CONTRACTS CLOSED FOR SANATORIUM

CONSUMPTIVES' HOSPITAL WILL OVERLOOK CASS LAKE.

Institution Is Intended as Beginning of Larger One in Which Victims of White Plague May Find Relief-Legislature to Be Asked for Additional Funds.

The state board of control today let the contract for the new state sana-torium for consumptives at Walker, on

torium for consumptives at Walker, on the site overlooking Cass lake.

The contract for the building was let to O'Neill & Son of Faribault for \$32, 765; the plumbing to the Allen Black company, St. Paul, \$2,437; the heating to J. L. Judge, Minneapolis, \$2,220.

The structure cannot be completed before next spring. By that time the legislature will have had an opportuni-ty to make an appropriation for mainty to make an appropriation for main-tenance of the building, which it failed to do at its last session.

Other Bills to Come,

The board of control now has available for the sanatorium building \$59, 700. There is, however, considerable more expense connected with the completion of the building than the con-

tracts let today.

There is yet to be constructed a water and sewer system, and a lighting plant. It is the plan of the board of control to have these so constructed that they will be adequate for a much larger institution than the one now to be constructed. The new building will be erected with this in view, so that the first structure may eventually be made a wing of a large institution.

Question of Water.

The board of control favors securing the water supply for the building from a large spring three-quarters of a mile from the building site. This would give a fine, pure supply of water. The water mains, however, would have to be laid over a high hill, and there is some quesover a high hill, and there is some question whether the spring is large enough to supply the amount needed. This matter will be referred to an engineer for solution. If the spring is found inadequate, the water will be secured direct from Cass lake.

The sewer system will be on the septic tank plan, with the eventual discharge of the purified sewage into the lake.

It is probable that the needs of the hospital for consumptives will be brought to the special attention of the next legislature in the report of the board of control, with a recommendation that the institution be properly financed

CONSUMPTIVES' HOSPITAL PLANNED BY CHRISTIANS

Among the men who will attend the conference to take part in the exercises are Dr. A. C. Dixon, Boston; Ivan Panin, Boston; Dr. John Urquhart, Scotland; Dr. John Robertson, Scotland; Dr. Gaebelin and Dr. Oliver Morse, New York city; Dr. George Solteau, England; Norman H. Camp, Chicago; J. H. Sammis, Indiana; Dr. Luther Littel, Texas, and Rev. Frederick W. Long, South Dakota. the high ground overlooking the river. AGED WOMEN'S HOME STRUCK BY LIGHTNING

One of the three towers of the Home for Children and Aged Women at Stevens avenue and Thirty-second street, was struck by lightning during the storm today, but without doing a great amount of damage. Some timbers were splintered and many shingles torn off. There are about one hundred in the street of the stre there are about one hundred inmates in the home and many of the aged wo-men were badly frightened. It was feared that fire would follow the elec-tric bolt and preparations were made for a speedy removal of the inmates. No flames appeared, however, and in time the alarm was quieted.

KERR SINGS AT HARRIET MILKMAN'S 'KIDS'

MINNEAPOLIS BARYTONE WILL RENDER OPERATIC CLASSIC SO-BOS THIS EVENING.

For the second time this week U. S. Kerr, the barytone, whose singing with the Oberhoffer Orchestral band Tues-day night at the Lake Harriet roof was one of the most pleasant and most suc-cessful events of the concert season, cessful events of the concert season, will be heard again this evening.

Mr. Kerr will sing this evening the "Song to the Evening Star," from Wagner's "Tannhauser," and those who heard him Tuesday night have been so enthusiastically sounding his praises that favorable weather conditions should see the roof garden filled to capacity this evening. "Samson and Delilah," Saint-Saens' "Dance of Death," and other big numbers are also on the program.

Last night's program of celebrated masterpieces was in some respects the best of the season, and may be repeated before the close of the engagement.

This evening's program is as follows:

SOCIETY WOMEN PULL OFF YACHT RACES

New York, July 12.—Three society women managed the sailing of the third race for the Havens cup at Sea Gate yesterday, hoisting signals and doing everything except firing the starting gun. They baiked at this, and one of the men club members of the Atlantic Yacht club fired the gun. Ordinarily only yachtsmen of long and tried experience are selected to act as a regatta committee, but when the regular committee failed to put in appearance today it looked for a time as tho the race might have to be declared off. A suggestion was made that Mrs. Chubb, Mrs. Barstow and Mrs. Havens, whose husbands had yachts entered in the race, act as committee in place of the men. Consent was given to the arrangement, as the three women had on numerons occasions demonstrated their knowledge of yachting. All of them have frequently sailed in races and knew exactly what to do.

MURPHY MAY GET A CHANCE AT NELSON

George H. Christian and his son George C. Christian have purchased five acres of land near the Lake street bridge overlooking the Mississippi river, on which they will eventually erect a fully equipped modern hospital for tuberculosis patients. The hospital will be a memorial to Henry Christian, son of George H. Christian, who recently died.

The hospital will be for poor patients, who are without means to go out of the city, for treatment. It will accommodate forty serious and forty mild cases at one time.

Preliminary to the erection of the inospital building, a tent hospital is being established for the summer and fal. Already there are a number of tents erected among the trees on the river bank near the Lake street bridge. The first patient in the tent hospital:

DISCIPLE OF ROOSEVELT WINS BOARD OF E?UALIZERS.

Bankers and Capitalists Present Figures to Show that They Owe More than Is Owed Them, and the Board Takes Their Cases Under Advise-

Eleven children secured favorable attention for Victor Grunstein when he appeared before the board of equalization today to learn why his assessment had been raised from \$475 to \$850. He declared that the former figure was too high, but he had not taken the trouble to make a protest. hTe new assessment, he said, was absurd.

Mr. Grunstein, who is a dairyman at 3601 Knox avenue N, explained that

he was trying to raise a family of eleven and was having a hard time, as his offspring were still too young to be of any assistance. In consequence, he was having something of a struggle. The noble manner in which he was following the Roosevelt doctrine appealed to the equalizers and the assessment was reduced to \$400.

Notables Line Up.

Another distinguished company of citizens appeared before the board to-day to tell that body wherein the city day to tell that body wherein the city assessor's force had been too enger to make a record. Among them was H. C. Akeley, the lumberman, who had been assessed at \$100,000 on personal property. He presented what appeared to be an elaborate statement of his financial condition. He had his assets figured up to \$79,680.67, and his liabilities at the same figure. Then he had a supplemnetary statement including a lot of bank transactions which showed lot of bank transactions which showed that instead of having credits he was really on the other side of the ledger. The report created some amusement, and the protest was filed for future

Paine Also Objects.

Asa Paine objected to a personal property assessment of \$25,000. He declared that his credits did not exceed \$300. As a dealer in automobiles he was simply a manufacturer's agent. He explained that his real estate assessments agencied \$15,000.

He explained that his real estate assessments aggregated \$125,000.

R. S. Goodfellow protested against an assessment of \$30,000 for credits. He confessed to \$13,500, but declared that he owed 87,500, which more than offset his assessment.

F. H. Wellcome presented a tempting list of bank stock when he attempted to explain why his personal property assessment should not be increased by \$100,000. The banks in which he owned \$100,000. The banks in which he owned stock were scattered thruout five states and were not taxable, as the banks paid the taxes in their respective com-munities. The board of equalizers could not accept this view of the matter, but promised to take it under advise-

Gentlemen—

I have just made a critical examination of the new "F" Packard Plane sent me for my concert, and am much pleased with it. The style and finish of the case is chaste and beautiful. The scale is even throughout, is powerful in tone, while the action is elaptic and perfect in repeating; qualities which make it truly delightful to play upon. I am very respectfully,
