MOTHER WINS FIGHT OVER HER DAUGHTER

Judge H. D. Dickinson's order, deciding that the natural mother of little Edith Bryant is entitled to her custody, has been sustained by the supreme court, and the long legal battle over the child's control has been ended. The syllabus, written by Judge Jaggard, follows:

Proceedings in the matter of the adoption of a minor child are examined and held to justify the conclusion of the trial court, that the natural mother and her present husband were entitled to the custody of and parental rights over that child. "Order affirmed."

KEEP A CLOSE WATCH

On all your purchases and see if the price isn't always pretty close to the quality. There are only enough exceptions to prove the rule. In the piano business this is particularly true. Within reasonable limits you can buy a fairly good piano for almost any price. \$200 will buy a \$200 piano. \$500 will buy a \$500 piano. \$200 won't buy a \$500 piano. What you get is what you pay for every time. Nobody in America can buy pianos for less than we can. No dealer in America marks his stock any closer than we do. Nobody in this state marks it as close, or buys so low, as we do. H. J. Foster, Krakauer, Melvin, McPhail, Behning, Sterling, "Crown," Huntington pianos—cash or \$6 to \$10 monthly.

WHEAT FIELDS ARE READY FOR REAPER

HARVEST WILL BE ON WITHIN A WEEK.

Weather Generally Is Just What Crop Needs and Prospects from Reports Could Scarcely Be Better—Black Rust Damages Some Localities—Western Temperature Trifle High.

If this million-dollar weather holds another week or more, the earlier spring wheat harvests on record will begin, for in the advance places between Redfield and Aberdeen farmers will be cutting wheat by a week from today.

Some Is Late. This does not mean, however, that the entire crop is early. On the contrary, there are some important counties in North Dakota that are very late.

Nevertheless, the advanced places of Minnesota and North Dakota are the object of inaugurating an early harvest. Event though the bulk of the crop does not move much in advance of an average date, the first threshing will stimulate interest in the northward and start preparations for financing the movement.

The one bad feature of the black rust which is present in a dozen places in Minnesota, North and South Dakota. This is the genuine black rust that does the damage, but it can do little harm while the present good weather holds.

Depends on Weather.

It is a question of the weather. To do its damage the rust has got to strike wheat before it gets too well along or it cannot injure it. Hence, it is a race between the wheat and the rust, with the good weather favoring the wheat and every day of it worth millions to Minnesota and the northwest.

There was a less favorable turn in the weather this afternoon. Temperature at 2 p.m. were a little too high for full reassurance. Points reporting extreme heat were Grafton 85, Fargo 90, Valley City 100, Moorhead 90, Aberdeen 95, Madison 87, Webster 91.

SPECIAL TAX AS A LIEN

JUDGE DICKINSON DECIDES AS TO CITY ASSESSMENT ON LAND, SUCH A SEWER LEVY.

Special city assessments, such as those for sewer, water paving and sidewalk, made upon land immediately become liens and affect the title to the property.

This is the essence and meaning of a decision of Judge H. D. Dickinson, in which he overrules a demurrer to the complaint in the case of Moritz Bergstein against Eva K. Bertram and Charles Bertram.

Moritz Bergstein agreed to purchase certain city lots from the defendants and the agreement contained the usual clause relative to incumbrances. Bergstein later demanded that Mr. and Mrs. Bertram deliver a deed to the property under the payment to them of the price agreed upon, less the three unpaid installments of a 1903 special assessment. The Bertrams refused, asserting that the payments were not yet due and did not constitute a lien in incumbrance as contemplated in the agreement.

Mr. Bergstein brought suit to compel them to accept his offer. The Bertrams represented by Charles Holter demurred to the complaint on the ground that it did not state facts sufficient to constitute a cause of action. Mr. Holmes argued at length in support of the demurrer and a contented that the practice had always been not to consider uncollectable payments of special assessments as liens, and that any decision to the contrary would cause endless litigation and trouble. Judge Dickinson, however, has studied the case thoroughly and his conclusion is that under the city charter and the laws of Minnesota the entire assessment becomes a lien and affects the title to the premises. He has written a memorandum in which authorities are cited and reasons given. The ruling will be of especial interest to lawyers and land owners and will, it is sustained, materially change the present practice prevailing in sales and land transfers.

HE SUES FOR ALIMONY

Her First Husband Brings Action Against Divorced Wife. Mrs. Charles H. Renig, formerly Miss Julia Warner of Minneapolis, is being sued for \$9,000 promised alimony by her first husband, Augustus H. De Steiger. Suit has been brought in Los Angeles, where the former Minneapolisian is now living and where her wealth is estimated at more than \$250,000. It is asserted by De Steiger that when his wife secured a divorce from him in order to marry Renig she made an agreement to pay him \$10,000 alimony, and he alleges that she has paid but \$1,000 and he wants the other \$9,000.

COURT EXONERATES \$300 LOCOMOTIVE

SUPREME JUDGES SAY IT HAD A RIGHT TO BLOW.

The Soo railroad company won an important victory today in the supreme court decision reversing the verdict for damages secured in the district court in the case of Edmond Severson vs. the Minneapolis, St. Paul & Sault Ste. Marie Railroad company. It is held in the decision that the conditions under which the locomotive whistle was blown, resulting in a runaway and the plaintiff's death, such as to bring the case under the exception providing for the blowing of whistles in the city limits in cases of peril or danger. This is the syllabus, written by Judge Brown:

On the night of the accident complained of in this action two fires were discovered in lumber piles near defendant's railroad track in the vicinity of Thirty-second avenue, in the city of Minneapolis, and certain fire engines were sent to the place to extinguish them. A chemical hose attached to one of the engines was stretched across the railroad track at the above street. Some time after the fire had been brought under control and practically put out, one of defendant's freight trains, approaching the street, crossed the engine's whistle or the report from the hose, the horses belonging to the chemical engine became frightened and ran away, injuring plaintiff, an employee of the lumber company. It is held that the evidence is insufficient to sustain a finding of negligence on the part of the engineer in sounding the whistle of his engine, or in running over the plaintiff's horse, which was the proximate cause of plaintiff's injuries.

The ordinance of the city of Minneapolis prohibit the blowing of whistles within the city limits, except in cases of peril and danger, and it is held that the facts disclosed in this case bring it within the exception. "Order reversed and new trial granted." —Brown, J.

HOTELS ENGAGED FOR G. A. R. WEEK

PROMINENT ORGANIZATIONS SECURE ROOMS IN ADVANCE.

Prices for Encampment Will Be the Same as for Ordinary Occasions, the Guests to Consent to "Doubling Up" to Accommodate Visitors—Reservations Already Made.

Forehand persons and organizations have already made reservations for the Grand Army of the Republic and little is left at any of the hotels except the rooms which will be held for transients. Cots and other temporary beds will be used extensively and every available room will be let, with the idea of accommodating four persons.

Prices have not been raised, according to the statements of the hotel proprietors, but everyone will be compelled to "double up" and pay charges for the number which might occupy the room. Four in a room for \$5 seems to be the standard price for lodgings and meals will be sold as usual. One hotel is making an American plan charge of \$3 for a cot and three meals.

Hotel Reservations.

The various state and national organizations have established their headquarters as follows: At the West hotel: National headquarters Grand Army of the Republic; national headquarters Women's Relief and Aid; national headquarters Ladies of the Grand Army of the Republic; national headquarters Daughters of Veterans; National Tribune, Washington; Illinois G. A. R. and W. R. C.; Wisconsin G. A. R.; New York G. A. R.; Ohio G. A. R. and W. R. C.; Nebraska G. A. R.; W. R. C. and Ladies of the G. A. R.; Massachusetts G. A. R. and W. R. C.; Pennsylvania G. A. R.; Indiana G. A. R. and W. R. C.; Department of the Potomac, Washington, D. C.; Columbia post, Chicago.

At the Hotel Brunswick: Oklahoma, Arkansas, Missouri, Nevins post of Rockford, Ill.; G. H. Thomas Post, Oregon; Union Veterans' League, Alabama, Tennessee, West Virginia, Pennsylvania W. R. C.; Connecticut W. R. C.; Kansas, Modock Glee club of Topeka, Kan.

At the Hyers: New Hampshire W. R. C. and General Frank Battles post, Ladies of the G. A. R. of Minnesota, Illinois and Iowa.

At the Nicollet: New Jersey, Maine G. A. R. and W. R. C.; California G. A. R. and W. R. C.; North Dakota G. A. R. and W. R. C.; Connecticut G. A. R.; Vermont G. A. R.; South Dakota G. A. R. and W. R. C.; Iowa G. A. R. and W. R. C.; Ransom post of St. Louis, Michigan G. A. R. and W. R. C.

At the National: General Lawler post of Rockford, Ill., reservations for 300 New Englanders made by two touring agencies of Boston.

20,000 VETERANS WILL FORM PARADE

DETAILS OF MARCH HAVE BEEN ARRANGED.

Minneapolis Will See More Grand Army Men in Line than Will Ever Again Be Assembled—Forty-five Departments and Scores of Bands Will Step to War-time Music.

Positions in the Grand Army parade, the great public event of Encampment week, have been assigned, and the order of parade made up. It is believed that fully 20,000 veteran soldiers and sailors of the civil war will be in line and that the parade will be the grandest pageant in the history of the Grand Army of the Republic.

Forty-five departments will be represented in the parade, more than the smaller posts in each department will march in a body and the larger and more prominent posts, with a large representation, will march as special bodies of the department. More than one hundred bands will be in line, beside many veteran drum corps belonging to individual posts.

Illinois Has Honor Post. The organization of the parade and the assignment of positions has been referred to Junior Vice Commander S. H. Towler of Minneapolis to assign formation positions, and his report has been forwarded to Commander-in-Chief Tanner at Washington. The parade will be headed by the chief marshal and his staff and aides, followed by the band escort to the commander-in-chief. This position of honor has been assigned to the Illinois First Regiment band.

Columbia post No. 706 of Chicago, H. G. Durington, commander will act as chief marshal. The Women's Relief and Aid post will be headed by the chief marshal and his staff and aides, followed by the band escort to the commander-in-chief. This position of honor has been assigned to the Illinois First Regiment band.

Parade Move to 10. The parade will move promptly at 10 a.m. Wednesday. Commander-in-chief Tanner and his staff will be at the rendezvous at 9:30 a.m., and everything must be in readiness to move promptly. Seated and benches will be distributed at points where the departments will form their ranks. Comfort stations, water tanks, and other conveniences will be provided for the comfort of the veterans.

One Hour to Pass Point. National Guard officers will assist in the handling of the parade. A mounted police force of 100 regulars will be assigned to each division. It will require at least an hour for the parade to pass a given point. The course has been marked out on the city map and at a rate of 100 28-inch steps to the minute, it required forty-five minutes to cover the distance. As there may be some delays and as the parade may be somewhat slower than the usual rate at least an hour will be required for the parade to pass. The line of march as already published will be on Tenth street from Nicollet to Hennepin to Ninth street where the parade will disband.

The reviewing stand of the commander-in-chief and his staff will be on Hennepin street, in front of the T. B. Walker residence. As soon as the first division reaches this point it will wave the parade and take part in the review by the commander.

Bleachers from the "U." Thru the courtesy of the athletic board of control of the University of Minnesota the portable bleacher seats from Northrop field will be used as grandstand seats for the Grand Army parade, and for the official reviewing stand of the commander-in-chief and other prominent men of the G. A. R. and the nation. The official reviewing stand will be at Hennepin avenue and Eighth street, in front of the T. B. Walker residence. It will seat 2,500 persons and will be entirely at the disposal of Commander-in-Chief Tanner. The football seats are admirably adapted to the purpose. They are strong and safe. They can be easily and quickly erected and removed, and the only expense in connection with and the erection of a two-foot base to raise them more than is necessary on Northrop field. The seats are constructed on lines drawn by Dean Frederick S. Jones of the university.

Part of the seats will be needed for the reviewing stand. The others will be used at other points on the line of march and offered for sale to the public by the committee. The revenue to be derived to be turned into the fund. Other private stands will be erected and seats sold by private parties.

NEW HOME ON THE HILL. Permit for \$16,000 Residence on Mount Curve Avenue.
