

LAMBERTON DIES AT WINONA HOME

Death Claims Former Capitol Commissioner and Pioneer of Minnesota.

Winona, Minn., Jan. 1.—Henry W. Lambertson, one of the commissioners under whom the new state capitol was built, a pioneer of Winona and one of the oldest bankers in the state, died here yesterday afternoon of diabetes and complications from which he suffered several years. He had been confined to his home for a month. He was born at Carlisle, Pa., seventy-five years ago next March. He was admitted to the bar in Pennsylvania. He came to Winona in 1837, and after two years he went to Faribault for two years, and then to St. Peter, where he was engaged in the practice of law and sold land warrants. He practiced law before the land office, and the interior department.

Made Land Commissioner. After the Indian outbreak, he moved back to Winona in 1863. In 1866 he was made land commissioner for the Winona & St. Peter Railway company. Shortly after he organized the old Winona Deposit bank, and was elected the first president, which office he held continuously until his death. In 1876, a part of the railway land grant was transferred to the Winona & St. Peter Land company, of which Mr. Lambertson became land commissioner, which office he held until his death.

Was Mayor of Winona. Later he was alderman, member of the board of education and mayor of Winona.

While alderman and mayor he was instrumental in getting the city's present water system, the work having been done under his administration and personal supervision. He was one of the organizers and builders of the Winona & Southwestern road. He was reputed to be one of the wealthiest men in Winona, leaving a large estate. His wife died about two years ago. He is survived by two sons, Charles H. and Henry M., the latter an attorney here, two daughters, Mrs. John H. Mitchell and Mrs. C. A. Boat of Winona, and two sisters in Pennsylvania. The funeral arrangements have not yet been made.

AMERICANS IN ISLE OF PINES OPPOSE TREATY

Havana, Jan. 1.—The Americans in the vicinity of Nueva Gerona, Isle of Pines, who are interested in the attempt to separate the island from Cuba, have issued an appeal to the people of the United States to aid in preventing the ratification of the Isle of Pines treaty pending in the United States senate. The appeal says: "Thus far any hearing has been denied us. We ask you to save us from betrayal by a few unworthy representatives of our government until we have had the only thing we ask for, namely, a hearing, at which it can be shown that our cause is just, and that we are only striving to preserve for our country what belongs to it."

FRANCE STIRRED BY FEAR OF WAR

Conservative Press Shows Disquietude—Calls Feeling of Anxiety "Military Alertness."

Paris, Jan. 1.—Sensational papers here continue to publish lengthy telegrams from frontier towns reporting extraordinary activity by the military authorities. The evening edition of the Intransigent yesterday produced the alleged declaration of a superior Belgian staff officer upon the military precautions Belgium is taking in order to preserve neutrality, and also a lengthy special dispatch showing the defensive strength of the main frontier points. Deputy Jaures reflects the pessimistic view of the socialist element, writing in the Humanite that "the antagonism in which France and Germany enter the Morocco conference causes a terrible uneasiness to weigh upon Europe, as the slightest untoward incident might unchain a catastrophe."

Warning! Don't Go to California. It would be a great mistake to arrange for a trip to California at this time of the year without first looking into the new sleeping car service to Kansas city over the Minneapolis and Saint Louis railroad, making close connection in Kansas city with depot and with the fast and luxurious California limited trains. DIAMOND PRICES ARE GOING UP

Fine Stones Fetch Twice the Ruling Market Figures of Five Years Ago.

London, Jan. 1.—Diamonds are going up in price rapidly. Good stones are 100 per cent dearer today than they were five years ago, and they will cost more a year hence. Diamonds are not scarce, explained a Hatton Garden dealer yesterday, but half a dozen diamond syndicates are holding back the uncut stones. When prices began to rise people held aloof from purchasing, in the expectation that prices would go down again; but today they are rushing to secure the best gems on the market before prices rise still higher. As a result, the demand is about three times greater than the supply. So keen is the demand in Hatton Garden for diamonds that many small dealers are going round the pawnbrokers' establishments buying up any good stones that may have been pledged and unredeemed by persons ignorant of their present value.

SPECIAL TRAINS SMASH RECORDS

Nine Remarkable Long-Distance Runs of American Trains Made Last Year.

New York, Jan. 1.—In the year just closed nine new high-speed records were made on the railroads of the United States, the average varying from 44.3 to 79 miles an hour. There were two sensational long-distance runs: one by the "Death Valley" Scott special from Los Angeles to Chicago at fifty miles an hour for the entire distance, the other by the E. H. Harriman special from Oakland, Cal., to Jersey City, at 44.3 miles an hour. Mr. Harriman was on his way with his family and friends from Japan to New York, to testify before the insurance investigation. The Harriman special smashed the famous record of the Jarrett and Palmer theatrical special from New York to Oakland, 3,311 miles, which averaged 39.53 miles an hour. The record of the nine record-breaking runs of 1905 was as follows: Oct. 23—Harriman special, Oakland to Jersey City, 3,239 miles; average speed 44.30. July 3—"Death Valley" Scott's special, Los Angeles to Chicago, 2,346 miles; average speed 50. Daily New York Central Twentieth Century Limited, New York to Chicago, 964 miles; average 53.55. Nov. 3—Pennsylvania's 18-hour Chicago Flyer, Harrisburg to Chicago, 717 miles; average 56. Jan. 16—Twentieth Century Limited on Lake Shore road, Chicago to Buffalo, 525 miles; average 69.53. Oct. 24—Eighteen-hour flyer on Pennsylvania railroad, Crestline, Ohio to Clark Junction, 257 miles; average 74.55. May 14—Sea Shore Flyer, Atlantic

BRACKETT TO ASK THAT DEPEW QUIT

Legislative Attack on New York Senator Depends on One Man's Nerve.

Albany, N. Y., Jan. 1.—Unless Senator E. T. Brackett of Saratoga changes his mind by Wednesday, a resolution will be presented when the senate meets on that day demanding the resignation of Chauncey M. Depew as United States senator from New York. If no other senator presents the resolution, Senator Brackett will introduce it. As far as can be learned, no other member of the senate intends to present such a document, and it will, therefore, be left to Senator Brackett. A few weeks ago Senator Brackett declared his belief that Senator Depew would come to see the wisdom of voluntarily resigning rather than run the risk of receiving an official request, backed by the entire legislature, to surrender his seat. The senator, however, has not as yet indicated to Governor Higgins his desire to retire from the senate and it is, therefore, probable that Senator Brackett will introduce the resolution requesting him to resign.
