### NOTHING EXTRA

Samuel Brooks is Not Punished for Show of Temper in Court.

Judge John Day Smith yesterday sentenced Samuel Brooks to ninety days in the workhouse for petty larceny, to which he pleaded guilty some time ago. This was the sentence given the prisoner last week but revoked when Brooks insisted, as he has on the contrary, and started to walk away before the judge had completed his advice. The judge decided, however, not to punish him for contempt.

### MISS PIERCE WILL SING.

Miss Adelaide Pierce, one of St. Paul's most promising contraltos, will sing at the Twin City Epworth league reception, given in the First Methodist church this evening.

### Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it is weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it: "It is one of the best manufactured products of the present time in its action upon unobscured, disordered stomachs, especially if there is ulceration or catarrh of the stomach. It is a most efficient remedy for gastritis (catarrhal inflammation of stomach), indigestion, dyspepsia, and is useful in relieving many cases of pyrosis (heartburn) and the associated acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands." When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficiency in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Philadelphia; Prof. Robert A. Hirt, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D., and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land. Who can doubt the effective virtues of a medicine the ingredients of which have such a professional endorsement? Constipation cured by Doctor Pierce's Pleasant Pills. One or two a dose.

## WOMEN "RUSH" PRISONER

Indignant Dames of Menominee, Mich., Object to McIntyre Being at Large.

Informed by testimony showing that Eugene McIntyre had deserted Barbara Pollock of that town in Minneapolis, after robbing her of \$150, the women of Menominee, Mich., made a vigorous attempt to mob the alleged desecrator at the close of his examination before the district judge yesterday.

No sooner had the judge fixed McIntyre's bail at \$5,000 than the indignant women made a rush for the prisoner. They succeeded in getting him checked at the rail which separates the audience seats from those reserved for the bar.

According to dispatches received from Menominee, public feeling against McIntyre is strong and he will not be able to remain at large there pending trial.

McIntyre is a second Johann Hoff, if the charges against him are true. In addition to inducing Miss Pollock to leave her home and hand over her savings to him under promise of marriage, she then confining her in Minneapolis, sick and penniless, he is said to have played a similar game with a dozen women in Wisconsin and Michigan. When he was arrested he was engaged to try to induce Clara Carlson, also of Menominee, to elope with him to Minneapolis and bring with her \$500, which she had received as insurance on her husband's life.

The arrest was made thru the efforts of Mrs. S. J. Fairfield, rescue agent of the First Baptist church of Minneapolis, who learned of his treatment of Miss Pollock in January, and at once started to run him down.
