Anchovies, lb. .10c

Weather Conditions.

A small low pressure area over northwestern North Dakota yesterday morning has moved rapidly southward to the southern end of Lake Michigan; this low pressure area has been accompanied by rains during the past twenty-four hours in the eastern parts of the Dakotas, in north and central Minnesota, Wisconsin and southern Michigan, and rain was still falling this morning in southeastern Minnesota and northern Michigan, but in the Dakotas and western Minnesota the weather had cleared at observation time. There have been light rains also during the past twenty-four hours in the southeastern states and the eastern parts of Nebraska and Kansas. The temperature has risen since yesterday morning in the middle and lower Mississippi valley toward the New Mexico Nevada and Oregon and Washington. The temperatures in Montana, the Dakotas and Nebraska have fallen, due to a large high pressure area over the Rocky Mountain slope. This morning's temperatures were generally below 30 degrees in North Dakota and most of Alberta and Saskatchewan, and there were heavy frosts in eastern Montana, Wyoming, South Dakota and northern Minnesota. Fair weather is expected in this vicinity tonight and Wednesday, with the high pressure moving southeastward, rising temperatures will set in on Wednesday.

THE BECHTEL JURY

Charles E. Larson, mechanic.
Harrison S. Toy, groceryman.
Lincoln P. Hale, cashier for Great Northern railroad.
Peter S. Nissen, carbor dealer.
Charles Elmer Smith, student.
I. E. Huber, farmer.
John A. Rickert, contractor.
Gage R. Bailey, coal dealer.
Richard Marshall, clerk.
Dana Noonan, railroad man.
William Lowry, expressman.

Can Compel Action.

"By concerted action on the part of the Commercial club and the immense and growing shipping interests of the city," said Mr. Eustis, "we can compel the railroads to undertake to provide a suitable union station for the city. The machinery for the purpose is at hand in the state railway and warehouse commission. If we can prove, and we will, that it is in the public interest to have a union station, we can compel the railroads to provide it. To assist in the discussion, blue prints of the district were shown. Two plans are proposed. One calls for the acquisition of all the property between First street and the river from Third avenue S to Third avenue N. There are few valuable buildings on the property and in time it will be necessary for passenger tracks. This larger plan cannot carry the purchase of everything between First street and the river and from Bridge square to Third avenue S is proposed. In conjunction with the plan of pushing the new station, plans will be undertaken to push the proposed new Third avenue bridge across the river.

Relief Is Prompt.

Mr. Brown, who left for San Francisco the day after the earthquake, and has been there ever since, says that the work of relief has not been more wonderful because of the boundless generosity back of it, than for the quickness with which it has been administered. "Think of a camp," he said, "with 1,500 tents, with baths of hot and cold water, a commissary, and a hospital with ten trained nurses, established by night of the day the earthquake occurred. The Oakland Elks did this. Think of a little town like Reno sending 100,000 sandwiches in a single day—100,000, mind you; every man, woman and child in the town making something, but make sandwiches. How those Pacific slope towns did respond! Los Angeles was actually San Francisco's banker, sending money in small denominations for district relief and for sack like potatoes and train after train of supplies.

Many Seek Chief Honor.

The contest for grand chancellor of the order has brought out a large field of candidates and the election will be full of interest. It was believed at noon that this important business would be reached late in the afternoon. Among the leading candidates are C. S. Bartram of Merriam Park, V. H. Van Slyke of Minneapolis and Judge Nethaway of Stillwater. This evening the D. O. K. K. will hold a ceremonial initiation in K. of P. hall in the Masonic Temple. Following the initiation a banquet will be served, to be followed by a special performance at the Unique theater. L. G. Shakerford of Dakota lodge, St. Paul, was yesterday installed as grand chancellor, succeeding T. H. Heline, now chancellor. The Pythian Veterans' association met yesterday afternoon for the eleventh annual meeting. A new constitution was adopted and the following officers elected: President, Dr. Edwin Phillips of Minneapolis; first vice president, Charles Launers of Stillwater; second vice president, George Storms of Duluth; third vice president, W. A. Drake of St. Paul; secretary and historian, J. H. Hoiser of Minneapolis; treasurer, H. V. Boutell of Minneapolis; necrologist, Fred E. Wheaton of Minneapolis; chaplain, Joseph Kahn of Faribault; trustees, K. B. Hamilton and J. H. Rippe of Minneapolis, J. F. Cromwell of Duluth.

Supposed to Be Mad.

A dog supposed to be mad was killed today by Officer Peterson at Fifth street and Eleventh avenue S. The dog, a fox terrier, was first seen on Riverside avenue. It was then running wildly about, snapping at people and dogs. It was seen next on Second street, and later was chased out Eleventh avenue, where it was killed. As far as is known no human beings were bitten, but several dogs which were seen next on Second street, and later were chased out Eleventh avenue, where it was killed. As far as is known no human beings were bitten, but several dogs which were seen next on Second street, and later were chased out Eleventh avenue, where it was killed.

Young Woman Bitten.

While returning home from church Sunday evening, Marie Longtin, 2314 Madison street NE, an employee of the North Star Shoe company, was attacked and badly bitten by a dog which, according to spectators, showed symptoms of rabies. As a result the Minneapolis police are searching for a large black dog.

Dogs Are Watched.

Last week a dog supposed to be afflicted with rabies was killed in North Minneapolis. The animal which bit ten dogs in the Kenwood district sometime ago, after being confined a few days developed a genuine case of rabies. Two of the dogs which were bitten, developed rabies and were killed at the request of their owners, but the other eight are still confined awaiting developments.

AROUND THE TOWN

Strikers in Sympathy.—The striking foundry workers are not without allies. Today delegates from the striking printers and the striking telephone workers addressed the foundry workers, offering assistance and sympathy. The strikers are determined until a settlement is effected, and if they are beaten, will maintain an active fight.

To Interest City's Guests.

Guests at the hotels are to be interested in a new plan which C. L. Sawyer, manager of the Minneapolis Real Estate board information bureau, put in effect today. Letters are to be written daily to persons registered at hotels, in which they are asked to call at the bureau, 3 Fifth street S, and get acquainted.

BETTER THAN SAVINGS BANK INVESTMENT

Talk-o-Phone Investment Talks--No. 1
Have you money in savings bank paying you 3 per cent or 4 per cent interest? If so, we want to talk to you.
Do you suppose the savings banks permit your money to remain in their vaults? No, indeed; they put the money in the bank and get all the profits except the paltry 3 or 4 per cent they pay you. They put it to work by investing it where it will pay larger interest returns. Your common sense will tell you this must be so. Why not invest yourself and get all these larger returns?
Then again, of what use to you is the small interest item you earn from the savings bank and get all the profits each year at the most. And in the meantime there is no chance for your principal—the money in the bank—to increase.
In an investment in Talk-O-Phone Company Stock we offer you an opportunity to earn at least 10 per cent per annum, and in the meantime your principal—the value of the stock itself—will be rapidly increasing.
THE TALK-O-PHONE COMPANY OF Toledo, Ohio, was originally capitalized at \$500,000.
To increase the output of machines necessitated the increase of the capital stock to \$1,000,000.
Of the new issue of stock we are offering a limited number of shares at the par value, \$10 per share.
Last year the Talk-O-Phone Company earned 8 per cent above all expenses on their entire capitalization.
This year a semi-annual dividend of 5 per cent will be paid to all stockholders on July 1. We predict a larger dividend at the close of the year.
That is why we say get in on the ground floor and don't wait until the stock rises—for it is sure to rise, as sure as the sun rises every day in the year.
Send for prospectus, or for further particulars see
HAERTHER, LEGG & CO.

Seeks Fish and Politics.

H. F. Dains, stamp deputy in the revenue office, left yesterday for the coast to register a time will be spent in fishing and in posting up on the local political situation, both being pet fads of Mr. Dains. Meanwhile, the office in the federal building will be in charge of Miss Mattie Dains, Mr. Dains' daughter, who is also a regular authorized deputy.

Reports on City Mission.

The tenth annual report of the Union City mission was issued in book form today by President T. E. Hughes. Beside the annual address of the president and the statistical matter, the report contains an interesting feature of the morning session was addressed by Miss Honora DeBusk of New Mexico, on her work in that territory. The election of officers was held late in the afternoon.

Today in the District Court.

Judge D. F. Simpson—Ollie Dalluge vs. Rudolph Dalluge, jury divorce case.
Judge F. C. Brooks—William F. Bechtel, former insurance company president, on trial for alleged theft of \$3,500 from company.
Judge John Day Smith—Inga N. Juvet vs. city, suit for \$10,000 damages for injured child.
Judge H. D. Dickinson—Jury, juvenile court and minor chamber matters.
Judge F. V. Brown—No jury ready.

Weather and Homeseeking.

Unseasonable weather interfered with the homeseekers' movement today from Minneapolis. Purchasers of railroad tickets were rare and the sale was not by any means up to standard. This is the date for sale of tickets to the western points, in Minneapolis territory. Wednesday's trains will take out the homeseekers who buy tickets today at points east of the twin cities.

Real Estate Firms Change.

The David C. Bell Investment company, agents for the new security building, will move May 20 to its new offices on the second floor of the building. David P. Jones & Co., will immediately move to the former offices of the Bell company on the ground floor of the National Bank of Commerce building, which are larger than the adjoining ones which the Jones company is now occupying.

Union Barbers Plan War on Night Shops.

Because the all-night barber shops work more than union hours, the barbers' union is planning a hard line strike to whip the night shops into line by arousing public indignation against them. It is said that the barbers in the all-night and over-hour shops are not union men and that the first step in preparation is to be organization. Some of the districts all over the city have been thoroughly unionized and in some cases the small outside shops are following the union regulations to hours. If possible, the employees of the all-night shops are to be made union members and the strike called. With a few down-town shops open all night, others are inclined to try the plan and it is feared the custom may become general. Other unions have been conferred with and offers of support have been secured.

City Will Advertise for Lighting Bids.

New bids for electric, gas and incandescent lighting for the streets will be sought by the city council. At the meeting of the committee on gas yesterday it was agreed that the best solution of the problem was to consider the old contract, closed and to begin all over again. The committee will, therefore, advise the council to readvertise for bids to be opened at the meeting of May 25.

Troughs Must Go.

The matter of abolishing all public horse troughs in the city, as ordered by the state livestock sanitary board, was considered at a joint meeting of the council committees on waterworks and health and hospitals. The present troughs are being destroyed forever; nine cases out of ten are caused by catarrh, which is a highly infectious condition of the mucous surfaces. We will give one hundred dollars for any case of catarrh (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is a highly infectious condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Week's Weather Abnormal.

The bureau's summary of conditions for the past week, asserts that the sky was cloudy most of the time, and the amount of sunshine below normal for this season. The temperature, which the first part of the week was moderate, began to fall May 4, and on the following morning was below freezing in the northern part of the state, the cold wave affecting the entire state the following two days. There were light rains throughout the week, the heaviest precipitation being 1.88 inches at Grand Meadow, and 1.30 at Detroit.

Must Be Posted Today.

Republican precinct chairmen must have their caucus notices for the primary election posted today. Notices must be posted today to comply with the provisions of the new code. Heretofore notices were posted only eight days in advance of the caucuses, the days of posting and voting being counted. Under the new code notices must be posted twenty-six days. County Chairman Thomas H. Girling has all notices in the hands of the precinct chairmen. The notices were mailed last week with instructions concerning their posting. The purpose of posting the notices is to call attention of the voters to the caucuses and to advise them of polling places. With the twenty-six day notice, however, it is doubtful whether much will be accomplished, as the first rain and windstorms will spoil the notices and the contents will be forgotten.

Moves to Minneapolis.

Prominent Winona Attorney Forms Partnership with H. E. Roberts. W. B. Anderson will on the 1st of June remove from Winona to Minneapolis, having formed a partnership with H. E. Roberts, and will have offices with him in the new Security Bank building. Mr. Anderson served three terms as mayor of Winona county, and was a representative of the state legislature for two terms, having been chairman of the judicial committee. When last session he is at present attorney for the Winona branch of the Ancient Order of United Workmen.
