

CANDLES TO BEAM IN FRISCO HOMES

Mayor Schmitz Removes Light Embargo—Stores Open to Thriving Business.

DEAD MAY REACH 1,500.
San Francisco, May 2.—Coroner Walsh said today when the embargo is cleared away there will be at least a thousand additions to the death roll. I would not be surprised if the number reached 1,500.

San Francisco, May 2.—Conditions of life are gradually becoming more normal in this stricken city and the work of clearing the streets in preparation for rebuilding in the downtown section is going on more rapidly. Business is being resumed by retail tradesmen of every description throughout the destroyed sections of the city. George Wittmann, chairman of the committee on retail trades reports the following places of business open: Forty-four butchers, twenty-nine restaurants, twenty-two bakeries, twenty-two fruit and vegetable stands, seventy-one dairies, fifty-one refreshment parlors, fifty-three grocery stores and seventy-one miscellaneous establishments, including saloons, planing mills, cigar stores, drugists and cigar stands.

Do Thriving Business.
The commission firms located along the waterfront are doing a thriving business. Yesterday receipts showed a marked increase over the preceding day and prices of dairy goods and lines of green goods were lower.

In less than two weeks the garbage question will be disposed of. An inspection of the reduction works in the Potrero has been made and it was reported that outside of the 100 feet of tall chimneys required to be removed, the work can be completed in ten days. Men have been set to work on these repairs and soon there will be established a forced draught so as to insure rapid combustion. As soon as this is completed all refuse will be burned.

Homes to Be Lighted.

Mayor Schmitz has just made the announcement that all time restrictions as to the lighting of dwellings will be removed today with the suggestion that candles be used exclusively for illuminating purposes until electricity can be resumed. The time for lighting purposes is especially prohibited until the water supply is intact.

The Spring Valley Water company expects to have the city front water supply in commission in ten days. The United Railways has been given permission by Mayor Schmitz to operate its cars until later hours in order that the latest cars, beginning tonight, will leave at terminals at midnight. Several lines have been in operation already, and with these three additional routes will be covering nearly all sections of the unburned districts.

All Chimneys Inspected.

The work of inspecting chimneys is proceeding rapidly. The inspectors are all architects and have been given the services for the benefit of householders. Every chimney in every building left standing in San Francisco will be thoroughly inspected before any permits are issued to make fire indoors. Nearly all the chimneys in the hills are found to be in excellent condition. Chimneys of houses located in the flat section are practically all out of commission.

Factories Start Up.

Many of the larger factories left unharmed are starting up work with all the rapidity possible under circumstances. At the Union Iron Works 2,300 men are at work on the management expects within a fortnight to have the full complement of its force, nearly 4,000 men, engaged. No damage was done to the three new warships being built at the yard for the government, the cruisers California and Milwaukee, and the battleship South Dakota.

The steamer City of Pueblo, which was sunk in the bay has been raised, and is being repaired. Workmen are also engaged fixing the steamer Columbia, which was burned on the side. The hulls of the new Hawaiian-American company's liner were pitched about four feet to the south, but were uninjured and will be replaced.

To Ask President's Aid.

Victor H. Metcalf, secretary of commerce and labor, who is here as the personal representative of the president, will be requested to see the president and his cabinet the plan proposed by former Mayor James D. Phelan of having the government guarantee a large municipal loan to be issued by San Francisco to rebuild the city.

This action, it is said, was unofficially decided upon at a conference held last night at Fort Mason between the finance committee of which Mr. Phelan is chairman and the mayor. It is proposed that San Francisco shall issue municipal bonds in the sum of \$200,000,000, to run a series of years, and the payment of which to be guaranteed by the United States to issue such a loan it will be necessary to amend the city charter and have the legislature remove any other obstacles.

To Rebuild Chinatown.

Fifty Chinese owners of property in old Chinatown have decided to rebuild on the sites where their buildings were destroyed. Legal advisers of the Chinese, the Chinese consul-general and the vice consul, gave it as their opinion that owners and lessees of land in Chinatown cannot be deprived of the right to rebuild if they so desire.

Scrofula

Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood.

It may then produce dyspepsia, catarrh, and marked tendency to consumption, before manifesting itself in much cutaneous eruption or glandular swelling.

It is best to be sure that you are quite free from it, and you can rely on

Hood's Sarsaparilla
to rid you of it radically and permanently. Accept no substitute, but insist on having Hood's. Liquid or tablets, 100 Doses \$1.

DULUTH HARBOR WORK NOT TIED UP

Only Eight Tugs So Far Affected by the Union Strike on the Lakes.

Duluth, Minn., May 2.—Work in the Duluth-Superior harbor is not tied up by the marine strike.

One vessel, the Tomlinson steamer, Ball Brothers, cleared yesterday for lower lakes with her crew intact. Whether she will be unloaded at Lake Erie is problematical, but the fact that she began a new trip the first day of the strike with her crew unchanged is regarded as the most interesting development of the strike situation at this point.

The eight tugs of the Union Towing and Wrecking company went into the slip at 6 o'clock last night, and the firemen acting under orders from strike headquarters, left their boats. These are the only tugs affected.

Detroit, Mich., May 2.—Dispatches from Duluth indicate that there has been an almost unanimous response among the local unions to President Keefe's strike order. It is impossible, however, to get from the Duluth office of the union here even an estimate of the number of men out, but unofficial estimates put the figure at 20,000.

Cleveland, May 2.—Aside from the big passenger steamers from Buffalo and Detroit, which came in on schedule time, no vessels entered this port in the early hours of today.

Several vessels of the Pittsburgh Steamship company, which arrived here in the past forty-eight hours and are loaded with ore, have been ordered to Erie, Pa., where the bay affords good protection against storms. No attempt will be made to unload them at Erie, however.

Free Employment Bureau.

The relief of the destitute was continued today by the employment bureau. It is reported that all unworthy and undeserving persons will within a few days be eliminated from the lists.

Plans for establishing and maintaining a large employment bureau have been perfected and will be speedily put into operation. This means that it is hoped to afford another channel for assistance and to distinguish the deserving from the undeserving. The man who prefers to subsist on the generosity of others.

Money Brokers Worried.

The money brokers are confronted with a serious problem, especially those who have been in the habit of advancing the salaries of municipal employees. Today was payday in many of the departments, and the brokers tried to collect the 2, 3, 4 and 5 per cent which they exact. Between the city and the cashiers of the banks, the assignment of the salaries of the municipal employees was being delayed, and Auditor Horton was besieged by anxious brokers demanding that he accept a substitute for the missing powers of attorney. Horton refuses to give any satisfaction.

"The warrants will be given to the persons to whom they belong unless proper documents showing a bona-fide assignment are filed," he declared. Sixty per cent of the city's servants draw their salaries thru brokers. The profits had become so great that the privilege of negotiating such loans has become a political issue. To secure it, some brokers advanced large sums for campaign purposes with the understanding that the business would be directed to them.

QUAKE MADE NEW ISLAND

Land Thrown Up in Bolinas Bay—Tremor's Center There.

San Francisco, May 2.—Professor E. K. Hewitt, who returned from a thirty-mile walk to Bolinas bay, where he says there is evidence that the recent earthquake had its center. Few any of the houses in that vicinity escaped unharmed, but no fatalities occurred. There is now an island in Bolinas bay where formerly there were muddy shoals, and on either side of the island the water is ten feet deep.

Needs Money.

Oakland, Cal., May 2.—Governor Pardee has returned from Santa Rosa, where he inspected the ruin wrought by the earthquake. The governor said that the pressing need of Santa Rosa at present is money. The debris from the wreckage of many buildings must be cleared away before business can be resumed. It is estimated that \$147,000 will be required to do this work. There is a call for \$25,000 or \$30,000 for immediate needs.

The governor said that the needs at Santa Rosa were depressing, but the townspeople were brave and had faced the situation with determination to rebuild. He said that the business of the town, while much of the residence portion is destroyed.

Seed Wizard Escapes.

A remarkable escape from injury was that of Luther Burbank, the world famous horticulturalist. His home and experimental gardens were undisturbed. Burbank also escaped with his collection of photographic negatives. These were unbroken to the other half of the gallery in which they were stored was smashed to splinters.

A report has been received from San Jose, which also suffered severely, that the local relief funds have been able to provide all citizens. Clothing, food, shelter and supplies of all kinds have been abundant, and the work will be maintained so long as a single case of destitution remains.

Insane Live in Tents.

There has been no scarcity of ready money in San Jose for ordinary requirements and very little inconvenience to individuals. The banks will be prepared to open in a few days. At the Agnews insane asylum, where great damage was done, most of the inmates are now living in tents. Aid in obtaining better shelter and food and clothing would be welcome. Little has been heard from Salinas and other places which were partly wrecked, but as yet no appeals for outside assistance have been made.

NECK WAS BROKEN.

Fort Dodge, Iowa, May 2.—An autopsy held by physicians on the body of Will Church, killed yesterday with a blow of the fist by Albert Keck in a saloon brawl, showed that his neck was broken. Physicians say his death was caused by striking his head on the floor. Under the circumstances, Keck will be charged with manslaughter instead of murder.

DULUTH HARBOR WORK NOT TIED UP

Only Eight Tugs So Far Affected by the Union Strike on the Lakes.

Duluth, Minn., May 2.—Work in the Duluth-Superior harbor is not tied up by the marine strike.

One vessel, the Tomlinson steamer, Ball Brothers, cleared yesterday for lower lakes with her crew intact. Whether she will be unloaded at Lake Erie is problematical, but the fact that she began a new trip the first day of the strike with her crew unchanged is regarded as the most interesting development of the strike situation at this point.

The eight tugs of the Union Towing and Wrecking company went into the slip at 6 o'clock last night, and the firemen acting under orders from strike headquarters, left their boats. These are the only tugs affected.

Detroit, Mich., May 2.—Dispatches from Duluth indicate that there has been an almost unanimous response among the local unions to President Keefe's strike order. It is impossible, however, to get from the Duluth office of the union here even an estimate of the number of men out, but unofficial estimates put the figure at 20,000.

Cleveland, May 2.—Aside from the big passenger steamers from Buffalo and Detroit, which came in on schedule time, no vessels entered this port in the early hours of today.

Several vessels of the Pittsburgh Steamship company, which arrived here in the past forty-eight hours and are loaded with ore, have been ordered to Erie, Pa., where the bay affords good protection against storms. No attempt will be made to unload them at Erie, however.

Buffalo, May 2.—The strike of the tugboatmen put an effective embargo on all traffic in the harbor. It is expected that traffic will stop at all upper lake ports. About 5,000 men are idle and that number will be vastly increased when industries dependent upon lake commerce for supplies are compelled to cease operations.

Marquette, Mich., May 2.—Five hundred men, who are handlers and railroad employees, are threatened with idleness here in consequence of the marine strike. A partial suspension at the mines also is feared, involving many hundreds of additional workers and seriously retarding the movement of ore.

ACCUSES MOTHER AS POISON SENDER

Child Says Father Would Not Have Sent Deadly Candy—Victims Recovering.

Journal Special Service.
Trenton, N. J., May 2.—With the positive assertion that her own mother was the sender of the box of poisoned candy that came near costing several lives, little Josephine Borden Davenport has turned the tide of police investigation in that direction.

The woman is held in the county jail on another charge, but this is merely to detain her until the poison mystery has been solved. Charles T. Davenport, the child's father, is "detained" by the order of William J. Crossley, the county prosecutor, pending the investigation, although the child insists that she knows he did not send the box of poisoned candy to her, "because he loves me too well," as she said with a smile to the prosecutor. It is believed now that all the victims of the poisoned candy will recover.

The authorities have not yet discovered where the candy was bought, and it is believed that the sender was sending enough to send to any dealer in Trenton. Dr. Adams says that all of the symptoms in those who ate of the candy point to arsenical poisoning, and it is supposed the deadly drug was sprinkled over the contents of the box by the sender just before it was mailed in this city.

Women in Battle.

Once more the mob halted in the dingy side streets near by. The frantic yelling brought the soldiers swooping with drawn swords. The men in the mob broke for a moment, but were immediately surrounded by women, armed with broken bottles, stones and clubs, their disheveled hair crowned with red caps. Some shouted "Go back to the front," others cursed the men for cowards, and they made desperate resistance for about three minutes. The street was cleared away for some thirty wounded and two horses whose legs were broken. A policeman picked up three bloody hatchets; the mob had tried to stop the soldiers' charges by maiming their horses.

At midnight there was still some fighting, but the mob is about worn out by its own exertions.

There were about 900 arrests during the day.

DATE SET FOR FARE TRIAL

Father and Son Indicted by Grand Jury at Stillwater.

Journal Special Service.
Stillwater, Minn., May 2.—The hearing of the charges against the Teares, father and son, on a charge of arson, before Judge Johnson, was postponed to June 1. The father, who has been indicted for burning his dwelling on Jan. 8, and for alleged complicity in the burning of the methodist church, was indicted on the charge of burning the same building. Each is in jail in default of bonds for \$2,500.

The county commissioners finished their session at noon today. They appropriated \$400, or one-third of the expense of reconstructing the bridge across Brown's creek in the city limits. The city will pay the remainder of the expense.

O. G. Olson of Ripple, Minn., is at the point of death from pernicious anemia. His relatives have been summoned.

The city council has called upon C. A. Johnson, chief of the fire department, last night, by rejecting his appointments by a vote of 6 to 3. He sent in his list, which left out three of the old firemen, and gave their places to new ones. The council decided to continue the free bridge over the St. Croix until the next meeting, and in the meantime steps will be taken to dispense with tolls for another year.

PLYMOUTH FOR CUMMINS

Perkins Had but 21 Votes in Convention in County Adjoining His Own.

Journal Special Service.
Le Mars, Iowa, May 2.—L. W. Fields was temporarily chairman of the republican county convention here this afternoon, at which a solid Cummins delegation of sixteen delegates from Plymouth county was chosen. Cummins had 124 delegates and Perkins 21. The resolutions endorsed Cummins, Doliver, Allison and Roosevelt.

CARNEGIE GIVES \$50,000

Iowa College, However, Must First Raise \$150,000.

Journal Special Service.
Storm Lake, Iowa, May 2.—President Reed of Buena Vista college announces that Andrew Carnegie has offered \$50,000 to the college if an additional \$150,000 is contributed. A campaign will begin at once to fulfill the conditions.

M. & ST. L. FILES ITS PLATS.

Journal Special Service.
St. Louis, Mo., May 2.—The Minnesota, Dakota & Pacific railway, the western extension of the Minneapolis & St. Louis railway, has filed with the state land department plats of all the state land it crosses, showing a line from Watertown to Conde and a branch from there to Leola by way of Aberdeen, and another almost directly west of Haver, Potter county, and from there northwest to Lebeau, on the Missouri.

MOBS RETIRE AND PARIS IS NORMAL

Quiet Follows Day of Rioting in Gay City—King Edward There.

Paris, May 2.—The city has resumed its usual appearance. The military and police forces have been withdrawn and most of the labor organizations have resumed work.

King Edward has arrived here for a three days' visit.

Despite the threats of the citizens that another battle would result if any of the troops entered the town, four squads of Captain Page's men made their appearance on the streets early today. They were all mounted and had their carbines unslung as they rode slowly thru the place.

Guns Ready for Action.

Hundreds of persons gazed on them with astonishment, as no one dreamed the constables would venture into town in such a small force. Burgess Penman and other local authorities quickly passed word for everybody to remain orderly and not insult the troops.

The latter kept a keen watch on all persons and were ready to use their guns if anyone attempted to seize firearms. The troops remained here about fifteen minutes and then proceeded to Louveciennes.

Prepare to Meet Mobs.

During last night the territory surrounding the Sayre colliery was free of mobs and all parties were at attention. The captain arranged a system of patrols such as obtain in the regular army, and the first men out of the stockade to begin the investigation of adjoining territory were the squads passing thru this place.

These troops will visit towns and villages within a radius of fifteen square miles and pay particular attention to the topography of the ground surrounding coal breakers, so that they can secure good positions to repel attacks of mobs in case the latter should attempt to raid non-union men who, the coal officials say, will be put to work as soon as possible after the Seranton convention, in case that body declares for a strike.

Plead for Order.

The constabulary are greatly encouraged over Governor Pennypacker's declaration that they are not to defend themselves here in the two fights with the mob.

The officials of the United Mine Workers, who have been busy the past forty hours influencing the foreign element of the union to be orderly, left today for the Seranton convention after making a final plea to the men not to provoke the constabulary and thus lead to another fight.

Strikebreakers Arrive.

Sheriff Sharpless is keeping close watch on the situation and will lose no time in asking the governor for state troops if more serious trouble occurs. Five carloads of strikebreakers from the Clearfield region arrived early today, and it is reported that five additional carloads for the same region will reach here later in the day.

The men are said to have state certificates entitling them to work in the hard coal fields. Fourteen carloads of men from the soft-coal region were run into the Philadelphia and Reading Coal & Iron company's stock yards near Mahanoy City.

The cars containing the strikebreakers are fitted up so that the men can live in them. The cars are guarded by details of coal and iron policemen. In case of a strike declared, the Clearfield men will be shipped back home.

Women in Battle.

FEAR NEW REVOLTS IN MINING REGION

Troops Visit Villages and Select Best Positions to Repel Mobs.

Mount Carmel, Pa., May 2.—Quiet continues here, although trouble may break out at any time. The intense bitterness of the residents to the constabulary. All of the people who were shot during the rioting on Monday are alive, although several are expected to die.

Despite the threats of the citizens that another battle would result if any of the troops entered the town, four squads of Captain Page's men made their appearance on the streets early today. They were all mounted and had their carbines unslung as they rode slowly thru the place.

Guns Ready for Action.

Hundreds of persons gazed on them with astonishment, as no one dreamed the constables would venture into town in such a small force. Burgess Penman and other local authorities quickly passed word for everybody to remain orderly and not insult the troops.

STATEHOOD FOLK AWAIT RATE BILL

With Railroad Debate Ended, Conferees Intend to Get Down to Business.

By W. W. Jernome.

Washington, May 2.—It is announced that the delay of the statehood conferees to reach an agreement and report to both houses is not so much due to their inability to get together as it is to their policy of withholding any report until after the rate bill is out of the way. On the other hand, the conferees are so anxious to get down to business that they are willing to postpone the rate bill until after the statehood conferees get together and reach an agreement.

ABANDONED HIS FAMILY.

The sheriff of Calhoun county, Michigan, presented a requisition today at Governor Johnson's office for the return of William Cameron, wanted at Homer, Mich., for abandoning his wife and children. He has been arrested at Litchfield, and his requisition was honored.

GOOD TROUT CATCHES REWARD THE ANGLERS

Special to The Journal.
Shell Lake, Wis., May 2.—The trout season opened here today with a great many fishermen coming from the cities and surrounding towns to fish in the lake.

A good catch, bringing baskets back to the city full of the beauties. The fishermen would have had still better luck if the weather had been more mild, and not so wet and cold, and there are abundance of trout in the streams and lake and the other kinds of fish in the lakes in this vicinity.

BOER TO WRESTLE DANE.

Captain Miller, the Boer wrestler who met Carl Mattson at the Dewey Saturday night fight on account of using the "strange hold," will meet the Dane Thursday night, and has posted \$50 as a wager that he can throw him in 15 minutes, Green-Roman style.

PARALYZED TO PLAY SMITH.

President Johnson's office has received an announcement that "Bull" Smith has recovered from the illness and will lineup with Peabody Paralytic in their opening game with the Senators in St. Paul Saturday. Coy will probably pitch the opening game and Grier will play short.

ST. THOMAS-MINNEAPOLIS GAME OFF.

Unhappiness on the part of the St. Thomas management as to the result of the game scheduled for this afternoon has caused the cancellation of the game. The St. Thomas team is expected to play at St. Thomas this afternoon instead of the varsity.

MAHER RODE IN FOURTH.

London, May 2.—At Newmarket today the 2,000 guinea stake for colts and fillies foaled in 1903, distance one mile, was won by George, a rank outsider, at 20 to 1. Repro. ridden by Mr. J. W. Porter, led most of the way, but finished fourth.

SOUTH DAKOTA ATHLETES COMPETE.

Special to The Journal.
Spearfish, S. D., May 2.—At the track meet held on the grounds of the normal school on Saturday, the 25th, the Deadwood high school won a score of 85 to 10 points. A large crowd was in attendance, and some excellent work was done by both teams.

City News

Committee Awaits Word from San Francisco as to Disposition of \$11,000 Now on Hand—Balance Will Be Expended in Any Manner to Accomplish Most Good.

As soon as word can be received from W. Y. Chute, the personal representative of the Minneapolis relief executive committee, concerning the best manner of sending the remainder of the Minneapolis relief fund to the California relief work of this city will be closed. Chairman W. C. Edgar and Treasurer E. W. Decker will issue formal reports showing all amounts received and expended and all other business handled by the committee. The reports will be printed and a copy mailed to each contributor to the fund.

The total amount of the fund, when everything has been received will amount to \$63,700, two-and-a-half times the amount the committee expected to receive. Sixty-five carloads of flour and two cars of crackers have been purchased and shipped to Dr. E. G. Devine, Red Cross agent at San Francisco.

A balance of about \$11,000 is still on hand and will be waiting advice from Mr. Chute, who will arrive here today to consult with him concerning the best manner of sending the remainder of the Minneapolis relief fund to the California relief work.

Checks from Minnesota towns for the California relief fund were received at the governor's office today as follows: Ortonville, \$355.13; Willow River, \$70.25; Buhl, \$40; Ivanhoe, \$10; Wadena, \$30.50; Jordan, \$
