

NEW YORK POLICE GRAFT DISCLOSED

Women, Led by Berthe Claiche, Expose Corruption to Bingham.

New York, March 8.—Abraham Levy, of the counsel for the defense in the trial of Berthe Claiche for the murder of Emile Gendron, has laid bare before Commissioner Bingham the fact relating to police corruption, as the little French girl has found it in the lenient hands of the police, as outlined by Levy, concerned three, or possibly four, men connected with the nineteenth precinct in 1904 or 1905.

That the confession of the Claiche girl will be made the basis for a wide inquiry into police methods is the general belief among those who have followed the sensational events of the young woman's trial.

MYSTERY IN STORY OF SCHWAB'S ILLNESS

Kansas City, March 8.—The Rock Island train on which Charles M. Schwab was due to arrive in Kansas City at 7:50 this morning was reported nine hours late and will not reach here until about 3 p.m.

A message received at the general office of the Rock Island at Topeka said that Mr. Schwab's condition was slightly improved this morning. A second dispatch sent when Mr. Schwab was thought to have passed through Hutchinson quoted Mr. Schwab as saying: "I am feeling fine."

It was stated that he was resting comfortably and was feeling better than at any time in the past two days. The conductor of Mr. Schwab's car refused to let anyone see the steel magnets. The conductor, however, insisted that Mr. Schwab's condition was in no way serious.

"Mr. Schwab," said he, "is all right and feeling fine. He has not been seriously ill at any time since he left Los Angeles."

JERSEY REFORMER IS FIGHTING PRUDENTIAL

Trenton, N. J., March 8.—Senator Colby of Trenton county gave battle all day yesterday and late into the night against the powerful legal force of the Prudential Life Insurance company in the war against the resolution introduced by Mr. Colby several weeks ago, calling for an investigation of the Prudential and its subsidiaries, particularly the Fidelity Trust company. Arrayed against the Colby men were John W. Griggs and R. A. Lindabury, reinforced by officers of the company. The contest was before the insurance committee, of which Senator Haller of Morris, the republican floor leader is chairman, and which committee now has the resolution. No announcement was made by the committee as to what action it will take.

WOODEN LEGS DOOMED

Here Is a Surgeon Who Grows New Bone by Artificial Means.

Chicago, March 8.—Wooden legs will soon be a thing of the past, as extinct as the dodo, if the surgical work of Dr. Emil Maertens of Ghent, Belgium, is duplicated by the surgeons of the world. He has succeeded in growing new bone thru artificial means. Paraffin is the agent which has made it possible for the Belgian to restore the use of the femur or the thighbone in nine out of eleven cases of compound, comminuted fracture. He told members of the Chicago Medical society last night at their meeting in a paper on the subject of the artificial bone.

MISOURI CONVICTS MURDERERS.

Jefferson City, Mo., March 8.—Vaughan, Ryan and Raymond, the convicts concerning the slaying of the state penitentiary here last November, charged with the killing of a gatekeeper, were today found guilty of murder in the first degree. The crime was part of the attempt of several convicts to escape from the penitentiary on Nov. 24. This was their second trial.

CURIOS CHANGE Caused by Food.

"A few months ago," writes a N. Y. state woman, "I was the victim of a stomach so disordered that I could eat scarcely any sort of food without suffering great distress. In time an eruption appeared, of a most painful nature, which covered my whole body, and which the doctors said was erysipelas, and prescribed for it accordingly.

"Their medicine gave me no relief, however, my condition growing worse day by day. At last it occurred to me that possibly the derangement of my stomach was the cause of the trouble. The doctors said that that organ was like a piece of raw beef.

"I made a complete change in my diet, and put myself on a straight regimen of Grape-Nuts. In a day or two I began to improve, my digestion gradually came back, all the nervousness and headaches disappeared, and within ten days the so-called eruption passed away and has never returned. Meantime my weight has increased and I can digest food that formerly I could not.

"I can honestly say that Grape-Nuts food constitutes the best diet I ever used." Name given by Postum Co., Battle Creek, Mich.

There is a reason. Read the little book, "The Road to Wellville," in pigt.

FRENCH CABINET SUDDENLY QUILTS

Continued From First Page.

comes at a most dramatic moment, when the Franco-German contest has reached a decisive stage, and may exert an important adverse influence on the Algerias conference and on European affairs.

The defeat of the government came on a comparatively minor debate over the church disorders. The government succeeded in holding only 234 votes, while the various elements in opposition—socialists, radicals and nationalists—united and polled 267 votes, placing the ministry in a minority of thirty-three.

The vote was more expressive of personal antagonism in the ministry than of opposition to church inventories.

The Rouvier Cabinet. The Rouvier cabinet was formed Nov. 12, 1903, when Loubet was president of the republic. When Pellucier was inaugurated last month, the cabinet formally tendered its resignation, but at the request of the new president, it remained in office. It was constituted as follows: Premier and foreign minister, M. Rouvier; minister of the interior, M. Dubief; minister of war, M. Etienne; minister of marine, M. Thomson; minister of commerce, M. Trouillot; minister of finance, M. Merion; minister of justice, M. Chaumie; minister of the colonies, M. Clémentel; minister of public works, Armand Gauthier; minister of public instruction, Bienvenue Martin; minister of agriculture, M. Ruan.

The Moroccan Crisis. Prior to the cabinet crisis the Franco-German controversy over Moroccan control seemed to be in the balance, with the inclination strongly toward an agreement. All depended upon Berlin's last word. If this was a frank concession of a Franco-Spanish police without impossible conditions, then agreement was assured; but if the concession involved further conditions, France, whose pride was already much aroused, was prepared to reject it.

The foreign office stated the situation as follows: "The reported German concession has not been communicated to us and we are therefore unable to state definitely what action may be taken thereon. One thing, however, can be stated with absolute positiveness, namely: If the German concession on the police question is conditioned upon international supervision it will not be accepted."

Following the resignation of the cabinet, after that event no one was able to indicate the course of the government.

M. Dubost advised President Fallieres to let Bourgeois to form a ministry. The names of former Premier Ribot and Minister of Justice Chaumie were also mentioned.

Fear of Delcasse. Berlin, March 8.—The fall of M. Rouvier, the French premier, availed certain misgivings here lest it lead to a resumption of the foreign policy of M. Delcasse. It is pointed out that the majority against M. Rouvier was composed chiefly of the negotiators who denounced as treasonable the attitude of the element whose opposition to M. Delcasse led to his resignation. Much curiosity and some anxiety is indulged in regarding the effect the resignation will have on the Algerias conference, and it is feared that fresh complications will follow or that there will be a period of uncertainty and delay.

Following M. Delcasse's resignation June 7, 1905, in submitting his resignation he said that he recognized that differences of view had arisen between himself and his colleagues relative to the foreign policy of France, particularly in connection with the negotiations with Morocco. Therefore he believed it desirable, in the interest of the ministry and the country, to resign.

PARLEY MORE PEACEFUL Ministerial Crisis Astonishes Delegates to Moroccan Conference.

Algerias, Spain, March 8.—The ministerial crisis in Paris caused profound astonishment among the delegates of the powers attending the Moroccan conference, but the details have not yet reached Algerias. The impression prevails that the event is deplorable and may possibly prove disastrous to French diplomacy. The delegates, however, refuse to commit themselves as to the effect the fall of the Rouvier cabinet may have on the conference.

Previous to the receipt of the news of the ministerial crisis at the French capital, the terms of the agreement had completely disappeared and the work of rapprochement was proceeding with feverish activity.

The conference this morning resumed its discussion of the Moroccan question. Three distinct propositions were presented—one by the Austrian delegation embodying the German ideas; another by the French and the third by the Moroccan mission. The presentation of the plans brings the contestants much closer together.

OAK PARK TRANSFER

Stillwater Committee Is Preparing Abstract of Land for New Prison.

Special to The Journal. Stillwater, Minn., March 8.—The citizens' transfer made to the state prepared covering the Oak Park property offered, for the site of the proposed new prison, and it is expected every detail of the sale will be arranged and formal transfer made to the state department of control early next week. When the deal is closed, no time will be lost in breaking the ground. The Omaha road will begin work on the spur track just as soon as the board accepts the property.

SMALLPOX AT EDGERTON

Madison, Wis., March 8.—Health Officer Donovan of this city has taken steps to quarantine Edgerton, thirty miles south of here, because of an alleged epidemic of smallpox there. It is reported that Edgerton has more than 100 cases. The origin of three local cases, two students and a teacher, has been traced to the Edgerton epidemic. The state board has been appealed to.

NORWAY TO PICK DIPLOMATS.

Christiania, Norway, March 8.—The storting has adopted by a large majority the government's proposals for the payment of ambassadors and consuls, rejecting the parliament committee amendments in favor of reduced salaries. This victory for the cabinet is of the nature of a vote of confidence. Announcement of diplomatic nominations may be expected in a few days.

WASHINGTON NOTES

The senate has confirmed the following nominations: Amos P. Wilder, Wisconsin, consul general at Hongkong. Postmasters: Minnesota—L. M. Johnson, Warren; Iowa—Adrian; Wisconsin—L. C. Owen, Milwaukee.

PLAN TO SAVE NIAGARA.

Toronto, Ont., March 8.—The international waters commission has reached an agreement regarding Niagara falls by which both countries will take all precautions to save its scenic beauty.

CALLS ON ZION FOR QUARTER MILLION

Head of Dowie's City Appeals to Followers to Save the Industries.

WILBUR GLEN VOLIVA, Head of Dowie's Zion City in absence of "Elijah II."

Chicago, March 8.—Picturing a gloomy financial situation and recognizing a crisis, Overseer Voliva called upon the residents of Zion City last night for more than \$250,000 to save the community from the money-lenders and thus to relieve the present pressure, and put the industries on a paying basis. As security he promised the people first mortgages on the lace factory and the printing house.

He called the ministers to give up their salaries; he asked clerks and laborers to work for \$3.39 a week, and upbraided the followers of Dr. Dowie for wearing jewelry and gaudy clothes.

Live on 25 Cents a Week. "Accept in pay just enough to provide for living expenses," was his urgent request, he himself declaring he was willing to live on 25 cents a week if possible thus to keep soul and body together.

Amounts of money asked for were required to provide for the running capacity for the following purposes: For lace factory, \$125,000; for printing department, \$20,000; for general stores, \$50,000; for fresh food supply, \$25,000; for coal and wood department, \$15,000; for milling and baking department, \$5,000; for hospital department, \$16,000; total, \$251,000.

Overseer Voliva made an open confession before the members of the flock, and declared that an unchristianlike attitude had been made in the finances of Zion.

Zion's Finances. Deacon H. W. Judd, manager of the land and investment association, read a report of the finances of Zion, the main points of which were as follows: Purchase price of Zion, \$1,138,381; paid on purchase price, \$778,850; amount of mortgages on 1,750 acres improved, \$151,900; received from leased lots, \$1,421,251; received from wood, sand, etc., \$58,931; total amount received, \$1,480,182. Improvements in land, \$584,018; expenses of surveying and operating city, \$405,586; profit rendered to date, \$690,777.

The statement made a deep impression and many of the hearers went away promising to give up everything for Zion.

24th Annual Reduced-Price Sale. The Great Plymouth Clothing House.

DEATH IN MUTINY ON STEAMER AT NEW YORK

New York, March 8.—A mutiny in which one life was lost occurred today on the steamer Massachusetts, lying at her dock at Brooklyn. James Slocum, a fireman, was killed during a revolver battle on the main deck, in which the steamer's firemen were ranged on one side and opposing them were the ship's officers and members of the crew.

Sounds of a cannon attack being studied out in detail and with the utmost care by the officers belonging to the post-graduate school at Fort Snelling.

Major R. L. Bullard is umpire and the officers of the school are divided into two armies, the reds, invading, and the blues, the ones being defended. Every question that would come up in a real invasion is being considered and carefully answered.

For two months the armies have been engaged in the other, but the time limit is April 15.

LAST BERRY TRIAL

No Chances Being Taken in Conducting Prosecution for Perjury.

If Emma C. Berry escapes conviction on her second trial, begun before Judge John Day Smith today, she and her four companions will be free to conduct a protection racket for the natives in the Congo Free State. The communication incloses a message from Secretary Elihu Root, in which the state department announces that the United States cannot intervene in any manner, and cannot even make an investigation without the consent of the Congo Free State, unless by infringing upon its sovereignty.

FAVOR IS RECEIVED

In Reply President Says He Can Do Nothing.

Mayor David P. Jones received a letter today from President Roosevelt, acknowledging the receipt of the resolutions adopted by the mass meeting in protest against the treaties granted on the natives in the Congo Free State. The communication incloses a message from Secretary Elihu Root, in which the state department announces that the United States cannot intervene in any manner, and cannot even make an investigation without the consent of the Congo Free State, unless by infringing upon its sovereignty.

BURNED BY GAS

Engineer at Pintsch Compressing Plant Has a Narrow Escape.

John Fitzgerald, engineer at the Pintsch Compressing plant at St. Paul, was seriously injured by the explosion of gas yesterday. He went to the boiler room to inspect the machinery, and as he opened the door the escape of gas set off a fire. Another employee turned the hose on Fitzgerald, extinguishing the flames, and the injured man was taken to Luther hospital. He will probably recover.

PENSIONS CUT OFF

Two pensions granted by the legislature of 1901 were cut off by the new code, and arrangements have been made for their payment out of the governor's contingent fund until the next legislature can remedy the omission. One pension of \$8 a month for ten years was granted to James Carney, who lost an arm in machinery while working in the state prison. An appropriation of \$1,000 was made for Jane Ward, whose son lost an arm while in national guard service, firing a salute. It was to be paid at the rate of \$10 a month, and \$400 is still to be paid.

WANTS HIS SON ARRESTED.

Special to The Journal. Spokane, Wash., March 8.—The police department has been asked by W. H. Dudley of Moorhead, Minn., to arrest his son Howard, 17 years of age, who is believed to have been in the city for some time.

City News NARRATED

THIRD INTERURBAN IS ROUNDING INTO SHAPE

The opening of the new third interurban line between Minneapolis and St. Paul is almost in sight. The preparatory plans and other necessary features are rapidly rounding into shape and the line probably will be in operation early in the spring.

Work has begun on the new Chicago avenue substation at Chicago avenue and Lake street. The excavation was started some time ago, and much of the building material is on hand. The Lake street bridge that has been closed all winter while repairs and changes were under way should be opened in another month. This work will take much longer than was expected. It has amounted practically to rebuilding the entire structure.

By the time the bridge is completed the company will have its Lake street tracks continued to the river. The Marshall avenue line is already in and in operation to the Town and Country club. All that will be necessary will be to connect the two by the line across the bridge.

The new line will be a great convenience to many ways to residents on the South and West Sides and will relieve the heavy travel on the two present lines. The pleasure resorts of Minneapolis will be brought close to St. Paul and will attract thousands of St. Paul pleasure seekers. A thru Minnetonka service from St. Paul to the lake will be maintained when necessary over the new line.

TAKES MORE EVIDENCE

Patent Infringement Cases Threaten to Swamp the Court.

The 5,000 typewritten pages of testimony in the cases of the Creamery Package company and the Owatonna Manufacturing company against the Owatonna Fanning Mill company and D. E. Virtue, now pending before the United States district court, are to receive an addition. After hearing the arguments of the attorneys for both sides the judge ordered that two days, Judge Charles F. Amidon yesterday afternoon granted a motion of the defendants to reopen the case of the Creamery Package company.

Today Judge Amidon is hearing arguments on a similar motion in the case of the Owatonna Manufacturing company. The two cases are closely allied and involve several alleged patent infringements. All parties have been busy taking testimony before George F. Hitchcock, Jr., clerk of the United States circuit court, since last summer, and the record already makes a stack of typewritten pages two feet high.

James F. Williamson represents the defendants in both cases, and A. C. Paul appears for both complainants.

DOES WELL IN CANADA

Minnesota "No. 163" Wheat Ranks High in Exhibit.

Professor C. P. Bull of the agricultural department of the experiment station has just returned from a seed fair held at Brandon, Manitoba. He was one of the judges of seed at the fair, and also took considerable time at one of their evening programs, when he discussed the wheat of the present time, on which wheat or fax was to be sown.

Mr. Bull speaks highly of that country for its adaptability in raising wheats and grasses. He predicts a great future for the wheat of the present time, which was that in class 163, wheat of any other variety than red life, Minnesota No. 163, bred at the experiment station, took first prize.

REPEL INVASIONS

The Fort Snelling Officers Forearm Against Designing Canucks.

The problem of defending the United States from a Canadian attack is being studied out in detail and with the utmost care by the officers belonging to the post-graduate school at Fort Snelling.

Major R. L. Bullard is umpire and the officers of the school are divided into two armies, the reds, invading, and the blues, the ones being defended. Every question that would come up in a real invasion is being considered and carefully answered.

HAD CATARRH THIRTY YEARS.

Congressman Meekison Gives Praise to Pe-ru-na For His Recovery.

CONGRESSMAN MEEKISON PRAISES PE-RU-NA. Hon. David Meekison, Napoleon, Ohio, ex-member of Congress, Fifty-fifth District, writes:

I have used several bottles of Peru-na and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing.—David Meekison.

Congressman Meekison, Napoleon, Ohio, ex-member of Congress, Fifty-fifth District, writes: "I have used several bottles of Peru-na and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing.—David Meekison."

Another Sensational Cure: Mr. Jacob L. Davis, Galena, Stone county, Mo., writes: "I have been in bad health for thirty-seven years, and after taking twelve bottles of your Peru-na I am cured."—Jacob L. Davis, Galena, Stone county, Mo. If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

This bill, it is believed, will be very general in its terms, leaving all matters of regulation to the internal revenue department. Some of the friends of the legislation have thought it would be well to have all these details of regulation, etc., covered by the bill, but this is now being varied from year to year, and even in the same year, as between different parts of the country, and if this is the case, no hard-and-fast statute could fail to result in annoyance and needless complications.

TO CURE A COLD IN ONE DAY. Take Little's Peppermint Cure. It cures colds, coughs, croup, whooping cough, and all other ailments of the throat and lungs. It is a sure cure for all these ailments. It is a sure cure for all these ailments. It is a sure cure for all these ailments.

Home Trade Shoe Store. 217-219 Nicollet. Established 1872.

FEDERAL ATTORNEY OUSTED. Washington, March 8.—President Roosevelt today removed from office Horace Speed, the United States district attorney for Oklahoma, as a result of charges that he had entered into a contract with a county engineer to render legal service, and that he had paid money improperly to that commissioner in connection with that employment.

Chamberlain's Cough Remedy Absolutely Safe. Every mother should know that Chamberlain's Cough Remedy is perfectly safe for children to take. It contains nothing harmful and for coughs,
