HOW TO JUDGE A LIFE INSURANCE COMPANY

(This is one of a series of explanatory statements by the Minneapolis representatives of the STATE MUTUAL LIFE ASSURANCE COMPANY OF WORCESTER, MASS. For full explanation send for pamphlet mentioned below.)

STATEMENT No. 5—Annual Distribution of Surplus.

Every insurer should select a company which distributes the surplus annually and publishes the amount as a definite liability until paid. The effect of the contrary or deferred distribution system cannot be fully explained in the space permitted here, and those who wish to understand it should send for the pamphlet mentioned below; but the sum of the matter is that the annual distribution system publishes the condition and earning capacity of a company each year, while the contrary or deferred distribution system conceals the condition of the company and frees it from the healthful influence of publicity and competition. A further and weighty reason for treating surplus earned as a definite liability is that otherwise there is no proper security that the amount earned will be kept intact until paid.

The STATE MUTUAL LIFE ASSURANCE COMPANY OF WORCESTER, MASS., is 61 years old and has always adhered to the principles advocated in this series of publications. Full information will be given by any of the Company's agents, and a pamphlet fully explaining the principles of insurance management and organization will be mailed upon receipt of a stamped addressed envelope. Intelligence is a duty.

"The lives of all your loving complices lean upon your health"—and health does not last. If you need insurance, take it now.

COURT DRIVES ACTOR FROM CITY

MCCARTHY SUSPECTED OF PLOTTING TO KIDNAP.

Gladys Schissler Stolen a Year Ago and Taken to Chicago—McCarthy, Involved in the Affair at That Time, Returns to Milwaukee and Is Arrested for Vagrancy.

Special to The Journal. Milwaukee, W. S., Sept. 14.—Jerry McCarthy, an actor, charged with vagrancy because of the suspicions of the police department that he intended to kidnap little Gladys Schissler, was released by Judge Brazee, after an appeal of the case to the municipal court. Judge Brazee found the defendant guilty, but suspended sentence on condition that he leave the city immediately.

McCarthy was arrested as a result of suspicion aroused by his frequenting the neighborhood of the Schissler home the last few days. According to Gladys, he was with her mother, Lillian Desmond, when she was kidnapped and taken to Chicago one year ago.

Mr. McCarthy and his mother were together that day," the little girl said. "She came to the house for me, and wanted me to go with her. I went away without telling uncle. They took me away in a buggy. Mr. McCarthy was with her at the time."

P. V. Schissler told of having met McCarthy in Chicago when he went there shortly after the kidnapping, to recover the child. He said the man had refused to tell him where Mrs. Schissler was, or to take him to the child. Mrs. Schissler testified as to McCarthy's having been about the home and of his attempt to rent an adjoining flat.

Al Schissler, the father, is serving a twenty-five-year sentence for killing Fred Reul, whom he found with his wife one night three years ago.

TICKET TAKERS STRIKE

CARNIVAL ATTRACTIONS OF ST. PETER'S FAIR TIED UP FOR AN AFTERNOON.

New York Sun Special Service.

St. Peter, Minn., Sept. 14.—Work and play clashed in St. Peter yesterday afternoon, as the hosts of labor won a signal victory over the representatives of giddy amusement. The strike was won while the fair was in progress and tied up the St. Peter Great Amusement company, whose carnival attractions are being exhibited here this week in connection with the annual county fair. Ticket takers were responsible for the trouble, and when they adopted strike tactics they quickly forced the merry-makers to surrender.

When the Smith company came here it was under contract with the fair and was engaged to entertain the fairgoers with a shifting of hoards. The manager employed several boys to take the pasteboards, but when he directed them to the counting-room they expressed dissatisfaction with his wage schedule, scornfully waved aside the good money he tendered and called a general strike.

Thereupon an effort was made to replace them with younger boys, but the conspirators made this futile by handing out a tip to the effect that the scabs might expect violent treatment, a threat which had the desired effect. When the manager was informed of it he used language that took another shade out of the peroxide hair of the girl in the concession booth, but the strikers were stubborn and high tariff. They absolutely refused to arbitrate and after shutting down the carnival in the afternoon the manager yielded to their terms and responded his shows in the evening.

COUNCIL AHEAD ON POINTS

Status of Its Fight with Blooming Prairie Saloonkeepers.

OWATONNA, MINN.—The saloon situation in the village of Blooming Prairie took a new turn in the application by Nels Nelson for a license, which was duly granted by the council. At the expiration of the saloon licenses last May the council raised the fee to \$1,000. This the nine saloonmen refused to pay, and they held a meeting at which an agreement was made not to take out licenses until the council came off its high horse.

Since that time there have been numerous blunders, and it is said that as much or more liquor has been sold than before the increase in the license fee. In fact, it is stated that against the council it is alleged that the saloonkeepers have had the support of the brewers' association, which it is asserted, would not sell to anyone in Blooming Prairie as long as present conditions obtain.

But with the granting of the license to Nelson, who is a new man in the business in Blooming Prairie, there seems to have been a shifting of position with the brewers and he is securing all the goods he wants. In fact, it is stated that the council has the best of the argument, especially if a second license is granted, as seems probable.

Pillsbury academy opened for the fall semester today and from present indications it will have a far larger attendance than at any time in the result of the efficient work of the new principal, Dr. Milo B. Price.

At a special meeting of the directors of the National Farmers' bank today C. K. Bennett, for many years cashier and vice president; G. B. Bennett, formerly assistant cashier, was elected; and H. D. Rompkins, assistant cashier. These changes were made necessary by the recent death of B. S. Cook.

The Catholic School of Business will open Monday with every indication of a good attendance. Green has issued an order for a strict enforcement of the Sunday closing laws. It has been an open secret that the saloon was being used for the purpose of selling beer. Green says any violation from this time on will call for summary treatment.

TELLEEN JOINS SEMINARY

New English Instructor for Hauge Synod School at Red Wing.

RED WING, MINN.—Rev. J. Telleen of Rock Island, Ill., has arrived from Minneapolis to become English instructor in the theological department of Red Wing seminary. He is a graduate of the Augustana college of Rock Island. The public school teachers may go on a junket some time in October or November. At the meeting of the board of education last evening Superintendent Kunze suggested that the schools be closed for one day in order that the teachers may visit nearby towns. He believed the idea to be gained such a visit would be valuable and that the board should give the superintendent and president power to act in the matter.

DRAWN INTO CYLINDER

Pfeffer, a Thresher, Was Almost Instantly Killed.

MANKATO, MINN.—George Pfeffer, 25 years old and single, met with a fatal accident yesterday while working at a threshing machine four miles south of Lake Crystal. He was at the feeder of the machine and was suddenly drawn down into the cylinder. The machine was going at full speed and death was almost instantaneous. His home was in Vernon Center township.

ST. CLOUD NORMAL OPENING

Banner Enrollment of Last Year Will Be Surpassed.

ST. CLOUD, MINN.—The state normal school opened today. Entrance examinations were in progress Tuesday and Wednesday. The number who are presenting the certificates of county superintendents entitling them to enter the school without further examinations largely exceeds previous years' records and every indication is for an increased attendance, even over last year's banner enrollment. Important improvements in the buildings and grounds are still in progress. Students who desire to live at the new Lawrence hall are being provided with temporary rooming places against the completion of the hall and meals are being served at the hall in its uncompleted state. The dining room and kitchen are in the basement and are protected by the intervening floors. The new Lawrence hall will be completed in two or three months. The model department opened yesterday with a large enrollment.

Miss Kate Kenely, one of the new teachers, had several years' experience in the Princeton high school. She is a graduate of Leland Stanford university.

Miss S. Ida Evans of Denton, Texas, is to be supervisor of the primary department. She is a graduate of a normal school. She has taught primary grades in city schools for years and has spent two years at the Teachers' college, Columbia university.

When James Lennon's sentence had expired at the county jail today he found Sheriff Hamilton of Todd county waiting for him with a warrant for grand larceny. He had been sent up for twenty days by Judge Wilcox of Sauk Center, for stealing some tools. It is said the Todd county authorities have a good case against Lennon, who is accused of stealing a watch.

Mrs. C. J. Magnusson of Waite Park died yesterday of tuberculosis. She was 26 and leaves a husband and three young children.

S. H. Leavitt, J. A. Rosing and Judge Gould of the state board of control spent Wednesday in St. Cloud visiting the state reformatory and normal school. Bids for the furnishing of law-

DAYTON'S

Fall and Winter Opening

Friday Last Day

WEDNESDAY, THE OPENING DAY of our Autumn and Winter Exhibit of new goods, was very largely attended, and the many kindly expressions of approval of our efforts to give the people of Minneapolis the latest and best merchandise at reasonable prices were very gratifying. The secret of our success is that we endeavor to give the people exactly what they want. Our salespeople do not overstate qualities or exaggerate values.

"What's wrong we'll right" is the motto of this store.

We try to make shopping in this establishment a pleasure and with that end in view have fitted up comfortable nursery and resting rooms on third floor, which are equipped with telephones, writing material and toilets—all absolutely free. On the fourth floor are the Art Galleries and Tea Rooms, which are beautiful and inviting.

We would particularly draw your attention to the opening exhibition of Silks and Laces on the second floor.

We extend to you a special invitation to visit this store, inspect the new goods, wander through the different departments leisurely, and, in a word, make yourselves at home.

ence hall were received. It will cost about five thousand dollars to furnish the dormitory.

NEW RICHMOND'S SCHOOL
Building Costing \$45,000 Will Soon Be Ready for Use.

NEW RICHMOND, WIS.—Work is being pushed on New Richmond's principal public improvements for 1905. The new \$45,000 high school building is rapidly nearing completion. Fred G. Neiderer of St. Paul is the contractor. The city is also making a start on a sewer

laid, twelve blocks of main sewer will be laid this year, running from the new high school building thru the principal part of the city to Willow river. The work is being done under the direction of the board of public works instead of by a contractor.

Frank and John Miller and John Stuart, who say they came from Minneapolis, now in the county jail at Hudson awaiting trial on a charge of burglary, were taken before County Judge Otto W. Aronquist on habeas corpus proceedings. Attorney Gleason of Hudson setting up as grounds for the action alleged technical errors in the papers made out by officers in this city. Mr. Gleason asked for further time

in which to file a brief, but the court intimated that the prisoners would be remanded to jail to await trial.

CARVER, MINN.—Citizens have arranged to have a circulating library.

Chamberlain's Cough Remedy.
This is a medicine of great worth and merit. Try it when you have a cough or cold and you are certain to be pleased with the quick relief which it affords. It is pleasant to take and can always be depended upon.

WRINKLES

Moles, warts, superfluous hair and all disfiguring blemishes are speedily and permanently removed; imperfect and deformed features painlessly corrected. Full information with book free. **DERMATOLOGIST WOODBURY,** 163 State St., cor. Hoarse, Chicago

A Wonder Worker

MARVELOUS DISCOVERY FOR THE CURE OF ALL FORMS OF CONSTIPATION — NOT A HABIT BUT A CURE — YOU DECREASE THE DOSE UNTIL CURED.

After many years of study and practice a physician specialist has discovered the cure for constipation. It is called Chase's Constipation Tablet.

"I do not mean," said the physician to several of his colleagues, "announcing his success, 'I do not mean just another pill that breeds the pill habit. My remedy is a cure. By gently forcing all the digestive organs to perform their functions it restores them all to health and strength."

"THE MORE, THE LESS."

"The more you take the less you need until you need none—for you are cured. My effort all along was to avoid the evil of the ordinary remedy which pumps organs already weak and so makes the patient a slave to the pill. Remember—Nature expects every organ to do its duty."

Physicians have long recognized the fact that constipation is at the bottom of nearly every disease. It saps all energy, and makes life a burden; it opens the doors to all evil germs and makes the body too weak to resist them.

"THE VELVET WORKER."

This new discovery is in small tablets, easily taken, and they are packed in watch-shaped bottles which fit the vest pocket. The tablet is mild, all vegetable, never gripes or injures the most delicate organs. But it does the work! So naturally and soothingly they stimulate and regulate and strengthen that they have been nicknamed "The Little Velvet Workers." Along with this great burden! Be healthy, be strong, be happy. Read our offer:

FREE

To any reader of the Minneapolis Journal who sends us his or her name and address with five stamps to cover postage expenses, we will at once mail a full size 25-cent bottle of Chase's Constipation Tablets, the worker that CURES. Not a sample, mind, a full-size 25-cent bottle. Let us prove it to you. Write today, mentioning this paper, to the Chase Mfg. Co., Newburgh, N. Y.

Whatever your taste, whatever your prejudice or preferences, whatever you spend—you can get a better cigar for your money from a Box branded with the Triangle A.

This Triangle A represents the product of the American Cigar Company's new methods of cigar manufacture—the ripe, rich, deliciously smooth and even flavor instilled in the tobacco through exclusive processes of fermenting and blending.

ANNA HELD

CIGAR—5c.

reveals the benefits obtained for you through the perfection of these heretofore unknown processes. The "Anna Held" was popularly satisfying as a 10-cent cigar. An expenditure of several millions of dollars for the necessary equipment has made it possible to maintain the 10-cent quality while reducing the price to 5 cents. For a good smoke buy the "Anna Held."

Sold by all dealers in good cigars.

Made supplied by GEO. B. NEWELL & CO., Minneapolis, Minn.

The "Smoke Story" is a book which tells all about these new methods of cigar production. We send it free.
