### AMERICAN MONEY FOUND ON SUSPECT

#### ARCHAMBAULT, WHO WAS MURDERED, HAD \$300.

Mrs. Moreau of Fairbault, His Daughter, Wired for a Description of Bills Which She Gave the Old Man Prior to His Setting Out for a Visit at Valleyfield, Quebec.

Special to The Journal. Fairbault, Minn., Aug. 18.—A telegram to Mrs. Moreau from Valleyfield, Quebec, to day, gives the information that an amount of American money was found in possession of Dominique Chateau, the man held for the murder of her father, Archambault, a description of some of the money which the old man had when he departed from Fairbault a week before he met his death.

The information has been forwarded to Valleyfield. It is now learned that Mr. Archambault had some \$300 with him when he reached Valleyfield, having cashed drafts to the amount of \$200 before he left Fairbault, and having \$100 in five twenty-dollar bills which his daughter gave him. His remains are expected to arrive here today for interment.

The coroner's inquest, which was held Tuesday morning, at a loss of \$500, commenced the operation of the coroner's jury, which is a temporary engine house until a permanent one can be built. The demand for better tubs is pressing at this time and the coroner is commencing operations at the earliest possible moment.

Senator Buck has disposed of his stock in the Security National bank of this city to other members, the greater amount being taken by President Sheffield. Mr. Buck sold his stock at 200 per cent. profit.

The funeral of Mrs. J. Alme Plante was held this morning at 10 o'clock at the home of Mrs. Heart, the interment being in Calvary cemetery.

#### TELEPHONES CONSOLIDATED

Norman County Company Absorbs the Iron Range Company's Interests.

ADA, MINN.—The Norman County Telephone company has completed a deal whereby it becomes the owner of the telephone system of the Iron Range company, which is the local exchange at Ada, Minn., to Twin Valley, Halstad, and other places. The consolidation is \$1,500. The local company takes over the system.

Some excitement has been caused in the township of Lockhart by the discovery of oil fountains on pools of water.

Mrs. Lars Gunderson of Waukon was admitted to the hospital at the hospital at Fergus Falls.

#### GAS COMPANY TRANSFER

Cleveland Men Complete Organization of Interests at Winona.

WINONA, MINN.—The Winona Gas company has transferred its plant and property in this city to the Winona Gaslight & Cold company for \$175,000. This completes the organization of the gas company here, which was a scheme which was purchased a controlling interest. The president of the new company is W. B. Parsons and the secretary is J. H. Parsons. The company is receiving a cashholder with a capacity of 200,000 feet of gas, and has ordered pipe for five miles of gas extensions.

Mr. and Mrs. Samuel Halderman have just celebrated their silver wedding anniversary at the home of Mr. and Mrs. F. T. Perkins in this city, where they have been visiting for several months. Their home is at 408 North 11th street, and it is more than a year since they left there to visit with relatives in their eightieth year, but in excellent health.

PERHAM, MINN.—Oscar Wetlock, a well-known business man, died yesterday of heart trouble. He was 45 and leaves a wife and nine children.

SPRING VALLEY, MINN.—Mrs. Harriet S. Drake died suddenly at the home of a sister. She is survived by five children.

SHILLWATER, MINN.—The Pittman household furnishings have been sold to John P. Halverson, a North Dakota ranchman.

#### SOUTH DAKOTA

HANSON, HYDE AND LAKE Creditable Gains Made in Population Since 1900.

PIERRE, S. D.—Final returns from Hanson county show a total population of 2,000 in 1900, and 2,504 female, and 902 is foreign born. The population in 1905 is 2,800, a gain of 280. Hyde county figures show a total of 1,822, a gain of 308 in five years. Lake county figures show a total of 9,888, a gain of 707 since the last census.

Madison has 2,014, a gain of 222. The population of the county is 5,245 male and 5,245 female. The school children number 1,000.

To be able to secure the attendance of C. E. Crawford of Huron as the orator of the day, Sully county men have changed the date of their old settlers' meeting from Sept. 15 to the first of that month. The school children number 1,000.

The rains have brought such a heavy growth of prairie that it is almost a certainty that there will be no fire this fall. The country is now in the hands of the new settlers who never went through the experience of prairie fires that they are likely to be careless about starting them. They are

#### STOCKING STATE STREAMS

Special Car of the Bureau of Fisheries Sent to South Dakota.

SIOUX FALLS, S. D.—An aggregate of 11,000 common fall bass, 1,000 small-mouth bass, 1,000 rock bass and 1,000 catfish are to be placed in the state by a special car of the bureau of fisheries which is in this city. Many of the fish are to be placed in the headwaters of the Sioux river at Watertown. After the work of distributing the fish through South Dakota this season is completed, the car will be taken to Huron, where a stop of about a week will be made at the central part of the state can be stocked.

The annual convention of the Minnesota Sunday School association will be held at the city tomorrow afternoon. A grand rally of Sunday school workers will be held at the auditorium. Dr. Chalmers of Brookings, president of the state Sunday school association, will be the principal speaker. The churches will unite for the rally, which is intended to be the largest in the history of the city and county.

A Sioux Indian named George Arma, who lives on the home of the late William W. White, was arrested by John P. Belding, deputy United States marshal, on the charge of having been alleged to have committed on the reservation. The defendant has been held for appearance before the next United States grand jury, which will convene in this city in October.

#### KILLED IN HARVEST FIELD

Former Chicago Man Struck by Lightning Near Flaudreau.

FLAUDREAU, S. D.—William Smokey, a farmhand, was killed by lightning today on the farm of Charles Jacobson in Clark township, west of Flaudreau. The man also went by the name of William Wagon.

He was shocking grain and was walking a few feet behind the horse when the bolt struck him. Every stitch of his clothes was torn off, but his body was only slightly bruised. He had lived at 1st East Ontario street, Chicago.

LEAD, S. D.—Mrs. Joe Julius of this city gave birth to twins which weighed respectively eight and three-quarters and nine pounds, the largest ever born in this county.

## MINNESOTA

### BUENA VISTA MAN'S STORY CONFIRMATORY OF REPORTS IN NORTHERN MINNESOTA PAPERS

Special to The Journal. Bemidji, Minn., Aug. 18.—The story recently published in several newspapers throughout northern Minnesota to the effect that an animal with a deer head and a cow body was seen in the city today and who says that he had seen such an animal.

"It was in the summer of 1897," said Mr. Speckman, "the cow which I owned at Buena Vista was allowed to run in the woods, and the next spring she gave birth to a calf which resembled both a deer and a cow. When the calf was about two weeks old it could jump higher than any full-grown cow, and at the age of a year it fence in this part of the country could confine it.

"The animal had a short, bushy tail and short horns. Its color was red, and unlike a deer it never changed its red hair for the blue summer coat. These characteristics are like a cow, but the other characteristics were decidedly deerlike.

"It had a slender body and small legs, and

let no doubt but that the animal was a cross between a cow and a deer.

"I was puzzled at the curious animal, and, finally, N. D., today having been picked up there, called a Bemidji physician who happened to be at Buena Vista. After a thorough examination, he said there was not the least doubt that it was part deer and part cow.

"The animal lived for three years, when it broke its leg accidentally and I was forced to kill it."

The preliminary hearing of Mrs. Frank Silverack, charged with arson, was held this afternoon. N. D., today having been picked up there, degree was dismissed, while the judge's decision on the charge of arson in the first degree was reserved. Silverack declares that personal enemies have inspired the charge in her husband.

#### FOUR TIMES IN AN ASYLUM

Shupe Will Probably Be Taken to Cass County for a Recommitment.

FERGUS FALLS, MINN.—An insane man named Shupe was brought here from Cass county, N. D., today having been picked up there after being deserted by two companions with whom he was going to harvest wheat. He had been in the Fergus Falls insane hospital when taken into custody, and on being brought here, the authorities readily recognized him as a man who had been committed four times from Crow Wing county and once from Cass county.

As he had been regularly discharged, he could not be taken into the hospital without a recommitment, and he will probably be taken to Cass county, as he is not a resident here.

#### STOCKING STATE STREAMS

Special Car of the Bureau of Fisheries Sent to South Dakota.

SIOUX FALLS, S. D.—An aggregate of 11,000 common fall bass, 1,000 small-mouth bass, 1,000 rock bass and 1,000 catfish are to be placed in the state by a special car of the bureau of fisheries which is in this city. ## MONTANA

### MONTANA STRIPPED OF ITS WOOL CLIP

ONLY ONE LOT OF SIZE UNSOLD IN THE STATE.

Fraser Brothers of Billings, Contract Buyers, Have Made a Fortune in a Few Months—Difference of Opinion as to Future of Advance Contracting.

Special to The Journal. Billings, Mont., Aug. 18.—Wood buying for the season of 1905 is a thing of the past. The last clip has been sold and most of the buyers have departed. The last purchase was made before the 1st of August, when the Fraser Bros. of this city, amounting to \$200,000 worth of wool, was refused. Mr. Wing paid a little over 25 cents.

Mr. Wing also purchased the remaining clip held by Fraser Bros. of this city, amounting to about 100,000 pounds. It is said the price paid for this wool was 24 cents. A few days before the Fraser Bros. sold 100,000 pounds of their Montana holdings to Godfrey, representing Francis Willey & Co. of Boston, for 24 1/2 cents.

The advent of Fraser Bros. in the local wool-buying field has been one of the surprises of the season. A year or two ago they commenced buying a firm in Boston, and made a good record as successful purchasers. This year they seemed to anticipate every phase of the wool market, and they were the first to Wyoming and bought heavily in their own name.

This wool was held for a comparatively short time and then sold at a good profit. The Fraser Bros. have handled nearly 6,000,000 pounds of wool this season for which they have paid out in the neighborhood of \$1,000,000. The same outside buyers estimate the profits about a week will have made on this large business at from \$75,000 to \$100,000.

The buyers say that only one clip of any size remains unsold in the state, and being at Glendive. They do not believe there will be any advance contracting whatever does next season, and they are not willing to bet better by holding their product for the regular sales, as they have done in former years, thus permitting the market to open in open competition in the auction market.

On the other hand, the Fraser Bros., who have been the largest as well as the earliest of the contract buyers, scout the idea of not being so early market, and hint that next year the Fraser Bros. will sell wool very early as he gets the price for which he holds out.

ABERDEEN, S. D.—Aberdeen printers have organized a typographical union, with a charter membership of fifteen. W. E. Whiting is president. J. W. Downes vice president. C. J. Neary recording secretary. Harry Seanie secretary-treasurer and J. W. Gerber sergeant-at-arms. Mother Joseph of the Presentation Sisters has awarded the contract for the construction of the new hospital at Mitchell to H. K. Hanson of Canton.

GROTON, S. D.—The census of Groton shows a population of 1,076, an increase of 56 per cent in five years. A comparison of the bank statistics of the state reveals the fact that banks of Groton carry larger deposits than any town of its size in the state, the two banks having close to half a million.

#### NORTHWEST WEDDINGS

LAKE CITY, MINN.—The marriage of Miss Anna H. Asplund, daughter of Mr. and Mrs. S. Asplund of this city, and Professor Carl S. Bjornstrom of Lorraine, Minn., took place last evening. The service was read by Rev. J. W. Downes. The bride was accompanied by a reception at the bride's home, 200 guests being in attendance, including many from out of the city.

MIZPAH, MINN.—The marriage of James Cheek and Miss Viola Fraley took place at the home of the bride's parents, Rev. J. H. Astwood officiating. The wedding party included the central and southern states.

FERGUS FALLS, MINN.—The marriage of Ernest Hoyle and Miss Clara Haersted took place here last evening. The ceremony was performed by Rev. Mr. Meyer, and the couple left immediately for a wedding trip to points in the southern part of the state.

WEBSTER, S. D.—John H. Selmer of Webster and Miss Lillian Lancaster of Webster were married here this week.

## IOWA

### PLANS A CITY BY AND FOR NEGROES

BLAIR HAS SCHEME FOR ELEVATION OF HIS RACE.

Would Share His Property on Lands in Sully County, S. D., with the Respectable of His Blood from Iowa—Site of Proposed Town on the Missouri River.

Special to The Journal. Dubuque, Iowa, Aug. 18.—B. P. Blair, a negro from Sully county, S. D., has been endeavoring to interest Iowa negroes in a scheme which he feels confident will put them on a higher plane. His scheme is to found in the heart of the fertile Iowa a city to be populated by members of his race.

For over twenty years Blair, who acquired 1,000 or more acres from the government, has been the only negro in Sully county, living on his large farm there and becoming wealthy from the sale of his agricultural products. He has been making plans for the colonization of the country in the vicinity of the farm by importing respectable negroes, preferably selected from Iowa, who, by combining their efforts in a community of interest, will be enabled to prosper in that they would in the average American city.

Sully county is bounded on the east by the Mississippi river, a large river, and a stream being selected as a site for the proposed town. Mr. Blair has been conferring with the most prominent negroes, preferably selected from Iowa, who, by combining their efforts in a community of interest, will be enabled to prosper in that they would in the average American city.

After having lived in Spirit Lake thirty-one years as the widow of Edward Mundy, a civil war veteran, and drawing a pension from the government for that length of time because her husband deserted her and she thought he was dead, Mrs. Mundy has been startled by the reappearance of her spouse, who returned yesterday, giving no account of himself or his wanderings for the last three decades.

#### NUGENT FINDS HONEST MAN

James Pfarr, a Farmer, Finds and Restores Purse Containing \$1,000.

MASON CITY, IOWA.—W. L. Nugent, agent for the Des Moines Insurance company, is richer in white than in color. He has just found a farmer of Lincoln township. While driving in the country, Nugent, who is a native of Iowa, found the money of the realm. He missed it at Wheelwood and was about to drive back over the road when Pfarr appeared, asked a few leading questions and returned the book. He refused to take any reward.

There is an exodus of the best teachers of the past year. The board is without its president, who has suddenly left to make his home on the Pacific coast, and the majority of the resignation of some teacher nearly every day. The Great Western is making a strenuous effort to get the best of the state. A teacher in the Central last year, resigned because of ill health, and today the resignation of Mrs. Lulu B. Shearer, supervisor of music, was received.

Rev. Mr. Jordan of the Congregational church has been compelled to seek relief from the effects of a severe attack of the grip and has gone to Colorado Springs for a month to recuperate. Rev. Mr. Parsons has just returned from a three months' trip across the ocean, and Rev. Mr. Carleton, the Methodist minister, is in the hands of a surgeon today, the victim of a severe attack of the grip and has gone to Colorado Springs for a month to recuperate.

The Great Western is making a strenuous effort to get the best of the state. A teacher in the Central last year, resigned because of ill health, and today the resignation of Mrs. Lulu B. Shearer, supervisor of music, was received.

#### WOULD CURE THE MISSOURI

By Clark's Plan Government Would Issue Bonds.

SIoux CITY, IOWA.—Henry T. Clark of Omaha, president of the Missouri River Improvement association, will urge upon congress a plan whereby he says the entire Missouri river may not only be made navigable, but held in bounds so that it cannot destroy surrounding land by erosion.

He proposes the issuance of \$200,000,000 in bonds by the government, which would be sufficient to finance improvement work on 2,280 miles of the river.

Mr. Clark outlined his plan to the trans-Mississippi commercial congress at Portland, Ore., this week. He submitted figures showing that since 1853 the river has washed away 9,500 acres of splendid land along twenty-one miles of its length in Missouri alone. At this rate the river has destroyed 70,000 acres on both sides in that period.

The annual state conference of the Iowa State Teachers' association was held here this week. The conference was held at the Hotel Hamilton and was attended by about 100 teachers from all over the state. The conference was held at the Hotel Hamilton and was attended by about 100 teachers from all over the state.

## IOWA

### SCHOOL FIGHT IN INJUNCTION STAGE

ALL THE NEIGHBORHOOD FARMERS ARE INTERESTED.

Nine Taxpayers Back of a Suit to Thwart the Purpose of the School Board to Levy a Tax with Which to Build a New Schoolhouse in the Township's Second District.

Special to The Journal. Marshalltown, Iowa, Aug. 18.—A school fight in Le Grand township, which has been in progress for some time, has reached the injunction stage.

Nine taxpayers of the township, believing the school board intends to levy a tax to raise \$800 with which to build a schoolhouse in district No. 2, and are about to transfer to the township fund \$600 set aside for building and repairs, have filed a petition in the district court asking that a restraining order be issued.

It is contended the proposed action is illegal because so formal notice was given of the proposed action before the school meeting which created the board as to be held to act. All the farmers in the neighborhood are interested and are ready to spend much more than the amount involved to win the contest.

Suit has been commenced against the city of Marshalltown by Elay & Dunn, contractors, to collect pay for paving South First street. The amount asked is about \$4,000. The city refuses to pay, contending that the work was not done properly and that it was compelled to take up and relay the brick at a cost of \$1,200, which it wants paid by the contractors before the paving certificates are surrendered.

#### FIELD DAY AND PICNIC

Thousand Sunday School Members Attend Fine Event at Fertile.

FERTILE, IOWA.—A thousand persons gathered here today to celebrate the 100th anniversary of the settlement of Fertile. The weather was ideal and the affair was a great success.

The different badges worn by the participants in the event, in which each neighborhood or county was distinguished by a badge. The Wheeler-Whitcomb club, which is a local organization, was distinguished by a badge with orange ribbon; Lincoln Center, blue; Pence Grove, green; Hamilton, purple; Grant Center, red; and Fertile, dark red. In the procession each delegation was distinguished by floating banners of their own color.

Bands from Lake Mills and Fertile furnished the music and Fertile was in the contest. For the first time in the contest for the past year, a band concert was given by W. T. Stephenson and a response by C. Don Wood. J. H. Bryan spoke from the subject "Fertile Tilly and the Teacher." The music was given by the school. After the dinner a program relative to Sunday school work was presented.

####
