

Saintly City Council U. C. T. Ball Team Is Cruelly Wiped Off the Green Earth

Past Injuries Are Redressed and Old Scores Wiped Out by No. 63 to the Tune of 22 to 5.

ANDERSON & KENNEDY, PITCHER & CATCHER, ARGUMENT BETWEEN FABER, ST. PAUL MANAGER, AND CROZIER, CONCERNING ARNEJON

THOMPSON, CATCHER-PITCHER, ST. PAUL. AFTER THE SIXTH INNING HE BROKE TRAINING AND SMOKED

B. HIRSCHMAN, OFFICIAL SCORER

FRANK WYMAN, NICOLLET PARK, YESTERDAY AFTERNOON

DE MASEK, PITCHER-CATCHER ST. PAUL.

"Somebody hold me! Tie me down, or I may explode," shrieked Alex Crozier, secretary of Minneapolis council No. 63, at the end of the eighth inning of the game with the saintly city team of St. Paul yesterday afternoon at Nicollet park.

Mr. Crozier hung limply to the wire netting in front of the grandstand—it was too good to be true. It was the game by which the saintly cities expected to revenge themselves for their defeat at Albert Lea. When they showed up on the grounds they had a new pitcher.

"Is he a U. C. T. man?" asked Crozier.

"No," not exactly, but he's willing to be, was the reply of E. W. Faber, manager for the piggye champions.

"Then take him away this is a U. C. T. game," thundered Crozier. Finally he was induced to let the stranger, who gave the name of Arnejon, and whom he suspected might be Rube Waddell in disguise, play third base, just to help out.

Along in the seventh inning the game stood fourteen to five in favor of Minneapolis, and saintly city was allowed to put the imported pitcher in the box. And this was the eighth inning and Crozier had seen Arnejon, who used to pitch for the Lund Lands, while thirteen bases were stolen on him. No wonder he was excited.

The game opened quietly and up to the fourth inning was a tie, 3 to 3, and then Minneapolis strung out five tallies one after another, and the game was really over. Just to make it sure they added two more in the next inning, and then St. Paul changed its pitcher, trying first Thompson, his catcher, who was slaughtered for four runs, and then Mr. Arnejon took hold.

He held Minneapolis down to only one run and Horesch scored Thompson on a two-bagger, and the saintly cities distinguished themselves by making a double play in addition, but in the eighth Arnejon went all to pieces and his team went with him. They threw the ball all over the lot, let the Minneapolis players steal all the bases they wanted, and run until they were tired. That was all there was to it.

The features were Kennedy's home run; Anderson's pitching and Jack Bates' long hit on which he died at home. It was a good game and worth the money, from a Minneapolis standpoint, Jack Potts umpired.

The scores:

STUCK IT RICH

Former Minneapolis Traveling Man Running for Congress in Alaska.

Mrs. Frank Waskey of Nome, Alaska, is visiting Mrs. Ed Tisdale. Frank Waskey is an example of the hustling "get there" traveling man. Eleven years ago he was one of the Paris-Murton company's crack city salesmen, having commenced with that company as shipping clerk. The gold fever and love of adventure struck him hard and eight years ago he went to Alaska, where fortune has smiled on his enterprise and rewarded him handsomely in a pecuniary way, and now he has been recognized as a leader of men and bids fair to be honored by the high distinction of being the first congressional representative from that far-off possession of Uncle Sam.

The Amalgamated Miners' union has endorsed his candidacy and it is said an endorsement from that source is equivalent to an election. He will be warmly greeted by all his old friends in Minneapolis on his way to Washington.

A Good Law Passed.

Winona, Minn., July 28.—Secretary George H. Ramer of the Winona council of the United Commercial Travelers has been officially advised of the passage by congress of the law making commercial travelers preferred creditors.

The law had the unanimous indorsement of the commercial travelers in Minnesota and Minnesota senators and representatives promised to work for its support, with the result that it passed. The commercial travelers are much pleased with the legislation.

Is Arthur Dunning was in the city last week after a four week trip. He says everything is lovely in the sash and door biz.

Ed Bordley says the plumbers' supply biz is out of sight; that it is not so much a question of selling as of delivery.

A. W. Paris and family have returned from their eastern trip. A says the trip from Buffalo to Duluth by boat is one of the greatest and most enjoyable ones on earth.

George J. Swift of Pine Island got mixed up in a bicycle accident ten days ago, but is up and around again. O. K. George says he'd rather ride a bucking broncho than a bucking wheel.

Harry Jessup has returned from Washington full of the wonderful resources of that state. He refused to sell his sawmill, but offered a handsome price. He has made arrangements for large tracts of pine and will continue in the manufacture of lumber.

The ladies' auxiliary of council No. 63 held a picnic at Minnehaha Falls. They spent the afternoon viewing the beauties of nature and were joined by the gentlemen in the evening.

MOTHER KEPT FROM HER CHILDREN; MAY BE INSANE

Sad Case of Mrs. Truxett, a Widow, Who Is Being Examined by a North Dakota Board.

Special to The Journal.

Valley City, N. D., July 28.—A sad case of alleged insanity is before the county board from Dazy. Mrs. Mary Truxett, who lost her husband some years ago in Nebraska, is alleged to be insane because she is separated from her children.

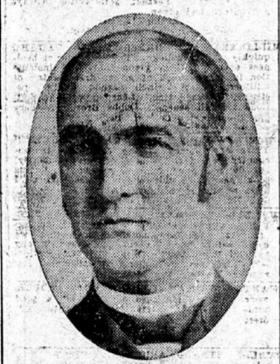

At the time of her husband's death, owing to her poor circumstances, the children, a boy and a girl, were adopted by Lohr Wilson, a prosperous Dazy farmer. The mother had not seen them until recently for seven years. She had repeatedly attempted to get the children away from Wilson, and has said and done things which indicate that her mind is unbalanced. The boy is 19 years old and the girl 17. Mrs. Wilson and Mrs. Truxett's husband were brother and sister.

Judge Smith of this city issued warrants for the apprehension of two men at Carrington for stealing span of mules from E. F. Whipple of Eckles, Barnes county.

The seven men injured in the Northern Pacific wreck at Hurber 703 Monday, five of whom are in the county hospital at this place, will all recover but one. Andrew Burke of Philadelphia will probably die. He was killed internally. Of the two men killed in the wreck, one could not be identified, and was buried here. The other was James Knutson of Lake City, Minn.
