

SEASON'S HARVEST IN THE SPORTING WORLD

FIELD DAY FOR MICHAEL KELLEY

Voted Back Salary and Offered a \$4,000 Job by the Cantillons.

By O'Loughlin.
Minneapolis interest in the annual meeting of the American association at Chicago, yesterday, centered solely in the final disposition of the Kelley case. From the morning's news it would appear that Joe and Mike Cantillon have told the anti-Kelleyites of the organization to keep hands off; that they were going to settle the Kelley case themselves. They started to do this, when Joe Cantillon wired Mike Kelley today an offer of \$4,000 per annum to look after the Cantillon interests at Des Moines in the Western league.

Kelley has the offer under consideration, and expects to talk over the matter with Josephus and Michael when they arrive here later in the week. The Cantillons declare that Kelley is not blacklisted by the recent action of the association, and that they will hire him and show that he is not on the bad list. This looks like a big dig in the eye of Ben Johnson by the Cantillons, the Banlet having declared that Kelley was virtually out of organized baseball. If the Cantillons intended it as such a slap in the eye, it will add greatly to their popularity among the Minneapolis baseball following.

Salary to Be Paid.

The association also ordered the paying of the \$1,000 back salary due Michael for his services in the Gus Koch coop beneath the grand stand at the close of last year. Taken altogether, it was something of a field day for Michael.

Love and harmony was smeared all around. According to the voracious chroniclers of the reporters two bottles of \$8 wine set the meeting in such a good humor that it voted to grant a boost in salary and a three-year lease, named Papa Bryce a director, called Mike Cantillon vice president of the circuit, and put Tebeun and Bryce on the schedule committee. Had another bottle been opened, it is probable that they would have voted the Columbus quitters the world's championship pennant and crowned Sweet Stephen Kane the king of May. It must have been a gorgeous affair with the lamb-like Watkins thrusting his head into the mouths of the lions, Leonard and Havenor. About the only one who didn't get anything, to judge from the reports, was Bill Armour—perhaps he cut in on the \$8 wealthy water.

Other Proceedings.

It was decided to stick to the 154 game schedule and start the monkey house proceedings on April 17, and close on Sept. 16, if all of the money is in the box office by that time. The playing of exhibition games during the championship season will be prohibited by one of the 999,999 bylaws of the organization. That was about all that came off.

Joe and Mike Cantillon will arrive in Minneapolis the first of the week and will probably be ready to announce their plans for the season. Their action in behalf of Kelley, if they have gone thru with it, and it looks as tho they had, has been one of the most opportune movements in their baseball careers. It will disarm all of the hostility which Kelley's friends have treasured up against the local club and will put a "cut" in the "right" with local fans. It will not, however, lessen, in any degree, the feeling against the men who have hounded Kelley for just exactly one year. The Cantillons appear to have been too long squarely all of the time, while professing friendship for Kelley. The rest of the bunch on the circuit cut little ice. In addition to getting O'Brien for three years, his duties as president increased to cover the positions of secretary and treasurer.

It was decided to have O'Brien advertise for the best official balls and instruct him to contract for next year's supply, according to his own judgment, after the bids were received. It was generally understood among the delegates that this was the last chapter in the famous fight between the advocates of the Reach and Victor ball.

ATHOS FAILED AT HORSEBACK WRESTLING

Harry Harris, known as Athos, the French champion wrestler, failed to throw three men in a handicap horseback wrestling match at the Dewey theater, Saturday, and as a result forfeited \$50. Athos introduced the horseback game into this city and offered to throw any three men in thirty minutes. A. H. Felkey, Carl Mattsson and Tommy Russell accepted, and although new to the game put up spirited fights. Russell was thrown in three minutes, but Felkey, who was second man, gave the champion a hard rub and nearly beat him at his own game. After nineteen minutes both men went off the horses, which were rearing in fright, and according to the rules should wrestle again. Athos refused, however, and Carl Mattsson went on. Mattsson also put up a good fight and repeated Felkey's act, taking Athos with him when he fell.

There still remained two minutes for the champion to finish his match, but he refused to go on again.

MAROONS TO HAVE NEW INDOOR BALL

Chicago, Dec. 31.—A new baseball of the regulation outdoor size, but made of soft material, has been devised by Coach Dickinson of the University of Chicago baseball squad, for indoor work. The ball is now being made up and is to be ready for use when the squad begins its work this week. Dickinson expects the ball to prove a success, as in a well-lighted gymnasium there is no difficulty in seeing the ball, while it will accustom the men through their training to the regulation ball without causing all broken windows.

RILEY AND JOE GANS DISAGREE

Journal Special Service.
Tonopah, Nev., Dec. 31.—The serenity which has marked the relation between club officials and fighters was broken yesterday, when a dispute arose between Gans and Manager Riley of the Casino Athletic club over alleged flaws in the moving picture contracts. Finally, Gans and Herman's manager presented new contracts for Riley to sign and the latter promised to take the matter under consideration. Gans announced that unless Riley signs he will get out an injunction against the taking of the pictures.

STILLWATER GETS READY FOR SKIERS

Stillwater, Minn., Dec. 31.—The hearts of members of the Norwegian Ski club of Stillwater were gladdened by reason of the heavy snowfall yesterday, which will be an incentive to renewed efforts in preparing for the grand northwestern ski tournament to be given by the local club at the Lily lake grounds, Lincoln's birthday, Feb. 12. The committee appointed to take charge of the tournament will this week send out invitations to all of the leading clubs in the northwest, including Minneapolis, St. Paul, Ishpeming, Duluth, Eau Claire, Red Wing and La Crosse, and indications are that the tournament will be the largest and best ever held in the northwest.

LOCALS BEAT SAINTS IN HOCKEY MATCH

The Eagle hockey team of Minneapolis defeated the Chinoooks of St. Paul on the latter's rink Saturday night by a score of 6 to 3. Bobby Marshall and Knoche, both Minnesota football players, were opposed to each other, and the feature of the game was their outbursts of brotherly feeling. Both men seemed to think it was up to him to outdo his opponent, and both left the ice satisfied that he had the better of the argument. The first half was close and ended with three goals for each team. The Minneapolis boys braced up in the last half and by strong team work made three more goals, winning the game by a comfortable margin. The Seeger brothers and Knoche starred for the Chinoooks, while Marshall, Jenkinson, Russell and Jack Bradford carried off honors for the locals. The teams lined up as follows:

CLINTON AFTER BERTH IN THREE-I

Clinton, Iowa, Dec. 31.—Clinton will without doubt have Davenport's franchise in the Three-I baseball league in 1907. This city has secured a release from the Iowa league, given unconditionally by the directors of the various clubs, and as she has the promise of the vote of every city in the I. I. I. league, there is little doubt that the franchise will be secured for 1907.

FULLER, BAD ACTOR

Generously Promised to Cut a Maiden's Throat, She Says.
New York, Dec. 31.—Grover Fuller of No. 104 West Sixty-first street, a jockey who has ridden for "Tim" Sullivan and others, was a prisoner in the West Side court today. His accuser was a pretty young woman, of about 30 years, Miss Sadie Seeman, also of No. 104 West Sixty-first street. She told Magistrate Cornell that the jockey, who was charged with intoxication and disorderly conduct, had threatened to cut her throat this morning.

Fuller said that he merely wanted his cellmate (a liquor cabinet), which Miss Seeman has. Miss Seeman said she would keep it as Fuller's mother sent it as a Christmas present to her jointly. Fuller was discharged. He has not ridden since he was thrown from a horse some time ago, when he sustained a severe injury to his right leg.

JEFFRIES' SHARE MUST BE \$30,000

Champion Becomes Independent and Demands Fortune to Re-enter the Ring.

Journal Special Service.
San Francisco, Dec. 31.—There is doubt whether Jeffries will stand by the match Delaney made to fight Squires of Australia at Rhyolite in April. Dispatches from Los Angeles say Jeffries will repudiate the match with Squires and it looks as if Manager Riley of Tonopah has secured the champion for a series of matches which are to be held at Tonopah. Jeff says Delaney assumed he could go ahead as in the past and make the match, but that he gave Billy no legal authority to sign for him. Jeff adds: "The sagebrush miners are looking for advertisement and they are getting it, but I want the public to understand I will not fight unless my share of the purse nets \$30,000." Jeff is to go to Tonopah to discuss the matter with Manager Riley.

MINNEAPOLIS SKI JUMPER TO CONTEST

Elling Diesen will represent the Minneapolis Ski club at the tournament at Munising, Mich., tomorrow, under the auspices of the Viking Ski club of that city. Mr. Diesen is clever on the skis and last year won seven prizes in eight tournaments in which he entered. He is expected to acquire himself in a manner to reflect credit on the club and on Minneapolis. The Vikings have made great preparations for the tournament, and have provided a splendid hill, as well as hung up a number of valuable cash prizes. A gold medal, a loving cup and \$400 in cash is expected to attract the best ski jumpers in the northwest.

AERO CLUB MAY RACE IN ST. LOUIS

Journal Special Service.
St. Louis, Dec. 31.—The committee of the Aero Club of America, which is to decide whether the start of the international balloon race for 1907 shall be made from St. Louis, arrived from New York last night. The committee is composed of Cortland Field Bishop, president of the Aero Club of America; Augustus Port, secretary; Alan R. Hawley and J. C. McCoy, directors; Aeronauts Leo Stevens and Frank S. Lahm of Paris, foreign representatives. The principal consideration in the selection of starting point, it is stated, is the supply of gas. The Business Men's league proposes to furnish 1,500,000 cubic feet of pure coal gas. If St. Louis is decided upon, the race will probably be held during the first week of next October. CHICAGO CUBS GET PROMISING BUSHER

Special to The Journal.
Chicago, Dec. 31.—It was announced today that the new left-hand pitcher of the Chicago National league baseball team is Gladstone Graney. This southpaw is said to be a top-notch twirler. He is a neighbor of Robert Emslie, veteran umpire of the parent major league, at St. Thomas, Ont. Graney is 20 years old. He attracted much attention in the past two seasons in Canada and around Buffalo, N. Y., by his masterly box work with minor league teams. He is said to have terrific speed for a left-hander and control that is well-nigh perfect. His pitching for Fulton, in the Empire State league, was so good that he attracted the attention of Manager Frank Chance last summer and he angled for Graney. Not until today, however, did the Chicago club have the contract of Graney to tuck safely away for 1907. Graney had defeated some of the strongest teams in the eastern league and was much sought after, but the offer of President Murphy landed him.
