JOURNAL NEWSBOYS TO APPEAR AT UNIQUE

Shouting "huxtry," and making wild dashes across the street under the feet of horses and just in front of street cars are not the only accomplishments possible to the Journal newsboys. Just to convince any people "from Miz-zouri," that this is so, as well as for their own pleasure and profit, they are going to put on a special bill at the Unique theater this evening. Down in "news alley" there is a lot of talent of various kinds and when a lad has the good judgment to attach himself to The Journal's staff of street sale specialists it is an unfeeling indication that his talent is unusually high in quality and of staying power. Colley Nathanson, head of the street sales department, has selected from the material at his disposal a corps of vocalists, buck-and-wing and clog dancers, conjurers, acrobats, boxers, wrestlers, comedians, cartoonists and miscellaneous geniuses which would make the average vaudeville bill look like a deaf and dumb funeral. "De gang" has entered completely into the spirit of the occasion, and has been holding rehearsals in the alley just before the issuance of the three daily editions of The Journal for

the last ten days, which means exactly thirty rehearsals. All the performers are "letter perfect," and have their "business" down to the point where they can do it subconsciously, while making change on a stormy day and corralling two more customers at the same time. The performance will give a real insight to the actual life of the boys who earn their livings by selling papers on the streets of Minneapolis. There is not a person who is not acquainted with them as "men of business," but only the favored few know them in their relaxed moments between editions. This evening the general public will have an opportunity to see the lighter side of the "newsie's life" presented on the Unique stage.

S.S.S. DRIVES OUT RHEUMATISM

The aches and pains of Rheumatism are only symptoms which may be scattered or relieved with liniments, plasters, blisters, etc., or quieted with opiates. As soon as the treatment is left off, however, or there is any exposure to dampness, or an attack of indigestion, the nagging pains, sore muscles and tender places on the flesh return, and the sufferer finds that he has merely checked the symptoms, while the real cause remains in the system. The cause of Rheumatism is a too acid condition of the blood, brought on by indigestion, chronic constipation, weak kidneys, and a general sluggish condition of the system. Waste matter collects in the system each day which nature intends shall be carried off, but when it is left because of a sluggish condition of the system it sours and forms uric and other acids. These are taken up by the blood and carried to all parts of the body to produce the pains and aches of Rheumatism. S. S. S. cures Rheumatism by going down into the blood and driving out the cause and making this life stream rich, pure and healthy. When the blood has been purified and built up by S. S. S. the pains and aches pass away, the muscles become soft and elastic, and Rheumatism driven from the system. Book on Rheumatism and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.
