N. W. HOSPITAL BAZAR. Attractive Benefit Entertainment Planned for the Building Fund. For some months the ladies of the Northwestern Hospital association have been making preparations for an extensive bazaar and entertainment for the benefit of the building fund. They have secured space in the West hotel for Nov. 10 and 11, and have taken the ladies' ordinary, the corridors and some additional rooms for both days and evenings. Here they will display and offer for sale a large and uncommonly fine lot of fancy goods, too numerous to mention, including aprons, shawl and pocket squares, a collection of baskets, infants' wear, etc.

At the same time and place the Young Women's auxiliary will present a continuous concert in the evening to music, fortune-telling and numerous amusements. Those who know who are engaged in this part of the enterprise are already laying in a supply of tickets for themselves and their friends.

The building for which all this work is being done is an addition to the one already in use, being 50 by 100 feet in size, with four stories and basement, fireproof and modern in every respect, and will contain about forty rooms for patients. The contract is already signed with Mr. McKenzie for the construction of the building. Material will be collected during the winter and work rushed in the spring. The ladies will spend much time during the winter in perfecting the plans for the interior finish, and hope to be able to secure funds to complete the undertaking without any delay. The space is greatly needed, as the present building and two large houses outside are all crowded to the limit with patients and nurses.

DEATH OF BROTHER. Wheaton Man Hears from Sweden of Occurrence at Fargo. MINN., today heard via Sweden of the death of his brother in Fargo. Early last month the

badly decomposed body of A. E. Johansen was found in the Red river and identified by means of papers, which showed his former address in Sweden. The officials there were notified, and relatives sent word to the brother in Wheaton, Minn., who came here today and took possession of the papers. The Wheaton man saw his deceased

brother in June and knew he was going to Canada to file on land. Later he heard from his brother at Gijroy, near Grand Forks, and wrote for the latter to come to Wheaton because of illness. It is supposed that the man became demoralized thru an attack of fever and either fell in the river while in Fargo or killed himself.

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration of the womb and ovaries cause fearful bearing down pains which are aggravated by much standing on the feet, and lifting necessary in house work. But let no woman despair of relief from this torture. That famous tonic reconstructer of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When monthly periods are painful or irregular, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system. I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.
