

HUBBARD IN LINE WITH PRESIDENT

The Senate Had Better Not Balk on Rate Legislation, He Says.

Des Moines, Oct. 3.—Congressman E. H. Hubbard of Sioux City is visiting among politicians here and says he is in favor of rate legislation, and in an interview treats the subject as follows: "The people of the west expect every congressman to support the president in his views upon this subject. I would not presume to go into the halls of congress and antagonize the wishes of the president after the endorsement my western friends have given him. I am for rate legislation and I want it in the manner that the president may suggest in his message."

Hull Must Pave on Oil

Congressman Hull of the seventh district will find a nice political squabble to settle when he returns this week to fix up his fences for the many party battle next spring. His lieutenant, Mayor George W. Mattern, has defeated the local liberal politicians by vetoing the brewery resolution of consent, and the ward heeled demand another candidate for mayor in the spring. Sentiment favors Alderman E. F. Whitney and there will be a race to Hull to see who can first get his endorsement. County Supervisor C. C. Thornburg, recently a candidate for state superintendent, has announced his candidacy for representative to the legislature from Polk county.

DEFIANT 20 YEARS, CREES SURRENDER

Butte, Mont., Oct. 3.—After twenty years of defiance of the Canadian government, Chief Crees and his band of 300 renegade Crees, appalled at the number of deaths among their children and horses and inability to secure food as the result of the droughts prevailing in northern Montana, have surrendered.

GOULD FIGHTING TO HOLD WABASH

Journal Special Service. New York, Oct. 3.—The battle between George J. Gould and Joseph Ramsey, Jr., president of the Wabash, for control of that great railroad system, is nearing a crisis. Gould is fighting desperately to keep his hold on the road, which, like the Missouri Pacific, is so well identified with the Gould name.

He plans to wind up his southern trip by sailing from New Orleans to Washington aboard one of the navy's cruisers. The vessel will depart on the morning of carrying the president of the United States, the commander-in-chief of the army and navy of the republic, has not yet been selected."

J. J. HILL DEFIES RATE REFORMERS. G. N. President Declares New Rate Law Will Bankrupt the Railroads. Portland, Ore., Oct. 3.—"I am not afraid that any federal regulation will ever get down deep enough to touch us where we live, because long before they do, the country will be strewn with railroad corpses. They would bankrupt two-thirds of the mileage in the United States." Thus does James J. Hill bid defiance to rate reform. Mr. Hill was the principal speaker at a banquet tendered by the Lewis and Clarke exposition last night to Mr. Hill and President Howard Elliott of the Northern Pacific railroad. Mr. Hill said: "Notwithstanding the average rate paid by the people of the United States is only about 40 per cent of that of Russia, we have a great many people who are preaching a new doctrine and that is the regulation of railroad rates by federal authority. It has been announced in an official manner that there has been no reduction of rates in the United States for twenty-five years; that tariffs have been reduced at times, but that whenever a tariff was reduced the classification was given another turn of the wheel and advanced so as to offset the reduction in the tariff. The man who made that statement did not tell the truth. The reduction in the average rate per ton per mile in twenty-five years on the Great Northern railway aggregates \$667,000,000. That has been the reduction that the people have gotten on one railroad."

JUDGE MOBBED IN COLORADO RIOT. Jurist Who Wars on County Officers Made Prisoner and Threatened. Denver, Oct. 3.—The spectacle of a member of the judiciary being dragged about by a mob and forced to rescind an official order ended a day of turmoil yesterday at Brighton, Col., the county seat of Adams county, adjoining the city limits of Denver. A. H. Guthrie, county judge, haled the mayor, marshal and members of the town board and lectured them for their failure to enforce order against gambling and Sunday liquor selling. Following this, he ordered the sheriff to gather the slot machines in the town of Brighton, and when they reported later that they could only find one, Judge Guthrie deputized two men to arrest them for contempt. Both Got Away. In the meantime, both the sheriff and the marshal disappeared. The report of the sheriff's action concerning two peace officers spread thru the town and caused much excitement. Citizens began to gather on the streets, and fearing for his personal safety, Guthrie fled. He was followed by a Union Pacific freight engine as it was pulling a train slowly thru the town. He ordered the engineer to uncouple the engine from the train, it uncoupled and ran to this city with him, threatening legal action unless the engineer complied. Taken by a Mob. While they were discussing the order a mob gathered around the engine and Guthrie was dragged from the cab. He was told that he must rescind his order of arrest against the sheriff and marshal. Upon giving an assurance that he had already done so, the judge was released by the mob and allowed to proceed to this city on a passenger train. Judge Guthrie has been at war almost constantly with other county officers since his administration began about a year ago and has had officials and members of the bar before him time and time again on charges of contempt.

GO AFTER THE JOBBERS. Judge C. L. Smith Gives a Tip to Food Department Officers. Crusades of the state dairy and food commission against retail grocers on account of some wholesaler's action will probably fall flat as long as Judge C. L. Smith is on the municipal bench. E. J. Grant, chief of the Department of Agriculture in police court today to a charge of selling baking powder that was not properly labeled. The can was labeled "E. J. Grant's Baking Powder" and the label required by the law last year. The judge ordered the wholesaler to get a larger label, but the wholesaler has been getting rid of the old stock. The cans sold by the defendants were of the old stock, and the commission has insisted that the grocers be prosecuted, although no warrants have ever been issued against a wholesaler. "Hereafter I want you men to arrest the wholesaler when you know who he is," said Judge Smith. "It is not just to make the small dealer pay for the act of the wholesaler. Hereafter I will demand the grocer unless he has refused to divulge the name of the firm from whom the illegal goods were purchased. The wholesaler is supposed to know the law and he can afford to conform to it. In case of violation he should have the goods analyzed. He is primarily to blame and should be punished first. \$25 was imposed, but a stay of execution for twenty days was granted."

BIGAMIST, SENTENCED TO CELL, IS MOBBED

New York, Oct. 3.—Frederick E. Carlton, who was convicted on three charges of bigamy and one of grand larceny in Brooklyn, was yesterday sentenced to an aggregate term of nineteen years in state prison. Judge Asphall said: "You are at heart a villain, a murderer, a swindler and a thief, and I am sorry that I cannot send you to the electric chair." "Just remember that your mother was a woman, but you played with the love of women and when you were thru with them you turned them out into the world with their shame upon them. You are one of the most dangerous men in the country." As he left the courtroom after this denunciation, Carlton was met by a young woman, who called him by name and began to weep, exclaiming "what the judge said was all true." Carlton laughed in the young woman's face and passed on. When outside the building he was mobbed by a crowd of men, many of whom had been his neighbors, but who then tried to strike him.
