BANKRUPT STOCK

Too much cannot be said of the character and reliability of the merchandise always carried by this concern as very many of you know. Depend upon it there is **no better made**, and approximately **\$100,000.00 worth** still remains to be disposed of in the next 10 days,--- the best of it, too for common sense will tell you that the highest priced goods sticks to the last. You can clothe the whole family from head to heels for the next year to come at a small fraction of actual worth. Don't judge qualities by prices quoted.
