FUNDS COMING IN FAST

STATE AUDITOR SAYS DEMANDS FOR LOANS CAN BE MET FROM SCHOOL FUND RECEIPTS.

Samuel G. Iverson, state auditor, explains his opposition to State Treasurer Block's proposition to sell the Virginia bonds, held by the state of Minnesota, in the following statement:

"I am convinced, and I believe that every other member of the board is, that there are no better securities than the bonds of Minnesota municipalities. It is not the duty of the board to sell whether Minnesota securities are gilt-edged, but whether it is necessary to sell the Virginia state bonds to meet the demands for loans from the permanent school fund alone amounted to \$1,537,496.62. Of this sum, \$700,000 was invested in capitol commission certificates and \$837,496.62 in school district, county, township and ditch bonds.

"The board will probably not purchase any capitol commission certificates during the next year, so that practically all of the \$1,250,000 will be available for investment in Minnesota securities. I believe that this will be sufficient to meet the needs of the loans from Minnesota municipalities."

Mr. Iverson read the following statement to the board, showing the receipts and disbursements of the permanent school fund during the fiscal year just closed:

TWO CAUGHT IN RAID

Police Capture Liquors at Thirteenth Ward Boarding House.

Several officers of the fifth precinct police station, headed by Captain Hendrich, raided a boarding house at 3209 Nicollet avenue last night and Mrs. Jennie Kirby and William Posten were arrested on a charge of selling liquor without a license.

They were taken to the station, but gave bail for their appearance in court today. They were arraigned this morning and pleaded not guilty.

In the house the police found a case of beer and other liquor was found in the barn.

KIMBALL

Notwithstanding the endorsement of the world's greatest artists and leading music schools, as well as the world's greatest exhibitions, the true source of greatness and popularity of the KIMBALL PIANO is in itself; in its rich singing tone and quality, its evenly balanced scale, responsive action and splendid wearing quality. The demand for KIMBALL PIANOS is

THREE TIMES GREATER

than for any other piano in the world. This is a strong statement, but absolutely true, borne out by the annual sales of KIMBALL PIANOS.

Just now we are showing some beautiful KIMBALL ART PRODUCTIONS and the handsomest case designs ever exhibited on our floors. We invite thorough investigation. Our small payment plan makes piano buying easy.

TEAM SELECTED FOUR GENERATIONS TO GO TO TO GO TO SEAGIRT CELEBRATE ANNIVERSARY

MINNESOTA'S REPRESENTATIVES IN NATIONAL RIFLE CONTEST.

Twelve of the Fourteen Crack Shots Chosen in Try-out at Lake City Will Compose the Team—Officers Also Named—Elegant Trophies for the Winners.

A dispatch to The Journal from Lake City says that the following men were selected today to represent Minnesota at the national rifle contest which will be held at Seagirt, N. J., next week.

Lieutenant Clark, Co. C, First regiment; Sergeant Lang, B, Second regiment; W. Britton, hospital corps, Third regiment; F. J. Britton, hospital corps, Third regiment; Fred Britton, hospital corps, Third regiment; Major Resch, Third regiment; Musician Simpson, Third regiment; Sergeant Price, Co. B, Third regiment; Sergeant Reinhardt, Co. C, Second regiment; Sergeant Bin, Co. C, Second regiment; Lieutenant Winton, Co. E, Second regiment; Private Comenski, Co. C, Second regiment; Adjutant Walk, First regiment; Captain Everett, Co. B, First regiment; Private Fichtel, Co. B, First regiment.

These men were selected on the basis of their average scores thru the try-out which has been in progress the past week. With them will go Adjutant General Woodruff, captain, lieutenant Colonel Corrihan, spotter and Sergeant Harper, ordnance sergeant.

The team will remain at Lake City for practice until Friday night when it will leave for Seagirt. Before entering the contest the two men making the lowest average score in the shooting preliminary to the tournament will be named as alternates as there are fourteen men in the squad and the team number is twelve.

1,500 Will Contest.

It is expected that there will be about 1,500 entries in the Seagirt contest. The invitations were sent out by Lieutenant Albert S. Jones, secretary of the National Rifle association. The entries have been pouring in, but many of the clubs have not been heard from. The clubs represent military and semi-military organizations which are affiliated with the National Rifle association. The officials of the war department have control of the conduct of the matches and a few of the details have not been made public.

The prizes will be very elaborate, and if the Minnesota team wins the championship they will bring back trophies that the state may treasure as well as the first prize will be the championship banner and a gold medal for each member of the team and \$50 in cash; the second prize will be a silver medal for each member of the team and \$25 in cash; and the third prize will be a bronze medal for each member and \$10 in cash. The match was won in 1904 by the Ohio state rifle team, with a score of 223, and in 1903 by the Manhattan Rifle and Revolver association.

Will Be Social Doings.

It is planned to make the shoot successful also from a social standpoint. Governor Edward C. Stokes will open the White House for the tournament, and several affairs have already been planned. The bringing together of the militiamen from all over the country will tend to make the social part of the tournament. The Minnesota team has not sent a team east for twenty years, and it will be the first tournament for Iowa, Idaho, Kansas, Florida, Tennessee and Wisconsin.

The executive officer for the national matches will be Brigadier General William P. Hall, the military secretary of the United States army. Brigadier General Big W. Sprague, president of the National Rifle association, will act in that capacity for the rest of the meeting. The post adjutant and statistician will be Lieutenant Albert S. Jones, the secretary of the National Rifle association.

CHILD'S PITIFUL PLEA BRINGS MOTHER HELP

A pitiful plea for help was received yesterday by the Humane society from Miss Hattie Harkson, a 14-year-old girl, whose mother is destitute and living "inch by inch." Every effort will be made to help the family. The little girl's letter was as follows:

"I wish you could come and look into this case of mine. My mother is sick and helpless in bed. Papa has gone and left us all alone with no one to take care of my mother. He left us without any support. He is not very far away from here, but he won't send us any money or anything to live on. Mama has been sick for over a year now and papa has not bought her 50 cents worth of medicine for over a year. My little brother has just been letting her die inch by inch without help. Please see into this before it is too late. I don't want to lose my mama, as I am only 14 years old."

SAYS HE COMMITTED SEVERAL BURGLARIES

William Dolan, who was picked up by the police yesterday, has confessed to having entered a number of houses on his arrival in Minneapolis and to have taken jewelry from the places. He says he broke into a house at 2514 Elliott avenue last week and stole a gold watch and a valuable silver cup. He pawned the articles in a second-hand store and spent the money.

Little is known about the man. He recently came to Minneapolis from St. Cloud.

About 3,589,988,000 messages were sent over the lines of the Bell Telephone Companies in 1904. You will get your share if you

MAKE IT HOT FOR SUNDAY SALOONS

THE HOME PROTECTIVE LEAGUE STARTS MORE CASES.

Warrants Sworn Out Today for Fifteen Down-Town Saloon Men, in Addition to Eleven Arraigned Yesterday, and More Are Promised as Long as Law Is Violated.

Before the Home Protective league is thru with the present crusade against the saloonkeepers, it is likely that every man who has kept his place open on Sunday will be brought into court.

It was learned this morning that the league was back of the movement which resulted in the arrest and arraignment of eleven men in police court yesterday, charged with keeping their drinking places open on Sunday. This morning Charles W. Purple, attorney for the league, filed complaints for the arrest of fifteen more saloonkeepers. They will probably be arraigned in police court tomorrow.

The men against whom complaints were sworn out today are said to conduct saloons in the heart of the city. The police have not been consulted about the crusade and their only part in it will be to serve the warrants.

Next week Mr. Purple promises to bring in another bunch of warrants and to keep it up until the power of the league becomes known and respected.

SOLDIERS "RUBBER-LEG" TWENTY DESERTIONS FROM POST SINCE LAST PAY DAY—BASEBALL PITCHER JUMPS.

The pay day of Aug. 6 at Fort Snelling was the banner one so far as desertions are concerned, post gossip putting the total at over twenty, and half of the infantry away of practice march, and still to be heard from. In some cases they were undesirable fellows whom their company officers were not sorry to miss in other cases it is hard to account for the desertions. There have been some changes in the commanding officers of the several companies and soldiers have freckly notions occasionally that rather than serve under such a one it would be better to "cut and leave."

Two of the missing soldiers this week are Alexander, company clerk of C company, and Mullins, the popular pitcher of the baseball team. This last is esteemed by all a public calamity. Soldiers can be replaced, but a twofold of an "in" and "out" is hard to find.

A squad of six artillerymen from the Tenth battery deserted last night. The police of Minneapolis and St. Paul were notified and are on the lookout for the men, who are all young, smooth-shaven and about five feet seven inches tall.

JUDGE WILL INQUIRE

Postpones Sentence to Learn Facts About Jennings.

John Jennings, colored, took advantage of the new law, and yesterday pleaded guilty to burglary in the third degree without waiting for an indictment. The prisoner appeared before Judge Jennings and told such a convincing story of his former honest living that sentence was postponed until the court could investigate the truth of his assertions. Jennings was born in Nashville, Tenn. He was in Chicago during the recent strike and was shot and beaten up twice. He next went to St. Paul, where he came to Minneapolis, where he was inveigled into taking part in the burglary of the Wanous drug store. He has a wife and child.
