After La Grippe

The after-effects of La Grippe is a weak, broken-down nervous system, that leads to many distressing complaints. The system needs a nerve medicine, like

Dr. Miles' Nervine

to restore nerve energy, and give the organs power to perform their various functions. "One winter I had LaGrippe three times, and it left me in a terrible condition. After doctoring for some time without any apparent improvement I began taking Dr. Miles' Restorative Nervine, and it has done wonders for me. I recovered my usual strength in a short time. I firmly believe I should have died had I not taken Nervine when I did, for I was completely broken down and rapidly growing weaker. MRS. W. W. MIDDLETON, 710 E. Third St., Mishawaka, Ind. Druggists will refund price of first bottle if it fails to benefit.

EARTHQUAKE RISKS SCARE CAPITALISTS

Frank Crowell, the Bank of Commerce real estate man, has returned from New York. Mr. Crowell was in the financial center when the news came of the destruction of San Francisco. Easterners, also deeply concerned and much affected by the calamity, took it complacently in the financial sense. It is not believed, Mr. Crowell says, that the effect upon general business will be serious. Some stimulus is to be expected from the rebuilding of the city and the demand for material, also New Yorkers are inclined to doubt whether San Francisco will again draw capital, as in former years. The earthquake feature of it is a consideration New York wants to think over a little while. Had it been purely a fire loss there would be no question about a greater San Francisco than ever. New York, Mr. Crowell says, is in the midst of the greatest real estate boom ever known. Property has gone to fabulous prices. Buildings are going up on every hand, and apparently there is no end to it.

B'NAI B'RITH WILL MEET IN CONVENTION

The local lodge of the B'Nai B'Rith will entertain May 20 and 21, the district convention, made up of delegates from Minnesota, Illinois, Iowa, Michigan and Nebraska. An opening meeting will be held at the Temple, Fifth avenue and Tenth street S. Rabbi George L. Zeppin of Chicago, the head of the extension work of the Union of American Hebrew Congregations, will be the principal speaker. A banquet at the West hotel Monday night will close the convention. The local B'Nai B'Rith will take no active steps in the matter of collecting funds for the San Francisco sufferers, but will leave its members free to contribute thru whatever agency they please. Those of its members who wish to contribute to the regular B'Nai B'Rith fund for general relief may do so thru William Manasch, 500 Fifth avenue S; he will transmit the money to Adolf Kraus of Chicago, who has the fund in charge. GLENWOOD, MINN.—A chapter of the Bathing Sisters was instituted here last evening with about twenty-five charter members.

Hair Gone? Suppose your hair should all leave you! Then what? Weak hair is the kind that falls out; not strong hair! Just learn a lesson from this. If your hair is falling out, strengthen it. City News

UNCANNY NOISES CAME FROM EARTH

MRS. W. S. BENTON FELT THE QUAKE AT OAKLAND.

Much Damage Was Done There, The Conditions Were Not So Disorganized that the City Could Not Give Relief to the Frisco Refugees—Eggs 10c Each.

Mrs. W. S. Benton of 2423 Pillsbury avenue and Miss Bertha Olmstead have returned from Oakland, Cal., after going thru one of the most horrible experiences of their lives. They had been at one of the homes in the Linda Vista section, which is on the way to the Piedmont Hills, and plans which they had made for remaining on the Pacific coast until the latter part of July have been entirely changed. "Our clocks stopped Wednesday on the minute at 5:13 a.m.," said Mrs. Benton. "This was when the first earthquake was felt. We got out of bed as fast as we could, found our way down the stairs, how I cannot tell, and tried to unbolt the front door. This we found impossible for a while, and we were almost frantic as the house shook and trembled, plaster fell all around us, furniture was thrown about and the moment we took hold of an object as a support an unseen power seemed to push us way off the next. "The only way in which I can describe the sensation of being buffeted about is that it was similar to that of walking on the moving sidewalks and steps at Coney Island, with the difference that grim disaster was our propelling machine, while otherwise it had been amusement. Earth Trembled and Sighed. "After we had the first shock we continued to feel earthquakes. The earth heaved and sighed, rose and trembled, and finally made our way outdoors and clung to the veranda railing. We had no clothes on except our nightgowns, but the excitement and body seemed to feel the chill of the early morning. Shortly after we came out of the house we saw dense clouds of smoke above San Francisco and we knew then that the city was on fire. "About 8 o'clock we had another shock which jarred us up terribly, but toward 9 o'clock we started to walk down town, and tried to send a message east. The streetcar tracks were thrown up high enough to put chairs under them. At other places they were buried in the ground. Entire fronts of business blocks were torn out, plate-glass windows were broken and the debris was all over the streets. Houses were twisted or tumbled down, leaving fragments of what once were fine buildings. All Slept Out of Doors. "By evening we went to neighbors and everybody slept out of doors, fearing always that the city was on fire, and a repetition of the earthquake. "Wednesday evening we saw 3,000 Chinamen come into Oakland and all during the day there was a constant stream of people coming over from San Francisco. "Before we left Oakland, hundreds of men were at work at \$1 an hour clearing away the debris. The population of Oakland furnished free lunches and an exception all the men and women refused to accept a cent of money. Provisions went up soaring and we paid 10 cents for an egg. Oranges and everything in that line went about ten times as high as under ordinary circumstances.

The interstate commerce commission will hold a hearing in St. Paul May 7, on the complaint by the Farmers' Elevator company of Pine Island. The state railroad commission, which has intervened in the case on behalf of the shippers, was notified today. The hearing will open at 10 a. m. in the United States courtroom. The complaint alleges that the Great Western road charges 15 cents a hundred for hauling small grain from Pine Island to Chicago, and only 12 1/2 cents from Red Wing. Pine Island is 44 miles nearer Chicago than Red Wing is over the Great Western, so the rates violate the long and short haul clause. The railroad company claims that the Red Wing rate is named by competition with the Milwaukee, which is the short line, and that the short-line distance from Red Wing is actually less than from Pine Island.

HEARS PINE ISLAND CASE

INTERSTATE COMMERCE COMMISSION WILL SIT IN ST. PAUL MAY 7 FOR THE PURPOSE.

"U" STUDENTS WILL AID FRISCO VICTIMS

University students have asked for an opportunity to contribute to the San Francisco relief fund, and tomorrow in the university chapel a collection will be taken. University students are largely interested in the condition of affairs at Berkeley and Palo Alto, where the University of California and Leland Stanford university are situated, and a subscription paper may be started on the campus here for the benefit of students in those institutions. C. D. Decker, purchasing agent at the university, has been appointed to take charge of contributions from faculty members and students, and a substantial sum will probably be obtained. Death of Young Man Results from Trifling Injury. Lief Bakkebo, 21 years old, died at the city hospital last evening of blood poisoning resulting from a crushed finger. He was employed by a contractor and builder and two weeks ago he injured his finger, but thinking the wound of no importance, he did not get a physician. Later, his finger began to swell and he was taken to the city hospital, where it was found that little could be done for him. He lived at 700 Tenth street S and leaves several relatives in the city. ADDS TO BERWIN FUND. Even the San Francisco earthquake has not wiped out recollection of the West hotel fire. H. F. Hurley, captain of the Hayward fire department, writes The Journal, sending \$5 for the Berwin fund, and adds: "Our boys much appreciate the brave act of Captain John Berwin."

Doctors Baffled

Mrs. H. Larson, who was run down and whose case baffled the skill of doctors, is restored to complete health and strength by Duffy's Pure Malt Whiskey.

TILLMAN'S OPINION Is the Senate Honest? Will Appear Exclusively in Next Sunday's Journal Magazine Section. RECENT MAGAZINE ATTACKS ON THE U. S. SENATE have aroused the fearless Senator from South Carolina. He does not mince matters, but in a calm, dispassionate manner tells the real truth as he sees it. Among Other Features of great interest in this issue are the second installment of Anthony Hope's great story, "Sophy of Kravonia," a charming May-day story by Melville Chater, theater manners by Lillian Bell, and one of the funniest of Sewell Ford's McCabe stories. NEXT SUNDAY'S JOURNAL ELKS CELEBRATE Founding Day Anniversary in Lodge No. 44. At the meeting of Minneapolis lodge, No. 44, held last night, in celebration of their twentieth anniversary, papers reviewing the history of the lodge in periods of five years each proved to be interesting, particularly that of O. M. Batcheller, who covered the organization of the lodge, April 25, 1886, at Norden hall, with a charter membership of forty-six. The lodge paid Mr. Batcheller the unusual compliment of electing him a life member, which carries with it the remission of all dues. The other papers were read by Ed A. Taylor, W. H. Levings and W. M. Regan. Weed Munro also made an address. All are past exalted rulers. The lodge voted \$500 to be sent to the fund the grand lodge of Elks is raising for the California sufferers, and took a box for the benefit entertainment at the Metropolitan operahouse Friday afternoon, Emil Ferrant purchasing another.

A GREAT DOCTOR SAYS THIS ABOUT BEER

"Beer has a number of pleasant and valuable qualities. No other beverage contains a food such a combination of useful properties. The water of it quenches the thirst, the carbonic acid refreshes, the extractives are nutritious, the alcohol furthers digestion, the mineral salts build up the bones and the extracts of hops act as a tonic." Gluek's Pilsener Has just the right quantity of each good part. It is a satisfying, refreshing, healthful beer. Have a case sent to your home. N. W. Phone—East 110. T. C. Phone—13173.

ENDEAVOR UNION LOSES Library and Records of Town's Society Burned in a Car. Marshalltown, Iowa, April 26.—All books and papers of the Iowa Christian Endeavor union, embracing 1,200 societies, burned today while on the way from Red Oak to the new secretary in this city. The freight car in which the records were shipped took fire and all records of the union were destroyed.

What Joy They Bring To Every Home as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use. Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication. Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
