

GAMBLING WITH DEATH
What Many of Us Are Doing Three Times a Day.

For everything we get something is taken away. Every act pulls two ways. Some men in power dole out their souls for it. They can't have soul and power at the same time.

And so, in this quick-living age, most of us can't have energy and health at the same time. One or the other must be lost, and it is usually health.

We know we are doing wrong and would like to reform, but we have a morbid fear of being laughed at if we aim to live and eat according to conscience and good sense.

Some of us break away for a while and enslave ourselves to a diet. We read about the hardy Scotsman being fed on porridge and oatmeal, making soldiers of muscle and dash, and how Cesar's army was fed on corn. But the diet doesn't last long. We quickly swing back into the great line, eating and drinking to fullness like the rest, eating anything and everything, at any time, and any way we find it. We say "what is a stomach for if it isn't to obey the palate."

But there is really no one rule applicable to everybody's stomach. What one man may eat another may not.

But the dyspeptic should remember that the death list has a dark shadow hovering over it, with a long, bony finger pointing to "died of heart disease." Physicians are still telling us that there are few cases of heart disease that do not come from a stomach derangement.

Every meal we may be brewing for ourselves a terrible case of dyspepsia. It may come upon us after breakfast tomorrow morning, or after that oyster supper tomorrow night.

Acute indigestion means that you have even chances for death or life. That's the gamble you are taking. That precious gastric juice decides, as a rule, whether you continue to live or not.

Therefore, if you feel your food lies like a "lump of lead" on your stomach, beware! Your gastric juice is weak. It can't dispose of the food in time to prevent fermentation. Take something that will do it effectively and at once. Take Stuart's Dyspepsia Tablets, the most powerful tablets in the world for the relief of all kinds of stomach trouble, nausea, indigestion, the worst cases of dyspepsia, fermentation, bloated feeling, sourness, heartburn and brash.

One grain of an ingredient of these tablets will digest 3,000 grains of food. Your stomach needs a rest at once. Stuart's Dyspepsia Tablets will relieve your stomach of more than two-thirds of the work it has to do, digesting perfectly whatever food there is in your stomach.

You can't do your work well, or be cheerful, or have energy or vim or ambition, when your stomach is bad. Make yourself feel good after a hearty meal. Feel good all over, clear your mind and make you enjoy life, by taking Stuart's Dyspepsia Tablets.

Give your stomach a rest, so it can fight itself, then you need fear nothing. You can get these tablets anywhere for 50 cents a package.

Popular Danish Comedy
to Be Given Tomorrow

PETER MOE AS "KLINT," AND HERMAN WARELIUS AS "SHOEMAKER" IN "GJENBOERNE."

"Gjenboerne," one of Hostrup's most popular comedies, will be presented tomorrow evening at Dania hall by the Norwegian-Danish Dramatic company, recently organized in this city. The play is laid in Copenhagen, Denmark, in the year 1840, and has long been a favorite on the Norwegian and Danish stages. The company, which has been coached by Mrs. Sophie Oulie, is said to contain many capable players. The same company will repeat the play at Mozart hall, St. Paul, on Feb. 28.

TRY VOTING MACHINES. St. Paul will experiment with voting machines at the coming primary election. A manufacturer has offered two machines for trial and the council has accepted the offer to which there are no strings. One will be used in the fourth precinct of the seventh ward and the other in the fourth precinct of the eighth.

PAYS GROSS EARNINGS TAX. The Railway Transfer of Minneapolis today reported gross earnings for 1905 amounting to \$169,462.85. The 4 per cent tax amounts to \$6,778.11.

Five associates are to be chosen from the list of academic candidates.

The Gopher election is to be held next Tuesday, and as sophomores, in all departments will have rights in the choice of the Gopher chiefs, the contest will poll a larger vote than in the past. The Australian ballot system will be used.

Friday morning the second debating mass meeting of the year will be held at the university, preliminary to the annual Minnesota-Jowa debate, scheduled for Friday evening in the university chapel. The meeting will follow the chapel exercises and either John Lind or Marshall Wilder will address the students.

Tonight at the National hotel the senior law class of the university will hold its annual banquet. Toasts will be responded to by members of the class.

SARA'S SPELLING WAS INFERIOR TO HER ART

In 1885 and 1886, V. P. Collins, publisher of the Agriculturalist, was a correspondent in Paris for a number of American papers and just as Madame Bernhardt was about to make one of her farewell tours of America he interviewed her in her home in Paris. In answer to some of his questions she seized a pencil and, asking how to spell Shakespeare, proceeded to write the following: "Shakespeare est plus comprie par les allemands, les americains, les italiens et les espagnols, pourquois ils sont plus passionnie et philosophique que les francais."

"Hamlet a en beaucoup de succes empier des gens lettres, mais ils sont rares en France. "Je suis contente de quitter Paris, parce que j'adore voyager, je serai contente de revenir parce que j'adore Paris." Collins says, in exhibiting the copy, which has always been preserved: "Note her spelling of Shakespeare in spite of my efforts to instruct her in the various ways in which that name is spelled. She invented a new one which I never saw before. What she said, put into English, is this: "Shakespeare is better understood by the Germans, the Americans, the Italians and the Spaniards, because they are more passionate and philosophic than the French. "Hamlet has good success amongst literary people, but they are rare in France. "I am satisfied to leave Paris because I love travel. I shall be content to return because I adore Paris." The last paragraph is doubtless just as true today as it was then.

HOMEOPATHS MEET

An informal meeting of the Minneapolis Homeopathic Medical society was held at Dayton's tearoom last night, with about fifty members and their wives in attendance. Dr. George E. Dennis, acting as master of ceremonies, introduced Ralph W. Wheelock, who represented Mayor Jones. Following him, Dr. E. H. Beckman told how eastern hospitals were run at a less expense than those of the west. Mrs. A. P. Wilcox and Dr. P. M. Hall discussed "The Relation of the Physician to His Home."

Don't Hesitate
If you suffer from any kind of female troubles, don't hesitate to take Wine of Cardui. It is a medicine which, for over half a century, has proved of remarkable efficacy in just such diseases.
"For the last nine years," writes Sam'l. L. Davidson, the well known real estate operator of 1655-Eliot St., Denver, Colo., "my wife suffered from female troubles, and if it had not been for
WINE OF CARDUI Woman's Relief
she would be suffering yet. I broke up my business East to bring her here, but it did not improve her general health. Our physician could not help her, and all his skill came to naught. She asked him if there was no known cure for female trouble. He said there was a patent medicine, but would not tell her its name. So she asked her druggist, and he recommended Wine of Cardui. After trying it, my wife says that Cardui, with plenty of fresh air, will do more than all the doctors combined, and we recommend it to all female sufferers, where no surgical operation is necessary." Try it for periodical pains.
