

WHEAT POOL FAKIR ARRESTED IN N. Y.

F. H. Robertson, Indicted by Minneapolis Federal Grand Jury, Is Arrested.

New York, Dec. 12.—Charged with having been implicated in an alleged illegal discretionary wheat pool scheme in Minneapolis last spring, F. H. Robertson was held in \$2,000 bail here today by United States Commissioner Shields.

Robertson was indicted by the federal grand jury in Minneapolis last spring, and was arrested here last night thru efforts of the postoffice inspectors.

The indictment states that circulars were sent through the west, informing the recipient that a certain member of the proposed pool was the northwestern representative of a combination of capitalists who were going to conduct an immense corner in wheat.

Robertson was an associate of A. C. Vaughan who fled from Minneapolis last spring after having conducted extensive "bucketshop" operations in Minneapolis.

HEARST LOSES IN BALLOT BOX CASE

Court of Appeals Upholds McClellan's Opposition to Content Method.

Albany, Dec. 12.—The court of appeals in a decision handed down today in the New York city ballot box case, sustains the contention of counsel for Mayor George B. McClellan and denies that of attorney for William R. Hearst and his colleagues on the municipal ownership league ticket.

The court holds, as was argued by former Chief Judge Parker and his associates, that the courts have no power to order the election law to order by mandamus the opening of the ballot boxes and a recount and canvassing of ballots.

The decision was rendered by a divided court, five to two.

IDLE OF LONDON PARADE STREETS

Diminished Number Points to Waning Interest in Socialists' Operations.

London, Dec. 12.—Another demonstration of the unemployed occurred today, but the diminished number of the participants and the absence of spectators indicated waning interest in the operations of the Social Democratic League.

The paraders traversed Belgrave square to order to show themselves to Premier Campbell-Bannerman, and representatives were admitted to interview the premier, who had invited the president of the local government board, John Burns, to be present.

The premier, replying to the deputations, said he greatly sympathized with the men who were out of work, but apparently he had no panacea to offer.

He said he might be relied on to give the fullest consideration to the question, and added that he had the advantage of the knowledge and advice of John Burns, who felt equally with himself the necessity of doing everything possible for the unemployed.

SENATE KILLS THE SEARCHLIGHT BILL

Wisconsin's Proposed Investigation of Insurance Companies Defeated, 18 to 15.

Special to the Journal. Madison, Wis., Dec. 12.—The senate today, by a vote of 18 to 15, killed the bill calling for an investigation of insurance and public-service corporations. This investigation was recommended by Governor L. Follette.

The defeat of the bill came as a big surprise. Friends of the governor say that it is useless to try to have the bill reconsidered.

Socialists scored in the assembly today when they body passed an amendment to the effect that only eight hours' work shall be done on the new capitol. A resolution to adjourn the special session till Saturday was killed.

Close Vote on Primary Bill. Madison, Wis., Dec. 12.—With fifteen members absent or not voting, the assembly by a vote of 43 to 42 defeated the "second choice" or "cumulative" primary election amendment bill.

MANN WOULD LOP OFF CANAL BOARD Continued From First Page. Joseph B. Bishop, the former New York editor, who is press agent for the isthmian canal commission at a salary of \$10,000 a year, was asked to give up his life at the meeting of the committee yesterday, telling him he earned the big salary paid him and explaining the precise amount he was worth so much.

Other and bigger fish than Mr. Bishop were in the grilling room before him. Secretary Taft, Chairman Shonts of the isthmian canal commission, Purchasing Agent Ross, Assistant Purchasing Agent Gallagher and Auditor Benson had all been cross-examined regarding expenditures, salaries and other items.

Mr. Taft explained that Mr. Bishop receives \$10,000 a year as secretary of the isthmian canal commission and the title of "press agent" should never have been applied to him. He said Mr. Bishop performs all the duties of secretary and in addition he is charged with refuting all the injurious stories placed in circulation concerning the commission and its work and giving out the facts and figures.

There is no general legislation. The emergency appropriation bill to provide the isthmian canal commission with the funds to carry on the construction of the Panama canal will contain no general legislation.

This was decided by the senate, committee on appropriations at a meeting held last night at which it was agreed to report the measure appropriating \$11,000,000, the amount named by the house bill.

The first section of the bill, in relation to the issuance of bonds, was stricken out. A bill containing this feature was introduced in the senate by Mr. Teller and it will be dealt with by the finance committee. This bill was amended to further provide that in the future no expenditures shall be made for the canal except by authority of congress.

L. A. SWEET, President of the State Dairyman's Association.

Special to the Journal. Mankato, Minn., Dec. 12.—This is the stockbreeders' day at the Minnesota dairymen's convention, and farmers are displaying more interest than in the creamery program yesterday.

P. H. Kieffer of Manchester, Iowa, announced the butter scores today. The highest are as follows: J. W. Reynolds, Eagle Lake, first prize, gold seal, score 97; A. G. Schandel, Elmora, second prize, \$15, 96 1/2; M. Sandergaard, Hutchinson, and Kendall of Schaefer, both 86, divide the third prize of \$10.

The election of officers is likely for this evening. No contest is looked for. A. Sweet is expected to be re-elected as a clear field for president. He is now second vice president.

A. J. McGuire of the Northeast experimental farm, Grand Rapids, read a paper on "A Study in the Breeding of Dairy Cattle." He said that animals shape themselves according to conditions. Minnesota cows, he found, are on the verge of starvation, being hard-berled to work when turned out in the spring.

POSTOFFICE BILL BY FEATHER NOW

Congressman Will Follow Clapp with Measure for New Building.

Washington, Dec. 12.—Representative Fletcher will introduce a bill for a federal building at Minneapolis tomorrow or Friday. It will follow the lines of Clapp's bill, introduced in the senate last week, and it is intended to push the bill in both houses.

There is very little prospect of the enactment of any public building legislation at this session, although all members interested will try to induce Cannon to permit one to be framed.

Some misapprehension appears to exist in Minneapolis regarding Senator Clapp's introduction of a bill before the senate. It is not the intention of putting this bill in, Clapp was simply following precedent. It is practicable to introduce such bills in both branches on the chance of one house or the other passing it, more often the senate, before it can be put thru the opposite branch. By this method there is a gain in time which is desirable in view of the pressure of bills in both houses.

Corey Holds Job IN STEEL TRUST Mere Fact that He Is for 'Mabelle Gilman and Not for Mrs. Corey Cuts no Figure.

Journal Special Service. New York, Dec. 12.—Steel circles throughout the country have been agitated greatly by the reports that, owing to his marital troubles, President Corey of the United States Steel corporation would lose his \$100,000 a year job. It has seemed from some of the stories, that a new law governing the conduct of Steel corporation officials had been decided upon and that, whenever an employee of the Steel corporation had trouble with his wife, he might consider that his days of employment were numbered. This, however, is not so.

The exact situation was today stated by a man who may be described as the official mouthpiece of the corporation whenever any affairs of weighty importance come up. He said: "The matter of President Corey's trouble with his wife has not come officially before the authorities of the United States Steel corporation. In my opinion this matter will never come before them. The men who control its policies of course regret deeply that Corey should be in this domestic trouble. At the same time they consider these troubles as purely his private affairs and as not affecting in any way the business or policy of the corporation."

NEE GRAY IN GERMAN OUTRAGE

Man Kidnapped in Brazil by Kaiser's Men Is Now Missing.

Journal Special Service. Washington, Dec. 12.—Added gravity has been lent to the German outrage upon Brazilian sovereignty by the mysterious disappearance of Steinboffer, the man who was kidnapped.

The commander of the gunboat Panther has explained to the Brazilian government that Steinboffer is not on board the ship. The Brazilian authorities have been unable to locate him and believe he died from injuries inflicted by the kidnaping detachment and that his body was thrown into the sea. His wife expected that M. Nabuco, the Brazilian ambassador, will call upon Secretary Root today and discuss the latest developments with him.

Not a German Deserter. Steinboffer is not a deserter from the German navy. He is a socialist and arrived from Bremen on Oct. 25. The detachment landed under cover of night and forced Louis Zimmerman, a Brazilian subject, to leave his house and aid in searching for a deserter named Hafemann.
