Mandamus Proceedings by the North- Single-Handed and Unarmed, He Atwestern to Prevent Interference by the Officials of the Place Fail of Their Object-New Charter Necessary Before Company Can Build.

Special to The Journal.

Thief River Falls, Minn., Oct. 15.—Judge Watts of the district court has made a decision in the case of the Northwestern Telephone Exchange company against the city of Thief River Falls. Mandamus proceedings were brought against the offivers of Thief River by the telephone company to prohibit any interference on the part of the city with construction work planned by the company. The arguments were submitted about two weeks ago, Attorney Cooke of Thief River, Judge Montague of Crookston and Attorneys. Cobb and Wheelright of Minneapolis appearing for the company, and Attorney Michelet of Thief River and Loring of Crookston and Attorneys for the chapolis appearing for the company, and Attorney Michelet of Thief River and Loring of Crookston are presenting the city. The demurrer filed by the attorneys for the phone company was overruled, which means that the Northwestern cannot install a local system in this city under its present charter.

Butte, Mont., Oct. 15.—Single-handed and unamed, Dan P. Sullivan, a miner at the Neverweat mined, The Attorney at the Northwestern the Northwestern the Most of Thief River by the telephone company in a saloon last night, and while he did not succeed in capturing the bandit, he disarmed him and secured his weapon.

About 2 o'clock in the morning two masked men entered the place and ordered several men who were drinking there to throw up their hands. One of the bandits held a 44-callber revolver; but the other man apparently was unamed. The robber with the revolver kept the crowd covered while his companion went behind the bar to clean up the cash register.

When Sullivan heard the order to "hold up your hands," he started to obey, but suddenly made a leap for the robber, grasping him about the processing the city of th

torial District Has Hard Sledding.

CHARLES CITY, IOWA.—Great interest attaches to the three-cornered fight for senator in the forty-fourth senatorial district, composed of the counties of Floyd and Chickasaw. Frank O. Martin, a grain and stock dealer at Floyd, is the republican nominee; John Foley, a banker at New Hampton, is the democratic nominee, and B. F. Wright, editor of the Daily Press of Charles City, is an independent candidate. Martin and Foley are not orators, and are making no speaking campaign, while B. F. Wright is making addresses in every town in the district and will also speak at many of the schoolhouses. He has already addressed meetings at Ulster, Floyd (Martin's home), Niles, Charles City and Rudd.

It is thought by some of the best-informed politicians that the fight will result in the election of either Foley or Wright. The republican nominee for the lower house from Floyd is Loren W. Inman. He is opposed by Charles Morris of Nora Springs. Inman will be elected.

Morris of Nora Springs. Inman will be elected.

At the republican county convention a combine was organized and Charles City was shut out from representation on the board of supervisors. The democrats put up only part of a ticket with the hope of getting the disastisfied republicans of Charles City to help them elect two members of the board. The Press, Mr. Wright's paper, is opposing for election those who were in the combine against Charles City. The outcome is a matter of conjecture. The democrats nominated for the office of county superintendent Miss. Marcia Greenlees, principal of one of the Charles City schools, whom they hope to elect.

AYERS ET AL. TO BE TRIED Former Politician and Others Are Prin cipals in Land Fraud Cases.

cipals in Land Fraud Cases.

SIOUX FALLS, S. D.—Several important cases are to be tried at the regular October term of United States court, which will convene in Sloux Falls tomorrow. The most important cases for alleged land frauds will be that against Thomas H. Ayers, private secretary to Andrew E. Lee, when the latter was governor of South Dakota; John I. Newell, John F. McGuire and Howard A. Binford of Pierre. The four and Carl Pitan, a stockman, were jointly indicted at the April term of federal court in Sloux Falls on the charge of engaging in a conspiracy to defraud the government out of large tracts of land in Stanley county, west of the Missouri river. The indictment against the four defendants contains twenty-three counts, and is one of the most voluminous instruments of its kind ever returned by a federal grand jury in South Dakota.

The defendants were arraigned at the April term, and all, except Pitan, entered pleas of not guilty. Pitan pleaded guilty and was sentenced to one year in the Hughes county jail at Pierre and fined \$1,000. He is now serving his term. Another case of some importance is that against General Agent Ahman of the Sloux Falla branch of the Val Blatz Brewing company, who at the Deadwood term of United States court in September, was indicted on the charge of shipping to a saloonman at Flandrean a keep of beer to which the internal revenue stamp was not affixed. When first arrested he was taken before a United States commissioner for his preliminary examination and the case against him was there dismissed. Not satisfied, the United States authorities took the case directly to the grand jury, with the result that an indictment was returned, and Mr. Ahman will be compelled to stand trial.

Among the other cases to be tried will be hitat of Fred Gibbona, a former member of the Sioux City police department, who is charged with having sold linuar in Union county, South Dakota, near Sloux City, without having pald the special government tax, and the case of John Colomb, under indictment

Brockings, S. D., Oct. 15.—The twenty-third annual session of the Dakota Methodist conference, which met here last Tuesday, adjourned last evening to meet at Vermillion in 1907. Bishop Eari Cranston of Washington, D. C., presided. Rev. J. C. Floyd of New York addressed the conference on missions Thursday evening. President W. S. Lewis of Morningside college, Sioux City, spoke on education Friday evening. On Sunday morning Bishop Cranston preached to over 800 persons in the Methodist church, and all the English-speaking church pulpits were occupied by Methodist ministers. In the evening an address was delivered by Rev. C. M. Boswell, D.D., secretary of the Church Extension society.

Rev. J. H. Vogt, formerly of Pierre, was deposed, from the ministry.

The general condition of the church shows splendid prosperity, and the coming year promises a material growth.

FERGUS FALLS HAS REAL ISSUE City Is Stirred to Its Depths Over a

Sidewalk Controversy.

FERGUS FALLS, MINN.—A sidewalk controversy that has stirred the city to its depths is in progress here, the question at issue being whether a certain walk shall be laid eight feet from the property line, as requested by the residents, or one foot from the line, in accordance with an ordinance. The matter has been before the council in various forms for two years, and a majority of the aldermen recently adopted an amendment to the ordinance permitting the construction of the walk on the line asked by the residents. The mayor vetoed the amendment, and a force of men started to build the walk under police protection. The residents appealed to the district court, and served an injunction today that brought the work to a standstill. A hearing will be had Oct. 23, the residents attacking the accuracy of the survey.

Rev. K. Winberg, pastor of the Norwegian Methodist Episcopal church of this city, left yesterday for West Duluth to assume the pastorate of a church there, and Rev. C. O. Christianson of the West Duluth church arrived today to become pastor of the Fergus Falls-church.

Christianson of the West Duluth church arrived today to become pastor of the Fergus Falls church.

Frank Kilnkner was brought in from Bluffton and tried in the justice court here yesterday on the charge of obstructing a public ditch. He was found guilty and fined \$5 and costs, amounting in all to \$96.50, or sentenced to serve sixty days in jail. He paid the fine.

NEW TOWN AND NEW MILL

TO READERS OF THE

LADIES' HOME JOURNAL:

Did you read the article published by The Ladles' Home Journal in May 1904, attacking Dr. Pierce's Favorite Prescription? Have you seen the statement more recently made by Mr. Bok, the Editor of that magazine that his company "has not paid a single penny to Dr. R. V. Pierce's concern * * * in settlement of any suit"? We wish you to know the truth. The facts are these :

Four days after the article in May 1904, appeared, Dr. Pierce's company sued The Ladies' Home Journal publishers for libel. The trial was had in April last. Dr. Pierce proved that the attack made by The Ladies' Home Journal was false. He proved that Dr. Pierce's Favorite Prescription does not, and never did contain either alcohol or any of the injurious drugs which The Ladies' Home Journal falsely stated it did contain. This was so conclusively shown that the attorneys for The Ladies' Home Journal were forced to admit it. The jury rendered a verdict against The Ladies' Home Journal in favor of Dr. Pierce's company for \$16,000.00. This was a complete vindication of Doctor Pierce and his "Favorite Prescription." It judicially established that the libel was wholly false, and without any justification.

Dr. Pierce, however, believed that his company is justly entitled to a verdict for a much larger sum. Through his attorneys he has, therefore, applied to the court for a new trial of the case. For this reason, and for this reason alone, has 'The Ladies' Home Journal not yet paid "a single penny to Dr. R. V. Pierce's concern." Dr. Pierce has simply chosen not to collect the judgment until the motion for a

new trial has been decided. In the light of these facts does not this boastful statement that it 'has not paid a single penny to Dr. R. V. Pierce's concern" look like a cheap and common bluff, a half truth intended to mislead you?

During the trial of the libel suit ments. In fact the "Favorite Prescripagainst the above mentioned publishers, tion" stands alone as being the only Dr. Lee H. Smith, Vice-President of the World's Dispensary Medical Associa- which has any such professional endorsetion, stated under oath that the ingredients of Dr. Pierce's Favorite Prescrip-tion were wholly extracted from the tion were wholly extracted from the following native roots; Golden Seal, Blue Cohosh, Lady's Slipper Black Cohosh and Unicorn by means of pure glyterine of proper strength. He was asked how he knew, as a physician and experienced medical man, that the "Favorite Prescription" was a wre for the diseases peculiar to women, such as "female weakness," walketing pelvic catarrhal drains, protespus, retrieversion, irregular and painful periods, and other diseases of the womanly organs and he stated that he knew such was the fact because of his professional experience and the many thousands of women whose ills, to his personal

women whose ills, to his personal knowledge, had been cured by this "This experience of Dr. Smith was corroborated by the standard Medical Authorities, of the several schools of practice, endorsing the various ingredients in the strongest terms. Dr. Smith being asked to name some of these authorities as to the curative value of the above roots read from the standard works, such as the United States Dispensatory; The American Dispensatory; Organic Medicines, by Grover Coe, M. D.; Materia Medica, by Professor Finley Ellingwood of the Bennett Medical College, Chicago; "New Remedies," by Prof. Edwin M. Hale, M. D., of Chicago; Text-Book of Therapeutics, by Dr. Hobart A. Hare, Prof. in Univ. of Penn'a; Laurence Johnson, M. D., Prof. in Univ. of Penn'a; Laurence Johnson, M. D., Prof. in University of New York; Prof. John King, Author of "Woman and Her Diseases"; Professor John M. Scudder, M. D., Author of a treatise on "The Diseases of Women"; Horatio C. Wood, M. D., Author of "Therapeutics," Roberts Bartholoy, A. M., M. D., Professor of Materia Medica, Jefferson Medical College of Phila. All these recognized and standard authorities praise, in the strongest pos-

ment of its several ingredients which fact is generally recognized as entitled to much more weight than any amount of lay, or non-professional testimonials. The "Favorite Prescription" stands alone as the only non-secret, medicine for woman's ailments. Its manufacturers are not afraid to publish its in-

gredients, as they do, broadcast-thus courting the fullest scrutiny.

The "Favorite Prescription" has been on trial in court and came out fully vindicated as containing no harmful or habit-forming drugs.
What other medicine for women could

stand such a test?

No invalid women can afford to accept a secret nostrum of unknown composition for this tried and prover remedy of known composition. Leading physicians often prescribe it because
