The State Convention.
The Winona women are busy planning for the annual convention of the Minnesota Federation of Women's clubs which will be held in their city Oct. 23, 24 and 25. The new officers to be elected are vice president at large, the corresponding secretary, general federation secretary and the treasurers. The other officers were elected last year and will hold office for another twelve months.

The program committee, Meses Olin, J. Backus, A. T. Bigelow, Miss Mary Sue Willis, St. Paul, and Mrs. G. E. Maxwell of Winona, has completed the program and a most attractive one it is. The convention, as usual, will open with a council meeting Tuesday morning, Oct. 23, and an executive board meeting. The regular business will be taken up in the afternoon, when Mrs. Frank Doran of Winona will deliver the invocation and Mrs. F. A. Rising of Winona will voice greeting to which Mrs. J. L. Washburn of Duluth, president, will respond. Reports of officers and standing committees will complete the afternoon work. In the evening the biennial will be reviewed by Mrs. E. J. Lewis of Bank Center, Mrs. W. B. Marcat of Minneapolis, Mrs. L. D. Frost of Winona, Mrs. Robert Morris Seymour of Duluth, Harrington Beard of Minneapolis will give an illustrated talk on the art in the new state capital.

On Wednesday, Oct. 24, the reports of the standing committees will be continued and Mrs. H. A. Towne of Minneapolis will lead a discussion on the state industrial school. From 12 o'clock until 2 the informal ballot will be taken. In the afternoon Mrs. Chorprenning of Winona will speak on "Education—Moral Training of the Young," and Mrs. H. C. Marshall of Duluth will lead the discussion. Professor George Weibrecht of St. Paul will talk on "Manual Training of the Child." There will be time for a drive about the city and in the evening Governor Johnson will speak on "Good Citizenship" and Judge Tutthill of Chicago on the juvenile courts.

The report of the nominating committee will be the first business Thursday morning, Oct. 25, and it will be followed by a general topic, "The Home," under which Mrs. Carolyn Smith of St. Paul will speak on "Household Economics."

There will be an exhibition by Mrs. J. M. Blair, St. Paul; Mrs. W. B. Mitchell of St. Cloud will take up the subject of "The College Girl at Home," and Mrs. G. O. Welch of Peris Falls will lead the discussion. At noon the formal ballot will be taken and in the afternoon the president will deliver her address, the new officers will be presented. A reception from 4 to 6 o'clock and a musical in the evening will practically close the convention as only the officers and directors will be present at the board meeting Friday morning.

Y. W. C. A. Opening Week.

Attractive plans for this week at the Young Women's Christian association indicate that unusual activity and interest will be created for the opening of classes the following week. Miss Charlotte H. Adams of Chicago, who is Bible secretary of the national training institute for secretaries, will address the vesper service at 7 o'clock this afternoon on the theme, "Why Study the Bible?" Miss Lily Harmon will sing. The young women of the city will have a rare opportunity in attending this service and hearing Miss Adams.

A large reception is planned for tomorrow evening, when both women and men are invited. The faculty, consisting of secretaries and teachers, will receive, and an interesting program will be given. Vocal solos by Mrs. T. D. Bell, teacher of voice culture, and James Wick; readings by Mrs. Charles Mend Holt, teacher of expression, and other interesting features will add to

Unity House Gymnasium.

The Unity House gymnasium was so successful last year that a better and larger hall has been secured in the third floor of 404 Plymouth avenue. The arrangement of the rooms is admirable with a main hall and adjoining dressing rooms on one side and a large shower bath room on the other. They are all lighted by electricity and in other ways show that no pains was spared to make the gymnasium succeed. Registration opened Friday and will continue Saturday and the different afternoon and evening classes will be arranged to accommodate boys and young men, girls and young women. Monday, Sept. 24, will be the opening day. Ralph Bonfield of Des Moines, Iowa, has been secured to take entire charge of the gymnasium and has been prepared for the position by practical experience.

AMUNDSON COMING SOUTH

First Navigator to Sail Northwest Passage is Nearing Civilization.

Captain Roald Amundsen, whose sensational discovery and navigation of northwest passage along the Arctic coast of North America has attracted the attention of the world, is speeding toward civilization as fast as his stanch little vessel, the Gjoa, can sail. He has been expected at Nome for some time, but undoubtedly has delayed complete certain explorations and observations. He cannot wait much longer, however, for the ice will soon begin to fill Bering strait.
