DESPERADO GIVES BATTLE TO POSSE

Citizens of South Dakota Town Capture Robber After Running Fight.

Special to The Journal.
Redfield, S. D., Dec. 19.—After holding up a country school teacher, robbing a village storekeeper and then engaging in a running fight with a posse in which he inflicted a wound upon one of his pursuers, a man who says his name is Ed Snyder and declares that his home is in Michigan, is a prisoner in the county jail in Redfield.
A young woman school teacher, who, when on her way to school near Mansfield, was compelled to give him her watch and jewelry, was the highwayman's first victim. The robber then walked into the village of Mansfield, where he entered a store, ordered the proprietor to hold up his hands, and at the point of a revolver secured a small sum of money.
The man then left Mansfield and the authorities here were notified to look out for him. He was next reported at Athol, and there a posse began to close in on him.
The townspeople of Athol and the highwayman engaged in a desperate running fight. Snyder was defiant to the last, and during the exchange of shots, he winged the town marshal of Athol, sending a bullet thru his right arm.
Snyder was shot in the right hand, but he shifted his revolver to his left hand and continued the struggle until a bullet plowed thru his cheek. Then he surrendered and was brought to the Redfield jail.

OPERATOR SEIZED BY ARMED MINERS

Denver Men Assaulted at Butte for Connection with National Guard.

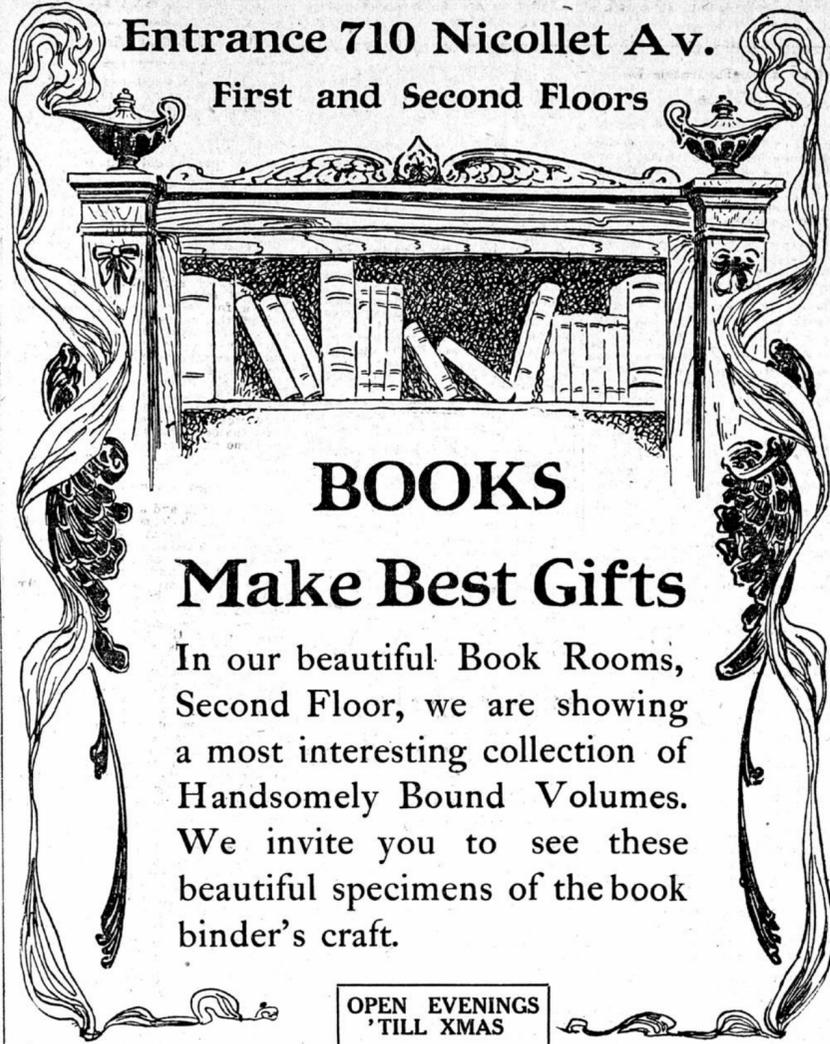

Special to The Journal.
Butte, Mont., Dec. 19.—Thomas C. Crowe, a well-known mine operator of Idaho Springs, Col., was sent out of this city late last night by a delegation of armed miners.
The charge made against him was that he had advocated a citizens' alliance here and that he had served as a captain in the Colorado national guards in the labor troubles there several years ago.
Crowe was hit over the head with a gun and overpowered by six men at Main and Broadway, less than one hundred feet from the police station, and forced into a hack. He was driven within a mile of Silver Bow, seven miles south of here, and allowed to go, after his promise to leave Montana at once and never set foot in this state again. He was threatened with death if he refused.
Crowe came to Butte yesterday in the interests of a Denver mining machinery company.

LAWSON, ACCUSED OF GRAFTING, IS ANGRY

Journal Special Service.
New Orleans, Dec. 19.—Thomas W. Lawson of Boston is very angry over charges of grafting made against him in the editorial columns of the Crowley (La.) Signal. Mr. Lawson used a half page in yesterday's issue of the Signal offering \$10,000 to Crowley charity if any of the charges are proved. Mr. Lawson, in his telegraph, said: "If a single statement in Snunder's letter or in the Signal editorial, referring in a derogatory way to me, contains truth, I will present to any Crowley local charity the sum of \$10,000. The proof that is, if I have ever, in thirty-six years' business career, done a dishonest act, or had any part, directly or indirectly, in graft, or if my repeated pledges to policyholders can be impugned, I will donate the above-named amount and return proxies."

FLAMES IN PRISON SCHOOL FOR BOYS

Washington, Dec. 19.—The boys' reform school of the District of Columbia, some distance outside of Washington, caught fire at 3 o'clock this morning and the main building in which were housed 300 boys, was destroyed. The loss is \$50,000. No lives were lost.
As soon as the alarm was sounded the guards immediately set about rescuing the boys, at the same time summoning to their aid the police reserves in the ninth precinct. It is not believed that any of the prisoners got away from the institution. In fact, most of them rendered valuable aid to the men of the fire department by the effort to save the surrounding structures, and it is said were under good control of their guards from the start.
The cause of the fire is not definitely known, but it is believed to have resulted from spontaneous combustion among goods stored on the fourth floor of the building. Many supplies also were destroyed.

PLYMOUTH CHURCH OF GOTHAM IN STRAITS

Journal Special Service.
Brooklyn, N. Y., Dec. 19.—Historic Plymouth church has come to such financial straits that a meeting was held last night to devise ways and means to increase the revenues, which have so dwindled as to show a deficit in the last year against surplus thirty years ago, when Henry Ward Beecher was paid a salary of \$100,000. The meeting was in no sense a reflection on the ministrations of Dr. Dwight Hillis, but rather an indorsement of his untiring efforts in the face of extraordinary adverse circumstances.
The old Brooklyn Heights families, who were the mainstays of Plymouth, have disappeared thru death or removal.
The deficit in the Plymouth exchequer from 1900 to 1905 was \$8,000. For the present year it has been \$1,000. The plan of relief will be definitely considered next week.

"My dear boy: If you are able to get home before Christmas, take the trip. See if you cannot connect with No. 23 in Chicago. Cousin Robert A. Austin's address in Chicago is No. 25 River street.—Mother."
The body is held at the poor farm awaiting instructions from the wife.
