The women of the suffrage association were largely responsible for the guardianship bill which passed the legislature at its last session and which provides for the equal guardianship of a child by father and mother. The club also worked for the opening of the juvenile court.

The annual business will occupy the attention of the delegates at the daily meetings, but on Tuesday evening, Nov. 14, a novel feature will be introduced when a group of prominent men have promised to tell what they think of woman's suffrage. On the following Wednesday evening there will probably be a reception for the delegates and their friends.

**GRIGGS TALKS TOMORROW**  
**FIRST OF HIS LECTURES IN TEACHERS' CLUB COURSE AT FIRST BAPTIST CHURCH.**

Edward Howard Griggs, the famous lecturer, is to open his course of six lectures on "Moral Leaders from Socrates to Tolstoi," at the First Baptist church tomorrow evening. Thereafter the lectures will occur on successive Monday evenings, each lecture beginning at 8:15.  
 So much has been written and said about Mr. Griggs, that there is a strong desire on the part of educated people to hear this truly remarkable man. His work has been best known to teachers and educators of course, but the leaven of his message has been working among people in general, until his fame is becoming as wide as the country itself.  
 Mr. Griggs, while best known perhaps as a lecturer, has written some things on ethical and humanitarian subjects, which have occasioned a widespread interest. Two of his best-known works treat of the different matters pertaining to moral philosophy, while a third is a little book of verse and prose culled from his notebooks, and breathing of life and its relations.  
 The lecture tomorrow evening, under the auspices of the Teachers' club, will be based upon the life of the greatest of all philosophers, "Socrates," and will be prefaced by a short talk on the "Function of the Moral Leader." Succeeding lectures will be based on the lives of Socrates, Victor Hugo, Carlyle, Emerson and Tolstoi. While each of the lectures will be independent, yet the six will form a series that will be of the deepest interest taken as a whole.

**FAITH**  
 O world, thou choicest not the better part! It is not wisdom to be only wise; 'Tis wisdom to believe the eyes. But it is wisdom to believe the heart. Columbus found a world, and had no chart. Every one who has a vision of the skies, To trust the soul's invincible surmise Was all his science and his only art. Our knowledge is a torch of smoky pine That lights the pathway but one step ahead. Across a void of mystery and dread. Heedless of the light of faith to shine By which alone the mortal heart is led Unto the thinking of the thought divine. —George Santayana.

## MINNETONKA SOCIAL

Summer residents along the Gibson Point shore and along Bay of St. Louis, who have braved the cool weather, and made a long stay at the lake—much longer than has been their custom heretofore. With but few exceptions all the summer homes were open until late in the season. Mrs. J. E. Chalmers is planning to remain out longer. Mrs. R. H. Passmore and Mrs. H. G. Harrison returned last Saturday from a delightful trip to Colorado. Mrs. Passmore went out to the lake and remained until Tuesday when she closed her cottage for the winter. Mrs. Harrison has opened her town house, but Mrs. Albert Bennett and their family are still at the lake, where they are planning to remain until Nov. 15. After a short stay in town they will leave Dec. 1 for Pasadena, Calif. for the winter. Dr. and Mrs. Dunsnoor moved into the city early, but they are planning to have a house party at their home for the younger people during the Christmas holidays. Mr. and Mrs. Charles Hale, who moved into their beautiful country home on Robinson's bay not so very long ago, will remain out at the lake for some time longer. Mr. and Mrs. Willis Walker closed their cottage Wednesday and returned to the Walker residence for the winter. Mrs. S. F. Knight and Miss Knight have not closed their lake home, and make frequent trips to the point. Mr. and Mrs. W. G. Northup at Ferndale, will also be among the late lake dwellers. They will go to New York for the winter after the marriage of Miss Northup.

Miss Lula Sampson, whose marriage to George E. Flecker will be one of the early winter events, has finally decided on a handsome church wedding. The ceremony at the church will be followed by a reception at the Sampson house. Last Friday Sampson entertained twelve friends at progressive clinch. Miss Florence Perkins and Claude Brackett were awarded handsome souvenir prizes for highest scores. Following the games refreshments were served.  
 Misses Gertrude Smith, Marion Schuler, Annabelle Lindley, Katherine Jones, and Frances Heller made a trolley trip to the lake the past week and enjoyed a cottage luncheon before returning to their homes in Minneapolis and St. Paul.  
 Albert Hopkins, one of the old Lake Minnetonka settlers, is very ill at his home in Excelsior. Mr. Hopkins came to the lake in the earliest fifties and is one of the familiar characters on the shores.  
 George Gould met with very painful injuries during the fire, which partly destroyed the Bickford cottage at Excelsior last week. Mr. Gould found every avenue of escape cut off by the blinding smoke and had to drop out of a second-story window. The fall resulted in an injury to his back. He has been at the Sampson house and is rapidly recovering. The fire gave the fire department in Excelsior an opportunity to show the utility of the new apparatus, as without it a greater portion of the village would have been destroyed.  
 An old landmark on the Excelsior shores is being torn down. It is the old Morse icehouse, which has to make room to open the shore for the new landings and pavilion of the street railway company. During the past week, the company has employed the dredgers to make the preliminary arrangements for building the long dock, which is to be finished at an early date in the spring. Already some of the pilings are driven into the water and while the lake is open operations will continue steadily. It is the intention to work on the street car track thru the winter and all along the route the company is putting up substantial winter camps for the men.

## DEDICATE NEW HALL

**Mystic Workers of the World Have Elaborate Program.**  
 Minneapolis Lodge No. 659, Mystic Workers of the World, dedicated their new lodge rooms in McElroy hall, Friday evening. After a short business session the doors were opened to friends and representatives of sister lodges.  
 In the dedication of the altar Rev. J. B. Brooks of Chicago officiated. F. W. Lunt, president of the lodge, and Paul dedicated the prefect's station and presented a gavel to the acting prefect.  
 Rev. Mr. Wadsworth dedicated the music station. Dr. Benedict Arnold of St. Paul dedicated the banker's station.  
 This interesting ceremony was followed by a program of musical and literary numbers by local talent. After a short dance the members and guests sat down to a lunch prepared by Deputy A. D. Hill. Toasts were responded to by Rev. J. B. Brooks of Chicago; C. H. Gray, state manager; Rev. G. L. Morrill, C. H. Laybourn and representatives of the Home Guard and Ben Hur. Music was furnished by the orchestra composed of members of the local lodge.

## HARD TO IDENTIFY

They speak of opportunity, And bid us seize the prize. Alas! It always seems to be Appearing in disguise! —Exchange.  
 One of the customs observed at a Bohemian marriage feast is that of making the bride cross a silver bridge. The bride's father-in-law lifts her on to the table, where she walks on two rows of silver coins, at the end of which her husband stands to receive her into his arms. The silver bridge typifies the wealth with which her bridegroom hopes to smooth her path in life.
