TOMORROW'S CALENDAR

Journal "Seeing Minneapolis" automobile tours.

For stoves see Brand Store Co. First line in city, 330 Fourth avenue S. Dr. Norred, 829 Syndicate Arcade, Day and night phones. T. C. 850. N. W. 1437. To save your time and the time of your patrons, "use the Northwestern telephone."

For Sale—A 24-horsepower 1904 Stearns car, in first-class condition, at a bargain. Can be seen at Strong's Automobile Mfg. Co., 249 Third avenue S.

Dr. L. A. Crandall, pastor of the Trinity Baptist church, will preach at the Union City mission tomorrow evening. Members of the Central Baptist church will furnish the music.

The directors of the Tri-State Telephone & Telegraph Co. have declared the ninth quarterly dividend at the rate of 6 per cent per annum, to stockholders of record of Aug. 25, payable Sept. 1, 1905. The transfer books of the company will be closed from Aug. 25 to 31, inclusive.

Record of a \$100,000 straight mortgage loan yesterday from the Hale Home Loan company to the Manchester Savings bank of Manchester, N. H., at 4 1/2 per cent makes the low-water mark for such a loan in Minneapolis. Lester B. Elwood negotiated the deal.

Bloomington Avenue Methodist church, Bloomington avenue and Thirty-second street, will request the bishop to assign their present pastor, Rev. James Hoag, to them for another year. This decision was reached at a meeting of the official board held Tuesday evening.

In the current issues of Charities, the organ of the charitable organizations throughout the country, the discussion at the Portland conference, and the reactions concerning needy families in their homes is reviewed by Edwin D. Solenberger of the Minneapolis Associated Charities, and the discussion concerning the visiting nurse is reviewed by Miss Marie Jamme, the head of the Minneapolis visiting nurses' committee.

Samuel Siegel, the world's greatest mandolin player, who is at the Orpheum this week, was a visitor at the Victor Talking Machine warehouses of the New England Furniture & Carpet Company on Monday. He listened to some of his own records, among which was his great success, the "Whirlwind March," one of his own compositions and one which he plays at the Orpheum this week, and pronounced them very good. He said this piece is one of the best he ever composed.

TO DIAGNOSE TYPHOID

City Bacteriological Department to Test Methods.

Health Commissioner P. M. Hall announces that the health department is prepared to make tests for diagnosing typhoid fever. These will be made by Dr. J. Frank Corbett, city bacteriologist at the College of Physicians and Surgeons, Fifth street and Seventh avenue, who will test the urine. The typhoid blood test and the examination (of urine) for the Diazo reaction, will be employed. The Widal test was first introduced here in 1897, but has not been generally employed as it is not conclusive in determining the presence of typhoid fever. The Diazo method has been employed by a few physicians.

Dr. Hall finds that the authorities agree that the two examinations taken together are practically infallible as an early diagnosis of typhoid. On this account he believes that the opportunity given by the city bacteriological department will prove of much value to physicians in aiding them to determine the nature of suspected cases of the disease.

When the health department's new quarters are completed the bacteriological and chemical laboratories which are now in the hands of the health department will then be in a better position than ever to assist physicians.

ARMY ENTERTAINS

Musical and Literary Program Tonight at the Hall.

The Salvation Army has arranged an elaborate program for the entertainment to be given tonight at 8 o'clock at the army hall, 216 First avenue S. There will be an opening song with the brass band leading, followed by a duet sung by Lieutenant Kar and Mrs. Wright. Other features of the program are: Essay by A. Parkhill; solo, Captain Mary King; recitation, Miss May Clark; selection, brass band; remarks, R. Cooper; duet, Staff Captains Mr. and Mrs. McAbee; and scripture lesson, Lieutenant Jacobson.

The army is preparing to celebrate the national harvest festival of the Salvation Army, Sept. 23 to 26. The army wagons will be driven thru the country and the offerings of the farmers will be placed on exhibit in the city. After the exhibit they will be sold.

SAVED HIS PARENTS

Sea Discovered Their Identity After Rescuing Them.

George Brownell unknowingly saved his aged father and mother from being run down by a streetcar on Sixth street yesterday. Mr. Brownell was walking down Nicollet and was nearly to Sixth when he saw two old people in danger. He rushed to the rescue and pulled them from the track just in time. The woman fell to the pavement and not until the young man was assisting her to rise did he recognize his mother and father, who had just arrived in the city to visit their son.

SALT RHEUM ON HANDS

Suffered Agony and Had to Wear Bandages All the Time.

Another cure by Cuticura is told by Mrs. Caroline Cable, of Waupaca, Wis., in the following grateful letter: "My husband suffered agony with salt rheum on his hands, and I had to keep them bandaged all the time. We tried everything we could get, but nothing helped him until he used Cuticura. One set of Cuticura Soap, Ointment, and Pills cured him entirely, and his hands have been as smooth as possible ever since. I do hope this letter will be the means of helping some other sufferer."

Ample and superior hotel accommodations. Special shopping opportunities. Best transportation facilities to and from the fair grounds and to points about the city.

A chance to visit Minneapolis, the biggest, healthiest and richest city in the state.

Minneapolis will be busier than a mining camp on payday during the state fair. Thousands of visitors are planning to make Minneapolis headquarters during the fair week. Minneapolis is preparing to give them all the comforts, and then some. With the theaters, streetcars and excellent accommodations of every sort afforded by Minneapolis they will be well cared for and amused. There are many visitors from small towns on the largest attraction, it is impossible to see large attractions, who will find in Minneapolis and evenings in Minneapolis during the week rich in opportunity. The vaudeville houses and Wonderland are entirely new attractions, and a special attraction to visitors in search of light amusements.

In speaking of the situation today, Wallace G. Nye of the Commercial club expressed the belief that Minneapolis will do the largest fair week business of her history. "From all parts of the state," he said, "I have received letters that indicate that the business is coming to Minneapolis and that it is attracted by the wonderful advance which has been made here in the past year or two. In addition, local business men have prepared special features and attractions which have been sent out thru their mail-order departments. The afternoon and evening attractions that are offered to the transient, and if they are here for them they will naturally prefer to spend the week here in the city."

WEATHER IS FREAKISH

"POSSIBLY FROST" SAYS LOCAL OBSERVER—MEANWHILE KANSAS SIZZLES—RAIN UNEQUALLY DISTRIBUTED.

The twisting of the isobars and isotherms on the daily meteorological map today indicated a storm, and the weather for the past twenty-four hours has been decidedly of the freak order.

With predictions of possibly frost today, the weather is a puzzle, and suffering from a hot wave almost unheard of. The temperatures yesterday ranged from 102 to 106, and even the baseball teams had to knock off playing.

The rain of last night in Minnesota fell in spots, but where it did fall it was almost a deluge. In Minneapolis it poured steadily at Lake Minnetonka all thru the night. At Grand Meadow there was a fall of 1 inch, New Ulm 2.22, and at Winnebago 7.82.

THOUGHT IT PERFECT

Butter Sample Given a Record Score by Judges.

Ninety-nine, the highest score ever accorded Minnesota butter, was given the sample of John Grosser of Westbrook, submitted in the state's monthly contest for August. Some of the judges were in favor of scoring the butter 100, but believing that some day a better sample might turn up, the award was scheduled at 99.

FOUND COCAINE

Dangerous Drug Detected in Catarrh Powder.

Beware of the exhilarating catarrh powder. One was examined at the state dairy and food laboratory yesterday which proved to contain cocaine in it. There were ninety-three different kinds of food samples examined during the past week, of which forty-three were illegal. Most of the illegal samples were broths and extracts which contained dyes.

DEVERE'S OWN IS COMING.

Sam Devere and his own company will be the next attraction at the fair, following Williams' ideals. Devere has always furnished the Dewey with a fine performance, but this year he has engaged such well-known players and comedians as Mr. Murray and the inimitable Andy Lewis, the song writer and producer. Mr. Lewis is the composer of such songs as "Pinky Panky Po" and "Kara Ma." The sale for the ladies' matinee and night Friday indicates a large attendance.

NEW INCORPORATIONS.

Articles of incorporation were filed with the secretary of state yesterday by the following companies: Henderson Grain company of Minneapolis; capital, \$25,000; Henry P. A. Martyn, Robert J. Henderson, Iona M. Henderson and Minnie P. Martyn, Minneapolis. B. W. Mulford company of Minneapolis; capital, \$25,000; incorporators, Benjamin W. Mulford, E. W. Harding and Henry Mayer.

BOY'S BODY IS RECOVERED

GEORGE LYON WAS DROWNED WHILE WADING IN BUSH LAKE YESTERDAY.

The body of George Lyon, who was drowned in Bush lake yesterday afternoon, was recovered about 11 a. m. today.

The boy lived with his widowed mother at the home of his grandfather, W. W. Ellison, at 8716 First avenue S. He was spending the day at the lake with a party of relatives, and while wading, stepped over a sharp declivity into water which was beyond his depth. He could not swim and went down at once and did not come to the surface again.

Lyon was 14 years old and the only son of Mrs. Sarah A. Lyon. A search party, aided by a detail from the fifth precinct police station, worked with grappling irons till midnight trying to recover the body, and resumed the search this morning.

CHARGE HELD ABSURD

COURT DISMISSES CASE OF RAY DAVIS, CHARGED WITH SETTING FIRE TO BARN.

The charge against Ray Davis of setting fire to John Gillesby's barn at 227 Oak street SE, was dismissed yesterday afternoon by Judge C. L. Smith in the municipal court.

The only testimony against Davis was that of two small girls, who said they saw Davis running from the barn just before the fire broke out. They were not sure of the details, however, when they were called to the stand, and most of their testimony was discredited by the court.

Davis' mother testified that her son was not out of the house on the night of the fire, but stayed home with her because she was afraid of the storm. H. Davis, brother of the defendant, said he was in his bicycle shop when the fire broke out and saw John Gillesby, by son of the complainant, standing by the side of the barn. The Davis shop is but two feet from Gillesby's barn, and if the barn was burned, his shop was also in great danger. Charles, son of the defendant, standing by the side of the barn, said he saw John Gillesby, by son of the complainant, standing by the side of the barn. The Davis shop is but two feet from Gillesby's barn, and if the barn was burned, his shop was also in great danger.

Several witnesses testified to the good character of the defendant, and the case probably will not be revived when the grand jury meets in September.

NOTHING AHEAD BUT PROSPERITY

INSPECTION PARTY IS HAPPILY SURPRISED.

Well-Known Business Men Touring the Northwest Convinced that the Wheat Crop Will Be 200,000,000 Bushels—John Washburn, F. W. Commons and A. I. Valentine Return.

John Washburn—it is the consensus of opinion of the party that the northwest has raised about 200,000,000 bushels of wheat.

A. I. Valentine—Everything looked better than the party had expected. We could see nothing but prosperity in sight for the northwest.

John Washburn, and F. W. Commons of the Minneapolis Chamber, and A. I. Valentine, vice president of the Chamber of Commerce, who left the special crop inspection train at Larimore, N. D., arrived in Minneapolis this morning. W. S. Warren, former president of the Chicago Board of Trade, was on the train here to meet them. All the men take a highly favorable view of the wheat crop.

The twenty-one men who went on the Washburn-Crosby special were the most representative of heavy commercial interests ever taken out. Railroad, grain trade, elevator, milling, lumber, flax, dressed oil and banking interests, running high into the millions of dollars were represented. The personnel in full is as follows:

T. B. Campbell, fourth vice president, Great Northern Railway company; James S. Bell, president Washburn-Crosby company; John Washburn, vice president, Washburn-Crosby company; P. B. Howe, president, and A. M. Sheldon, secretary, of the Imperial Elevator company; H. C. Cook, general superintendent, St. Anthony & Dakota Elevator company; P. B. Smith, general manager, St. Anthony & Dakota Elevator company; Charles Ballard, of Ballard & Ballard company, Louisville, Ky.; F. T. Hefflinger, secretary, E. H. Peavey & Co.; Thomas Roberts, superintendent lumber department, St. Anthony & Dakota Elevator company; H. C. Clarke, of the Shovel and Implement company; G. J. Rogers, secretary of the Chamber of Commerce, Minneapolis; J. A. McGeen, of the American Lined Oil company, New York; Charles T. Nolan, of the National Lead company, New York; P. A. Valentine, of Armour Grain company, Chicago; George H. Heising, president Heising Elevator company; J. F. Bell, of the Washburn-Crosby company; F. G. Winston, of Winston Bros., railroad contractors; E. E. Holton, assistant cashier Northwestern National bank, Minneapolis; T. Zook, of E. Dunwoody & Co., Philadelphia, and F. W. Commons, of Commons & Co., Minneapolis.

The party went up on the Great Northern. Today the train is coming down thru the Red River valley.

Conditions generally were found above expectations and a big crop is indicated, particularly in the territory yet to be traversed. At the big Larimore farm where nine square miles are in wheat, the party saw thirty-eight harvesters in operation at one time, a sight particularly interesting to Mr. Ballard of Louisville and Mr. Valentine of Chicago. The wheat is ripening fast, and cutting is general up to the Canadian line.

Mr. Valentine was noncommittal as to the size of the crop, but said the general promise exceeded the expectations of many of the party. Nothing but prosperity is in sight, he says, for the northwest. The wheat is being gathered in under favorable conditions, and unless rain comes the work will be completed in a few days.

John Washburn says: "With good weather and no excess of rain from now on, there are 200,000,000 bushels wheat. Frost could do some damage but not much. The harvest is at its height. The whole country looks prosperous. We passed many freight trains carrying agricultural implements and at every station harvesters and other machinery were being unloaded. There was a little rust here and there, but nothing important. It is a splendid crop and means prosperity and great business activity for the northwest."

CAMERA MEN THERE

Photographers Entertained at Opening of Peck Store.

The O. H. Peck company entertained the professional photographers of the twin cities at the opening of their new store, 112 Fifth street S. last night. About 275 invitations were issued and a large number attended. The guests spent the evening looking over the fine new stock on hand of the company. The building was decorated with palms and the national colors, a stringed orchestra furnished music and refreshments were served. Tonight the public is invited to inspect the new store.

FRAUD ORDERS ISSUED.

Fraud orders have been issued by the postoffice against the Commercial Bank, Goldfield, Nev.; the Agents' Supply company, Butte, Mont. and the Department of the United States Census, Pacific Coast Division, United States Census, San Francisco, Cal. It is understood that these concerns have been very active throughout the northwest.
