NEWS

TOWN TALK

EVENTS OF TONIGHT

Journal automobile tour to Lake Harriet.
Lake Harriet band concert.
Lyceum Theater—"Christopher, Jr."
Unique Theater—Continuous vaudeville.
Wonderland—Outdoor amusement park.

TOMORROW'S CALENDAR

Journal "Seeing Minneapolis" automobile tour.
Journal excursion on the Mississippi and St. Croix rivers, 8:30 a.m. and 2 p.m.
St. John's mission chapel, 4207 Sheridan avenue, talk by D. A. Sanford, 3 p.m.

More than 500 persons attended the opening service of the Midway campmeeting last evening.
For Sale—A 24-horsepower 1904 Stearns car, in first-class condition, at a bargain. Can be seen at Strong's Automobile Mfg. Co., 249 Third avenue S.

The Century Baptist church, beautified by redecorating, recarpeting and electric lighting, will be opened on Sunday. Pastor Riley will speak morning and evening.

The Century News store, Third street, near Hennepin, has the largest line of souvenir postals, magazines and 10c books. See us about your finding and subscriptions.

The chief operator of the new toll exchange of the Northwestern Telephone Exchange company will be a man. New operating boards have been installed in the new building.

The Zionist club of St. Paul will give a moonlight excursion on the Mississippi Sunday evening. The boat leaves at 8 p.m. and will return in time to connect with the midnight car. A number of Minneapolis people will attend.

T. J. Janney, the real estate man, expects to resume his duties next week. It was feared at one time that Mr. Janney had sustained a stroke of paralysis while at his Lake Minnetonka home. He is recovering from the attack of faintness rapidly.

Go on one of The Journal's big excursions to Stillwater next Saturday. Chaperoned cars, special train and a magnificent steamer. Ticket sale is limited; get yours early, as they are selling fast. Round trip only 95 cents. Selling at Journal counter only.

A. E. Johnson, president of the A. E. Johnson company of Minneapolis, celebrated his sixty-fifth birthday at The Hague last week. He was the guest of honor at a dinner and the recipient of many congratulatory messages. He has sent thanks to O. O. Searle, his local representative for Minneapolis' recognition of the date.

Penn coal for kitchen ranges, Holmes & Hollowell Co., 412 First avenue S.

CONCERTS HAD SAME EFFECT AS SWEATBOX

That "music hath charms to soothe the savage breast" is the basis of the theory advocated by Sheriff W. J. Cary of the Milwaukee correctional institution. He asserted that on account of concerts given in the Milwaukee county jail during the past year, thirteen prisoners had broken down and confessed, contrary to the advice of their attorneys. In this way the county was saved about \$3,000.

Yesterday morning's session was the last of the sheriff's convention. Other speakers were ex-President John Steiner of Dubuque, Iowa; J. O. Francis of Morris, Ill.; and John C. Looper of Des Moines. The Milwaukee County Jail was the scene of a very interesting and profitable session.

SOUTHSIDERS TO BUILD A THEATER

CORPORATION IS SOON TO BE FORMED FOR THAT PURPOSE.

Building at Seven Corners to Cost \$35,000 Is Projected—Will Be Operated as a Regular Playhouse, but Will Also Serve for Concerts and Other Entertainments.

South Side business men have been enlisted in a project to build a South Side opera house, a building for theatrical and musical productions, at cost \$35,000. The site is located at the corner of the Seven Corners, at Cedar and Washington avenues.

Arne O. Field is the prime mover in the enterprise. He has secured so much encouragement that a meeting will be called in a few days to form the corporation and take the first definite steps.

South Side people have long been anxious for some kind of an auditorium or music hall. The people of that section of the city are musically inclined, and have difficulty in securing satisfactory halls for the concerts and other entertainments provided by their musical societies. The idea of a music hall has finally become merged into the present plan for the theater, which will serve the purpose of a South Side auditorium and yet be on a paying basis.

The promoters intend that during most of the season the place shall be run steadily as a family theater, something on the order of the Unique or the Lyceum. It will also be available, however, for concerts and other entertainments, and will unquestionably be patronized liberally by South Side people, a good many thousands of whom live in easy walking distance of the proposed location, but are compelled to take the street car always for a trip to the amusement houses down town.

Allderman Platt B. Walker lost in his attempt to establish a lower level for Lake Calhoun than the one fixed a year ago, but started more trouble by giving notice at the council meeting yesterday afternoon of an ordinance repealing the ordinance establishing the stage of water at 145 feet above city datum. A motion to indefinitely postpone the Walker ordinance was passed by a vote of 13 to 12. Alderman Schoonmaker not voting.

The entire question was rehearsed. President F. L. Smith of the park board explained why the park board desired a lower level. John Cogan wanted to know why he and his faction wanted 145 feet, and almost everybody said something before the vote was taken.

The petitions for and against the restoration of a streetcar service on Third street and Fourth avenue S via the Chamber of Commerce were referred to the committee on railroads.

Alderman McCoy's ordinance giving horses the same freedom on the streets as automobiles was sent back to the committee on railroads, so that restrictions could be placed on the drivers of horses as on chauffeurs.

Alderman Nye's ordinance regulating the sale of gas shipped in this city was sent back to the committee on health and hospitals in order to give the dairymen an opportunity to be heard.

The voluminous report of the city board of equalization on the assessment rolls for this year was unanimously confirmed.

Decide on Speedy Refunds. A report from the committee on ways and means recommended that overassessments on special improvements be refunded as soon as possible, and that a half-mile tax be levied annually until the excess amounts had been restored to the rightful taxpayers. The report was adopted.

On recommendation of the committee on gas, it was decided to advertise for contracts for lighting the city. Bids to contain three propositions: First, to supply outright 5,500 incandescent attachments, and two propositions to operate the incandescent system with the cost of gas included and without.

A formal demand was made on the board of sinking fund commissioners for the transfer of \$100,000 from the sinking fund to the city treasury for improvements revolving fund, this amount representing the surplus in the revolving fund in 1898, which was sent to the sinking fund, as the city could not other till they arrive within the grounds of Minneapolis' great amusement park, and they are going to be given the entertainment of their young lives. Not only are the children going to be given free streetcar rides and free admission to Wonderland, but they are going to have seven of the leading attractions inside the grounds turned over to them.

In addition to all this special outdoor entertainment, that will satisfy the fondest hopes of the liveliest boy in town, is to be provided during the evening after the 11th of August. The children will be given a special outdoor entertainment, that will satisfy the fondest hopes of the liveliest boy in town, is to be provided during the evening after the 11th of August.

The scenic railway, shooting the Chutes, the Laughing Gallery, the Carousel, the Old Mill, the Minn. City, and the Miniature Railway. The Journal Cadet band will be in attendance and will furnish a splendid program during the afternoon.

The healthy and girls are talking about nothing else," said Mother Sawyer, who is at the head of the Catholic Orphan asylum, to a Journal man this morning. "There will be at least a hundred children who will be here from every boys' and girls' institution in the city, and the Salvation Army, the Sunshine society and the Associated Charities will send big delegations of children who have come under supervision. The Hebrew free school has accepted The Journal's invitation, and a score or more youngsters from the institution will be present at the "doings."

The street railway company is going to furnish free transportation to and from Wonderland for the little visitors, and the management of the big park to do everything in its power to give The Journal's little guests a good time.

A DAY OF REST

Bible Conference Will Hold No Session Tomorrow.

Tomorrow will be a day of recreation for the members of the Northwestern Bible conference. No program has been prepared and the members will spend the day as seems pleased to them.

This morning Dr. A. J. Frost gave the third of his series of expositions of the Gospel of St. John and Rev. A. D. Harmon conducted a "Pastor's hour."

This afternoon the Sunday school conference was continued by Professor A. M. Locker and Mrs. J. A. Hobart. Professor Locker spoke on "General Organization of the Sunday School," and Mrs. Hobart on "Organization of Elementary Sunday School Work."

This was followed by an hour of open conference on Sunday school topics. Dr. Ostrum conducted the afternoon service at 4 o'clock. Rev. Joseph Hogg will speak this evening on "The Second Coming of Christ and World Evangelization."

Yesterday, despite the heat, the conference went on and those in attendance undoubtedly occupied the enviable position of the coolest people in the two cities. The wind which always blows across the open country around the fairgrounds, swept thru the open sides of the pavilion and made it pleasantly cool.

Miss L. A. Emery, secretary of the Sunday School Teachers' Manual Training association, and Superintendent A. M. Locker, general secretary of the Minnesota Sunday School association, were the speakers at the Sunday school conference. Dr. Frank Peterson delivered an address on "America's Mission to the World."

Dr. Peterson was chosen of the scene of the Bible incidents, so America has been called to be the center of great Christian activities during the century just opened.

The last hour of the afternoon was occupied by Dr. J. R. Pratt, who talked on God's standard for Christians. Dr. Ostrum preached an evangelistic sermon at 7:45 in the evening.

HAVE GONE OVER FIRST MARK. The committee in charge of collecting funds for the erection of a St. Paul auditorium reported \$152,670.65 subscribed to yesterday evening. They are confident that subscriptions will reach the \$200,000 mark. Mayor Smith is expected to appoint a committee to select a site and commence the erection of the building within a few days.

Twenty regular attractions. The Zamora family of serialists, Lane and Suesette, Thompson's family of jugglers, and the Thompson's family of jugglers.

VOTE WAS CLOSE ON LAKE LEVELS

WALKER ORDINANCE REDUCING LEVEL IS LOST.

One Vote Was the Margin, and Walker Gave Notice of an Ordinance Repealing the One Fixing a Level, so as to Leave Matter in Hands of Park Board.

Allderman Platt B. Walker lost in his attempt to establish a lower level for Lake Calhoun than the one fixed a year ago, but started more trouble by giving notice at the council meeting yesterday afternoon of an ordinance repealing the ordinance establishing the stage of water at 145 feet above city datum. GREAT GAIN IN BANK CLEARINGS

THIS YEAR WILL ECLIPSE FINE RECORD OF 1904.

Every Month but One Has Shown Good Increase Over Corresponding Month of Last Year, and the Year's Total Promises to Run Well Over Nine Hundred Millions.

Figures compiled by The Journal from the records of the Minneapolis clearing houses indicate that the year 1905 is to be a record-breaker in business results in the city. Yesterday the thirty-second week of the year closed, with still another gain in bank clearings.

The month of February showed a small decline, but otherwise the gains have been steady, and were especially large in the months of April, May and June. Since Jan. 1 the total has run the big figures of \$473,302,962.50, an increase over the corresponding thirty-two weeks of last year of \$82,221,167.32.

Last year the total clearings for Minneapolis were \$391,081,795.18, compared with \$473,302,962.50 for 1905. The increase of last year was \$82,221,167.32.
