

Wireless Communication to the Business Men of Minneapolis

Gentlemen: The opportunity of investing a few dollars so as to bring in a large income very seldom comes to the poor man.

Marconi Wireless investment offers you one of the most wonderful chances and opportunity. The company is not a quick-rich concern, but one of those gigantic, well-managed, developed and handled propositions of the century. The shareholders control and manage the Marconi Company—not the Trust or Bondholders. We have **No Bonds, No Preferred Shares**, only one kind of stock.

**NO ASSESSMENTS. NO FREEZING OUT.
NO POOLS.**

Do not miss this opportunity like your fathers when they let slip through their fingers the shares of Edison Electric Light, Westinghouse Air Brake, Western Union, Field's Cable and Bell Telephone Company shares and others.

Think what immense incomes you would have today if your fathers had invested a few dollars in the shares of any one of the above companies.

Take advantage of the opportunity. Buy one share up to 200, according to your means. You will never miss the few dollars now, and in five to seven years these few dollars will have grown to a large, steady income; then the future of yourself and family will be assured and protected.

We appeal to the business men because we want **stockholders**, not **speculators**; we want the business men's support so as to keep our shares out of the hands of the speculators and trusts and pools; we want investors who are willing to hold what they buy for the income the near future will give. If you cannot come yourself send your check. **Do it now.** Only a limited number of shares for sale here.

**SHARES ARE \$6.00 EACH
FULL PAID.**

I tender you all an invitation to witness our exhibition and to investigate our authority and bank references.
