WAIDNER WON OUT IN TENNIS TOURNEY

CHICAGO STAR TO GO AGAINST K. COLLINS

Jayne and Love Put Up Sensational Game Against Visit- ing Cracks.

The finals in the Northwestern Tennis association tournament at Deephaven were played yesterday afternoon and resulted in the winning of the tournament championship by H. Waidner of Chicago. Waidner will play Kreig Collins Monday afternoon for the Northwestern championship. The majority of the close followers of the game look for Collins to win. Waidner's victory over Nat Emerson was something of a surprise. After the defeat of Hunt Friday by the Cincinnati crack, nearly every one predicted that Emerson would get the cup. Emerson was handicapped in the match by a game knee, acquired in the match on the previous day. The match was full of spirited play and at times so spectacular that the large crowd of spectators on the lawn on either side would rise to their feet and applaud the players to the echo. The sets and games, however, were not so successively close and hard fought as those of the Hunt-Emerson match of the day before. Waidner took the first two sets, 6-3, 6-3. The next set was taken by Emerson, 3-6, in a fresh burst of clever play. The streak was short-lived, however, as Waidner took the next and deciding set by 6-4. A greater surprise than the outcome of the singles for the afternoon was the result of the last match of the doubles. Jayne and Love won the match over the two cracks, Emerson and Waidner, by 6-4, 6-1, 2-6, 6-4. Love and Jayne played remarkably well, both individually and collectively. The week's tennis showed some decided improvement on the part of many of the players. Among the younger participants, Greer, Storms and Telford Thompson played remarkably well at intervals and with more experience will be of championship material. All three are cool, persistent players. Among the older players the work of Dr. Love is deserving of high praise. He is not very old at the game, and is showing decided improvement every year.

SAINTS ANXIOUS TO DEFEAT LOCAL STARS

Interest Growing in State Tennis Tourney at Town and Country Club.

The annual tournament for the state tennis championship will be played at the Town and Country club, St. Paul, beginning Aug. 18 and continuing all the following week. Much interest is being taken in this tournament and entries from all over the state are pouring in, nearly every club sending two or more representatives. The St. Paul players have their hearts set on beating the older Minnesota contestants but they will have their hands full when it comes to contesting with such well known experts as the Beldens, Ward Burton, Trafford Jayne and Shelby Thompson. Of these Minneapolis players Burton is perhaps the best and has played against the best men in the country. In the Western tournament at Chicago he has always shown up strongly, and on two different occasions has reached the semifinals. Mr. Burton entered the Newport tournament last season and was beaten by Blair, who is considered one of the best players in America when he is at his best. George Belden is another Minneapolis player who has gained fame and when in his prime was a wonder. At one time Belden ranked tenth in the official standing of the National Lawn Tennis association. His most noted victory was when with a partner he defeated Ward and Davis at the Newport tournament. Trafford Jayne made a record in Minnesota last year after landing the state championship in North Dakota. The entries will close Aug. 17 at 6 p. m. W. M. Guthunz at the Town and Country club, W. G. Greaves, 779 Summit avenue, St. Paul, or Hugh Halbert, president of the club, will receive entries and the fee will be \$1 for each person.

GRIFF NOT THRU

Says His Serious Ailment Was Only a Stomach Ache. Special to The Journal. Detroit, Aug. 4.—The story published today that Clark Griffith, manager of the Highlanders, may have to quit baseball because of an attack of nervous prostration, was denied today by Griffith. It is true that "Griff" was under a doctor this morning, and that he consulted a doctor this morning, but he says that the only thing that the matter with him is his stomach trouble, and that it is nothing serious. The only reason he went to see a doctor was that he did not want to be laid up on this trip. "I have had pains in my stomach for two days," said Griffith today, "and went to see a physician in order to be on the safe side. This doctor, who is one of the best in Detroit, tells me that it is nothing serious."

TONKA SAILORS ON THE ANNUAL CRUISE

Delta, Pathfinder and Hazard Capture the M. B. C. Pennants in Sailing.

In spite of a day of frequent light showers and lead-colored sky the fourth annual cruise of the Minnetonka Boat club at Lake Minnetonka was a success. The cruise was in the form of races for the sailboats and merely a pleasure trip for the launches from the clubhouse at Tonka Bay to Mound. Pennants were awarded for the best decorated launches. The Delta won first in the A class race, Pathfinder lead in the B class and Hazard in the open class. Lewis Wakeman's launch, Annette took the first prize for artistic decoration, and the Rico, owned by Peter Lauritzen, second. The prize for the best decorated sailboat went to Floyd St. John's Pegasus. The open class boats were started first, at 11:15. The boats entering were Howard Blackwell's catboat, Chaperon; Burdette Merrill's sloop, Hazard; The Pyxle, sailed by Russell Greer; Peter Lauritzen's Nightingale, and the Snipe, owned by Wallace Richard and Walter Taft. The boats were handicapped according to size and sail area. The Hazard was the scratch boat. She made excellent time for a craft of the old type, covering the distance in a light wind in an hour and fifty-five minutes and five seconds, which record was beaten by only one other boat, the Pathfinder. The latter boat made the distance in fifty seconds less actual time. The Chaperon came in second in the open class, beating the Snipe, which is a sloop, by over a minute and a half. In the B class Albert Vandever's Pathfinder finished first by eight minutes and twenty-eight seconds over the Terrier. The latter boat, however, had six passengers aboard, while the Pathfinder had but four. Two boats started in the A class, the Delta and the Wihuja. The Delta won first by a trifle over ten minutes. All craft had installed commissary departments and upon arrival at Mound on the cruise, partook of a lunch on the picnic grounds of the Chapman House. The results: A Class—Start. Finish. Elapsed. Wihuja 1:40:07 2:10:07 30:00 Delta 1:48:50 2:18:55 30:05 B Class—Pathfinder 1:12:25 1:56:05 43:40 Terrier 1:23:33 2:04:33 41:00 Pegasus 1:23:33 2:04:33 41:00 Open Class—Hazard 1:11:55 1:56:55 45:00 Chaperon 1:15:10 2:02:10 47:00 Pyxle 1:37:19 2:22:19 45:00 Salpe 1:15:00 2:00:00 45:00 Nemese 1:38:35 2:23:35 45:00 The judges of the finish went early in the day and fished while waiting for the boats. The salute accepted the offer of a tow by a launch and forfeited a possible chance of getting first place. Halie Reiter, was swimming on the Wildhurst shore when the boats went by on the cruise. He hastily dressed, got his family together, hoisted sail on the Tomahawk III, hustled his party aboard and arrived at Mound at 1:35:25.

ENGLISH TENNIS STARS MAY VISIT AMERICA

KELLEY IS CRUISING

Minneapolis Magnate Looking Over Ned Egan's Players. Special to The Journal. Burlington, Iowa, Aug. 4.—Manager Mike Kelley of the Minneapolis team was in the city Thursday and Friday of this week, as the guest of Manager Egan, looking over the local squad for prospective miller players. Mr. Kelley was much pleased with the form of the Burlington bunch. While it is not probable that he will carry off any players with him, as Manager Egan wants every one he has, the opinion of the miller magnate that Burlington has one of the fastest teams of our class that he has ever seen, is a very sweet one to local fans.

INTERESTING YACHT RACES AT CALHOUN

Laegr Crowd Witnessed the First Races in the Championship Series.

Fully 2,000 people witnessed the first yacht races of the championship series at the Calhoun club yesterday afternoon and the day being ideal, with plenty of wind, everything was successful. The contest between the boats in the mosquito class was the most interesting, as they were well matched and good time was made. The smaller boats sailed on a seven and one-half mile triangular course, while the larger craft had ten miles to travel. The Imp, sailed by Stevens, took the lead at the beginning of the mosquito class and finished the course in 1:08:50, but on the last stretch she fouled the other boats and was disqualified. The Skiddoo, sailed by Hawkins, then took first place, in 1:19:20. Dona, sailed by Kelly, second, in 1:23:08. Caramel Kid, sailed by Bobb, third, 1:24. The Kianlain, sailed by Krawshaw, met with an accident early in the race and was forced to pull out. In the swallow class, the Pard, sailed by Janney, which was the only boat entered, sailed the course against time and made the distance in 1:50:05. Shortly after, Turner arrived with his Hiawatha, and also went against time, covering the distance in 1:45:20, taking first honors. In the open class, only two boats were entered, the Grace, sailed by Hager, and the Trump, sailed by Piche. The Grace won, 1:34:05, and the Trump's time was 1:37:15. In the B class, the Red Devil, sailed by Hodge, was an easy winner, with time for the ten miles 1:12:35. The Venture finished second in 1:41:25.

RAIN SPOILED REGATTA

Oarsmen Contested on Lake St. Croix Until Weather Forbid. Stillwater, Minn., Aug. 4.—In the preliminary four-oar event of the regatta on Lake St. Croix this afternoon, the race resulted in a victory for the crew of M. Cocorane, bow; Conley, 2; Westerhagen, 3; A. French stroke, by a length; Somers, Swanson, Sagage, McCarthy, second; McMichael, Sharp, Schaub, Newport, third. The last crew had had luck after leaving more than half the distance, their runway getting out of order. In the second half of the preliminaries the W. Cocorane crew finished first by a length; the Somers crew second; the C. French crew third. In the finish for the four oars the M. Cocorane finished first by two lengths; the Cocorane crew second; the Somers crew second; the C. French crew third. In the finish for the four oars the M. Cocorane finished first by two lengths; the Cocorane crew second; the Somers crew second; the C. French crew third. In the finish for the four oars the M. Cocorane finished first by two lengths; the Cocorane crew second; the Somers crew second; the C. French crew third.

MINNETONKANS LOOK TO INLAND REGATTA

Oshkosh Is in the Eye of the M. B. C. Sailors Just Now.

Now that the White Bear-Minnetonka sailboat regatta is over, skippers, mainshemmen, roustabouts and longshoremen of the Minnetonka Boat club are looking forward to the Inland Lake Yacht association regatta on Lake Oshkosh, beginning Aug. 27. In spite of the fact that the White Bear sailors took the class A cup, which the local sailors so fondly hoped would be captured by the syndicate boat Minnetonka, everybody is pleased over the outcome of the regatta. The Wheat Bear sailors and boats have a national reputation. Not a year has passed since the Inland Lake Yacht association regatta was organized but that the sailors from White Bear have carried away at least one of the prizes. Her sailors have been schooled in the art from infancy. To win the B class cup over them by a good margin is glory enough for Minnetonka for one year. But the local tiller handlers are not going to be satisfied with that so long as there is anything more in sight. They are going to begin now to win both A and B class cups as Oshkosh. In the B class Minnetonka has two boats that would make the representatives of the other clubs put on the last inch of sail and pot lead the bottom to a glass-like spruce to beat. They are the Terrier, Lewis Glass' boat and the Pathfinder, now owned by Albert Vandever. Last year the Pathfinder, by the consent of every sailor on the inland lakes, was the best B boat at the Inland Lake regatta. She was ruled out of first place on a foul. The Terrier so far this year has defeated the Pathfinder in the majority of races, so she is nearly on a par with last year's champion. Vandever has purchased a new job for his boat, and is going after the Terrier with all the speed he can squeeze out of his cloth and hull. Roy Wagner, who sailed the boat to victory last year has enlisted in Vandever's crew, which ought to help some. If the Pathfinder wins all the subsequent club races she will be chosen to represent the Minnetonka Boat club at the Oshkosh races. A great many of Minnetonka's sailing enthusiasts are of the opinion that because of the Minnetonka's poor showing against the Cambria, she is out of the running as the club's representative for Oshkosh. But such is not by any means the case. The crew is dead sure that the fault of the syndicate boat is with her mainsail. So sure are they that a new sail has already been ordered and will be on the boat within ten days. This means that the series of hard fought battles that took place between the Minnetonka and the Delta before the interlake regatta will be resumed. The club races for the remainder of the season will be the most interesting and exciting of the year. At this time of the season there is most always a wind and it is usually strong and steady. Hal Chase is battling very well this season. He catches seldom but getting a second best bag guardian hits a ball in the air. He does a better job than last year.
