From Chicago today comes word that the prices for the game will be \$3 for the best seats. Manager Reed this morning received tickets for one whole stand at Marshall field. and the tickets will go on sale at the usual places tomorrow morning. From every indica-tions there will be at least 8,000 to 10,000 tions there will be at least 8,000 to 10,000 gophers going to Chicago on Thursday and Friday nights of next week, and the seat sale in Minneapolis will be brisk. The Minnesota 'U'' band will be taken along and a tremendous rooter excursion is on the boards.

The railroads have granted a rate of one fare for the round trip, plus 50 cents, for all points within a radius of 150 miles of Minneapolis for the Nebraska game. The rate to Chicago has been set at \$6 and \$8, but there is reason to believe that a much lower figure will be named before the week is over.

The team started work for Nebraska last night in earnest, the favorable weather permitting Dr. Williams to use the gridiron once more. Just what transpired behind the walls is unknown, as the gates were locked and only two or three spectators were permitted inside the enclosure.

While there will doubtless be a large crowd at the Nebraska game Saturday, the big movement will be toward Chicago for the game of Nov. 10. The defeat of Nebraska by Ames will of course cut into the attendance Saturday to some extent, but many will go to watch the gephers more to see what improvement has been made thru the week than with an idea of seeing Nebraska turn any startling trick.

At that the men on the squad are not holding the cornhuskers at all cheaply, and realize that Nebraska will put forthe every possible endeavor to hold the score lower than was the case in the Ames game. They will try to show that Ames won more by luck than by form, and the rooters will want to see if this was the case. Nebraska is strong enough to need a lot of attention, and defeating Foster's men will not be a holiday affair.

From this time on until the day of the Chicago game real news of the team will be very scarce. Stagg is putting his men thru heavy paces at Chicago, and on Saturday Eckersall. Stagg and other members of the marcons will journey to Miuneapolis to see the gophers against Nebraska. Both of the coaches, the best of the west, are putting forth their big

HIGH SCHOOL FOOTBALL.

Harvey, N. D., Oct. 31.—In a spectacular game of football the Harvey high school boys defeated the Carrington high school aggregation by a score of 24 to 0. Every man on the liarvey team proved to be a star in his position and the result of the first game will go far to promote the athletic spirit in this section of the State. Long end runs and the forcing of the Carrington team over their goal line for a safety proved to be the features of the game.

STAGG WANTS TO PLAY MICHIGAN

Can See No Reason Why Game Cannot Be Scheduled Next Year.

Chicago, Oct. 31.—Chicago and Michigan, kept apart this season by the faculty reform wave, will probably meet in football next year. Such is the word given out last night by Coach Stage. No definite move has been made by either university for the renewal of football relations. but it is thought that by the time the 1907 schedules are made out all objections to the game will be walved, and that it will again take its place in the big nine schedule.

"I see no objection to Chicago's playing Michigan, next year," said Mr. Stagg. "And I expect that we will play Michigan. I wanted to play them again this year, and hope that arrangements can be made for the renewal of footbell relations by next fell." football relations by next fall."
Dr. J. E. Raycroft said he expects Chicago

and Michigan to resume their annual footbal games within the next two years at least. He says it is only a question as to how long it will take the intense rivalry, because of which the big games were suspended, to die down. For the first time this year some of Stagg's regulars "cut" practice yesterday. Captain Eckregall, Templeton, Parry and Russell failed to report at any time during the afternoon prac-tice, and as a result Stagg had to work with a crippled squad and was much put out at the absence of his stars.

The practice field was soggy and slippery, but

nevertheless the Midway coach picked out a mixed team from the regulars and the scrubs and sent them against the freshmen for a hard scrimmage. They succeeded in scoring twice, on one of these occasions a forward pass being the trick by which Schommer got away for a touchdown. The practice, in spite of the condition of the field and the absence of four of the mainstays, was fairly satisfactory, giving the opportunity for the trial of several of the new plays on a bad field.

Cincinnati, Oct. 31.—uBt few public men of national fame have been given a reception as great and a public demonstration in the streets as enthusiastic as that which was accorded Nick Altrock, the premier pitcher of the white sox, on his return to his native city last night.

Nick was carried to a carriage in which was seated his old, gray-haired father. The old teuton and his athletic son were then almost burled under American beauty roses and placed at the head of a procession of scores of carriages and tallyhos. A red light blazed from every corner as the parade passed thru the bisiness section of the city. Chleago, Oct. 31.—Nate Lewis, Kid Herman's manager, has received two offers from Tonopah, Nev., clubs to stage the Gans-Herman bout, each from a different party. Lewis accepted the terms offered by M. M. Riley of the Casino Athletic club, in which a purse of \$20,000 was mentioned, the bout to be held Thanksgiving day. W. S. Johnson of the Tonopah Athletic club wired to Lewis that he offered \$20,000 for the match, but that he had called a mass meeting to endeavor to raise \$30,000. Lewis said that he had accepted the Riley offer and that to box in December, and asking if the date could be changed.
