## Every Woman Knows

That her shoes must be faultless in style and fit, and that they must stay faultless to be wearable.

Women's Regal shoes are exact copies of the styles made correct by the approval of the best-dressed women in the world. It's not a surface likeness nor a mere family resemblance, moreover, but true all through, and that's why they retain the graceful lines of custom style that first attract you.

Their style is built into them by the only method that can make the modeling permanent—honest old-fashioned hand-workmanship.

The combination of this kind of workmanship and the finest leathers ever tanned, together with the Regal system of quarter-size fitting, makes the Regal a genuine six-dollar shoe; and the Regal selling method brings it to you at the wholesale price.

\$3.50

KENT

A handsome custom shape. Not only faultless in style, but one of the most comfortable shoes in the entire Regal line. Made of Black Russia Calfskin. Slip-resistant top, extension sole, Cuban heel. Also same model in Imported Patent Leather.

(Special Custom Bench-Made Regals, \$4.)—Twenty-two new Fall Regal styles for women—and the regular price, right through the whole line, is \$5.00 as usual. But to meet an insistent demand, we have made up a few special models at \$4 per pair. The extra 50 cents enables us to build a wholly new line of shoes that we could never before include in the Regal line. The advantages of the special \$4 Regal are in their extra custom features. All of the leathers and other materials in them are of the best and they have a little more hand-work; a little more all-stitching, etc. They are true bench-made shoes—and few genuine custom-made \$4 shoes equal their handsome appearance.

Send for Style-Book Mail-Orders Promptly Filled  
Twenty-nine of the ninety-seven Regal Shoes are exclusively for women, eleven of them in the fashionable districts of Greater New York.

## CITY NEWS STATE TEACHERS PLAN CONVENTION

PROGRAM FOR ANNUAL MEETING IS ANNOUNCED.

Large Attendance of M. E. A. Members Expected in St. Paul Dec. 27 to 29—Interesting Conferences and Discussions Will Follow Papers and Addresses by Leading Educators of State.

President Guy E. Maxwell of the Winona normal school, secretary of the Minnesota Educational Association, has completed the arrangements for the annual convention of the association, to be held at St. Paul Wednesday, Thursday and Friday, Dec. 27 to 29, inclusive. The association has all conceded a one-fare rate for the convention, and every indication points to an unusually large attendance.

It had been expected that one of the most important matters to come before the convention would be the report of the special committee of nine on the teaching of English in the Minnesota schools, but the committee will make only a partial report and will ask for a year's further time to submit its complete report. Professor J. Watson Cooper of Hamline university is the chairman of this committee, and the other members are prominent Minnesota teachers of English. A conference is being arranged to be held at the Ryan hotel, prior to the general convention sessions, between the members of this committee and leading educators of English in the state. One point to be discussed at this conference will be the proper time to begin the teaching of grammar and reading. Indicators taking the position it should not be begun before the eighth grade or in the high school.

### The Subject Important.

The subject of English has assumed a prominent position in educational circles in recent years. A book prepared by Mrs. Irene Mead of the Winona normal school is in use in many schools, and Principal W. C. Woodruff of the high school of Minneapolis, in association with Mrs. Cooley, for years supervisor of the primary schools of Minneapolis, has recently published a series of books on English, including a grammar. Mrs. A. W. Rankin is also the author of a series of textbooks on English, and Miss Jean Gowley, principal of an excellent textbook on English grammar.

The general convention sessions will be held at the Central Presbyterian church, with the following preliminary addresses will be made by State Superintendent J. W. Olsen, Governor John A. Johnson and Frank A. Weld, president of the association.

Wednesday evening Dr. Frank W. Gunsaulus, the celebrated Chicago lecturer, will give his address on "Gospelstone" and Miss Harriet Rumball will give readings.

### Thursday Afternoon.

Thursday afternoon the theme for discussion will be "Efficiency in Public School Effort," and the speakers on the subdivisions of this topic will be as follows: "The City Superintendent," Superintendent C. R. Frazier of Winona; "The County Superintendent," Christine Goetzinger of Fergus Falls; "The Common School," John W. Cook of Illinois. Thursday evening Miss Sara Cone Bryant of Simmons college, Boston, will speak on "The Relation of Story-Telling," with interpretive illustrations, and will be followed by Miss Jane Addams of Hull House, Chicago, in an address on "Democracy and Education." Following this address there will be a reception at the Ryan hotel.

The concluding general session will be held on Friday afternoon, when the general theme will be "The Relation of Education to Success and Happiness." The speakers will be: "Educational Bases in Modern Life," J. Conway McMillan, University of Minnesota; "The Manual Arts and Their Social Content," Dr. James P. Haney, director of the manual arts in the public schools of New York city; "The Wit and Wisdom of the Crafts," W. M. French, director of the Art Institute, Chicago.

### Department Meetings.

In addition to the general convention sessions there will be department meetings for the most part so arranged as not to conflict with the other sessions. The county superintendents' section will meet in the house of the State of Education to Success and Happiness, with Eric Ericson of Olivia presiding. The speakers in this section will be Minnesota educators directly associated with the work of county superintendency. State Superintendent J. W. Olsen will speak on Thursday morning on the varied relations of the county superintendent to pupils, teachers, school officers and the department of public instruction.

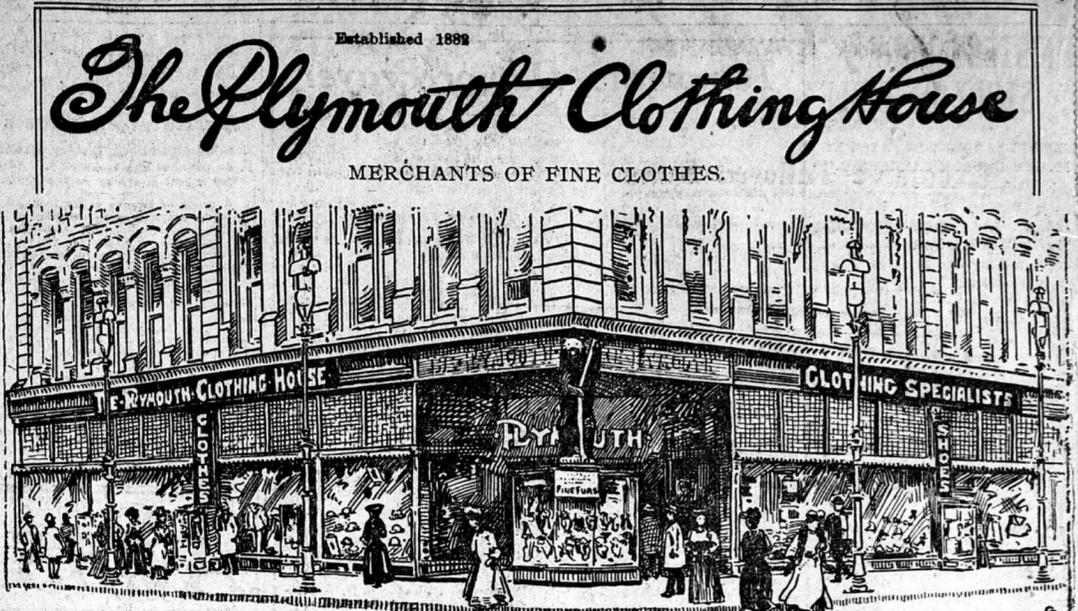

The high school section will meet in the auditorium of the Central Presbyterian church, with Professor C. A. Smith of Duluth presiding. Two of the principal addresses in this section will be given on Wednesday afternoon on "Training for Citizenship in Secondary Schools," by Governor John A. Johnson and President Cyrus Northrop of the state university. There will be a roundtable on science, and the relations between the college and the high school will be discussed.

### Graded School Section.

The graded school section will meet in room 10 of the old capitol, with Principal A. Newman Whitsand of Grove City presiding. The much-discussed question of the merits and demerits of vertical penmanship has been discussed here, and a number of papers on practical school topics will be presented. Frank M. Edgy of Sauk Centre will address the members of this section on Thursday morning. A meeting of associated school boards will be held in the banquet room of the Ryan hotel with James H. Sharp of Moorhead presiding. W. R. Hodges of Sleepy Eye will report on the meeting of the National Association. One of the principal papers here will be given by J. L. Washburn of Duluth on "The Merit System of Grading Salaries of Teachers." The college section will meet in the senate chamber of the old capitol building with A. E. Haynes of the University of Minnesota presiding. Several college presidents will present papers. "The Relation of the College Course to the Professional Course" will be presented by President W. H. Salmon of Carleton college, and "Environment as a Factor in Education" will be presented by President E. W. Van Aken of Becker college. The discussion on this will be led by A. W. Guttridge, secretary of the state board of corrections and charities.

### Elementary Section.

The elementary section (child study and kindergarten) will meet in the assembly room of the high school building with Louise E. Snyder of St. Louis Park presiding. "The Juvenile Courts and the School City as Factors in the American Boy's Development" will be discussed by Mrs. J. Crosby of Minneapolis, and Judge O. B. Gould of the board of control will speak on "The Training School of Minnesota." There will be other papers. The music section will meet in the Sunday schoolroom of the Central Pres-

# The Plymouth Clothing House

MERCHANTS OF FINE CLOTHES.

5th, 6th, 7th Floors—Manufacturing Workrooms, Laundry.  
4th Floor—Custom Tailoring. 3d Floor—FURS and Fur Garments.  
Second Floor—FOR WOMEN—Cloaks, Suits, Waists, Millinery, Furnishings, Hats  
Main Floor—FOR MEN and BOYS—Clothing, Furnishings, Hats.  
Basement—SHOES.

To add to the convenience of our thousands of regular patrons the great Plymouth assortments are classified in two great divisions—

## The main Sections Up Stairs and the great Basement Salesroom

The Basement Sections carry inexpensive but trustworthy grades of wearing apparel of all the lines sold in the main sections, each basement section being a branch of the main section. Prices are unquestionably the lowest in town for reliable goods.

Thus The Plymouth assortments (for complete Winter outfits), extend from the "finest made" to the least expensive grades which it will pay the wearer to buy.

Rich or poor, old or young, everybody goes to "The Plymouth" before deciding what is best for him or her to wear, from head to foot,—whatever the occasion or occupation.

**FOR FEDERAL JURY**  
Venire Arranged for November Term at Winona Beginning Nov. 21.  
The November term of the United States circuit and district courts will open at Winona on Nov. 21. Judge W. J. Judge Page Morris or Duluth will probably preside. The petit jury venire prepared for the term by United States Marshal W. H. Grimshaw, is as follows: John Olness, Krages, S. H. Orrett, Dodge Center; L. Kent, Alexandria; E. F. Glover, Bigelow; C. C. Bush, Detroit; J. A. Vining, Milaca; M. Roe, Chaska; R. Jacoby, Waseca; R. N. Douchette, Coakley; M. Campbell, New Prague; F. Westerman, Gaudin; C. H. Nordrud, Red Wing; D. E. Thomas, Barnesville.

**WILL SELL LANDS.**  
Those Bid In for State and Not Redeemed Will Go.  
County Auditor Hugh Scott announced a land sale today of Hennepin county lands bid in for the state at the county tax sale and unredeemed. Two sales will be held, one under the old law and one under the 1903 law. This is the first sale of the sort to be held in the county and is not amassing a fortune for the county. The total sales this morning were about \$250,000. Some of the property is of little value, but some of it has been forfeited as not worth the taxes. In no case is a sale made for less than the original bid with taxes unpaid for any year after 1900 are sold under the new law, while lands forfeited for taxes due in 1900 or before and not having any delinquent taxes for later years, are sold under the old law. The new law places the sales in the hands of the state auditor, who fixes the dates for all the counties and conducts the sale. He usually appoints the county auditor to do this. Every parcel is sold for cash to the highest bidder, provided the bid is as great as the total amount of taxes, penalties and costs, unless the value of the land is found to be less than the accrued taxes. The deed the purchaser gets is subject to the defense that the tract was exempt from taxation, but the taxes were paid but the former owner has no privilege of redemption.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

**The Influence Of What We Eat**  
Young People Especially Are Susceptible to This Influence—The Secret of Health.  
"The nourishment taken by body and mind, the extent to which this nourishment is assimilated, the form and proportions in which it is taken into the system, the amount of food and drink consumed, and the care given to the body and its various functions—all profoundly affect the health," says a recent editorial in "Good Housekeeping." "Some individuals think they can abuse the laws of nature with impunity, but even generous endowments of physical vigor eventually succumb, while the great mass of people, especially the young, are peculiarly susceptible to the food they consume."  
As "Good Housekeeping" in an editorial suggests, health depends not so much on the nourishment taken into the stomach as on the extent to which this nourishment is taken up by the system. Malta-Vita, the perfect malted whole-wheat food, so rich in nourishment, containing every food element necessary to the sustenance of the human body and mind, is readily assimilated, even by the weakest stomach, because of the large percentage of maltose or malt sugar, which it contains. Malta-Vita is a natural sweetening agent and forms rich, healthy blood.  
Malta-Vita is especially beneficial for children and it is so good to eat—not at all like the tasteless variety of breakfast foods—that the whole family welcome its appearance on the table. Always ready to eat. Now for sale by all grocers at 10 cents.

**FOOD FOR HAIR**  
Is as essential to the hair as food is to the body. Proper nourishment gets dry, brittle and dull in appearance. Life and gloss disappear when the hair is deprived of its natural oil, and the scalp is not able to supply the same. The Swiss Hair and Scalp Remedy invigorates and supplies what nature demands. A 50-cent trial bottle applied as directed will soon prove its value. It restores the natural color. Sold in 50-cent trial bottles. For sale in Minneapolis by Voegell Bros., corner Hennepin and Washington streets and corner Seventh and Nicollet avenues.

**FOR FEDERAL JURY**  
M. Herman, Gilman; L. J. Jelle, Briceville; R. Dines, Kilkenny; G. H. Wellman, Granite Falls; H. Anderson, Jackson; B. Kicler, Chaska; J. H. Grandall, Langdon; John Knight, Mitchell; George Welsh, Morton; Benjamin Hirschman, St. Paul; M. G. Peters, Monticello; James Moore, Matze; W. C. Bacon, Northfield; George L. Nichols, Fergus Falls; W. R. Williams, Manly; R. Leverenz, Casey; M. F. Doty, Eyota; J. Fullerton, Rochester; J. C. Wiley, Oak Park; G. Currier, Nicollet; Edward McGill, Minneapolis; G. P. **5¢**

The superior quality of the "Anna Held" cigar is directly due to the employment of new scientific processes which are both unknown and unattainable to the ordinary manufacturer.

Following the expert selection of the tobacco in the field—and its thorough sorting and curing, the leaf is skillfully graded and stored in immense "stemmeries," where it undergoes a process of fermenting and blending.

The several qualities of leaf required to produce the exceptional flavor found in the

**ANNA HELD CIGAR—5c.**

are carefully selected and packed together until the goodness of each has been combined in a real blend of delicious and uniform flavor.

This is what makes "Anna Held" cigars at 5 cents the equal of the regular three-for-a-quarter kind.

Sold by all Dealers in Good Cigars  
Trade supplied by Geo. R. Newell & Co., Minneapolis, Minn.

This Triangle A on a box of "Anna Held" cigars, is a distinguishing mark of excellence. It identifies the product of this new system of making better cigars for the smokers' money, no matter what the price. Every cigar is kept as good as it has been made in air-tight, dust-proof, hermetically sealed boxes, sealed with this Triangle A.
