Auto Show Visitors Hit Up the Pace Now and Then.

Special to The Journal. Chicago, Feb. 9.—The property of the Chicago automobile show, which opened its seventh day's exhibit at the Coliseum and First regiment armory to a great throng of visitors this morning, was shown in another way later in the day when the waiters in the basement cafe went on a strike.

So great are the returns that come to the automobile manufacturers from the various exhibitions of that machine that are given throughout the country that thirty or forty of them are making arrangements to set up a transcontinental railroad train for the purpose of showing their exhibits from one end of the country to the other, embracing practically every city and consideration from Minneapolis to New Orleans and from the Atlantic to the Pacific.

The plan as outlined is for each manufacturer to secure an express car and install in it his various models of machines for the next season. These cars will be made up into a train of as many sections as need be and will be toured through the country, stopping a day or two at each city.

Arrests of automobilists continue, despite the order of the mayor to discontinue the crusade against the visitors. The arrests, however, are now only for violations of the speed ordinance. To such a pass had matters come that yesterday the auto interests sent a representative committee to the city hall.

Other experiences of the constable were more violent. The warrants were taken out by West Park Patrolman James Martin, the man who has risked injury many times in attempting to stop speeders. The machines were timed today between Fourth and Halsted streets. Many were going at thirty miles an hour.

Sixteen chauffeurs were arraigned this morning. Small fines were imposed on ten of them, and six cases were dismissed.

Journal Special Service. New York, Feb. 9.—Pitching records of the National league for the season of 1905 are interesting to New York fans, because of the fact that the twirling star of the champions figures prominently and for the further reason that "Noodle" Hahn has an average less than one base on balls a game, a wonderful showing for a left-hander. Following are some of the facts disclosed:

Matthewson hit but one man during the entire season.

Fraser, Boston, allowed the greatest average of bases on balls per game, 3.8.

A. S. Rickert, taking the lead at the start, need around the clock of the month at the Army ring last night, winning the first heat of the roller skating race by three feet. The second heat will be skated tonight, beginning at 10:15.

It has become known here that at the triangular conference here yesterday Yale pledged itself to this. So did Princeton.

Carson is skipping "kicks," and the sensation of last year's bonspiel, and they played a winning game against Dunbar all the way, winning 13 to 7.

The feature of the game was the meeting of Renelle's Toronto Eastern champions and Braden's rink, Winnipeg's finest exponents of the game. The local rink won 15 to 8, but Renelle's first defeat. Dunbar won his other games easily.

A PRACTICE GAME AT RIVERSIDE, CAL.

Los Angeles, Cal., Feb. 9.—Marvin Hart, world's champion heavyweight, and Tommy Ryan, middleweight champion, had an interesting scene yesterday with a "trap" constable, who took them in custody under the belief that they were escaped convicts.

SHERIFF NOT SO BAD IN MAKING A GUESS

The arrest was the result of a practical joke, perpetrated by someone who telephoned after the pugilists had left North Beach bathhouse that two men had broken out of prison in Los Angeles and were headed in a certain direction. The route described in a road on which Ryan and Hart take a jaunt every morning. The constable, believing that the escaped criminals intended to go to the wharf and board a sailing vessel, armed himself with a shotgun and laid in wait.

When Hart and Ryan put in an appearance the constable, who is from Santa Monica, informed the pair that they were his prisoners. Persuasion was out of the question, and the constable marched the two champions into Santa Monica where, after prolonged discussion and indecision from leading citizens, the rule officer allowed the men to go.

At first Hart was mad thru, but "foxy" Ryan showed him where someone was having fun at their expense.

"COWBOY" WESTON IN FORM FOR TOURNEY

DUNBAR STILL UP IN THE PREMIER EVENTS

Special to The Journal. Winnipeg, Man., Feb. 9.—The international primary is the feature event for today in the bonspiel. It is on at the Granite rink this afternoon with four rinks a side. Lennon Y. Graham will meet Smith, Duluth. Renelle, Toronto, will take on Bob Dunbar, St. Paul. Braden, Indian Head, will try conclusions with Myron, Duluth. Rannister, Carberry, will hold up Canada's end on the fourth sheet against Thomson, Bowes, Mont.

The American rinks are all strong aggregations to buck up against in the Canadian representatives. The rinks should prove very interesting. If the American rinks win they will play among themselves to determine the overall champion.

The pick of the curling talent of Canada and the United States was not good enough to beat the Winnipeg curlers in the big played yesterday. The local rink won 15 to 8, but Renelle's first defeat. Dunbar won his other games easily.

There was no curling last night, a big banquet for the visitors being on.

Albany, N. Y., Feb. 9.—Michael J. Donlin, centerfielder of the New York National league baseball club, Walter Bennett, a southern league pitcher, and John J. McGrath, a professional ball player, all members of an indoor baseball team en route to begin a series of games at Troy, were arrested here on the arrival of their train yesterday afternoon. They are charged with disorderly conduct on the train. Donlin is charged also with threatening a porter with a loaded revolver.

According to the story of the porter, the party began drinking soon after the train left the Grand Central station. Their conduct became annoying to other passengers and they were repeatedly cautioned by the conductor and train crew. The warnings proved ineffectual, and finally, the porter alleges, Donlin drew a pistol and pointed it at him, throwing the passengers into a panic. Some of the more prudent members of the party took the weapon from Donlin.

At Poughkeepsie the conductor telegraphed to Albany, and when the train reached here Donlin, Bennett and McGrath were pointed out as the chief offenders. When the identity of the prisoners became known a crowd followed them to the police station.

The other members of the party at once began earnest efforts to secure their release. Members of the legislature from New York city used their influence in aid of this endeavor. Other members of the party took the weapon from Donlin.
