MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The first of these was the "papoose root," which he dug to get well as soon as possible that he might do the work and let him hunt. Therefore, he dug "papoose root" for her, or for his wife, who was suffering from female weaknesses. Dr. Pierce used the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents for medicinal purposes. Many afflicted women have been cured all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous cures in such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from pure medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for the cure of such ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak or debilitated women, who are "worn-out," or sickly, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.
