Autumn's Most Exquisite Apparel \$15

The rarest and much sought for vogues are represented at this price.

There is not that ready-to-wear commonness about these clothes. They are ready-for-service, true, but they show painstaking workmanship in every detail of cut or fit.

HERE ARE CLOTHES THAT MEET YOUR PERSONAL REQUIREMENTS JUST AS YOU ANTICIPATE THEY SHOULD.

Our \$15 clothes have in themselves a variety that outnumbers any others and outvalues all others. This is due to the facilities we have for making clothes as we know they should be made to be satisfactory.

We give you direct service instead of that "trust to luck" hit or miss sort.

Your judgment ought not to waver.

Any style, color, shade, fabric or cut, in either suit, overcoat or raincoat that your fancy dictates is here for men or young men at \$15.00

Saturday, \$3.90.

GILBERT TRUSTEES CAN PAY IN FULL

SURPLUS WILL BE RETURNED TO THE ESTATE.

Trusteeship, Originally Limited to Two Years, is About to Expire—\$130,000, Lost in Indorsing Paper for Cleveland Men, Will Eventually Be Paid to Gilbert.

Special to The Journal. Ashland, Wis., Sept. 8.—In the matter of the estate of Willis H. Gilbert of this city, who got into financial deep water just two years ago, the trustees announce that they will pay it in full at once. His affairs were put in the hands of a group of trustees, consisting of A. L. Ordean of Duluth, C. P. Latimer of Ashland and J. J. Rupp of Saginaw, and their trusteeship was limited to two years from Sept. 29, 1903, thus expiring this month. Mr. Gilbert's statement at the time of trusteeship showed assets of \$1,148,317 and liabilities of every nature of \$463,677. He was indorsed in a lot of the paper of Guy and Ralph Gray of Cleveland, and the loss on that indorsement amounted to about \$120,000, or 25 per cent of the face. It was this complication that got him into

trouble. Mr. Gilbert's property consisted of timber in Michigan, Wisconsin and Minnesota, and on the coast. The Michigan amount was small, and the coast interests were large. Part of these were in the hands of the First National bank of Duluth as security, and a sale of the property not only paid the bank, but returned a surplus to the estate. There was also a license to cut timber on the Bahamas islands, which Mr. Gilbert estimated to be worth \$50,000, and this was thought to be conservative.

After the payment of all debts in full this month, there will remain a surplus for Mr. Gilbert himself. This is aside from the \$130,000 lost in the Gray complication, and Mr. Gray when in the northwest a few days ago, stated that he and his brother considered this 25 per cent a debt of honor which they should take steps to pay as soon as they were able. Their creditors had compromised, however, on the 75 per cent basis.

FIGHT TAX ON AN ESTATE Heirs of Captain Lee Resist the State at Washburn, Wis.

WASHBURN, Wis.—Assistant Attorney General A. C. Hines of Madison was here yesterday in behalf of the state in a claim for a tax on inheritance of the estate of the late Captain W. W. Lee of Iron River, whose property nets his heirs \$80,000. A big contest was the result, and it was tried out before County Judge William H. Irish. Henry J. Lee, a son, who is administrator of the estate, was here, accompanied by his mother, and their attorney, Louis K. Lase, chief of the William Pitt Bartlett of Eau Claire, also appeared as attorney for a daughter of the dead lumberman. A. W. Melrod of this city, guardian ad litem for the two minor heirs, was also interested in the case. The four lawyers went over all the legal points. It appears that under the new law

estates of a value of \$25,000 must pay an inheritance tax of 1 per cent. On sums between \$25,000 and \$50,000 there is a tax of 1 1/2 per cent, while on amounts of \$50,000 to \$100,000 there is a tax of 2 per cent. The estate of Captain Lee, after all expenses of administration, will net \$80,000, but part of this the defendants assert is exempt from taxation. The state made a claim of 2 per cent on \$80,000, while the heirs contend they should pay but 1 per cent on \$62,000. The matter was held over for one week, when a decision will be made.

PLAGUE OF HOPPERS Clover Fields About Webster City Are Being Eaten Bare.

WEBSTER CITY, IOWA.—Portions of Hamilton county are being over run with grasshoppers. The pests are destroying all the late green feed and causing much damage. R. V. Cutler reports that hoppers have destroyed a field of clover on his farm. The field is bare of everything but the clover stems, the leaves having all been eaten by the pests. The work of the grasshoppers was not noticeable until after the harvest had been finished, when they seem to have settled over the clover fields and eaten them bare. Farmers are thankful that the grasshoppers did not make their appearance until late and that there is now nothing for them to destroy but the late clover fields. The two-month-old baby of Mr. and Mrs. Oscar Keplar was found dead in bed this morning. It having smothered while it slept. The mother is prostrated with grief.

NEW THEATER AT SIOUX CITY \$100,000 Building Will Be Ready for the 1906 Season.

SIOUX CITY, IOWA.—M. L. Flinn, agent for the American Realty company in Sioux City,

will build a new modern theater in Sioux City to cost \$100,000. The building will be erected at Sixth and Pierce streets, opposite the courthouse, and will be completed in time for the 1906 theatrical season. The Masonic fraternity will occupy the two upper floors of the theater.

DENISON, IOWA.—Because his parents objected to his courtship of the daughter of a

tenant on the ground that her family was not the equal of his own, Paul Weatherly, 18-year-old son of David Weatherly, attempted to kill himself yesterday by placing a handkerchief saturated with chloroform over his face. Physicians finally revived him.

MILLER, S. D.—After lying unconscious for three days, Harold Vort, who was thrown from his horse, is dead.

The Lanpher Furs (NORTH STAR BRAND)
