Spink and Faulk County Lands

Are the best lands in South Dakota. As a resident owner of 25 years' experience, I offer for sale some 50 quarters of mostly improved lands, of my own selection. These lands are well located and were selected in anticipation of the coming of the M. & S. L. road, now being built, which crosses the C. & N. W. at Northville. I cannot hold them all, and offer some of them much lower than other lands near them.

Anyone wanting land in this section of S. D. should see or write me and have the satisfaction of dealing with the owner. My lands are the best and are located in the best part of the state.

PROUD OF MINNEAPOLIS

ALDERMAN MERRILL REACHES HOME AFTER MEDITERRANEAN TOUR FULL OF APPRECIATION FOR NORTHWEST.

Travel abroad has sharpened the keenness of Alderman E. A. Merrill's appreciation of Minneapolis. Mr. and Mrs. Merrill returned today from a Mediterranean trip which lasted two months and a half.

"The most comforting thing about my trip is getting home," said Mr. Merrill today. "Altho we had a fine trip, and found a great deal that was interesting and entertaining, we were glad that we lived in a country of free schools, free government and equal opportunity.

"I find Minneapolis looking more attractive than I ever saw it. It is evident that there is a united feeling and that all are believing in Minneapolis and the northwest, and that the species known as knockers is rapidly becoming extinct.

SCORES ARE TAKING JOURNAL AUTO TOURS

The Journal automobile tours are growing in popularity every day. Scores of visitors to Minneapolis have taken advantage of the splendid opportunity offered to see Minneapolis right, and in less than a month of the 1906 season people from nearly a dozen states and countries have traveled in The Journal's "Seeing Minneapolis" cars.

The route this season is a most enjoyable one, including a trip thru the canyon of the river, the Lake of the Isles, Lake Harriet, and the best residence districts.

Big, comfortable touring cars are used, and they leave the Journal building for the "Seeing Minneapolis" tour at 9:30 a. m., 1 p. m., 4 p. m. and the evening tour at 7:30 p. m. The "Seeing the Twin Cities" tour leaves the Journal office at 1 p. m., returning at 6 o'clock.

INCUBATORS WORKING ON PHEASANTS' EGGS

The state game and fish commission continues raising pheasants on a large scale and eventually stocking the entire state with this game bird, if an experiment about to be tried in Minneapolis proves successful.

At the St. Paul hatchery of the state commission there are now eighty pheasants. Of these, fifty-two are hens. These birds are prolific, each hen laying twenty-five to sixty eggs a year. But in captivity, the hens reduce to nest and hatch the eggs. Accordingly the eggs so far have been hatched in nests of common barnyard fowls.

SURPRISE THE CAPTAIN

Members of Company F, M. N. G., Steal March on Captain Percy A. Walton.

A complimentary surprise banquet to Captain Percy A. Walton was given at the National hotel last night by members of Company F, First infantry, M. N. G.

The event marked the retirement of Captain Walton after ten years of service in the national guard and the surprise was cleverly handled by the members of the company. Captain Walton was invited to take dinner at the National with Sergeant Olson and on arriving at the hotel he was met by all the members of the company in uniform.

Colonel Frank T. Corriston spoke of Captain Walton's work in the company and in reply to the remarks of the guardsmen that more patriotism for the regiment and not so much rivalry between companies would result in more good for the organization.

Additional Service to Lake Minnetonka. W. B. Nuform Corsets for Saturday.

NUFORM 414—The model for the figure with an unusual development back of hips. Nuform 414 overcomes this great fault. It is extremely long below waist in the back and long above waist, the bust being cut very full. Made of strong coutil, equipped with two pair heavy hose supporters, top trimmed with band of batiste, edged with \$3.00

NUFORM 407—The bust is high but not extreme. The hip is deep, with an added apron which contains no boning—a feature which makes it impossible for steels to cut when the wearer is seated. Hose supporters sides and front to pull down bulky lines into a more graceful and slender effect. Made of strong coutil batiste for summer. \$1.50

NUFORM 404—This model is medium long above the waist, with a princess hip. The Nuform shows a perfectly straight line down front of figure. Made of cool soft batiste for summer wear, equipped with two pair of hose supporters. Price \$1.00
