Wedding

Last evening for the first time the university students danced the "senior promenade" in Masonic Temple and not in the armory. Whatever expressions of regret may have been heard when the change was first proposed, all doubts as to the possible failure of having a senior promenade at any other place than the dear old armory were soon dispelled. The senior prom of 1906 was by far the most important event in college circles, was all that had been promised. The ballroom is well fitted for a display of lavish and original decorations and the committee, which had the affair in charge left no stone unturned to make it a splendidly appointed event. The smooth floor alone was a delight for the dancers, as its mirror-like surface surpassed any thing at the armory.

Gold and white, the senior colors, of course predominated in the ballroom, with a background of green, a long and under a canopy of gold and white, led towards an Egyptian balcony, from which a sunset scene on the desert was seen. Here were the great pyramids, the sphinx, the camel resting in the heat of the day, and the sands in their varying shades of saffron to burnished copper, making an exquisite note of color in a frame of white and gold draperies. At the top of the balcony white pillars with the class letters and numerals high above made the setting for the platform. Beautiful floral globes were suspended over the balcony, and over the center of the platform hung a jeweled oriental lamp. The stairs leading to the platform were carpeted in yellow and white, and were outlined with palms and cacti, and a network of white and gold, and myriads of electric lights shone in soft colors thru the transparent canopy.

Between the balcony and the platform a yellow and white caught in huge knots and the settees, and under the balcony cosy nooks were arranged. The refreshment table was served in the reception room, where warm colors and shades suggested a continuation of the oriental splendor in the ballroom.

About 200 college students danced. Rossiter's orchestra played and the dances were marked in dainty booklets of soft leather embossed with the college colors and name of the class.

On the list of patronesses were: Misses John A. Johnson, Cyrus Northrop, James T. Wyman, Stephen Mahoney, John W. Olson, John F. Downey, Fredrick E. Jones, George B. Frankforter, William R. Appleby, William S. Pattee, Edward S. Westwood, William W. Pike, George P. James, John P. Flaherty, Frederick H. Bass, Henry F. Nachtrieb, Frank M. Anderson, Edward E. Nicholson, Carl Schlenker, John Zelevy, John G. Swenson, Henry E. Reid, Max P. Vander Horck, William Dawson, Frank Esterly, A. H. Poehler, A. E. Zonne.

Mr. and Mrs. W. C. Buchanan announce the engagement of their daughter, Kate Webster, to Karl Loring Brackett, son of George A. Brackett.

Mrs. C. G. Austin entertained at an informal tea this afternoon at her home on Third avenue S for Mrs. L. W. Gammons, formerly of Minnesota, and Mrs. Minot, N. D., and for Mrs. T. A. Boyden of North Dakota. Mrs. Gammons was formerly a member of the Columbia Study Club and the guests were the members of the club. Mrs. Boyden is the club federation secretary of North Dakota and she has been attending the biennial in St. Paul. The rooms were prettily arranged with clusters of carnations and asparagus ferns. Assisting the hostess was Miss Frances Reed.

Mr. and Mrs. Louis Barrette celebrated the sixtieth anniversary of their marriage today. In the morning they renewed their vows in the Church of St. Ann. Rev. Father Richard, the pastor of the church, officiated at the unique ceremony, and in the afternoon a large number of generations of the family, Little Marie Lunt, who led the way to the altar, is a great-grandchild of the bride couple, and two great-grandchildren, Loretta Barrette and Russell Barrette, followed. Mrs. John Barrette was the matron of honor and Henry Barrette, a brother of the bridegroom, was best man. The bride wore a gray gown and carried a cluster of white roses tied with white tulle. Mrs. Barrette and the little girls were in white. The church was decorated with palms and pink roses.

After the services there was a breakfast at the Barrette residence, 515 Eleventh avenue N., where the guests ate bread and roses made an attractive decoration. This evening there will be a reception for the bride couple.

Mr. and Mrs. Barrette were born in Prairie du Chien. Mr. Barrette is 82 years of age and his wife four years his junior. They came to Minneapolis twenty-three years ago. They have had seven children, six of whom are living, John, Peter, Mrs. Joseph Rule, Miss Louisa Barrette and Mrs. Dunn, all of Minneapolis, and Samuel Barrette of Prairie du Chien.

The home of Mr. and Mrs. M. O. Brown, 3013 Park avenue, was the scene of a beautiful wedding last evening, when their daughter, Henrietta, became the bride of Homer De Vern Wells. Rev. Alfred Elmquist read the service in the presence of a shower of blossoms and foliage. An altar was arranged with snowballs and tall palms and large bunches of white peonies and smilax decked the mantel. The walls and pockets were filled with ferns and white blossoms. Dr. Harry Lyons played the program of nuptial music and Miss Dorothy Hanson and Florence Brown stretched the ribbons.

Miss Brown entered on the arm of her father. She wore a princess gown of mesaline tulle with trimmings of duchess lace, and her full veil was fastened to her hair with a crown of lilies of the valley. The same flowers were in her bouquet. Miss Sophia Brown was the maid of honor and the Misses Irma Wells, Viola Mason and Frances Wells were the bridesmaids. All were in white and held bouquets of peonies tied with green tulle. Orange was the color of the bridesmaids' dresses. The Misses Lillian Bates and Alice Winter presided in the dining room, where the decorations were carried out with pink roses and pink-shaded lights. Miss Fannie Higgins served frappe.

Mr. and Mrs. Wells have left for Duluth to make a trip of the lakes and in the last. They will be home at Spring Park, Lake Minnetonka, after July 1.

Miss Eva Sutton Winston, daughter of Mr. and Mrs. Edmund T. Winston, and Louis D. Farley of Olivia were married last evening in the Hamline M. E. church. Mrs. Charles Matthews presided at the organ and played a program of nuptial music. Arthur Manuel of Canton, Albert Turner of Owatonna, Raymond Gould of Excelsior and Parker Stowers of Hamline were the ushers. Palms and ferns made a bank of green for the altar and the organ loft, and great clusters of white peonies shone in starlike beauty among the

Furniture That You Can Depend Upon

Quality is an essential which this house has never waived in all its history. Durability is the first consideration at Hartman's. Our goods are specially made—made by conscientious craftsmen who take pride in their work—who are paid for putting their best efforts into the make and finish of our goods. OPEN PUBLIOTTI

The Truest Guaranty of Merit.

OPEN TO EVERYBODY is the fullest information as to the properties and use of the several ingredients entering Dr. Pierce's Favorite Prescription. Not only in English on each bottle wrapper, but in a little book of extracts from numerous medical authorities on the different schools of medical practice, extolling these several ingredients and giving their properties and uses, has been compiled by the author and will be mailed free by him to the address of any one sending a postal card or letter to him, at Buffalo, N. Y., and requesting a copy of this pamphlet.

In this way the afflicted, who may think favorably of using these non-secret medicines, are taken into Dr. Pierce's confidence and are made fully informed as to the properties and uses of each of the several vegetable ingredients of which they are composed.

Thus you do not have to rely upon Dr. Pierce's recommendation alone as to the marvelous curative properties possessed by his "Golden Medical Discovery" for the cure of weak stomachs, dyspepsia, torpid liver, or biliousness, impure blood and kindred ailments, nor of his "Favorite Prescription" for the cure of weak nerves, invalid women, for you have in addition the strongest kind of endorsement of each and every ingredient entering into the composition of these world-famed medicines by numerous leading medical writers of the several schools of practice. In fact nothing which Doctor Pierce has ever said in recommendation of these medicines is quite so strong and laudatory of their merits as what has indirectly been said of them through the numerous qualified endorsements and recommendations of each of their several ingredients by the leading writers on *Materia Medica*.

Of course, these endorsements were written from entirely disinterested motives and are therefore the more valuable. They were written by instructed medical practitioners in the properties and uses of the several ingredients which enter into Doctor Pierce's medicines, the writers not being aware that they were extolling and endorsing ingredients which are used in these medicines. Hence the great value of these highest possible endorsements, coming, as they do, from leaders of the medical profession in the matter of *Materia Medica*.

Among the well-known authorities will be found Dr. Bartholow, Hare, Johnson, Wood, King, Scudder, Hale, Coe, Ellingwood and many others.

The ingredients are all indigenous, or native, medicinal roots. Dr. Pierce believes that medicine can cure disease only as it assists Nature to overcome the abnormal or diseased conditions. For this assisting Nature in throwing off disease, Dr. Pierce believes the best and only real remedies are to be found in Nature's Laboratory. In the roots of medicinal plants found in this country, Providence has stored up most valuable, active, curative principles, which, when scientifically extracted and combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery, are most effective in curing a long list of chronic or lingering and most obstinate diseases.

In chronic, bronchial, throat and lung affections, accompanied with hoarseness or loss of voice, cough, profuse expectoration and ever bleeding from lungs, "Golden Medical Discovery" has proven a sovereign remedy.

In cases of weak stomach, indigestion, dyspepsia, ulceration of stomach or bowels, torpid liver, or biliousness, the "Golden Medical Discovery" has never been excelled as a tonic and invigorator which puts the affected organs "in tune" and enables them to perform their proper functions. It purifies and enriches the
