### City News

#### P. O. PLANS IN DANGER

MOVEMENT TO TRIM CONGRESSIONAL APPROPRIATIONS BILL MAY AFFECT MINNEAPOLIS PROSPECTS.

Congressman Burtholdt, chairman of the house committee on appropriations, is reported from Washington, as saying that the omnibus appropriation bill, which contains provision for a new postoffice site for Minneapolis, for completing the St. Paul federal building, and money for Duluth, is too generous and must be trimmed from \$25,000,000 to \$20,000,000 if it is to pass. In that event the Minneapolis appropriation is likely to be lopped off.

Those who are interested in a new site for Minneapolis and have been working on the problem this winter profess no fear, however. "If the Minneapolis provision is cut out in the house," said Wallace G. Nye of the public affairs committee of the Commercial club, "it will be reinstated in the senate. When the Minneapolis delegation was in Washington this winter it received positive assurance that Minneapolis would be cared for. If our friends in the house cannot re-instate our request, Senator Nelson has promised to see that it is included in the senate measure."

Reports say that the local situation has been misrepresented by those after money for other purposes, and that they have tried to make it appear that the need is not pressing and that Minneapolis can wait five years more. However, the Minneapolis appropriation is still in the bill and may remain in spite of opposition.

Congressman Bede of Duluth claims to have assurances that he is to have \$150,000 for Duluth. St. Paul is asking for \$150,000 to complete its new building. The amount asked for Minneapolis is \$500,000.

#### MAY BAR TUBERCULOSIS FROM PUBLIC SCHOOLS

Children affected with tuberculosis will be barred from the public schools under a new rule to be presented for adoption by the state board of health next Tuesday. The rule classifies tuberculosis with other infectious diseases, and is made possible under the enlarged powers of the new code.

Another rule will require local health officers to be notified when the eyes of an infant become inflamed or diseased, so that competent medical attention shall be insured.

The board will pass on rules requiring the best sanitary conditions in bakeries and other places where food products are manufactured, and will also require the plans of all public buildings to be submitted to the board of health for its approval as to sanitation. Stringent rules are prepared for regulating abattoirs, rendering plants and meat markets.

#### MEGAARDEN AFTER FEES

Former Sheriff Begins Suit Against County Commissioners.

Philip Megard, former sheriff of Hennepin county, has begun suit in the district court against the Hennepin county commissioners for \$2,200, claiming that he is entitled to account of unpaid fees during his term of office. The plaintiff recently rendered a bill of account to the county commissioners. After careful examination of the claim by W. C. Leary, attorney for the commissioners, the board refused to allow the bill.

## GAMOSSI

### Gloves—Parasols—Umbrellas FOR EASTER

For Women, Men, Boys and Girls

NEVER in the history of the glove business have such beautiful styles and so great a variety been shown. Nor have such wonderful values ever been offered as are now at the Gamossi Glove and Umbrella Store. We have anticipated the reigning styles in gloves, and in consequence thereof are offering the public all lengths and colors in Glace, Suede, Kid and Silk Gloves. The Kid and Suede Gloves are the famous Gamossi Brand and the Silk Gloves the celebrated Kayser make, both—THE WORLD'S BEST.
