

**THE EASY OIL.**  
 Scott's Emulsion is "the easy oil"—easy to take, easy in action. Its use insures deliverance from the gripping and nauseating sensation peculiar to the raw oil. Nobody who has any regard for their stomach thinks of taking cod liver oil in the old way when Scott's Emulsion is to be had. It is equally certain that no one having a regard for their health will accept a cheap emulsion or alcoholic substitute for Scott's Emulsion. It fulfills every mission of cod liver oil and more.

SCOTT & BOWNE, 409 Pearl Street, New York

**LIFE TERM GIVEN AN INNOCENT MAN**

**CONFESSION OF DES MOINES PRISONER CLEARS JAMES BURNS.**

George Beveridge, Now Serving a Sentence, Breaks Down and Declares He Committed Perjury in the Corcoran Murder Trial—Affidavit Is Secured for Use Before Legislature to Secure Pardon.

**Journal Service.**  
 Des Moines, Iowa, Dec. 2.—Conscience smitten, George Beveridge, who is now in the county jail serving a sentence for drunkenness, has broken down and admitted that three years ago he committed perjury in the Corcoran murder trial. He has confessed to the jury that he saw James Burns place morphine in Corcoran's beer. He now makes affidavit that all were eating morphine and beer, and that he took the drug, took too much. His admission makes him liable to three years' imprisonment. The affidavit will be used before the legislature to get a pardon for Burns.

**Cochran Hamilton Wins Bride.**  
 Coach C. Hamilton of Hamilton College has won Miss Eva Cassidy, youngest member of the faculty, as his promised bride. Her enthusiasm over the game brought out a meeting and ever since the season opened the athlete has been her enthusiastic admirer. He proposed several weeks ago, but she hesitated. Thanksgiving day the last game of the season was lost to Penn College at Okla. Downs. Discouraged, the coach left the gridiron. Miss Cassidy was on the bench. He testified with a smile, and the remark: "It will be yes anyway, Bernard."

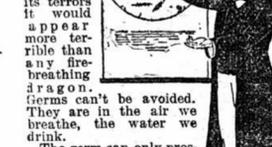

**PARKER DECLARED ELECTED**

Court Renders Decision in Menominee Contest for Sheriff.

MENOMINEE, WIS.—Judge John V. Stone today rendered a decision declaring S. C. Parker duly and legally elected sheriff of Menominee county at the last election.

The election was contested by Joseph Ehrlich, who, it is understood, will appeal to the higher courts.

Many people are afraid of germs. Few people are afraid of germs. Yet the germ is a fact. If the germ could be magnified to a size equal to its own size, it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a salivary cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power and cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., (Ex. Financial Secretary International Brotherhood of Teamsters), 308 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles effected a complete cure and I do I recommend it."

Dr. Pierce's Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad stomach, torpid liver or sluggish bowels.

**Asthma**  
 Climate warm, smoke, sprays and "spicidia" relieve only temporarily; they cannot cure. Our COMBINATION treatment, founded 1883, permanently eliminates the CAUSE of Asthma and Hay Fever, so that nothing but the old symptoms or attacks. Write for BOTTLE containing reports of many illustrative cases that have STAYED AWAY for years. Mailed FREE. Write to F. EAROLD HAYES, Buffalo, N. Y.

**\$3,250,000 TO BE SPENT IN PIERS**

**ORE SHIPPING CAPACITY AT DULUTH WILL BE INCREASED.**

Great Activity Displayed on Mesaba Range and Output May Reach 6,000,000 Tons a Season—Mine Developments Cause Roads to Extend Carrying Facilities.

**Special to The Journal.**  
 Duluth, Minn., Dec. 2.—There are now under contract ore shipping piers for use during the year that will cost \$3,250,000, five in all, and of a total shipping capacity for at least 6,000,000 tons a season.

This is a pointer as to the expectations of the ore roads of business in 1908. The Duluth, Hibbing & Northern railroad, a contract for which was let yesterday, the Duluth, Mesaba & Northern is doing more work for next year than any other Lake Superior road, and is spending in docks, double tracks, rolling stock, shops, new main line, etc., not less than \$4,500,000. This road will be able in 1908 to move more than 10,000,000 tons of ore with the utmost ease.

The greatest activity on the Mesaba range is near the village of Hibbing, from which more than 9,000,000 tons of ore have been moved this year. Of this was amount the Steel corporation alone will ship about 5,000,000 tons. These mines are under the immediate direction of P. Mitchell, as manager, and W. J. Wells as assistant manager, and are divided into four groups according to locations.

The largest shipper of the corporation in the district is Burt, which includes an adjacent forty-acre tract belonging to the state school funds, and from there will be moved this year about 1,750,000 gross tons. This will make the mine the largest shipper in the state aside from the Mountain, also a Steel corporation property, eight miles east.

**Burt's Active Operations.**

The Burt was a shipper in a small way from underground workings up to three years ago, but has since been stripped for open-cut mining. Continued stripping for three years has now uncovered an ore body 1,500 feet long and about 200 feet wide. More than 12,000,000 cubic feet of earth and other overburden have been removed during this period. Stripping is still in progress and will be continued through much of the winter. It is the intention that stripping shall be extended north, widening the area for some time to come, and the importance of the mine as a producer is far from its maximum.

A short distance east of the Burt is the Morris, also of the Steel corporation. This property was not a shipper till late in the summer of 1906. It had been partially developed by stripping the year before. It holds the world's record for a new mine, and is a proof of the rapidity with which a Mesaba mine can be brought into production. Its production this year will not be less than 1,000,000 tons. It has been developed along the lines of engineering adopted by the Steel corporation and the precise conditions of its ores and the tonnage of various grades that could be produced at varying depths were time that he saw Burns place morphine in Corcoran's beer.

**First Shipment This Year.**

The third great property in the Hibbing district is the Monroe-Tener, which is making its first shipment this year. This is an enormous ore body and is being developed for both underground and milling mining. Its shipments for the year should be about 100,000 tons, all of which has been coming out of drifts and prospects.

For three years this mine has been in progress, and ever since the year will be required to see the extensive plan carried out commensurate with its importance. It is said that the development will cost not far from \$2,000,000.

The Hill-Rust mines, which cover a mile in length, had been producing ore since deposits that have not been opened, are being developed as an open-cut mine, and all the past winter has been spent in developing an extensive shaft by the Oliver Iron Mining company direct, without the intervention of contractors.

**Will Use Steam Shovel.**

Pillsbury mine, also belonging to the Steel corporation, was the original discoverer at Hibbing, and has been a shipper since 1897. It is being changed from an open-cut mine to an open-cut mine, and its production for 1908 will be by steam shovel. For this year it has produced 1,000,000 tons.

Glen, Clark, Sellers, Chisholm, Myers and St. Clair mines, all of the Steel corporation, have produced a total of \$6,000,000 worth of ore this year. A total of about 1,300,000 tons, Myers is a new mine, the rest of a few years' development.

Other mines of the Hibbing district include the Mahoning, with an average shipment of 1,000,000 tons, and the Jackson, which will produce about 1,500,000 tons; the Leesters, Cygnes, Agnew, Utica, Jordan and others, whose season shipments should make the total from Hibbing about 6,000,000 tons.

The district is served by the Duluth, Mesaba & Northern and Great Northern roads, the former handling nearly all the ore of the Steel corporation, the latter most of those outside. It is an astonishing fact that in the seven miles of the Mesaba range, of which Hibbing is the center, there originates more than one-fourth of the entire product of Lake Superior's 120 mines.

**DAMAGE CLAIM EXCESSIVE**

**Jury Awards Plaintiff \$550 in Suit for \$10,000 Against Railroad.**

WINONA, MINN.—A United States court jury has given a verdict of \$550 in favor of Joseph M. Johnson, who has sued the Milwaukee & St. Paul road for injuries received in an accident near Dexter about a year ago. The railroad company admitted liability but maintained that the damages demanded by March were altogether excessive. The \$50,000 damage suit of Oscar A. Newsome against the same company is now being heard.

A suit has been transferred from the Rochester district court and will come on for trial at the May term of the United States court in this city. It is that of Pauline E. Mueller as administratrix of the estate of her deceased husband, Carl F. Mueller, against the Northwestern road. In driving across the Northwestern track at a crossing two miles west of Dover, Feb. 22 last, Mueller's sleigh was overturned and he was thrown out, receiving injuries that it is claimed caused his death. The claim is set up that the crossing was poorly planned and that the snow had not been properly cleared away, thus causing the overturning of the sleigh.

**WILL AVOID WINDY CITY**

**Victim of Fraud Leaves Mankato, Convicted He Was Bunked.**

MANKATO, MINN.—John N. Perrett, the Graton, W. Va., man who was bussed out of town on a charge of kidnapping, believing he was buying a half interest in the \$200,000 mill plant of the Hubbard Milling company, here set for his home. It took some time to convince him his transaction was not genuine, and he only came in when it was shown that E. D. Hubbard was in this city the day after last. He first met the man who impersonated Mr. Hubbard.

No doubt is felt by any who have conversed with Perrett that he actually paid over the money.

**Group.**

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack, if given as soon as the child becomes hoarse, or even after the croupy cough appears. There is no danger in giving it to children, for it contains no opium or other harmful drug.

with Perrett that he actually paid over the money.

According to his account of the transaction there was fear in the deal, the man who impersonated Hubbard, an alleged potter public giving the fictitious name of E. W. Martin of Blue Earth county, Minnesota, and two witnesses.

Perrett was advised to go to Chicago and try to secure the punishment of these persons, but it is believed he decided to give the windy city a wide berth.

The criminal case against E. C. Herring, charged with having obtained the signature of Mrs. Johann Schlieder to a chattel mortgage and note for \$500 by false representations, was dismissed in the district court soon after the trial began.

**SKI CLUB BUSY**

Snowfall Makes Possible Good Sport at Red Wing.

RED WING, MINN.—The Aurora Ski club was out in force for the first run of the season. It is the first time there has been snow enough at this time of the year for the sport. It was expected to ski on the new hill, but parts of the slope were windward and the new slide is too dangerous to use without a plentiful supply of snow. The run was held on the west knoll and some excellent distances were made, considering the short start and slope. A contest developed between the club and the youngsters for the long standing jump. Kulstad won.

Heretofore the girls' department at the state training school has been in charge of two family managers. These officers have been abolished and it will in future be in charge of a matron and the matron, Miss Edith Kaseberg, of this city has been selected matron and Miss T. C. Benton of New Painesville is her assistant.

**CONVICT REARRESTED**

**Sorry Flight of Stillwater Prisoner, Who Expected to Meet Family.**

STILLWATER, MINN.—Ludwig Bohmer not only missed his Thanksgiving dinner and the dramatic entertainment at the state prison, but he and his young wife and two small children were prevented from uniting in such feast at Mountain Lake, in southern Minnesota. Bohmer is a Dan who has been three years in this county and is 22 years old. His term of a year in the state prison, for larceny in Minneapolis, ended on Wednesday.

When released he was turned over to the sheriff here who had been in charge of Hieser of La Page county, Ill., who was armed with a revolver from the governor of Illinois and issued by Governor Johnson of this state, and who took him back to Illinois to answer a charge of embezzlement. It is said that he was sent to a bank with \$100 in cash and some checks. It is charged, used the money and sent the bank book back with him.

The young man's wife has been working for a living at Mountain Lake, and she has been supporting herself and little ones. She had secured work for her husband and arranged for a Thanksgiving dinner at Mountain Lake, and his wife of his new misfortune and shed tears in the county jail here over his folly.

**FINDS BENEFIT IN STORM**

**Eveleth Reports Beneficial Results from Recent Blizzard.**

EVELETH, MINN.—Altho business of all kinds was greatly obstructed by the blizzard, the results will be beneficial in a general way. The one season was about over and shipping whether it stormed or not. The snow will make hauling of materials much easier as there are no more stripping crews to be employed in the lumber camps as scarcely interfered with by the wind, while the snow comes just at an opportune time.

The St. Louis river is freezing at the edge and some thin sheets of ice are going down stream. When the river freezes completely, as it doubtless will in a few days, banking of logs will be made easy. The Adams mill here has been enabled to strip logs in places where the frost gets too thick, and it is thought the work can be continued till nearly the close of the year.

**ADAM, MINN.—Nels Bernze, a teacher in the schools at Waakon, accidentally broke the leg of one of his pupils while at work on a building, paying the expenses incurred by the accident.**

**NORTHWEST FIRES**

LAKE CITY, MINN.—The upper works of the steamer "Oneida" were destroyed by fire between this city and Stockholm, Wis. were burned yesterday. The boat was built last winter and was valued at \$4,000, and was paid for small excursion parties. It will be rebuilt this winter.

WESTER CITY, IOWA.—The Durr dry goods store at Eagle Grove was burned last night. The store was valued at \$10,000. What damage the fire did to was done by the water. The loss is fully covered by insurance.

HASTINGS, MINN.—Fire destroyed the residence of Donald H. Douglas occupied by Joseph Grouse. The loss was \$2,000, partially covered by insurance.

**NORTHWEST WEDDINGS**

PRESCOTT, WIS.—Charles Keicher and Miss Rosa Wolf of Oneida were married here. Both are well known in this city.

LA CROSSE, WIS.—Miss Clara P. Hanson and Iver G. Iverson were married yesterday at the home of the bride's parents, Mr. and Mrs. O. H. Giffeling. Miss Susan Hostwell and James L. Grimmel were married last evening at the home of the bride.

MILFORD, IOWA.—Francis E. Harber and Miss Emma Strite were married Thanksgiving Day at the residence of the bridegroom's parents. Rev. H. C. Chambers officiated.

**NORTHWEST NECROLOGIC**

LAKE CITY, MINN.—Mrs. Ruth Stringham, aged 83 years, died suddenly at her home in this city. She was ill less than a day. She was a pioneer of the county.

HASTINGS, MINN.—Jacob Hahn died at the home of his daughter, Mrs. Joseph Laster, in South Hastings, age 78 years. He was a former resident of La Crosse. The funeral will be held from St. Bonifacius church Monday morning, Rev. Conrad Glatzmeier officiating.

WINNIPEG, MAN.—Major R. J. Whittle, one of Winnipeg's pioneer business men, head of the big wholesale house that bears his name, died yesterday after a lingering illness.

NEW RICHMOND, WIS.—Wallington Pierce, a pioneer lumberman of this section, died at his home here yesterday morning. He was born in Lexington, Mo., in 1822, and came to New Richmond in the early thirties.

MANKATO, MINN.—Mrs. McRee, an aged resident of Garden City, died at Rochester Tuesday, where she was visiting a daughter. The remains were brought to Mankato for interment.

WATERTOWN, WIS.—Benjamin W. Gardner, known as the show world as Bobby Beard, died last night. He was stricken with paralysis a few days ago. He was a resident of Watertown and was about to start on the road when stricken.

**LEASES TRIAL ORCHARD**

Wisconsin Horticultural Society Will Experiment with Fruit Growing.

BARON, WIS.—A committee consisting of R. J. Coe of Fort Atkinson, Lewis G. Coe of Kellogg and R. S. M. Marshall of Madison, representing the State Horticultural society, has completed arrangements to establish a trial orchard here. Five acres of ground have been leased for twenty years and apples, plums and cherries will be the principal fruits grown. Many Baron county farmers have already grown good apples of various varieties.

THIS SALE OPENS MONDAY AT 9 O'CLOCK A. M.

**DAYTON'S**

Silks 1-4 to 1-2 value

LUNCH IN OUR BEAUTIFUL TEAROOMS.

**Silk History Repeats Itself For Monday—the Third Day**

THE quantities of fine Silks bought for this, our Fourth Annual Silk Sale, probably equal in yards all of those gone before, or nearly two hundred thousand yards. Of course, the vast throngs of buyers, Friday and Saturday, reduced the quantities then displayed. But there were many that could not be shown on account of lack of space. These go on sale Monday for the first time.

2,000 New, Fresh Remnants and Travclers' Samples for Monday, and these very special lots will be added to those already mentioned. Enough for all—silk enough to last many days—but come early in the morning to insure easy selections.

Each Silk Dress, Silk Waist, Silk Skirt or Silk Petticoat Pattern will be enclosed in a neat box if desired.

**Dayton Dry Goods Co., 7th and Nicollet, Minneapolis, Minn.**

**How to Cure Rheumatism**

**Dr. Shoop's Rheumatic Tablets**

I searched the whole earth for a specific for Rheumatism—something that for any physician could feel safe in prescribing—something that will with reasonable certainty drive from the blood the poison that causes pain and swelling, and then that is the end of the suffering—the end of Rheumatism.

Any Rheumatic sufferer who writes may receive my little book on Rheumatism, including professional advice as to diet, etc. Write the book I will also send without charge my "Health Token," an intended passport to good health. Address Dr. Shoop, Box 8620, Racine, Wis.

Mild cases are sometimes reached by a single package—for sale by 40,000 Druggists.

Don't have a falling out with your hair. It might leave you! Then what? Better please it by giving it a good hair-flop—Ayer's Hair Vigor. The hair stops coming out, becomes soft and smooth, and all the deep, rich color of youth comes back to gray hair. Sold for 60 years. J.C. Ayer & Co.

**Do Please Your Hair**

**Story**

"SIR NIGEL" by Conan Doyle, begins exclusively in The Journal's Sunday Magazine tomorrow.

This is said to be the greatest historical romance ever written. It cannot be secured in book form nor in any other publication but THE JOURNAL'S SUNDAY MAGAZINE.
