IOWA DEMOCRATS

SEE AN OPENING

COMING CONVENTION WILL BE THEIR BEST.

Believe that the Factional Troubles of the Republican Party Pave the Way for Their Success—Ball of Iowa City Said to Be Leading for First Place.

Special to The Journal. Waterloo, Iowa, July 16.—The democratic state convention will meet in the city Aug. 1. The factional strife in the ranks of the republicans, which may culminate in the nomination of two candidates for governor, is the Des Moines convention, Aug. 1, has caused the democrats of Iowa to take notice that political opportunity hangs just over their door.

The convention will be held at Chautauqua Park, on the Waterloo & Cedar Falls Interurban line, two miles from the city. The new auditorium will accommodate a large number of delegates and spectators. It is estimated that the total number of delegates will be 6,000 persons. But, with these facilities provided for taking care of the democrats, the question of selecting a suitable delegate is not a matter of great importance.

Special to The Journal. Aitkin, Minn., July 16.—One thousand citizens of Aitkin county gathered at the courthouse in this city Saturday in response to a call for a mass meeting issued by a committee of the Aitkin Commercial club, consisting of G. W. Knox, W. Lotter, T. R. Foley, C. P. Delatour and J. H. Hingston.

The resolutions presented were adopted without a dissenting vote. They read as follows: "Resolved, That we unanimously favor the proposed cutoff canal, and the Minnesota members of the congress of the United States are hereby requested to do their utmost to secure an appropriation for a survey and estimate of the cost of said cutoff canal and an appropriation for building the same."

"Resolved, That we hereby express our confidence in the committee appointed by the Aitkin Commercial club, that we hereby make said committee our representatives in the matter of issue, and that we hereby pledge to said committee our undivided support and assistance."

President of the State Association, Who Presided.

ALBERT LEA, MINN.—The funeral of Benjamin Frydke was held at the Norwegian Lutheran church Sunday afternoon and there was a large attendance of relatives and friends.

SAUK CENTER, MINN.—The funeral of Mrs. Isabella Law was held from the Episcopal church this afternoon. Rev. F. M. Garland officiating. She had been an invalid six years.

DEADWOOD, S. D.—Mrs. Mary Jane Winkler died at the home of her daughter, Mrs. Charles Winkler, at Two Bl. She was born in Nova Scotia and was 82 years of age. She leaves two daughters in the hills, Mrs. Harlin and Mrs. Joe King. The interment took place in Deadwood.

STEWARTVILLE, MINN.—Martin Holland, a farmer and one of the old settlers of this place, dropped dead. He was about 75.

GREEN BAY, WIS.—Mrs. Theresa Meyer, aged 52, was stricken with apoplexy while coming down to breakfast and died the following day. She was formerly a teacher in the city schools and was the third member of the family to die of the same disease.

CANNON FALLS, MINN.—A stranger accused of stealing a team and wagon from a farmer near Hastings was arrested here.

WATERLOO, IOWA.—Severe electrical storms which have raged for two days, have done considerable damage, and several people have had narrow escapes from death by lightning. A bolt struck the ground two feet from a Chautauqua park tent occupied by Rev. W. Doree and family of Trar. The family was at dinner and their escape from death or injury seemed miraculous. Knives and forks were knocked out of the hands of those at the table and all were prostrated by the shock.

At Cedar Falls, Miss Dietrich Obele was standing in the kitchen conversing with her sister, when she was rendered unconscious by lightning which struck nearby. She was revived after twenty minutes work, and will recover. A large barn belonging to Herman Kofasche, four miles west of Cedar Falls, was struck, and fire, which followed, consumed the structure and its contents, entailing a loss of \$2,000.

At New Hartford several houses were struck. The residence of J. Holland being set on fire. The houses, however, were extinguished before much damage was done. The barn on William Wright's farm southwest of there was struck, and destroyed by fire, the damage being estimated at \$2,000. The storm also did considerable damage to a high wind which overturned small buildings, uprooted shade trees and did other mischief to small and small grain sown considerably.

The local telephone exchange was burned out and no news could be gathered of damage in the neighboring county.

BIG THING FOR FARMERS. New Pure Milk Law Is Worth \$1,000,000 to Iowans Annually.

SHOUX CITY, IOWA.—According to E. M. Wentworth, agent in Iowa for the Pennsylvania railroad, and one of the best-posted dairymen in the west, the new law making it a punishable offense to sell or buy impure milk or cream to be manufactured into human food will give the farmers of Iowa annually \$1,000,000 more for their cream and butter.

The new law, in his opinion, will raise the standard of butter at least three cents. This will make the butter that has heretofore ranked in New York as second-class take first-class hereafter. The first-class butter was ranked "western extra," and a vast amount of butter has fallen below the second-class level. It will be brought up to that classification. Butter scoring 88 is ranked second class, and that scoring 91 is in the first class.

The use of only pure cream will mean an average addition of 2 cents to the price of butter, and, as 500,000 pounds of butter are shipped from Iowa to the east every year, that would mean an increase in receipts of \$1,000,000, most of which will go into the pockets of the farmers.

SPEARFISH, S. D.—The Black Hills Traction company, operating on Redwater near this city, will soon have completed the largest waterpower, electric plant in the Black Hills. The purpose of this company is to furnish electrical power for mines and mills. This power will be generated by a three-phase, six-cycle, and the power line carries 25,000 volts. The intake of the canal is at the point where Crow creek, which is a warm stream, empties into Redwater, and the result is that the company will not have trouble with the water.

The ditch is six and a half miles in length and the fall 117 feet, and 5,000 miners' inches of water or 125 second feet are carried down the ditch. The plant will produce 1,500 horsepower, and is built in two separate units, either of which is capable of carrying the entire load. The Westinghouse Electrical company will furnish the electrical equipment, and the Baldwin Locomotive company of Philadelphia the hydraulic equipment. The plant will be in operation by the end of the month.

A pole line from the plant to Deadwood is being built. It will come up Spearfish valley and turn Tule Bottoms near the Deadwood road, and will be about twenty-one miles in length. The company will not only have a large horsepower available for the use of different mines, but it will be able to furnish the power very cheaply, as it is generated by water instead of steam.

MINNESOTA

AITKIN ASKS FOR CUT-OFF CANAL

MEETING PASSES RESOLUTION URGING CONGRESSIONAL AID.

Plan Is to Construct a Ditch from Waddeck on the Mississippi Above Aitkin to Pine Knoll Below—People of County Enthusiastic in Support of the Project.

Special to The Journal. Aitkin, Minn., July 16.—One thousand citizens of Aitkin county gathered at the courthouse in this city Saturday in response to a call for a mass meeting issued by a committee of the Aitkin Commercial club, consisting of G. W. Knox, W. Lotter, T. R. Foley, C. P. Delatour and J. H. Hingston.

NORTH DAKOTA

BANKERS DISCUSS GRAIN INSPECTION

ANNUAL MEETING OF STATE ASSOCIATION AT FARGO.

Annual Banquet Coming This Evening. Special Train Will Take the Financiers to the Yellowstone National Park for a Tour of Eight Days—Attendance Good.

Special to The Journal. Fargo, N. D., July 16.—This is bankers' day in Fargo, and the dabbles in finance are numerous. The annual association meeting was called to order at 10 o'clock this morning, after which Rev. Dr. Dudley made the invocation. The welcoming address was made by Mayor Johnson in his best style, and Governor Sarles responded when he was called on.

President Hannu's annual address was followed by the reports of Secretary Macfadden and Treasurer Page. All showed the association to be increasing in membership at a satisfactory rate, and to be in good condition in every way.

Mrs. Batchelor Reports. Mrs. L. A. Batchelor of Fargo, the only lady member of the American Banking association, at which she represented North Dakota as a delegate, made a report of the meeting of the national organization.

This afternoon there were several interesting addresses, including a discussion on grain inspection in Minnesota and Wisconsin by representatives of the boards of trade of Superior and Minneapolis.

This evening the annual banquet will be given and there will be responses to toasts by Bishop Shanley, Colonel Repton, Judge Amidon and Fargo, W. F. McClure of Minneapolis and L. A. Hutton, Moorhead.

Tomorrow morning the bankers leave on a special train for their annual excursion to the Yellowstone national park. They will be in the park for eight days.

After remaining in jail for months on charges of conspiring with the mob, which they charged play slot machines, Al Smith, William Partridge and Fred Kinney pleaded guilty before Judge Auldin in the United States court, and in view of their long imprisonment were let off with \$1 fines.

Ed Brown, an attaché of the Cash Carnival company, secured the arrest here of H. S. Layman, the ticket seller of the organization, Brown and his wife for a few months were with the show, and Brown asserted that Layman and the woman left together and spent several days at Jamez before the woman continued her visit to St. Paul. A decoy telegram was sent to Layman and he was located in his hiding place through a friend.

LARGE CLASS CONFIRMED. Bishop Trobec in Charge of Interesting Services at Fargo Falls.

PERGUS FALLS, MINN.—Elaborate services were held at St. Otto's Catholic church in this city yesterday, a class of sixty-four candidates being confirmed. Rev. Father Schriber of Meadville, Pa., was the officiating priest. Father Weis, pastor of the church here, acted as celebrant of the mass, and was assisted by Father Weis as deacon and Father Hoffman of St. John's college as subdeacon. Right Rev. Bishop Trobec of St. Cloud conducted the confirmation services, the following were confirmed:

Leonora Bauer, Mary Bauer, Emma Bosquet, Grace Bowers, Mary Cummings, Mary Fellows, Lillian Giloley, Helen Frankovic, Catherine Metcalf, Irene Kelly, Marjory McDonnell, Lena Meder, Louise E. Hoeslein, Mary Agnes Sina, Edith Vogel, Ellen Schneider, Anna Kreuzer, Mary Kreuter, Maggie Martin, Rose Meyer, Mary Meyer, Mervette Patterson, Mrs. Agnes Budd, Francis Mendelice, Antonette Kukacka, Mary Peter, Mrs. T. J. Timmer, Mrs. J. J. Schaefer, Mrs. Kreutzer, George Meder, Edwin Schwilken, Otto Metcalf, Thomas Martin, Henry Martin, Richard Cummings, Clinton Grinager, Vincent Giloley, Charles Gunderson, Edward McDonnell, Wm. Knudsen, Michael McInally, Arthur Fletcher, Frank Patterson, Otto Schwilken, George Sba, Frank Rha, Charles Whelan, John Kukucka, Wm. La Plante, Bertie Field, John Fellows, Joseph Kukucka, Russell Flabee, John Timma, James McManis, George McManis, Thomas McManis, Martin Kelly, Wm. Barbeau.

Michael Bordenau, who was sentenced to spend three months in jail at the recent term of the United States court here, was released Saturday on parole. Bordenau had a month more to serve as he was also sentenced to jail, but he would have probably remained in jail until September. He was charged with introducing liquor into the reservation.

EFFORT TO AID MINERS. Appeal to Labor Unions for Idaho Men Meets Response.

BUTTE, MONT.—Officials of the Silver Bow Trades and Labor Assembly of this city report that they have received very encouraging returns from the appeal sent out asking for united action by labor organizations in behalf of President Charles L. Meyer, Secretary William D. Haywood and George A. Pettibone of the Western Federation of Miners.

It is hoped to induce a general labor union body in the country to set apart August 5, for the adoption of general and direct petitions to District Judge Frank J. Smith of Caldwell, Idaho, either to give Meyer, Haywood and Pettibone an immediate trial or admit them to bail pending their trial for the murder of former Governor Frank Steiensenberg of Idaho. Every labor union in the United States has been urged to adopt such resolutions.

CLEARWATER, MINN.—Rye harvest is in full blast and the crop is a bumper one.—The canning factory is running on peas at the rate of 12,000 cans a day.—A crew is at work drilling for the dam.

EVELETH, MINN.—Despite the report to the contrary, Angelo Giangrelli, the Italian who is alleged to have murdered his fellow countryman, Basilio Romano, is still at large.

ALEXANDRIA, MINN.—Pine, the origin of which is unknown, is admitted to the residence of the Nesbitt & Gilmore farm at Carlos, causing a loss of about \$3,000.

BAILEY, MINN.—Twenty homesteaders made final proof before officials in this village.—A mill owned by Knickerbocker and his sons of one hand cut off.

RED WING, MINN.—Trinity Lutheran church was dedicated yesterday with impressive ceremonies. Many clergymen from other places attended.

DAYFIELD, WIS.—Deer got into the experimental fruit farm set out last May under the supervision of Professor Sandon of the state university, and ate the tops of all the apple and cherry trees.

WISCONSIN

ARTILLERY DUEL IS IN STATU QUO

NEW RAPID FIRE GUNS HAVE CHANGED THINGS.

Minnesota and Wisconsin Battery Men Are Not Likely to Shoot Off Their Unfinished Match, as the Old Regulations Do Not Apply to the New Field Ordnance.

Special to The Journal. Camp Douglas, Wis. July 16.—Today the first regiment, Troop A and First Battery went thru the long order of inspection in the field in heavy marching order. The inspection followed guard mount, which took place at 7 o'clock.

Chaplain Butters of the Third regiment delivered the sermon yesterday to the first regiment. In the afternoon the officers held revolver competition.

The biggest change in the equipment of any organization in the guard since last camp is in the battery. The members of the Milwaukee organization feel justly proud over the ordnance which recently came to their possession, and the new rapid-firing guns are causing much attention. The rapidly firing gun which can be fired in remarkable when compared with the former gun owned by the battery. It is now possible to fire fifteen shots a minute while with the old ones, according to Captain Ludington, only one shot could be fired with each gun in five minutes with any accuracy.

Match with Minnesota. Captain Ludington's command is now as well equipped as any battery in the regular army. The equipment is of the latest type, and the required number in camp, only twenty of them are battery property.

Colonel Butts practically has a new staff. Captain Henry Baker of Madison, who for years was senior first lieutenant of the state, is now regimental adjutant and Captain Paul E. King, formerly of the first battery, is a battalion adjutant in the First, and is also William Smith, Jr., Lieutenant Arthur M. Webb is the last of the new staff officers, having been commissioned second lieutenant and battalion sergeant-major. Hans Hilsenrath is Major F. K. King, and C. A. Kresel, the former senior non-commissioned officer, regimental quartermaster sergeant. Hans Hilsenrath is Major F. K. King, and C. A. Kresel, the former senior non-commissioned officer, regimental quartermaster sergeant. Hans Hilsenrath is Major F. K. King, and C. A. Kresel, the former senior non-commissioned officer, regimental quartermaster sergeant.

LA CROSSE, WIS.—After having been in liberty since October, 1904, Frank King, alias "Viscount," one of the rascals who made his escape from the county jail at Whitehall, has been captured and taken to that place to be tried in September. King's accomplices have been sent to prison and are now serving their time.

Desiring to give her pet dog a regular funeral and burial, such as accorded the bodies of human beings, the widow of a man who had been killed in a fire in this city made application to the Oak Grove cemetery for a permit allowing her to inter her dog in the cemetery. It was no ordinary dog, she said. In fact, it had been treated as one of the family for years and as such she desired to give it a decent burial. She planned to buy a box and casket and have the animal buried with all the honors accorded deceased persons. The permit was granted.

While attempting to dislodge some sparrows' nest from the eaves of a barn with a pitchfork, Walter Britton, a well-known farmer of La Crosse county, was probably fatally injured. He fell from the barn and struck his head on a nail. He is in a serious condition.

RAPID CITY, S. D.—A communication from the Indian department announces that William P. Hall of this city has been appointed superintendent of construction for the new buildings to be built at the government Indian school.

A Talk with the Consumer

Competition among brewers is keen. Perhaps you've noticed it. You may not know what's back of it. You have a right to know the facts. We have decided to print them. Some of the large brewers to reduce the cost of brewing use cheap materials. In place of Barley, the very soul and essence of perfect beer, they use Corn, because it is cheap. They further reduce the cost of production by not having ample storage facilities to properly age their beer. The result is beer that has little else but "Purity" and "Sterilization" to recommend it. As a matter of fact, nearly all beer is pure and properly sterilized.

Budweiser

—The King of all Bottled Beers—

Budweiser is brewed from choicest Barley-Malt, the finest Hops, imported from the province of Saaz, in Bohemia, Yeast of special culture, and a small percentage of Rice. It is fermented in glass-enameled vats. It is lagered (aged) from four to five months in glass-lined steel tanks. In fact, is in glass from "Kettle to the Lip." Our enormous storage capacity—600,000 barrels—enables us to age our beer to full maturity, which accounts for its healthfulness and delicious flavor. We produce beer of such unquestioned superiority that discriminating consumers demand it. It is for these reasons that Budweiser, although the highest in price, has a larger sale than all other bottled beers.

Anheuser-Busch Brewing Ass'n St. Louis U. S. A. Largest Brewers in the World. A. D. GIANNINI, Manager, Anheuser-Busch Branch, Minneapolis.
