## BIG FISH HAD TO BE PUT TO DEATH

TWELVE-POUND PICKEREL GOT TOO STRONG.

Guyascutus 63d Was All Right Until Photographer Exploded Flash Light—Then He Went Mad and Tore About Tank, Leaping Out and Finally Smashing Glass.

Today was a bloody one at the poultry show. The executioner was summoned to execute a sentence of death on Guyascutus the 63d, the savage and rambunctious star of the fish exhibit.

It was all on account of the excessive timidity of Guyascutus that he came to grief. For the first days of the exhibition he was as well behaved a 12-pound pickerel as could be desired.

He lolled easily and gracefully in his tank and basked in the sunshine of thousands of admiring smiles.

As soon as the room was filled with the flash and roar of the cameras the fish became frantic.

It is the opinion of Secretary George Loth of the poultry association and other experts that the fish at some time figured in a dynamite explosion and remembered his narrow escape at that time.

With two twists of his muscular body he turned the quiet tank to a sea of seething foam.

A third strike and up he went over the top of the tank, carrying the protecting screens with him and landing on the stone floor below.

He was rescued by the fish keeper, and placed in the tank, but all the while and soft lullaby of the guard, experienced in the work, failed to quiet him.

He tore about the tank. The top screens were weighed down with fifty pounds of stone, leaving no hope of escape there.

As a last resort, he made a straight lunge for the heavy plate glass front. After two attempts it broke under his savage attack and the water began to pour out over the basement floor.

This was the last straw and the sentence of death was passed. The remains will be served baked and stuffed with slices of salt pork inserted in the sides, and lettuce and spinach trimmings.

Thousands of Visitors.

The show is drawing thousands of visitors every day. Yesterday Executive Agent T. Fullerton of the state and fish commission visited the show with the members of the Game Warden's Association of America as his guests.

The association is now in session in St. Paul and the party came over in a private car to see the show.

The forty-one state game wardens and their ladies who were in the party were enthusiastic in their praise and were especially interested in the game exhibit of the Wallace Evans Game company and complimented the state commission on its fine fish exhibit.

This evening the members of the State Poultry association will be guests at a banquet to be given at the Commercial club by the business interests of the city.

The afternoon exhibitions have been especially popular with school children and many parties under the guidance of teachers have visited the show for its educational benefit.

## WON'T TAKE SMOOTH COINS

Street Railway Case Won't Affect the Attitude of Conductors.

Smooth money is not necessarily legal tender on streetcars because Ernest Blanchard was awarded damages against the street railway company in municipal court yesterday in a case based on the refusal of a smooth quarter.

Mr. Blanchard offered a smooth quarter which was refused, and because he offered no other coin of value he was put off the car.

While before the students of the Minnesota School of Business yesterday afternoon.

Mrs. A. M. Giesaman left last evening for Shippensburg, Pa., in response to a telegram announcing the serious illness of her father, D. W. Totten. Mr. Totten is the father of H. S. Totten of The Journal and a brother of Mrs. C. B. Hoffinger of Minneapolis.

The fourth degree of the Knights of Columbus entertained Rev. J. M. Cleary at a banquet at the Commercial club last night.

E. J. Kennedy was the toastmaster at the speakers were Father Cleary, Hubert Kelly, W. E. Reau, Dr. Crowley and Terrence Conolly.

After running away from home nine times in two years, Mary Penner, 3519 Humboldt avenue N., is locked up at Central station. Wednesday night she ran away from home and was found in a drug store at Nicollet and Seventh street. She will probably be turned over to her parents.

The directors of the Twin City Telephone company have declared the sixteenth quarterly dividend at the rate of 7 per cent per annum on the preferred capital stock, payable Feb. 1, 1906, to stockholders of record of Jan. 25, 1906.

The transfer books of the company will be closed from Jan. 25 to Jan. 31 inclusive.

## COMPROMISE ON FAMOUS \$100,000

HALF GOES FOR TAX REBATES; HALF FOR REPAIRING.

Council's Joint Committee on Ways and Means and Taxes Settles on Disposition of Fund—All Claims for Rebates Must Be Accompanied by Power of Attorney.

Half of the \$100,000 recently transferred from the city's sinking fund to the permanent improvement revolving fund will be devoted to the payment of rebates for excess on special assessments and the other half to repairing the downtown streets.

This action is a compromise with the party in the council which was anxious to have the entire sum devoted to paving.

At a previous meeting of the joint committee it was decided to use the entire sum for the liquidation of claims for rebates, but when the report reached the council it was sent back to the committee for further consideration.

There was a little jockeying at yesterday's meeting, various plans for the division of the money being proposed, but eventually a motion by Alderman E. C. Chatfield that \$50,000 be devoted to each proposition was carried.

Subsequently Alderman G. A. Westphal secured the passage of a motion requiring that all claims not collected by the holder shall be accompanied by a power of attorney for the collection of the same.

Mr. Westphal explained that the purpose of his motion was to guard against the fraudulent or unauthorized collection of these claims.

There has been considerable controversy from time to time between claimants and rebate collection agencies as to the letters' authority to make collections under the commission.

Mr. Westphal's point is that the powers of attorney are executed as he suggests, any dispute may be easily settled.

Statements of claims for rebates were submitted by City Engineer Andrew Binker, and City Controller Dan C. Brown.

The excess on assessments for sewers and watermains aggregated \$1,077,007, of which there had been paid in the past five years \$92,291,511, leaving an unpaid balance of \$244,635,522.

Not all these claims had been verified, and the amount actually due at the present time is \$172,188,022.

## PARK COMMITTEES NAMED

BOARD SHIFTS MEMBERS AS RESULT HEALTH BUSINESS OF COMMISSIONERS.

President Fred L. Smith of the park board has revised the membership of the standing committees, the changes being made necessary by the condition of health and increased business cares of the commissioners.

Mr. Loring has been appointed as chairman and member of the committee. E. J. Phelps is made chairman and E. H. Moulton fills the vacancy.

The personnel of the new committees is as follows: Improvements—Commissioners Northrup, Loring, Folwell, Decker and Acknowledged.

Finance—Commissioners Phelps, Johnson, D. W. Jones, Decker and Acknowledged.

Designation and Acquisition of Grounds—Commissioners Folwell, Allan, D. P. Jones, Decker, Phelps, Johnson and Bradstreet.

Employment and Supplies—Commissioners Bontell, Decker, Phelps, Johnson and Bradstreet.

Privileges and Entertainments—Commissioners D. W. Jones, Allan, Bradstreet-Moulton and Northrup.

## ALL MAY TALK ON FOOTBALL REFORM

UNDERGRADUATES EXPECTED TO EXPRESS THEIR VIEWS.

Athletic Board Annual Election Feb. 3 Will Be Attended by Almost Every Man in the University and Men Chosen for Places on Board Will Be Carefully Chosen.

At the annual athletic board election at the university, scheduled for the evening of Feb. 3, undergraduates and faculty members will have an opportunity to express their views in regard to football reform and the attitude Minnesota should assume in the big nine controversy.

The meeting will be held in the armory and immediately after the election a meeting of association members will be called and a meeting of association members will be called and a general discussion of the football situation will follow.

Judging from present indications the meeting will be attended by almost every undergraduate man in the university and the men chosen for places on the board will more thoroughly represent the undergraduate body than ever before.

New candidates for places on the board are appearing daily and from now until election the university politicians will rule the campus.

Chief interest centers in the contest for the presidency of the board and for this position John Gleason and Edward Condon are the avowed candidates.

Gleason is a recent entry in the race and he has had experience on the board as a member of the executive committee last year.

He is prominent in athletics, having played both football and baseball at the university. Condon is a middle law and at a meeting of his class this morning he was endorsed as a candidate for the presidency.

It is unlikely that the fight for places on the board will develop an issue. Baseball at the university has been assured thing and the students are unanimous in opposition to the abolishment of football.

After two weeks of bickering sophomore medical students at the university have decided to join forces with sophomores of the other departments in publishing the Gopher of the class of 1908, and the election for places on the Gopher board will take place some time in February.

The agreement was reached as a result of concessions on the part of the academics, who have agreed to allow the other departments a voice in the election of the editors of the Gopher.

Representatives from the different departments in proportion to the numbers of students enrolled.

Instead of the usual banquet at the time of the annual meetings of the University of Minnesota Alumni association, the social part of the 1906 meeting will be held at the university armory on Feb. 10, will take the form of an informal reception, to be given by the board of directors to the alumni, faculty and former students of the university.

They will be dancing and other amusements.

Bishop J. D. Morrison of Duluth last evening delivered an interesting lecture at the university on "The Cross of Christ." The lecture was the third in the series given by the Bishop Gilbert society, an organization of Episcopalian students.

## ABBOTT BLUNT IMPROVES

Well-Known Editor Reported to Be Slightly Better Today.

Abbott Blunt, editor of the Duluth News-Tribune, who is at St. Mary's hospital, is slightly better today, and his physicians now have some hope of his recovery.

There was a noticeable change about noon, and he was resting much easier. He will be taken to a warmer climate in case he recovers sufficiently to be moved.

## ASKS \$250,000 DAMAGES

Damages to the amount of \$250,000 are alleged in a complaint filed by the Washburn Coupler company in the United States district court.

The defendant is the American Steel Foundry company. The plaintiff charges that the defendant is making an inferior coupler which resembles the Washburn coupler and damages its standing on the market.

Epworth Leaguers and their friends will hold a social and rally this evening at Hennepin Avenue Methodist church.

First Church league will furnish a musical program by Hannah Brock, a bass solo by Martin Jordan, and a piano solo by Ruth Eddy.

R. J. Norton of the Y. M. C. A. will give a short talk upon the missionary institute which will convene at Westminster church next week.
