### Weather Conditions.

A large low-pressure area extends from southern Minnesota to Oklahoma, attended by cloudy and unsettled weather over much of the United States and the Canadian northwest. Rain has fallen during the past twenty-four hours in the upper lake region, the upper and middle Mississippi valley, eastern and eentral South Dakota, Nebraska, Wyo-ming, Colorado, Kansas, Oklahoma, northern New Mexico, Arizona, Utah, Nevada and California, and rain was still falling this morning in Minnesota, Wisconsin, Michigan, eastern Missouri, South Dakota, Arizona and southern California. The rains in Wisconsin, California. The rains in Wisconsin, northern Michigan and southern California were heavy, 1.40 inches being reported at Green Bay, 1.52 at La Crosse, 1.30 at Escanaba, and 1.08 at Los Angeles. This morning's temperatures are above 30 degrees, except in northern Minnesota, Saskatchewan and Alberta, and they are above 60 degrees in the middle and west gulf states. The preci-pitation will continue in this vicinity today, probably turning to snow tonight with the falling temperature due to a small "high" over northern Saskatchewan; Tuesday will be fair. -T. S. Outram, Section Director.
