

THE WOMEN'S CLUBS

MONDAY—Ladies' auxiliary of the Northwest Bible and Missionary Training school, 6 Eleventh street S., 2:30 p.m. Tourists' club, Mrs. A. H. Kenyon, 27 Thirteenth street S., 8 p.m. Kenwood Monday club, Mrs. R. E. Daniels, 2418 West Twenty-second street, 2:30 p.m. Mothers' club of the Church of the Redeemer, at the church, 3 p.m.

Biennial Plans. Before many weeks a member of the household economics committee of the General Federation of Women's clubs will be in St. Paul to equip the model five-room flat, which will be not only an exhibit of singular interest to residents as well as visitors, but will be the scene of demonstration in the economics of homemaking.

Details as to the methods of making this exhibit have not yet been divulged, but it has come from good sources that the model five-room home is in portable partitions, which, before long, will be shipped into St. Paul and set up in the old capitol.

The committee on household economics has arranged a very interesting program. Mrs. Virginia Meredith of Cambridge City, Ind., formerly of the agricultural school, will be the principal speaker at the morning session, Thursday, June 6, and will talk on "The Gospel of Homemaking." There will be a short report from the chairman and the balance of the hour will be given to the pure food committee. H. O. Adams of Wisconsin will present the subject from an adulterated standpoint. Professor Shepard of South Dakota, from the scientific point of view, and Senator Hayburn will speak of the difficulties of securing protective legislation.

There will be two demonstrations of hygienic foods by Miss Anna Barrows of Boston, and the committee will receive every afternoon in the morning. The 4 o'clock conference will be especially helpful, and it is hoped that talks will be given by Nellie Kedzie of Michigan, Mrs. Alfred Kumber of Wisconsin, Mrs. Norton, Paul Pierce of Chicago and the president of the School of Household Economics of Chicago.

The pure food exhibit at the biennial will illustrate the clubwoman's most practical way what pure food means and how it can be obtained.

There will be one section showing what spices are adulterated, and another with adulterated jellies, jams, vinegars, oils, etc., and another showing the coloring matter—and the usual preservatives.

The milk exhibit will come from Baltimore, where the first exhaustive milk display ever given will be held in April, and it is to be loaned thru the courtesy of the persons having it in charge.

The water exhibit will show the means of pictures the contamination of the water supply—and by facts and figures used by the municipal league in their campaign for good water, and one town successful in obtaining deep well water.

Much of the exhibit is to be prepared by the officials—national and state—and the whole exhibit is to be absolutely scientific in its nature.

In order to come into close touch with all sections of the country the library extension committee of the General Federation of Women's clubs has assigned a certain amount of territory to each member, that she may pursue her investigations, make suggestions when desired and furnish such assistance as is in her power. The division of territory is as follows: New England states, Mrs. W. P. Smith, St. Johnsbury, Vt.; New York, Mrs. Mary Coburn, New York; Delaware, Ohio, Indiana, Illinois and Michigan, Mrs. A. F. Broomhall, Troy, Ohio; southern states east of the Mississippi river, with the addition of Missouri, Mrs. A. C. Scott, Louisville, Ky.; Wisconsin, Minnesota, Iowa, Arkansas, Louisiana, Texas and Nebraska, Miss Alice Tyler, Des Moines, Iowa; Oklahoma, Indian territory, New Mexico, Arizona, Nevada, Utah, Colorado and Kansas, Mrs. A. C. Scott, Stillwater, Okla.; North Dakota, South Dakota, Wyoming, Montana, Idaho, Washington, Oregon and California, Mrs. William H. Lyons, Sioux Falls, S. D.

Clubwomen have been pioneers in the traveling library movement, and there is still a wide field of labor before them, particularly in portions of the west and south. It is hoped that the federation may become an agency for transferring books from localities which have an overabundance to those less favored. Mrs. Mary Wood of Portsmouth, N. H., chairman of the information bureau, now maintains a permanent office which may be used as a supply depot, and individuals of clubs wishing to donate either books or money for a general federation traveling library system are requested to communicate with her. A liberal policy on the part of those who are able would make it possible to compile most helpful collections of books for the use of small study clubs in hamlets and little towns.

Patriotic Gatherings. There will be several national affairs at the departmental conventions of the W. R. C. and Ladies of the G. A. R. next week. Mrs. Abbie Adams of Superior, Neb., national president of the W. R. C., will arrive early in the week, and she will be joined here by Mrs. Ludovick Taylor of Le Sueur, Minn., past national president. Mrs. Nettie M. Norton of Minneapolis, who was the first department president, in a past national senior vice and also a past national chaplain. An important feature of the convention will be the appointment of the committees for the national encampment in Minneapolis.

MRS. IDA K. MARTIN, Who has been endorsed by Every Woman's Relief Corps in the City for Department President.

August, and plans for this national gathering will occupy much of the convention time.

Mrs. Ida K. Martin is the only candidate for the office of department president of the W. R. C., and she has been endorsed enthusiastically by every corps in the city. The honor comes to Mrs. Martin as a hearty and spontaneous tribute, for her worth has been proved in many corps and department offices. Mrs. Martin has splendid executive ability. She is very active in Wesleyan circles and served as president of the Ladies' Aid society. When she went into office the society had a debt of \$700, and when her term was over the debt had been paid and there was a balance in the bank. It is not likely that Mrs. Ruth Foote of Denver, Col., national president, will be present at the department meetings of the Ladies of the G. A. R., as she is expected in Minneapolis tomorrow and must return to Chicago for a reception which the Ladies of the G. A. R. there will give at the Palmer house Thursday evening. Mrs. Foote has been in Detroit, and really only comes to Minneapolis to meet her secretary, Mrs. Catherine Ross, who is able now to accompany her home. Mrs. Ross had the misfortune to break her leg when she came to this city with Mrs. Foote over a month ago.

Mrs. Kate Carlin has tendered her resignation as an officer of Butler W. R. C., as she leaves March 22 for her new home in Washington. The corps initiated three members Tuesday evening and an answer to two applications. There will be no meeting of Butler corps this month on account of the department convention, and the sewing society will not meet until after the convention.

At the meeting of James Bryant corps Tuesday afternoon Mrs. Marie Harvey read a valuable paper on the "Dissection of Our Finest and dearest" and the use of it for advertising purposes. Mrs. Mary Conant paid a glowing tribute to the G. A. R.

Dudley E. Chase W. R. C. will meet Wednesday evening in the new A. O. U. W. hall, 308 Central avenue. Thursday Mrs. Mary Coburn entertained the corps thimble bee at the county poorfarm. A fortunate evening for the future of the forty women who were present. Refreshments were served in the dining-room, which was decorated in the national colors. Mrs. Julietta Smith will be the guest of honor at the annual Thursday evening at 715 Fifth street SE. Cards will be played and refreshments served.

John P. Rea circle, Ladies of the G. A. R., will be entertained at an afternoon tea Tuesday at 2 o'clock at the home of Mrs. A. J. Fretter, 2436 Hiawatha avenue. At the Y. W. C. A. At the vesper service at 4 o'clock this afternoon Miss Daisy M. Griggs, state secretary; Miss Geraldine Brown, secretary of the University Y. W. C. A., and Miss Lella Abrecht will tell about the recent student volunteer convention at Nashville, Tenn., which was attended by nearly 5,000 student delegates and many of the greatest men in foreign missionary work. The three speakers were included in the delegation of sixty from Minnesota. Music will be furnished by Miss Muriel Hanscome and William Hanscome.

As this is the time to plan for Easter hats, a new class in millinery will be organized tomorrow, especially for advanced pupils who have already taken one course. Beginning pupils will be admitted, but if sufficient number apply they will be cared for in a separate class. A treat is provided for members of the association in reading to be given Wednesday evening by Mrs. Frances E. Preston of Detroit, who charmed every one who heard her when she visited Minneapolis four years ago. Her rendition of the negro dialect is especially fine, and she is very fond of the poems of Paul Lawrence Dunbar, the negro poet who recently died. Small admittance will be charged non-members. The annual open meeting of the gymnasium classes will take place Tuesday evening, March 20.

An Anniversary Program. The Linnea society will give its second anniversary entertainment Wednesday evening in the First Swedish Baptist church, Thirteenth avenue and Second street S. Professor Backlund will deliver an address. Mrs. Ida Dearborn will recite, and Mrs. Ida Kindvall will furnish songs. A piano number will be by Miss Ada Robinson, and a violin solo by Professor Lidell, and there will also be a duet by Mrs. Kindvall and Reuben Edquist.

A Fulda Evening. At a German evening to be given Thursday by the members of the German Literary club, Ludwig Fulda's works will be discussed and two of his

plays, "Die Aufrichtigen" and "Unter vier Augen," will be presented by the members of the club. Ludwig Fulda will appear Monday, March 19, at the university, where he will speak on "Schiller in Relation to the German Drama." The German evening has been arranged to acquaint the members of the club and its friends with the work of the author, and to give a more thorough understanding of the lecturer and his topic. Ludwig Fulda is one of the well-known writers of the present German school. He came to America the latter part of February, and has been giving a very successful series of lectures in New York and other eastern cities, and is at present being entertained in Chicago by the members of the Society of Fine Arts will be welcomed without a further invitation.

Among the Clubs. The Fond du Lac Woman's club celebrated its tenth anniversary last week with a banquet. The guests were seated at four long tables decked with red cloths and silver. Mrs. C. E. Moberg, president of the club, acted as toastmaster, and responses were by Misses F. H. Sweet, W. E. Cole, G. N. Mihill, G. M. Moore, G. Neville, J. A. Bishop, Wilbur Coleman of Chicago, Dr. Flora A. Bead, D. L. Sutherland, D. E. Johnson, E. L. Korse, and F. M. Givens. Mrs. E. Walcott of Minneapolis was the guest of honor. The current news club of Marshall, Minn., the Musical Literary and the Art History clubs of Winona, Minn., have joined the General Federation of Women's clubs and will be represented at the biennial.

The Omaha Woman's club has petitioned the Nebraska members in congress asking them to support the bill providing for an appropriation for an official investigation of the industrial conditions of women.

Mrs. Clarence Burns is president of the Little Mothers Aid association of New York, which looks out for about 6,000 children, has schools for them in various parts of the city and takes many of them away to the country in the summer.

The Mothers' and Fathers' club of Boston has undertaken a new work which may pave the way for the employment of trained nurses in the public schools, as it is done in New York. The club has engaged Miss H. A. Willis to supplement medical instruction in the public schools, and to attend to the physical welfare of the pupils.

A free employment bureau is one of the new departments of the Denver Women's club. The bureau, which has been in operation it has proved a most useful feature. The women of the Chicago Woman's club have asked the board of education to provide for the training of a domestic economy in the public schools. Dr. Revier of the University of Illinois has declared that it is not legislation that is wanted in the public schools, but much intelligent instruction and discrimination among women. One of the clubwomen of Chicago, in making her request, gave it as the opinion of the thinking women of the city that instruction should be taught to look upon cooking and a knowledge of pure foods as a profession and not as a mere occupation.

The clubwomen of Iowa are more than gratified by the passage of the pure food bill by the present legislature. For several years the clubwomen have worked in the interest of the pure food law, and have creditably part in the education of public opinion to the necessity of a pure food law. Not content here, however, they will join the clubs of other states in petitioning their representatives in congress to give their support to a national pure food law that will make it possible for the various states to legislate effectively in this interest. Such a petition has already been formulated and is in circulation in the state.

In recognition of the splendid work done by the women in the state in a drainage system for New Orleans, and for better sanitation during the yellow fever season, an invitation has been extended to the Era club of New Orleans and to the League of Women's clubs to send representatives to the health conference to be held under the auspices of the state board of health.

The Tuesday club of St. James held its annual banquet last week at the home of Mr. and Mrs. W. P. Rempel. The banquet was preceded by tableaux illustrating the story of "Immensee," which was read by Miss Curry. Joseph Davies acted as toastmaster and responses were made by H. C. Heath, George W. Seager, Mr. Sperry, Mrs. Clark Cole, Misses Madison and Voss. At a meeting of the Council of Jewish Women of New York Miss Grace Dodge presented plans for a national traveler's aid association, which it is hoped will be formed. The organization will seek to combine the societies already existing, but will greatly widen their scope. Both men and women will be admitted to the society, and the aid of prominent and influential railroad men will be solicited. The work will not be confined to helping women travelers alone. Men coming from Europe will be cared for and recommended that ship matrons be installed at all ports. Mrs. Charles Henry Isaacs is associated with Miss Dodge in forming the new organization.

The regular monthly meeting of the directors of Maternity hospital will be held Tuesday at 11 a.m. at the residence of the president, Mrs. F. H. Wellcome, 210 Groveland avenue, instead of at the hospital, as usual. Luncheon will be served.

HOPKINS

A musical social was held Tuesday night in the Methodist church. Joseph Miller of Chicago was the violin soloist and was accompanied on the piano by Miss Laura Miller. Other vocal and instrumental numbers were given by Misses Denouin, G. J. Messer and the Double Eagle quartet. Cedolus Moss, Charles Morley, Orange Mathey and Herman Berge.

A surprise party was given Wednesday evening for John Gaest, by a large number of his friends in honor of his birthday anniversary. He was presented with an oil painting and a watch chain.

After the regular business meeting of the Degree of Honor Tuesday evening, cards were played in Odd Fellows' hall, and later supper was served.
