

G. O. P. READY FOR FINAL GO

Continued From First Page.

pare for the final contest at the polls in November. The atmosphere has been materially cleared, the principles for which I stand are distinctly understood, and in the campaign for election, as in the primary canvass, I shall stick right to my text, avoid personalities, discourage recriminations and appeal to the sense of fairness and public spirit of every citizen of Minneapolis. Having secured the republican nomination for mayor fairly and honorably, I feel that I can meet my recent opponents within the party more than half way and co-operate with them all along the line for party success next November.

Just before leaving for Duluth today, Mr. Gessaman said: "I want to thank all the workers and volunteers for their loyal support in this fight. We depended on them and the victory is theirs as much as ours, if not more. We were certain of victory in spite of the heavy democratic vote. Our party was general and the returns show that loyal, honest support was received from the masses generally. This is no class victory. Everybody was interested and every vote received, whether the voter was great or unknown counted and they counted the same. We will be ready for the general campaign when the time comes and will win that too."

Dr. Williams and his manager did not care to make any formal statement. At midnight last night Dr. Williams remarked: "Well, I guess they trimmed us up all right, but we gave them a run for their money. It has been a hard fight and I'm glad it's over. I think the result is hardly a landslide."

Today the doctor said no statement would be given out until after a general conference of the Williams workers from all over the city. Some of the Williams supporters are trying to make stock of the fact that the Jones majorities were late in coming in. They are in large districts that are generally in the city center, and the fact that they were late this time is not remarkable. The probable nature of these results was easily estimated and informal counts from many of these precincts were available at Jones headquarters.

Six districts have sent no statement to the auditor and will send none. Their official count will not come out until the canvass board meets. The officials in these six precincts locked their preliminary statements in their boxes and they are now in the hands of the city clerk or the county auditor. The complete returns on the democratic vote in the tenth district of the fifth ward shows that A. A. Ames received one vote for the democratic nomination and one for the republican ticket in which Dr. Ames lives and votes.

THE PRIMARY LAW MUST BE AMENDED

That the primary-election law is in great need of amendment by the next legislature seems to be the opinion of opinion of candidates for office and those generally at work in political circles. The objection to the law, as demonstrated by the election Tuesday, seems to be its weakness in permitting members of one political party to vote at the polls for the candidates of another. Two other objections of somewhat less magnitude are that the law permits a small percentage of a party to name a party candidate when there are a number of applicants, and that the primary causes a great expense for a campaign on the part of those seeking office.

"A law that will permit the grand larceny of vote of one party to the other, is not right," is the caustic way Mayor D. P. Jones put it. "If the law cannot be amended to adjust its present serious defects, I am in favor of having it wiped off the statute books. The intent of the law, to let the voice of the people make the party candidates for office, is all right. But a law that can't prevent a minority from becoming in effect, a majority, is wrong. The law as it stands would have been made by 5,000 to 6,000 majority if only the republican voters had been allowed to vote for the republican candidates."

"It is a voters' thing when there are practically no democratic votes registered at the old city hall precincts, and it looks as if something were 'rotten in Denmark.' A. M. Gessaman, Mayor Jones' campaign manager, seconds Mayor Jones' sentiments. "The primary law, as it now is, makes altogether too great an expense on a candidate for public office," said Mr. Gessaman, "and it wrongfully permits a small percentage of the party to name party candidates."

"I think the primary law has come to stay," said J. C. Haynes today, the successful candidate for nomination for mayor on the democratic ticket. "But the law ought to have some amendments. In my estimation, the voting for candidates should either be made wide open, or it should be strictly confined to party members voting only for candidates of their own respective parties. In practical effect, the law is wide open now."

Lars M. Rand had a "walk-away" in his campaign, but he objects to the present primary law. "It is not fair that a minority should, under any circumstances, be allowed to nominate a candidate for a party," he said today. "I favor maintenance of the primary law, but changed so that a majority only can nominate. I believe it can be worked out in an amendment to accomplish this and without injuring the other good features of the law."

William Henry Eustis is in favor of an amendment to tie down the voters to their own candidates. "It was practically known," said Mr. Eustis, "that democrats were going to vote with the republicans at this primary, but there was seemingly no stopping it. Candidates individuals have a very heavy expense in running their respective campaigns and cannot afford to have men at all the polls just to challenge democratic voters who ask for republican ballots. Such an expense would be very large. The law should be more strict on this subject."

A Wise Man quit Coffee when it disagreed-- POSTUM made it easy.

RESULTS CONCEDED SECOND AND SIXTH

McCleary Is Having a Close Finish, but Will Win by Nearly 1,000—Buckman Admits Lindbergh Victory.

The closest congressional district in the state is the second, where Gilbert Gutterren made a great run and held Congressman McCleary's plurality under a thousand, judging by more or less complete returns from all the counties. McCleary carried Blue Earth, Brown, Jackson, Martin, Murray and Pipestone counties, while Gutterren leads in the returns from Faribault county, where McCleary got two-thirds of the votes two years ago, and also carried Cottonwood, Nobles, Rock and Watonwan.

On the returns so far received, McCleary has only 531, but this will be increased somewhat by the missing precincts, which are in rural districts he is pretty sure to carry. Following is given returns from every county, all but four being complete:

Table with 2 columns: County, McCleary, Gutterren. Rows include Blue Earth, Cottonwood, Faribault, Jackson, Martin, Murray, Nobles, Pipestone, Watonwan, Total.

Buckman Concedes Defeat. Lindbergh's plurality over Buckman in the sixth is simple, but its exact size will not be known for several days. Congressman Buckman concedes defeat and has sent congratulations to Mr. Lindbergh, pledging his support. Returns from Cass, Crow Wing and Hubbard counties are slow. The Lindbergh men are watching in Cass county to see that voting is stopped there, remembering Foster's experience last year ago. They only concede Buckman 250 up there, while he claims 500. Allowing him 4000, and giving Lindbergh 300 in Hubbard, the returns to date show up as follows:

Table with 2 columns: County, Buckman, Lindbergh. Rows include Benton, Cass, Douglas, Hubbard, Jackson, Morrison, Sherburne, Stearns, Todd, Wadena, Wright, Totals.

Bede in a Walk. J. Adam Bede will have 3,500 to 4,000 over Hillard in the eighth. He carried Le Sueur county by 1,000, and seems to have carried every county with the possible exception of Aitkin. Returns are very slow coming in this district.

Stevens' Vindication. Fred C. Stevens' victory in the fourth district over E. G. Rogers was as follows: The unofficial figures are as follows:

Table with 2 columns: County, Stevens, Rogers. Rows include Chicago, Ramsey, Washington, Totals.

Olsen for Judge. I. M. Olsen of Sleepy Eye, Senator Somerville's law partner, carried every vote for the candidate of another. Two other objections of somewhat less magnitude are that the law permits a small percentage of a party to name a party candidate when there are a number of applicants, and that the primary causes a great expense for a campaign on the part of those seeking office.

One of the surprises of the primaries is that of Marshall, the incumbent, carried Murray county, but S. B. Bedford of Rushmore, his competitor, got a larger plurality in Nobles county than Shell could muster in Murray.

Another senator retired is H. W. Stone of Benson, who was defeated in a close race by Michael Ferch of Oleson, a former university "strong man." Ole Mauston of Aitkin was also laid by the late Senator Bedford. The result of the fight in the thirty-second district being the next senator from the fifty-second district. Senator Laugen was defeated in Houston county by J. G. Briggs.

In the Martin-Watonwan district W. A. Hinton of Truman appears to have defeated A. R. Allen of Fairmont in a close fight. Hinton carried Martin, and Allen led in Watonwan. L. O. Teigen of Jackson was beaten for the senate in the Jackson-Cottonwood district, by H. E. Hanson of Windom. Pipestone county is without a representative. Rock county captured both places in that district nominating E. H. Canfield of Luverne for the senate and Harrison White of Luverne for the house.

In the seventeenth district, Lincoln county, the fight was between H. B. Seward of Marshall gets the senatorial nomination, defeating Marcus Lauritsen and two other competitors. Lyon county gets one house member and Yellow Medicine county, the result of the person of New Ulm won in a three-cornered fight for the house in Brown county. Ole Peterson was beaten by T. O. Haugen in Nicollet county.

Close Finish in Renville. There will be two Dales in the senate and one Dahl in Renville county. J. H. Dale seems to have beaten Dar Hall in the close finish, getting 1,536 votes to 1,526 for Hall. Julius Collier is returned to the senate from Scott county, beating two Democratic rivals, J. A. Anderson was followed in the thirty-second district by the late Senator W. P. E. Babcock of Kasota is the winner.

A. K. Ware of Northfield, leader of the last session, was defeated for reelection, apparently because of his hostility to Senator Nelson. Two Faribault men, George W. Thompson and E. A. One are the Rice county nominees. One A. B. Kelly of Northfield won the senatorial nomination, and he is anti-Nelson. Senator Durant of Stillwater was beaten by George H. Sullivan. The fight in the thirty-second district was close on the house. Pine county's candidate, H. P. Webb, won easily, but there was a tight finish between Henry Rines and Charles F. Serline, both of Mora. Victor L. Johnson of Center City won the senatorship in a walk.

There were few surprises in Ramsey. E. S. Durmont will succeed Hiler Horton in the senate, having beaten W. H. Lightner, and Ambrose Tighe defeated Gideon S. Ives for the house. Frank

City News W. C. T. U. REFUSES TO LINE MAN A VOTE

HUSBAND NOT ALLOWED TO USE WIFE'S FREGOGATIVE. Intruder Gets Taste of His Own Medicine in White Ribbon Election—Mrs. Scovell Enters upon Tenth Year as State President—Campaign Planned for Members.

Haskell was beaten for renomination by O. F. Christensen. The sensation in Hennepin was the defeat of Senator Gjersten by Manley Poessen. All the old house members up for renomination won out. G. J. Swanson won out easily in the forty-fifth district over John Goss of Anoka, who was backed by R. C. Dunn and carried Mille Lacs county. Swanson carried the other three handsomely. Little Lacs senator, Ed White, member. Sherburne lands two, Frank T. White and Andrew Davis, and T. H. Horton of Isanti county seems to be the third house nominee in that district.

Murray and Hinds Lost. The big fifty-third district nominated James Johnston of Bertha after a hard fight, Judge Asher Murray of Wadena being his opponent. This contest was settled when the Johnston men succeeded in pulling off Ed Ryan of Staples, who was the Todd county man on the Murray combination. There was no time to get another candidate out, so Murray and Hinds had no Todd county man to help them, and both lost out. Dower of Wadena and Bills of Park Rapids are the house nominees.

In the fifty-fourth district there was a big fight for the house, and Travers county emerges without representation. Canestorp of Grant county had no opposition for the senate. L. C. Spooner and W. C. Bicknell of Stevens were nominated for the house, getting 1,722 and 1,638 votes to 1,542 for Johnson of Travers.

Other Tall county selected four house candidates from a field of ten. Elmer Adams was renominated. In Wilkin county R. J. Wells was renominated over Moyle Edwards, editor of the Breckenridge Gazette. In Clay county John T. Lommen won out again for the house. Simons Is Beaten.

In the big sixty-first district, A. L. Hanson of Ada will be senator, defeating D. C. Lighthour, former deputy insurance commissioner, and L. C. Simons, the incumbent. In Otter Lake Falls. Two new men come to the house, J. L. Wolf from Norman county and J. J. Opsahl of Bemidji. In Polk county two house options were nominated for the house, John Holten and John Saugstad. In the sixty-third district, Roseau county appears to have been left out unless O. B. Ekman displaces H. O. Hanson as one of the house nominees. Daniel Robertson of Argyle led the field.

Dowling Is Retired. In the forty-ninth district, embracing most of the Iron range, P. J. Dowling of Virginia is nominated for senator. L. A. Barnes of Duluth running second and P. E. Dowling of Eveleth, well known as a house member, coming in a poor third. Senator P. S. Munger in the fifth district, and Captain R. T. Lewis in the fourth, are also retiring. A late dispatch from Iron says that when the official vote of Renville county was canvassed today the senatorial nomination was found to be a tie between D. S. Haury, and J. H. Dale. A recount will doubtless be ordered.

Room for Missionary Work. One of the delegates reported a deplorable condition of affairs. She is being entertained by a couple who have men rode into the town on horses, never, until the delegate arrived, had they heard of the Woman's Christian Temperance union. St. Paul is no longer to all the things that are heathen darkness" for a committee was appointed to invite its women to join the union. On the suggestion of Mrs. Frances Neal the veteran temperance worker from Minneapolis the women of Minneapolis are also to be given a personal opportunity to join.

The convention raised funds today to purchase the new hall at the corner of Willard and it will be framed and presented to Hamline university. If possible, the presentation will take place in chapel Monday morning. The delegates gave their cheers for Mayor Jones when the news of his nomination was brought before the convention, and a letter of congratulation was sent to him.

Salaries Increased. The salary of the president will be increased from \$300 to \$500 next year; the corresponding secretary will receive \$150, the treasurer \$100 and the superintendents of the different departments were also voted appropriations with which to carry on their work. Mrs. Beesie L. Scovell of Minneapolis will enter on her tenth year as president of the Minnesota W. C. T. U., and the convention will be held in her honor. Her husband, Vice president Mrs. Kate Kercher, corresponding secretary, Mrs. Ella F. Hendrix; recording secretary, Mrs. Belle M. Welch; treasurer, Mrs. Della R. Mandigo, St. Paul.

Medical Temperance. The convention is making a prominent feature this fall of medical temperance. Dr. J. P. Sedgwick of Minneapolis, gave an earnest talk on "Children and Narcotics," illustrating the harmfulness of certain curative experiments he had made in his laboratory. Miss Eva Jones conducted an L. T. L. demonstration and everybody took part in the singing of the hymn of the world's W. C. T. U. hall. The morning session closed with an evangelistic memorial hour in which Mrs. Abbie F. B. Church of Northfield, presided. The afternoon session was devoted to the various scenes and workers of the state who passed away last year.

Rev. Anna Shaw was an interested visitor in the afternoon. Miss Shaw was in the city in the morning and her address this evening will be the feature of the convention. Tomorrow routine business will be continued and the convention will close in the evening with a grand diamond-medal contest.

PLEADS FOR THE BOYS. That an ounce of prevention is worth a pound of cure was emphasized at the W. C. T. U. meeting last evening by Mrs. Homer Bullock of Elmira, N. Y. Mrs. Bullock's address was that more to be desired than theories and told the women to try to put a stop to the present condition instead of deploring it and waiting for a cure instead of devoting their energies to the reform.

The liquor evil," she said, "is the gravest evil of our country, has to be ported with, for out of intemperance grow impurity and crime." Mrs. Bullock gave several instances showing the advance America has made in temperance work and said that only through organization could much be accomplished. Ultimate relief will come thru the ballot box, she declared.

Mrs. Bullock's address was preceded by a demonstration illustrating the work in the lumber camps, in the prisons and army. Groups of children depicted the various scenes and state distributed cards bearing temperance sentiments thru the audience. Rev. Leonard P. Smith, chaplain of the soldiers' union, conducted the devotional exercises.

LONDON TO FATHER A PURE FOOD BILL. London, Sept. 20.—The city corporation at a meeting today, resolved to exert pressure on the president of the local government board, John Burns, for the introduction of a bill for compulsory inspection of the time of slaughter of all animals intended for the table of man, as well as the official stamping of inspectors of all meat found to be with out disease. The bill is to provide further that all foreign killed meat brought in be required to comply with the same standard as home killed meats.

Atlantic City, N. J., Sept. 20.—The National Association of Builders of the United States, in session here, today, having been called and called upon builders everywhere to sustain the association declares in support of a trade school.

CONGRESSMAN HITT CALLED BY DEATH

Illinois Man Dies Suddenly at Summer Home in Rhode Island.

Narragansett, R. I., Sept. 20.—Congressman Robert H. Hitt of Illinois, died at his summer home here today. Heart failure following a long period of increasing physical weakness finally overtook Mr. Hitt, who had been two sons, W. S. Hitt and R. H. Hitt, were at the bedside of the congressman when he died.

McEwan Claims an Alibi. Accused man has witnesses to prove whereabouts on night of robbery. Fish stories may establish an alibi for William McEwan, who is on trial before Judge Andrew Hitt on charges of participating in the brutal robbery of Martin V. Shaw on the evening of June 25. William Klingler today testified that McEwan lodged with him and that he was at home between the hours of 10 and 11:30 p.m. on the night of the robbery. Mr. Klingler explained that he could remember this as he spent the time discussing with McEwan their experiences on a fishing trip to Twin lake the day before.

McEwan, who admitted on the stand that his real name was McGinn, is under indictment for robbery and burglary in the first degree. Angus J. Heath, his roommate, was convicted under a similar indictment Monday and John Kelly, the other member of the trio is awaiting trial. McEwan testified that the four watches, the revolver and the knife, found on his person when he was arrested, were not his own, but had been left with him for safekeeping by a friend who was leaving the city. County Attorney Al J. Smith is conducting the case for the state and the defendant is represented by Thomas Schall.

Divorce Cases Heard. Two divorce cases are before Judge F. V. Brown today. The defendant in the case of Velma Harpending against Charles C. Harpending, failed to appear and the court took the case under advisement. Mrs. Harpending alleges desertion. Annie Millman seeks divorce from James Millman on the ground of cruel and inhuman treatment. Yesterday Judge Brown granted divorces to desertion to Charles R. Wood and Annie Van Emburg.

Judge David F. Simpson yesterday allowed Nellie A. Peterson \$10 damages and costs against Hance C. Peterson, Adeline M. Peterson and Florence A. Peterson, after overruling their demurrer to her suit for \$25,000 damages.

Australia contains more unexplored territory in proportion to its size than any other continent. The liquor evil," she said, "is the gravest evil of our country, has to be ported with, for out of intemperance grow impurity and crime." Mrs. Bullock gave several instances showing the advance America has made in temperance work and said that only through organization could much be accomplished. Ultimate relief will come thru the ballot box, she declared.

SEIZURE OF CUBA HELD INEVITABLE

MILWAUKEE ROAD'S TRAFFIC MANAGER IS ADOPT. Examination Before Railroad Commission on Reasonableness of Hastings Coal Rate Elicits No Information that Throws Much Light on Controversy—Objects to Attorney's Harassing Manner.

The usual activity is being displayed at the government arsenal at Frankfort, where a large part of the army's supply of ammunition is manufactured. It is generally believed the Cuban situation has much to do with the increased energy that is being shown there. Large orders for various kinds of ammunition have been received, among them being one for more than 41,000 three-inch shells, another for twelve-pound shells, and one for saddleback boxes for mules in transporting shells for mountain guns.

Rebels Rob Steamer. Havana, Sept. 20.—When the coasting steamer Rik arrived at Bahia Honda yesterday she was boarded by armed rebels who demanded the mail. They took all the official correspondence and registered letters and then searched the vessel and passengers taking such arms as they found. The government, with agronomists with militia from Havana and carry ammunition, has not been permitted to land at Bahia Honda.

Funerion Leaves Tonight. Washington, Sept. 20.—General Frederick Funston has arrived here from American Lake, Wash., and has been in consultation with agronomists with militia of staff, and other officers preparatory to departing tonight for Havana to join Secretary Taft's party. In the event of intervention it is probable that General Funston will take command of the land forces. Large forces of regulars are held in Texas, ready to move to Tampa on short notice, there to board a transport for Cuba. Young Officers Chosen.

Young officers for command in Cuba, in case an army is raised, are practically all decided upon by the war department. General Frederick Funston probably will be in command and his chief lieutenants are likely to be Brigadier General Thomas H. Barry and William P. Duval. Notwithstanding the presence of Secretary Taft and Assistant Secretary Bacon, the Cuban capital, preparations are being forward to meet any emergency that may arise. Taft Continues Hearings.

Havana, Sept. 20.—Secretary of War Taft and Assistant Secretary of State Bacon continued their hearings on the Cuban revolutionary issues today, members of both the government and liberal parties expressing their views on the situation. It is probable that it will be ten days before anything tangible has been accomplished. Administration representatives remain steadfast in their declarations that they will never consent to a new election, while the insurgents are as emphatic in their argument that only the overthrow of the present government will bring quiet in the republic.

Nothing Else Doing. The remainder of the examination was given over to a rather unsuccessful attempt on the part of Attorney Hitt to draw from the witness answers to questions as to what reason the company has for making a difference in price between the transportation of hard and soft coal. During the course of the discussion Mr. Hitt stated that no attention was paid to the cost of equipment, operating expenses, or capitalization in establishing rates, and he refused to give any further information on the reasonableness of the rate to Hastings.

TRY THIS FOR YOUR COUGH

Mix half ounce of concentrated Oil of Pine with two ounces of glycerine and half a pint of good whiskey; shake well and use in tablespoon doses every four hours. This is the formula prescribed by Dr. Wallace, the renowned throat and lung specialist, who established the camp for consumptives in the pine woods of Maine and whose remarkable cures attracted widespread attention among the medical fraternity. Dr. Wallace declares that it will heal the lungs and cure any cough that is curable and will break up an acute cold in twenty-four hours. The ingredients can be secured from any prescription druggist at a small cost and is easily mixed. The only care necessary is that it be thoroughly shaken. Be sure not to buy the ordinary bulk Oil of Pine; this will produce mucus on account of the quantity necessary and the impurities that it contains, consequently cannot be used. The concentrated Oil of Pine is put up for medicinal use in half ounce vials enclosed in small round wooden cases which protect it from heat and light. It is also said to be an excellent remedy for lumbago and all forms of uric acid rheumatism. For this purpose it is taken raw; a few drops on sugar night and morning.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of the tube restoring to its normal condition, hearing will be destroyed forever. Unless cases out of the ear are caused by catarrh, the only way to cure is by an inflamed condition of the mucous surface. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. E. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of the tube restoring to its normal condition, hearing will be destroyed forever. Unless cases out of the ear are caused by catarrh, the only way to cure is by an inflamed condition of the mucous surface. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. E. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of the tube restoring to its normal condition, hearing will be destroyed forever.
