GORDON FURS

THE locality in which fur-bearing animals are taken, the time of year, the prevailing climatic conditions—all make a quality difference in the skins.
This quality-difference is always considered in selecting skins for Gordon Furs.
To the broad experience and infinite skill of expert furriers, as well as to the masterly craftsmanship of high-class tailors, is due the supreme goodness of Gordon Fur-Lined Garments.

Gordon Fur-Lined Garments

This is a picture of a smart loose-fitting garment, as comfortable as it is stylish.
Made in several qualities of black Kersey, lined with Muskrat, Hamster, Australian Opossum or Squirrel.
Full fur lining in the sleeves adds to the comfort of this garment, while its elegance is enhanced by the different harmonizing furs used in the collars.
Prices vary according to the quality of the furs used, from \$45 to \$175.

W. L. Douglas \$3.50 Shoe Store in Minneapolis: 309 Nicollet Ave.

Railroads
EVARTS HOPES TO REMAIN ON MAP

Milwaukee Rumored to Contemplate Line Connecting Sioux City and Coast Extension.

Special to The Journal.
Evarts, S. D., Nov. 16.—According to current report, Evarts is not to be entirely blotted from the railway map by reason of the coast extension of the Milwaukee road. On the contrary, it is to be an important point on a new line which the road is to build in order to shorten the run from Sioux City, Iowa, to the Puget Sound country.

According to the report, which is said to have originated from a prominent official of the Milwaukee road who recently visited here, it is the intention to build south from here to Le Beau and thence southeast to Platte, following the Missouri river thru Walworth, Foster, Sully, Hughes, Hyde, Brule and Charles Mix counties.

The Milwaukee has an extension from Yankton to Platte and by using that the road will have almost a direct line to Sioux City from the coast. In addition to that a strip of rich country, now practically without railroad facilities, will be opened.

SOO SURVEY PROGRESSES
Engineers Move Camp Ten Miles Nearer Duluth.

Special to The Journal.
Frederic, Wis., Nov. 16.—The engineers who are at work on the preliminary survey for the Soo extension from Frederic to the head of the lakes have moved their camp to Siren, ten miles north of this place.

Three different routes leaving Frederic have been surveyed, all of which lead to the east. Although nothing definite is known as to the route, it is believed that the most practicable, and the one that will be selected, will begin at the end of the track already built, extend about three miles to the northeast, and thence almost due north to the St. Croix river.

STRAIGHTENS JAWBONE LINE
Milwaukee Makes Dirt Fly on Montana Sections of Extensions.

Special to The Journal.
Butte, Mont., Nov. 16.—The work of improving the "Jawbone" railroad between Harlow and Lombard, which is to form a link in the Milwaukee's coast extension, is being pushed. Curves are being eliminated, grades reduced and the roadbed improved so that fast time can be made.

Work on the flat just east of Butte is also being pushed. Much of the grading has been completed and it is expected that the laying of rails will begin within a week or two. The tunnel thru the range has been started and is being pushed with all speed.

STATION FOR ABERDEEN
Minneapolis & St. Louis Will Give Hustling City Fine Building.

Special to The Journal.
Aberdeen, S. D., Nov. 16.—According to a statement by one of the officials of the Minneapolis & St. Louis road will erect in this city a station that will outclass anything on its line. Although the plans have not yet been made, the style of the building has been discussed among the high officials of the road and the decision reached to erect a station which will be a credit both to the road and to the city.

The structure will stand at the foot of Main street and just west of it. Work probably will not be started on it until next spring.

Million for a Bridge.
Winnipeg, Man., Nov. 16.—The Canadian Pacific is to build a new steel bridge across the Saskatchewan river from Strathcona to Edmonton. The bridge, which will cost \$1,000,000, will be a mile long, and in addition to the trainways, will have driveways and accommodations for foot passengers. Vice President Whyte is now at Edmonton completing the details for the structure.

This Proposition Worth Considering. Contract with us now for your lot on regular monthly payments. Should default of purchaser occur before full payment is made, we cancel contract and issue deed. Crystal Lake Cemetery company, Thirty-eighth avenue N and Humboldt. Both phones.

SUFFOCATED IN A SHAFT
Wisconsin Mine Accident Will Probably Be Fatal to Two.

Darlington, Wis., Nov. 16.—Winifred Davis was suffocated and Daniel McDermott probably fatally burned in a mine fire about four miles west of here. A small house built over the shaft, which the men were sinking, caught fire, the flames being drawn to the bottom of the shaft. Davis remained at the bottom and was suffocated.

S.S.S. CURES CANCEROUS ULCERS

Whenever a sore or ulcer is slow in healing, and shows signs of eating into the surrounding flesh, it is safe to say that the blood is infected with cancerous germs. Some old taint or poison that has lain dormant awaiting a favorable opportunity to assert itself has found an outlet on the face, arms, legs or other part of the body, and the place has become inflamed and festering, and a chronic ulcer is the result. When middle age is reached or passed, and the vital powers are naturally weaker, a hurt of any kind heals slowly, and often an insignificant scratch or bruise on warty growths, moles, pimples, etc., will begin to inflame and are soon large, eating ulcers. The cancerous germs are rooted in the blood, and while salves, plasters, lotions, etc., keep the surface clean, they are useless in affecting a cure. S.S.S. cures cancerous ulcers by going down into the blood and removing the germs and poisons which produce the trouble. It cleanses the circulation of all unhealthy matter, and when the cause is removed the sore heals permanently. S. S. S. enriches and strengthens the entire blood-supply, and being purely vegetable, it is a pleasant, safe remedy for young or old, and ulcers of every kind yield promptly to its curative properties. Book on sores and ulcers and medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**
