The best "brain food" is the food that keeps your veins and arteries fullest of red corpuscles. You think with your blood. Mental activity draws the vital fluid to the brain, and your mental ability depends upon the quantity and quality of it.

# Apitezo

is a real "brain food" because it is a perfect body food—it produces an abundance of rich, red blood because it contains a proper proportion of every needed food element.

And it supplies the system with a natural tonic in the form of energy-creating courage, giving vegetable iron. Apitezo in substance is a perfect food, better for you than beef or eggs. In form it is a crisp, delicious cereal that will do good and taste good to everyone from baby to grandpa. Serve with milk or cream as preferred.

Apitezo Biscuits, 15c the package. Apitezo Grains, 10c the package.  
Sold by grocers everywhere.

## WOULD TAX DRAMSHOPS TO BUILD FINE ROADS

Stewartsville, Mo., Aug. 9.—Governor Folk will ask the next general assembly to pass a law by which the retail liquor license will be taxed for the benefit of the public highways. He plans to have each dramshop pay a state license of \$200 a year, the fund created to be used to build good roads, beginning with two great free highways across the state, one from Kansas City to St. Louis, the other from Iowa to the Arkansas line.

Other legislation to be asked for, as outlined by the governor, includes giving the executive power to remove prosecuting attorneys and sheriffs for incompetency or corruption; creating the office of state excise commissioner, with power to revoke dramshop licenses; refusing brewers and distillers the right to an interest in saloons; regulating the rates charged by public-service corporations, and giving municipalities the power to purchase, own and operate public utilities.

## IMPURE WATER

Typhoid in nearly every case, as well as malaria, dysentery and the other hot weather complaints, that so often end fatally, has been traced to impure water.

Quite often people think because the naked eye sees the water seems clear that it is all right, when if they either knew its source or looked at it through a magnifying glass they would see that it contained thousands of microbes.

Water is taken from wells which are often contaminated from one of a number of causes. In the impure water lies the great cause of typhoid and malarial and many other ills. Physicians of all schools claim that a teaspoonful of

Duffy's Pure Malt Whiskey in each glass of water you drink will act as a great preventative. It will destroy the germs. It also stimulates circulation and gives vigor to the whole body. It is a positive cure for cramps, dysentery, sunstroke, cholera morbus and chills. It is recognized as a medicine. This is a guarantee. It is absolutely pure and contains no fusel oil. Thousands of leading doctors prescribe it and prominent hospitals use and endorse it exclusively.

All druggists and grocers, or direct, \$1 a bottle. Medical booklet free. Duffy Malt Whiskey Co., Rochester, N. Y.

## FIELDS SOAKED AND GRAIN FLAT

NORTHERN IOWA CROPS SUFFER HEAVY DAMAGE

Fall of Nearly Six Inches of Water Around Sheldon, Iowa—Mankato and Other Points in Southern Minnesota Note Crop Deterioration on Account of Rain.

Special to The Journal.  
Sheldon, Iowa, Aug. 9.—This section experienced one of the worst thunderstorms of the season last night. About six inches of water fell from 7 o'clock to midnight. Hundreds of thousands of dollars' worth of damage was done to growing crops.

Besides knocking down the grain there are thousands of acres in the lower parts of the county that cannot be cut at all on account of excessive moisture. Corn was not badly damaged.

Mankato, Minn., Aug. 9.—The continued rain is affecting the quality and quantity of the yield of wheat and oats. Rain has fallen every day and night for a week, and farmers cannot harvest altho the grain is dead ripe.

Aberdeen, S. D., Aug. 9.—An important meeting of the Southern Dakota and Southwestern Minnesota Millers' association was held here for the purpose of considering crop prospects and to receive reports regarding the progress of harvesting. The heavy rains the past three days through this state delayed work in the fields, but it has now been resumed. The opinion was expressed that in many cases the rains will prove beneficial to late crops.

Papers were read by President G. P. Sexauer of Brookings, C. H. Hyde of Bath and C. A. Lum of this city on the work accomplished at the national convention of millers held at Milwaukee last June. Pipestone was selected as the next place of meeting the latter part of November.

Those present were George P. Sexauer, Brookings, president; Henry Neill, Madison, S. D., secretary; C. A. Lum, Aberdeen, E. E. Ring, Bowdle; I. L. Davies, Revillo; C. H. Hyde, Bath; F. R. Schilling, Herreid; F. C. Zimlicka, Kimball; Carl Doherr, Bowdle; Geo. W. Baxter, Watertown; H. B. Griffith, Huron.

Montevideo, Minn., Aug. 9.—The rainfall has been far in excess of the normal since the first of April, being 18.07 inches since that date. The quality of the wheat is better than for two years. Oats and barley are universally good, while the prospect for corn is most encouraging. In some fields many of the ears are already well advanced.

Fergus Falls, Minn., Aug. 9.—The first report of a threshing yield was made this morning. Andrew Broten of Andahl township having finished threshing a field of barley, which averaged a trifle over fifty bushels to the acre. The price of barley in Fergus Falls is 92 cents a bushel, giving him a gross return of \$16 per acre.

## FLOOD AT JANESVILLE

Grain and Tobacco Crops of Southern Wisconsin Injured by Rainstorm.

Janesville, Wis., Aug. 9.—This city was visited by a terrible rainstorm last night, entailing several thousand dollars' worth of damage by the washing out of streets. In one place 200 feet of Washington street was washed away for a depth of thirty feet, and a width of seventy-five feet.

Sidewalks, roads and grass were washed down the river. The business streets were flooded. The river has raised so much that factories depending on water power have been compelled to close down.

Reports from the country say that great damage was done to the standing grain and that the tobacco plants were washed out.

## 75 PER CENT LOSS ESTIMATED

Startling Report of Crop Damage from the Redwood Falls Country.

Special to The Journal.  
Redwood Falls, Minn., Aug. 9.—As the result of the heavy rains of the past two weeks, machine agents say the wheat and oats crop of this section is a heavy loss and have so advised their companies.

Some cutting has been done, but the grain cut is growing in the shock. Grain not cut was practically ruined by the heavy storms of Tuesday and Wednesday nights. Flax conditions are fair and corn is good.

## CORN IS WORTH MOST IN NEW CROP SUMMARY

Journal Special Service.  
New York, Aug. 9.—The government's crop report tomorrow will cover ten crops whose combined farm value last year was \$2,098,304,280, or about five times the average amount of the revenue of the United States government.

Of these crops corn is the most important, wheat ranks second, and hay third, oats four and potatoes fifth. At prevailing prices and present prospects the total value of these ten crops may reasonably be expected to reach \$3,000,000,000 this year, adding that amount to the wealth of the country and increasing the purchasing power of agriculture alone by the greater part of this enormous total within the next few months. These crops do not include cotton, which adds from \$500,000,000 to \$600,000,000 more value.

## 233 OFFER HOMES TO REFUGEE'S BABE

Journal Special Service.  
Berkeley, Cal., Aug. 9.—Babies are in demand in Berkeley. An advertisement, placed in a newspaper by Mr. and Mrs. R. Greenfield, San Francisco refugees, offering their little girl baby Pearl to anyone who would give it a good home, has brought 233 replies to the Greenfield home. The parents are poverty-stricken and ill, but plan to go to the hopfields, where out-of-door work is expected to restore the health of the father, who wishes to dispose of their baby, but at the last moment the mother decided she could not give up the child. There are now 233 indignant and disappointed persons in the town, all of whom were desirous of adopting a baby girl.

## DIVORCE-SEEKERS ARE NOT TO BE SKETCHED

London, Aug. 9.—The president of the divorce court today announced that the court had decided that hereafter newspaper articles should not be allowed to make sketches in court, since the practice was embarrassing and prejudicial witnesses, and because it was not in the public interest pictorially to draw attention to divorce cases.

## FERRIS PLAYERS WILL SOON BE SCATTERED

Unless there is some radical change in the local theatrical situation, Dick Ferris and Florence Stone will not entertain Minneapolis audiences until next summer, when the actor-manager will undoubtedly return to the Metropolitan for a stock season. The Frawley stock company will have the Lyceum theater this winter owing to Mr. Ferris' insistence upon some radical changes in the Hennepin avenue playhouse, and as one stockhouse is about all Minneapolis will support, Mr. Ferris will take one of several offers he has in other cities.

Florence Stone has had several fatering offers both to play stock in some of the largest houses in the country and

to be the leading lady in other well-known companies. Many of these have been refused, but it is probable that Mr. and Mrs. Ferris will go to Los Angeles, where they are negotiating for a beautiful new theater in which Mr. Ferris intends installing a high-grade stock company.

With the near approach of the end of the Ferris stock company's most prosperous summer season at the Metropolitan, its members are preparing to separate for the regular season's work. The ability of the Ferris favorites is demonstrated by the unusually good engagements secured by many of them for the coming season.

A. Byron Beasley is among the most fortunate of the company. He will play Dick Livingston with Robert Edson's production of "Strongheart," the great college and Indian race problem play. Charles Burnham, whose pleasing personality and quaint art have always been popular in Minneapolis

will go to Detroit, where he will appear in stock at the Lafayette Street theater. Leslie Morosco and his wife, Leila Shaw, have an engagement with Oliver Morosco's company in New York. Harrington Reynolds and his wife, Blanche Douglas, will tour with the Maud Healy company, while W. H. Murdock has already left for New York to close a good offer.

## NOT TO WEAR BLACK

San Francisco, Aug. 9.—The widow of Major William B. Scofield, son of the late Lieutenant-General John M. Scofield, U. S. A., who shot himself Monday night, will not wear mourning. When he first contemplated ending his life, her husband made her promise that in event of his death she should not wear black. Mrs. Scofield is in a critical condition.

## Don't Poison Baby.

**FORTY YEARS AGO** almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. **CASTORIA DOES NOT CONTAIN NARCOTICS**, if it bears the signature of Chas. H. Fletcher.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. J. W. Dinsdale, of Chicago, Ill., says: "I use your Castoria and advise its use in all families where there are children."  
Dr. Alexander E. Mintie, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."  
Dr. J. S. Alexander, of Omaha, Neb., says: "A medicine so valuable and beneficial for children as your Castoria is, deserves the highest praise. I had it in use everywhere."  
Dr. J. A. McClellan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."  
Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to do all that is claimed for it."  
Dr. C. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."  
Dr. H. D. Benner, of Philadelphia, Pa., says: "I have used your Castoria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."  
Dr. J. A. Boorman, of Kansas City, Mo., says: "Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."  
Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and pleasant to the taste. A good remedy for all disturbances of the digestive organs."
