

CITY NEWS

THE WEATHER

Minnesota—Generally fair tonight and Wednesday; heavy frost tonight, with cooler in southeast portion; brisk westerly winds. Upper Michigan—Fair tonight and Wednesday, except possibly snow flurries near Lake Superior, cooler tonight; brisk westerly winds. Wisconsin—Fair tonight and Wednesday; cooler tonight, with frost; brisk northwesterly winds. Iowa—Fair tonight and Wednesday; cooler tonight, with frost; fresh north winds. North and South Dakota—Fair tonight and Wednesday; to cooler east and central portions tonight; frost tonight; brisk westerly winds. Montana—Fair tonight and Wednesday; frost tonight; fresh westerly winds, becoming variable. For the Upper Lakes—Brisk westerly winds tonight and Wednesday; generally fair weather, except showers on Huron and snow flurries on Superior tonight. Weather continues and general forecast. The rain has advanced eastward and has covered the western lake region, Mississippi and Missouri valleys and the Gulf states, but it is now clearing west in the entire northwestern section. The indications are for fair and cool weather over this entire district preceded by showers in the western lake region and central valleys today. Fair weather and the lowest temperature of the season, with frost, will occur tonight. Weather Conditions. The rain area is moving eastward in advance of a large high-pressure area, and now extends along the Mississippi and thence northeastward into eastern Wisconsin and northern Michigan. The rainy weather continues in the southern states, due to a low-pressure area in the Gulf. Light snows were falling this morning in Manitoba and northeastern North Dakota. The warm weather has moved eastward to the lower lake region and Ohio valley, with temperatures of about 60 degrees, while in the upper lake region and Mississippi valley and thence westward there has been a decided temperature because of the large "high" which overspreads the western half of the country. In the Canadian northwest this morning's temperatures are from 22 degrees at Calgary to 30 degrees at Swift Current, Qu'Appelle and Minnesota. Fair weather is expected tonight and Wednesday, with lower temperatures tonight and a heavy frost in the morning. Section Director.

Weather Now and Then. Today, maximum, 46; minimum, 39 degrees; a day ago, maximum, 57; minimum, 52 degrees.

AROUND THE TOWN

A Visitor from Germany.—E. A. Gertz of Hanover, Germany, is at the West hotel for a few days. He is accompanied by his brother, Richard W. Gertz, of Boston. Yesterday they visited the Chamber of Commerce and today they took in the sights of Minneapolis in an automobile. Governor's Party on Auto Jaunt.—Governor and Mrs. John A. Johnson and Mrs. Frank D. Day are guests of Frank D. Larrabee this afternoon on an automobile trip to Anoka and other places round about the twin cities. "Bumfoot" Is Fixed.—A charge of grand larceny against Charles Loftus, better known as "Bumfoot", was changed to petty larceny in police court today and on pleading guilty the defendant was sent to the workhouse for seventy-five days. Loftus broke into a freighter in the Minneapolis & St. Louis yards and stole several hides. Band Boy "Arrives."—Nathan Rappaport, formerly a member of the Journal Newsboys' band, who has been with the Wonderland Carnival shows for some time, recently purchased the interests of Messrs. Lackman and Koech in those shows and is now sole proprietor and manager. The shows are booked for the next fifteen weeks. Moving Blue Line Offices.—W. B. Jerome, general agent of the New York Central lines west of Chicago, is in Minneapolis preparing for the removal of the Blue Line freight offices of the Michigan Central road from the Corn Exchange to 257 Nicollet, where the other freight lines of the Central system are situated. F. S. Swisher will continue as agent. They Fought an Officer.—Carl Johnson and Hermann Fossmand were both fined in police court today for resisting Sergeant Stanley of the South Side station when he attempted to arrest them on a charge of drunkenness. Johnson was arrested first and Fossmand came to his rescue, the two giving Stanley a lively tussle. He finally overpowered them and took both to the station. Fossmand, who was more aggressive, was fined \$15, and Johnson \$5.

STARTS FUND FOR TEACHERS IN NEED

FORMER TEACHER'S REQUEST FILLS LONG FELT NEED.

Property left by Miss Della Sparrell, Who Died Last Year, Will Be Held in Trust, the Income to Care for Teachers Who May Need Nurses.

The Minnesota Loan & Trust company has in trust property amounting to about \$5,000, to be used for procuring trained nurses for needy public school teachers, the bequest of Miss Della S. Sparrell, who died about a year ago. Miss Sparrell had been for several years a teacher in the Lowell school, and she had been a member of the Teachers' club. The matter of the fund has just been brought to the notice of Dr. Charles M. Jordan, superintendent of schools. The property is a farm near Bloomington, Ill., and Miss Sparrell left it to her mother, Mrs. Mazie A. Sparrell, living in Lake City. Mrs. Sparrell, desiring to do something substantial in memory of her daughter, who had spent her life work in the public schools, preferred to turn these funds into some channel beneficial to the teachers of the public schools, rather than use them herself as her daughter had provided. Therefore the mother made a declaration of trust, placing the property in the hands of the Minnesota Loan & Trust company, stipulating that the fund should be known as the Della S. Sparrell Memorial Fund. She arranged that the income from the property or the proceeds of its sale should be used for the purpose of aiding in procuring trained nurses when required by needy public school teachers. The selection of teachers for the beneficiary is to be under the auspices of the Teachers' club, although there is no requirement that teachers in order to benefit by the fund shall be members of that organization. Mrs. Sparrell also provided that if the club should not, at any time, be in existence, the teachers are to be selected by the advice of the superintendent of schools. It is understood that some arrangements have been made whereby this fund may be considerably increased later on, thus carrying out the implied wishes of Miss Sparrell, who was a faithful and devoted member of the corps of Minneapolis school teachers. The property at present is under the direction of Mrs. Sparrell, the fund being available for use after Jan. 1, 1906.

BURIAL AWAITS THE VERDICT OF CORONER

Pending verdict of the coroner's jury at Chicago the time for burial of Miss Anna E. Towne at Lakewood cemetery is uncertain. It will be either Thursday or Friday morning. Josiah Towne, a brother, will bring the body here. The fact that Miss Towne was 74 years old is supposed to have been partly responsible for her death by fire. She lived with her brother, Josiah Towne, at 6138 Woodlawn avenue, Chicago. At the time of the accident she was alone in the house with her mother who is 92, and could offer little help except to give the alarm. Fire is supposed to have been communicated to Miss Towne's clothes from a lighted candle she was carrying. When outsiders entered, Miss Towne had been so badly burned from the knees to the top of the head that she died within seven hours, being conscious only a short period. Miss Towne was well known in Minneapolis, where she lived with her brother, Josiah Towne, until Sept. 1, at 1807 Ninth avenue S., when she removed to Chicago with the family. Miss Towne was one of the oldest settlers, having reached St. Anthony from Providence, R. I., in 1856. She had been an attendant at the Church of the Redeemer from the time of its organization. Frank L. Towne, agent for the New York Central lines, is a nephew of Miss Towne, who leaves besides her brother and aged mother, nieces, Mrs. James E. Wylie of Chicago, and Mrs. F. E. Smith of Hoboken, N. J.

PLAY WARMS UP IN HANDBALL TOURNAY

Following are recent scores in the handball tournament at Cooke's gymnasium: Class A.—C. Mitchell, scratch, defeated Frank uitz, 5-point man, 11-0, 11-0. Class B.—W. L. Shepherd, scratch, defeated I. A. Yarnell, scratch, 11-5, 11-8. C. D. White defeated J. P. Thompson, on even terms, 11-9, 11-4. H. E. Krebs defeated Fred Seydler on even terms, 11-15, 11-5. A. C. Sinderer gave David Gagne four points and won 11-8, 11-3. Today W. L. Shepherd defeated W. S. Harris on even terms 11-6, 11-5. Harris then defeated C. S. Hooker on even terms, 11-3, 11-6.

PUBLIC EXAMINER HAS QUESTIONS FOR GILBERT

Cass Gilbert, architect of the state capitol, was closeted for some time yesterday with Public Examiner P. M. Kerst, who is making an examination of the capitol commission's accounts. It is understood that Mr. Gilbert was asked for an explanation of certain things found by the examiners. The examination is still in progress, and a report is not expected for some time. The capitol commission held a routine meeting today to allow payments on contracts, and pass on minor questions.

LET THE FOUNDATION

Minneapolis Firm Gets Contract at State Agricultural School. The state board of control has let the contract for the foundation of the new \$250,000 administration building at the state agricultural school to Traitor Brothers of Minneapolis. The contract was let on a bid of \$10,000, collected by Dec. 6, so the superstructure can be started early next spring.

OUT OF FUNDS

No Money Left for Maintenance of Park at the Delles. Robert Greg, the new superintendent of the Interstate park at the delles of the St. Croix, has written to Governor Johnson, saying that he is informed by the state auditor that there is only \$12.84 left in the fund for maintenance and improvements, and there will be no more available till Aug. 1, 1906. Greg's predecessor, George H. Hazard, used up the fund at approximately that time. The commissioner's salary was provided for, but the park work will be hampered by the lack of funds.

LAST GAMBLERS' CASES

Charles Baxter and Fred Barrows Each Pay \$50 Fine. Charles Baxter and Fred Barrows, convicted several weeks ago of maintaining a gambling house on Hennepin avenue, each paid a fine of \$50 in police court today. After the trial the men told the court that they were hard up and asked for a stay of execution. It was granted and this morning the men, all the cases connected with the wholesale raid have now been disposed of.

PRINTERS OFFERED JOBS

MEN ON STRIKE RECEIVE INVITATIONS FROM OTHER CITIES WHERE EIGHT HOURS IS DAY.

Many Minneapolis printers who are out on the strike are receiving offers from other cities where the eight-hour schedule is in effect. It is said that employers in these cities are taking advantage of the opportunity to get good men while they are out of work, and these some of the best men in the city have been offered fine positions. The union leaders are working against the scheme of the outside printers and are trying to hold the men here, where it is believed they will soon be needed. A gradual sorting-out process is going on in both parties. As fast as it is found that there is a capable printer waiting in a struck shop, the union leaders set out to land him. They say that most of the breakers are not up to the standard of Minneapolis shops, but the few who are wanted on the union side. "As far as the clubs are concerned we are willing they should remain at work," said a leader. The employers, on the other hand, are searching for good men, and say they have no difficulty in getting them. The assertion is made that there are better printers in the city today than before the strike. Where an incompetent man is found who gives no promise of ever becoming a capable man, the employers are trying to bring about his capture by the union pickets. When it seems certain that the strike is to last longer than anticipated, a co-alescent thing will soon be tried as a lever for bringing the employers to time. The employers do not seem to fear this, however, and say that such a shop could not get the business. The business is being run by the union pickets and they are getting it out on time. The trade was urged to have as much work as possible done in advance of the strike, and for this reason business is being run by the union pickets and they are getting it out on time. GRAIN MEN WORKED UP

COME FROM HEAD OF THE LAKES TO CONFER ABOUT INSPECTION TROUBLE.

A delegation of grain men from Duluth and Superior conferred with the railroad and warehouse commission today at the capitol. The elevator interests are all up in the air over the Wisconsin inspection wrangle. Practically all their grain is inspected by inspectors from Minnesota, both in and out. The "in" inspections are made at Cass Lake and Sandstone, and the grain is inspected out after leaving the harbor at Superior. However, under the decision of Judge Vinje, the Wisconsin inspectors have free access to all the elevators, and the grain men are compelled to bring their grain to an inspection they have no use for. Railroad Commissioner C. F. Staples, who returned from Duluth today, says the Minnesota commission is not a party to the present controversy, which is between the Wisconsin inspection bureau and the elevator men. The grain interests have taken an appeal from Judge Vinje's decision, and will that decided will not know how they stand.

STATE FUNDS DEPLETED

State funds in city and country banks to the amount of \$862,000, have been called in by State Treasurer Block to provide for the October apportionment of the state funds. The state revenue fund is now greatly overdrawn, and will not be much relieved until the railroad taxes come in next February.

SCHOOL APPOINTMENT LEAVES A BIG DEFICIT IN REVENUE FUND.

There are applications pending for loans from the permanent school fund, amounting to about \$400,000, but there are no funds to meet them. The coming state land sales will bring in some funds, possibly as much as \$100,000, but it will be several months before the fund will be able to take care of the pending applications. Many school buildings and other local improvements are held back waiting for these loans.

IN NEW QUARTERS

New Northwestern Bible and Missionary Training School Opens. The new quarters of the Northwestern Bible and Missionary Training school were opened formally last evening, and the occasion brought together many ministers and laymen from various churches of the twin cities. The new school is located in the Abrahams building, recently purchased by the management of the school at 6 Eleventh street S. The rooms were visited early in the evening and later the guests gathered in the parlors of the First Baptist church where a banquet was spread. Dr. A. J. Frost, dean of the school, presided at the exercises following the banquet, and the address was given by Rev. W. H. Boyle of St. Paul, and C. S. Cairns spoke on "Confederating Our Forces in Bible Study." Addresses were also made by Dr. Frost, Judge John Day Smith, Rev. C. S. Rood, William Petran and F. A. Bartlett. In conclusion Rev. W. B. Riley said: "There has been a constant effort made to make the school interdenominational. It has been a question of how the greatest influence might be brought to bear upon the entire northwest. United action in this case means a wonderful work throughout the entire northwest. The work of the school is of vital interest to city churches, as it is to assist in supplying country churches with ministers. The best city ministers come from the country, and if the country churches are permitted to close, the end of the city churches is not far off."

MRS. RUSSELL TO LEAVE

Will Open New Hotel in Florida Called the Minneapolis. A farewell reception will be given to Mrs. E. A. Russell in the lecture room of the Portland Avenue Church of Christ, Portland avenue and Eleventh street, tomorrow evening. Rev. L. T.
