

HAUGE OR NANSEN AS NORSE ENVOY

Present Charge in Washington Says Norway Will Elect Prince Karl King.

By W. W. Jermaine.

Washington, Nov. 6.—Official and diplomatic circles here put credence in the report that Nansen, the Arctic explorer, is to be first minister of Norway to this country.

When Secretary Root approved the appointment of Christian Hauge as charge d'affaires ad interim at Washington for the cabinet at Christiania, the services of A. Grip, Swedish minister for Norway, ceased.

Under the new arrangement, A. Grip will continue as minister for Sweden in the report that Nansen, the Arctic explorer, is to be first minister of Norway to this country.

Married American Woman. As Mr. Hauge married an American woman and is greatly attached to Washington, he would be glad to have there was a prospect that he would be appointed minister, although his friends say that in case Nansen should be appointed minister to the United States, Hauge would get an important post in the diplomatic service in Europe.

Hauge on the Situation. Mr. Hauge, discussing the Norwegian outlook, said today: "According to the latest accounts, I think Prince Karl of Denmark will be elected to the throne and will accept the election will be held Nov. 12, but as many places are remote, without wire connection, the votes will not be counted for perhaps a week afterward."

Want Karl for King. "Our people, according to my advices from home, are very anxious that the young Danish prince shall become their sovereign. Always friendly to both England and Denmark, the closer relationship with those two countries that would result would be very gratifying."

THE LID WAS ON, CITY WENT DRY

early to say what the effect will be on the outgoing saloons, because the lid was on Sunday the week may make up for the Sunday losses.

The streetcar starters say that there was no perceptible increase in the St. Paul traffic, and that the few extra drunks on the early evening cars. Many men, of course, went to St. Paul for their liquor, but streetcar officials say that a large crowd always goes to St. Paul on Sunday.

ST. PAUL SALOONS BUSY. Bartenders There Had Many New Faces at Their Bars.

There were "things doing" in the St. Paul saloons along the Interurban loop yesterday. Tippers who had found the lid on their all Minneapolis saloons did not hesitate to risk getting soaked outside by going over to St. Paul.

Mr. Henton, the proprietor, stated early Sunday afternoon that fully fifty Minneapolis men had visited his saloon up to that hour.

Why, he said to a reporter, "there are fully a dozen Minneapolis men in here now. They are coming and going all the time. It's hard to tell just who the Minneapolis men are if you don't know them, but I'm pretty sure a good crowd has come over here in spite of the rain."

At the Maple Leaf saloon, just across the street from the Columbia and on Washburn street, the bartender stated a dozen or more men whom he knew to be from Minneapolis had been in for "warm-me-ups."

"Of course it is hard," he said, "to tell who the Minneapolis people are. There have been a large number of strangers in here today, and many of them must have come from Minneapolis."

A little further down the street where another proprietor was visited by a reporter, conditions were about the same. "Yes," was the response to an inquiry, "I guess we had a considerable Minneapolis trade today. For one, I am satisfied with the first day of the lid on in Minneapolis. I hope they'll keep it on right along every Sunday hereafter."

"The Minneapolis saloonkeepers and bartenders are rounding up St. Paul today," was the report made at another liquor establishment. "This is the first chance they have had to come over here themselves for a long time, and they are taking advantage of it. I have recognized a lot of Minneapolis saloon men among our patrons today."

ROBBINSDALE HAS ENOUGH. All Bars Will Be Closed Next Sunday and Thereafter.

Robbinsdale does not want another influx of Sunday revellers, a council of war was held today and Mayor Augustus Urban and councilmen decided that the Minneapolis sports could not come to the village for their orgies.

It is understood that the Golden Valley saloons, from Keegan's lake to Scheibe's, were doing a land-office business yesterday, but it has not been learned that the village authorities are aroused to the necessity of taking any action in favor of Sunday closing.

publican leader in Hamilton county, who was denounced as "boss" by these attacks the republicans replied that the "bossism" charge was local to Cincinnati and should not be held against Governor Herrick, whose re-election had been earned by a sound business administration.

It is reasonably certain that Ohio will tomorrow decide to do away with the annual elections and vote hereafter only in alternate years. A pending constitutional amendment provides for biennial elections, and as this received the formal endorsement of both the democratic and republican conventions, it became thereby a part of each party and every straight ticket will be counted for the biennial election.

TO SAVE PHILADELPHIA. City Party Declares Confidence in Victory at Polls.

Philadelphia, Nov. 6.—At the eleventh hour the leaders of the republican organization and of the reform movement are claiming a victory for confidence in the United States Senator Penrose said that belated reports confirm his opinion that "the republican ticket, state and county, would be elected by a good margin."

Prompt action will be taken by city party managers against illegal voters. D. Clarence Gibboney, secretary of the Law and Order society, has been engaged to conduct the prosecutions and he has 10,000 warrants ready for use.

The democratic party, which is supporting the city party ticket, has sent out a circular urging all democrats to vote successfully for the state ticket and city party nominees.

Two hundred detectives and special policemen of cities from which repeaters are said to have been imported, are today aiding people a representative assembly in which to settle their differences. The duty of every faithful subject of the emperor is to aid in the pacification of the country.

Disorders Delay Reforms. "Disorders accomplish nothing and only delay the reforms which are designed to give the people a representative assembly in which to settle their differences. The duty of every faithful subject of the emperor is to aid in the pacification of the country."

The political situation is most complex. Whether the government will be able to outlast the popular storm is problematical, for Count Witte will have a harder task in making peace with the Russian people than he had with Japan.

Refuse to Support Witte. The extremists, including the socialist workmen and students, refuse to support Count Witte and have pronounced in favor of a democratic republic.

The intellectuals and the professional managers, under the leadership of the Moscow Zemstvos, are not yet ready to overturn the monarchy, but are convinced that the reigning bureaucracy will not assist in bringing an end to autocracy, and demand a constitutional assembly based on universal suffrage to decide on a form of government.

The third party is made up of diverse elements of conservatism, including the nobles and landed proprietors as well as the reactionaries who, discredited with the emperor's surrender, nevertheless will be forced to the side of conservatism.

The peasants, whose traditions and religion would lead them to the support of the emperor, are vacillating between the bourgeoisie and the conservatives, and are sympathizing with the liberals' aspirations, yet they are frightened by the specter of anarchy.

CARDINAL SEES SIN IN STOCK-WATERING. Baltimore, Md., Nov. 6.—"The man who lives beyond his means is not leading an honest life," said Cardinal Gibbons, in his sermon on the text, "Pay what thou owest," at the cathedral.

There is another species of dishonesty," he continued, "conducted on a larger scale. I allude to the iniquity of watering stock and floating it on the market or inflating stocks and bonds and giving them a fictitious value. This sin is the more odious, as it is not the result of a sudden impulse of temptation, but is perpetrated in cold blood by sharp-witted men, who court the esteem of the public by their lies. They use all kinds of specious arguments to catch the unwary in their toils, and inflict untold misery on a too confiding community and not infrequently widows and orphans are the victims of this species of fraud."

versity and kill the professors. Measures were thereupon taken to transfer these prisoners to the regular prison. Russian Shops Marked. A tour of the city and part of the suburbs today found all quarters of shops that were pillaged have been boarded up.

The poorer Jewish quarters suffered worst, and the principal streets with few exceptions were untouched. Russian shops were marked with crosses painted on the shutters and the private houses with ikons so as to protect them from the mobs.

APPEAL BY WITTE. Premier Declares Russia Will Be Dis-membered Unless People Aid Him.

St. Petersburg, Nov. 6.—The Official Messenger prints this morning another strongly-worded appeal for confidence. It bears Count Witte's earnest pleas strongly that the empire is threatened with dismemberment unless the people rally to support, and draw attention to the character of the representations with which the government is being besieged to quell the existing disorders in the country.

Disorders Delay Reforms. "Disorders accomplish nothing and only delay the reforms which are designed to give the people a representative assembly in which to settle their differences. The duty of every faithful subject of the emperor is to aid in the pacification of the country."
