LEADING PIANO HOUSE.

**JUDGE SENTENCED A BOY TO BED.**  
Boston, Mass.—A novel sentence was passed upon a youth Tuesday in the new juvenile court, by Judge H. H. Baker. The boy stole a bicycle a few days ago, and the judge ordered that he go to bed next Friday night and stay there until breakfast time on Sunday. In the children's court this is called "getting soaked hard." Judge Baker recently handed down one sentence which struck terror into the hearts of the young offenders, and that was to learn seventy-five pages of history, of which forty pages were to be committed to memory.

## HEARST CRUSHED; TICKET TRIUMPHS

Continued From First Page.

the side of the democratic party as well as a menace to the republican party. The Evening Post, ultra conservative and naturally democratic, which has been one of the most plain-spoken among the metropolitan newspapers opposing Hearstism, declares it is not among those who believe that even an overwhelming defeat would certainly eliminate Hearst from political life.

"So long as he retains his wealth and his newspaper property," said the Post, in an editorial written before the polls closed, "he will be what the Germans term stornfried, a disturber of the peace."

**Politicians Will Desert Him.**  
Expressing an opinion that is likely to be shared by many students of politics, the Post adds that thru the blunder seen in the management of his campaign, professional politics as will be slow to tie up with him hereafter, no matter how large the barrel at his command, or how great their popular support on this occasion. He does not look as though he will be able to conduct the Hearst campaign, it is declared, has practically destroyed that reputation for cleverness which has hitherto done so much to give him a market. They have blundered like ordinary mortals, it is asserted, and as a last resort they fell back on coarse abuse.

But the fact of the hour is that Hearst has been beaten, even if not overthrown. The New York state, saved from the "Peril of Hearstism," that threatened to assume control of its government. Hearst may gather himself together and keep up his agitation, but he has been repudiated as a field marshal in societies. He does not look above the horizon today as the inevitable leader of democracy in 1908.

**Roosevelt Saved Day.**  
Another Moses will stand some chance of leading the masses who are discontented with present industrial conditions and see no adequate relief in the national republican party toward freedom from their real or fancied bondage.

It is more than likely that the work at the polls yesterday will overcome to a large extent the handicap William J. Bryan brought upon himself when he made his declaration in favor of government ownership on returning to America from his tour of the world. Colonel Bryan is likely to emerge from partial eclipse and again become the commanding democratic figure in the country.

A different story undoubtedly would have to be written had President Roosevelt not have come to the aid of his party in the closing days of the unparalleled campaign.

## CANNON WINS BITTER FRAUD

Speaker of the House Triumphs Despite Democrats and Labor.

Special to The Journal.  
Danville, Ill., Nov. 7.—Incomplete returns indicate the election of Speaker J. G. Cannon with possibly a slightly reduced plurality over the vote of four years ago, when he carried the eighteenth district by 7,987 plurality. This is due to the warm fight of the socialist labor party and an unusually aggressive campaign on the part of Charles C. Taylor, the democratic candidate for congress.

The campaign began with little indication for a stiff opposition to the speaker, but the socialists nominated John Walker, a member of the United Mine Workers, and the democrats placed Mr. Taylor in the field, and both parties began an aggressive campaign, the socialists devoting their attention principally to Kankakee, Iroquois and Vermilion counties, while the democratic nominee, stumped the entire district, giving most of his attention to Edgar, Clark and Cumberland counties, which are generally democratic.

While there were some defections in the other counties owing to the socialist labor appeal, the voters of Vermilion county rallied to Mr. Cannon's support, and it is believed that the republicans will show that the vote here will nearly offset the losses in other counties in the district.

Speaker Cannon and friends believe the complete returns will show that he has received the usual volume of votes.

## Dems Regain Missouri.

St. Louis, Nov. 7.—Notwithstanding returns from the state are coming in with proverbial tardiness, from what is known the fact seems to be established that Missouri has again returned to the ranks of the democrats.

Chairman Evans of the democratic state committee holds to the claim of a majority of at least 18,000. But until all the returns are in, especially from the outlying districts in the south half of Missouri, the result is not conceded at the republican state headquarters.

## Illinois 100,000 G. O. P.

Chicago, Nov. 7.—Illinois went republican by over 100,000, the vote for Smulski, state treasurer footing about 120,000 with a few districts estimated.

Chicago gave the state ticket a plurality of over 50,000.

The republicans lost two congressional districts apparently in Chicago and two more down state, making a gain

## WINS IN NORTH DAKOTA

JUDGE CHARLES J. FISK,  
Who has Defeated a Republican As-  
sociate Justice in North Dakota.

of four for the democrats and giving them five instead of one in the Illinois congressional delegation.

The successful democrats were James T. McDermott who beat Charles S. Wharton, in the fourth district; Adolph J. Sabath, who won out again; Anthony Michalek, in the fifth; Benjamin F. Caldwell, who beat Zeno J. Rives, in the twenty-first; and Martin D. Foster, who got more ballots than Frank L. Dickinson in the twenty-third. Henry T. Rainey, dem., was re-elected in the twentieth district. All the defeated republicans are in the present congress having been renominated.

## Doubt in Kansas.

Topeka, Nov. 7.—The result for governor in Kansas, is still in doubt. Chairman Crummer of the republican state committee claims the re-election of Governor Hoch by 6,000, while Chairman Ryan of the democratic state committee says W. A. Harris has carried the state by at least 15,000.

The republican committee has complete returns from forty-three of the counties. Governor Hoch is running far behind his ticket.

## "No Election" in New Hampshire.

Concord, N. H., Nov. 7.—Election returns showed no material change. Floyd (rep.) led Jameson (dem.) for governor by an estimated plurality of 2,250. A majority vote is required and the election will probably be thrown into the legislature, which, it is believed, will be republican.

## West Virginia Republican.

Charleston, W. Va., Nov. 7.—Returns from the state are incomplete, but sufficient have been received to show the election of all of the republican congressmen and a republican legislature by a good majority on joint ballot. The legislature elects successor to Senator Stephen B. Elkins.

## Polls All the Votes.

Montgomery, Ala., Nov. 7.—All returns indicate that B. B. Comer (dem.) has practically polled all the votes for governor.

## G. O. P. Wins in Oklahoma.

Oklahoma City, Okla., Nov. 7.—A statement from republican headquarters at 10 o'clock this morning says the republicans have elected ten delegates in Oklahoma and from ten to fifteen delegates in the Indian Territory, giving them from 20 to 25 out of 112 delegates, who will frame the constitution for the new state of Oklahoma. News from the country districts in the Indian Territory comes in slowly.

## Miners Made Congressmen.

Philadelphia, Nov. 7.—Incomplete figures from the thirty-seven congressional districts of Pennsylvania indicate that the democrats gained five congressmen, which will make their delegation in the next house six instead of one. The next legislature will remain heavily republican, altho the democratic and reform representation will be larger.

The United Mine Workers of America, which entered the political field for the first time in the state, will be represented in the next congress by two members of the officers of the organization, and in the legislature by about a half dozen members of the union, all of whom were candidates on the democratic ticket.

The miners' representative in congress will be William B. Wilson, international secretary-treasurer, who, according to unofficial figures defeated Representative Elias B. Deemer, republican, in the fifteenth district, and Thomas D. Nicholls, district president of the upper anthracite coal fields, who defeated Representative Thomas H. Dale, also republican in the tenth district. President Mitchell stumped both districts for the officers of the union.

## Show Hoch Plurality.

Topeka, Kan., Nov. 7.—Complete returns from 71 out of 105 counties received at republican state headquarters today show a plurality of 50,000 for E. W. Hoch for governor over W. A. Harris (dem.). The democratic state committee claims the election of Harris.

It was generally conceded that the republicans won the rest of the ticket, including the railway commissioners. The republicans probably have elected a working majority of the legislature.

## Governor Beckman Is Leading.

Louisville, Nov. 7.—Incomplete returns today show that Governor Beckman was leading for United States senator by about 2,000.

## Notable G. O. P. Victory.

Denver, Nov. 7.—Returns are incomplete, but sufficient to show the election of the entire state republican ticket and a republican majority of thirty or more on joint ballot in the next legislature, which will elect a senator to succeed Thomas M. Patterson. Simon Guggenheim is the only avowed republican candidate for the senatorship, and he has had the support of the party.

## Hoosier Dems Gain.

Indianapolis, Nov. 7.—More complete returns received today at both headquarters show some changes in the result in Indiana. There seems to be no question but that the democrats have elected five out of thirteen congressmen, which is a gain of three, and latest reports indicate that the thirteenth district is in doubt.

## LOVE'S YOUNG DREAM.

Washington Star.  
"That man be very musical and romantic," said Maud.  
"Yes," answered Maudie. "He is one of the sort that hangs over a piano singing 'Every man I send thee violets,' but never really produces as much as a box of candy."

## CARDS WERE OUT.

Puck.  
Miss Johnson—Ah come within a ace ob marryin' Abe Perlmutter once.  
Miss Jackson—Yah? If he'd had another ace, he'd ha' won a jack, an' if he'd won dat jack, he'd ha' had money 'nough fo' to git married.

## ROYAL Baking Powder

### ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

ROYAL BAKING POWDER CO., NEW YORK.
